

Welcome to ACG 2010!

The Premier GI Clinical Event of the Year!

Dear Colleagues,

Welcome to ACG 2010, ACG's Annual Scientific Meeting and Postgraduate Course, the premier GI clinical event of the year. The Postgraduate Course Directors and ACG's Educational Affairs Committee, along with Friday Course Directors, have brought together internationally recognized experts and rising stars in the field. This year's program promises to deliver the latest clinical updates in gastroenterology and hepatology, plus discuss what is on the horizon that may impact your practice.

The College is launching new this year a Hands-on Workshop Center. Located in the Exhibit Hall, the Hands-on Workshop Center features 13 sessions including Foreign Body Removal, Principles and Techniques of Expandable Stents, Hemostatic Devices, Advanced Endoscopy, Bleeding Therapy, Other Endoscopy Imaging, and more. Space is limited for these sessions and you must pre-register. See page 14 for the full list of sessions and how to register.

Other new activities taking place this year include an Exhibitor Theater presentation by GIQuIC, the GI Quality Improvement Consortium Ltd. If you've been considering participating in an outcomes registry, I encourage you to attend this half-hour session on Sunday, October 17, from 5:30 pm – 6:00 pm in the Exhibitor Theater Booth in the Exhibit Hall. GIQuIC's President, Irving Pike, MD, FACP, will discuss how the GIQuIC can improve your clinical and business outcomes and how GIQuIC differs from other registries.

We had a strong showing for abstract submissions this year, nearly matching last year's best ever record. In total, you'll find nearly 1,300 abstracts selected for either oral or poster presentation. I congratulate all of our colleagues for their research efforts and I encourage you to attend the oral presentations and to view the posters during the three-day Annual Meeting.

We will again offer Poster Rounds with the Experts. Each day of the poster sessions, well known experts will lead attendees around to posters of interest. This is a great opportunity to discuss posters, garner insight from the experts, and make new contacts with other attendees in a low-key, relaxed atmosphere. Poster Rounds with the Experts runs from Sunday through Tuesday.

Last but certainly not least is the President's Reception. This year's President's Reception will be held on Monday evening, 6:15 pm – 7:45 pm, in the Exhibit Hall. It's a great opportunity to mingle with your colleagues as you explore the latest diagnostic and therapeutic offerings from exhibitors.

In closing, I want to thank you for the opportunity to serve you this year. It has been my great pleasure to be the ACG President and I welcome everyone to the ACG 2010 Annual Scientific Meeting and Postgraduate Course.

Sincerely,

Philip O. Katz, MD, FACP
ACG President

Meeting materials (including name badges and optional event tickets) will be available for pick-up on-site at the ACG Registration Desk beginning on Friday, October 15 at 5:30 am.

Cancellation

Written notice of cancellation and requests for refunds must be received by the College's office by September 24, 2010. After this date, no refunds will be possible. Registration cancellations are not accepted by telephone. An explanation must be provided in writing. There will be a \$50 administrative fee assessed for cancellation of any paid event. Refunds will be issued after the meeting.

Annual Scientific Meeting (Ballroom C)

There is no registration fee for ACG Members (including FACG and MACG), Residents/Trainee/Candidate Members and Allied Health Members. In addition, Residents/Non-Member Trainees will have their registration fee waived if they provide a letter from their Program Director indicating they are currently in training. Guests/Non-Member Physicians/Exhibitors are required to submit a registration fee. Non-Member Allied Health Professionals are also required to submit a registration fee. Tickets for the optional breakfast sessions on Monday, Tuesday and Wednesday may be purchased for \$40 by indicating your preference on the registration form. All registrants of the Annual Scientific Meeting will receive a copy of the meeting syllabus. Attendees of the optional Breakfast Sessions will receive an additional syllabus which includes the presentations for all breakfast sessions. For course details, see page 47.

Annual Postgraduate Course (Ballroom C)

A comprehensive syllabus with a separate self-assessment examination will be included. The Postgraduate Course again offers registrants the opportunity to participate in the optional Learning Luncheon programs. There are a limited number of participants who may attend each Learning Luncheon. There is a separate charge of \$50 per ticket for the Learning Luncheons. Please visit the ACG Registration Desk in the East Registration Area to purchase tickets. For course details, see page 39.

Optional Courses – Friday, October 15

Details for optional Friday courses begin on page 27.

ONLINE Self-Assessment Test

Beginning Monday, October 18, the ONLINE Self-Assessment Test will be available for purchase. The online version of the popular print resource from ACG allows you to answer questions at your own pace. Start and stop the exam as often as you need. Your work is saved each time you access the online test. The test is organized by organ system and includes more than 300 multiple-choice questions. The test tracks your responses, indicates correct answers with detailed discussion and supporting references, and provides your overall/ category scores. Complete the test and earn a maximum of 12 *AMA PRA Category 1 Credits*TM. In addition, even after you've finished the test you can continue to go back and review, re-read, and check on linked references for further study. \$75 for members; \$100 for non-members. For more information and to purchase, visit www.acg.gi.org/satest.

ACG's Self-Assessment Program for Maintenance of Certification

ACG is pleased to announce that the American Board of Internal Medicine has approved ACG's Self-Assessment Program (SAP) for credit in the ABIM Maintenance of Certification (MOC) program. ABIM diplomates enrolled in the MOC program who successfully complete the program will be awarded 20 self-evaluation of medical knowledge points by ABIM. ACG's web-based module, a comprehensive educational program dedicated to providing clinical updates in specific topic areas in Gastroenterology, is comprised of 50 case-based, multiple-choice questions. Upon completion, users are able to access detailed explanations and linked references to other educational resources, and earn up to 4 *AMA PRA Category 1 Credits*TM.

ACG Member: \$60 each module/Non-member: \$80 each module. For more information and to purchase, visit www.acg.gi.org/sapmoc.

CD-ROMs/DVDs

Shire is proud to sponsor the ACG 2010 Abstracts on CD-ROM. The Abstracts on CD-ROM contains all abstracts in the plenary and poster sessions. You may pick up your complimentary copy by redeeming the ticket included with your badge materials or completing the form enclosed in your registration bag. CD-ROMs will be available for pick-up at the Shire booth #733. Limited quantities available.

Clinical Case Challenge

UCB is proud to sponsor the ACG 2010 Clinical Case Challenge. Visit the UCB booth, #538, to participate in the Clinical Case Challenge and to be entered into a drawing for prizes including an iPad!

There are numerous opportunities at ACG 2010 to network with your peers. Here are a few of the events taking place this year at ACG 2010.

Unless otherwise noted, all events will take place at the Henry B. Gonzalez Convention Center.

ACG Presidential Address

ACG Presidential Address

Monday, October 18
9:00 am – 9:25 am • Ballroom C

Philip O. Katz, MD, FACP, ACG President, will address attendees during the Presidential Address to mark the beginning of the Annual Meeting. The President uses this opportunity to welcome members, highlight ACG's accomplishments over the past year, and bid farewell as he passes leadership of the ACG on to the President-Elect.

Receptions

Women and Minorities in Gastroenterology Reception

Sunday, October 17
6:00 pm – 7:00 pm • Grand Hyatt San Antonio, Seguin AB room

All those interested in the issues facing women and minorities in the GI field are invited to attend.

International Reception

Sunday, October 17
6:00 pm – 7:00 pm • Grand Hyatt San Antonio, Texas Ballroom D

All International attendees are invited to attend and enjoy cocktails and hors d'oeuvres while meeting colleagues.

President's Reception

Monday, October 18
6:15 pm – 7:45 pm • Exhibit Hall CD

Join colleagues for the ACG 2010 President's Reception in the Exhibit Hall. The Reception will feature hors d'oeuvres, refreshments and entertainment. This light-hearted, social gathering will take place in the Exhibit Hall giving attendees the opportunity to explore the Hall, meet with exhibitors, and network and mingle with fellow professionals.

Alumni Receptions

Every year, several Alumni Receptions are planned for alumni of various medical schools. Invited attendees will receive an invitation by mail from their alumni group.

Additional Events

Networking, Negotiating and Leadership Skills Workshop

Friday, October 15
4:00 pm-8:00 pm • Room 209 & 211

The Women in Gastroenterology Committee is hosting a program geared to Senior GI Fellows and Junior Faculty discussing networking, negotiation and leadership skills for men and women. Separate breakouts for small group discussions are planned so space is limited. Advance registration is required. For more information, please contact Maria Susano in the ACG office at msusano@acg.gi.org.

Career Opportunities for Women in GI Luncheon

Saturday, October 16
12:20 pm-1:35 pm • Room 210 A

The Women in Gastroenterology Committee is hosting a program geared towards medical students and residents who are facing difficult decisions in the future of their medical careers. Female gastroenterologists from a variety of medical backgrounds will address the issues of being a female subspecialist, balancing career and family, and opportunities for women in medicine and more specifically, gastroenterology. Advanced registration is required and space is limited. For more information, please contact Maria Susano in the ACG office at msusano@acg.gi.org.

ACG Annual Business Meeting

Monday, October 18
5:45 pm-6:15 pm • Ballroom C1

All ACG Members and Fellows (FACP) are encouraged to attend the College's Annual Business Meeting, where College business will be discussed and voted on. The meeting will be held on Monday, October 18 from 5:45 pm-6:15 pm, immediately following that day's Annual Scientific Session.

ACG Auxiliary

Saturday – Tuesday, 8:00 am-12:00 noon
Grand Hyatt San Antonio, Republic B Room

The ACG Auxiliary will provide a Hospitality Suite for spouses during the ACG Annual Meeting, offering a place to relax and unwind, review tour and visitor information, or just chat with friends. Registration for Auxiliary members will also be available in the suite. A Schedule of Events for the ACG Auxiliary is on page 24.

The ACG Auxiliary will offer a complimentary luncheon and cooking demonstration for all Auxiliary members on Monday, October 18, from 9:30 am-1:30 pm at the Los Barrios Restaurant. Pre-registration is required and Auxiliary Members will receive advance notification for sign-up in the mail.

The Auxiliary will also offer special tours and events. See page 24 for a description of the tours and registration information.

Featured Lectures

David Sun Lecture

Détente in the Therapy of GERD

Saturday, October 16

10:00 am – 10:30 am • Ballroom C

This year's David Sun Lecture has been awarded to **Tom R. DeMeester, MD, FACP**, who will present "Détente in the Therapy of GERD." Held during the Annual Postgraduate Course, The David Sun Lectureship in Postgraduate Education was established by Mrs. Sun in memory of her husband, Dr. David Sun, an outstanding gastroenterologist and investigator. The Lecturer, with a distinguished background in gastroenterology or an allied field, is chosen by the Course Directors of the Postgraduate Program subject to the approval of the Educational Affairs Committee and the Board of Trustees. All who are registered for the Postgraduate Course are invited to attend.

The American Journal of Gastroenterology Lecture

Abuse, Trauma and GI Symptoms: Is There a Link?

Monday, October 18

3:05 pm – 3:35 pm • Ballroom C1

Douglas A. Drossman, MD, MACG, will present *The American Journal of Gastroenterology* lecture, entitled "Abuse, Trauma and GI Symptoms: Is There a Link?" It is well recognized that stress can affect gastrointestinal function. Sexual or physical abuse are potent stressors that influence GI symptoms, yet they have only been recognized and studied scientifically in the last 20 years. In this presentation Dr. Drossman, who first reported this association, will provide a historical overview of the role of abuse history in GI disorders and symptom exacerbation, present a new understanding of the underlying mechanisms for this association and offer guidelines as to how to approach this issue in clinical practice. To view previous *AJG* lectures and learn more about this lecture, visit www.amjgastro.com.

J. Edward Berk Distinguished Lecture

Academic Mentoring

Tuesday, October 19

10:00 am – 10:30 am • Ballroom C1

This year's J. Edward Berk Distinguished Lecture has been awarded to **Donald O. Castell, MD, MACG**, who will present "Academic Mentoring." Awarded to individuals prominent in gastroenterology or a related area, the J. Edward Berk Distinguished Lecturer is nominated by the President and the appointment is subject to approval by the Board of Trustees. The lectureship was established in recognition of the significant contributions made by J. Edward Berk, MD, MACG, to clinical gastroenterology during his long and distinguished clinical and academic career. A nationally and internationally renowned physician and teacher, Dr. Berk also served as ACG President from 1975-1976. All who are registered for the Annual Meeting are encouraged to attend.

Emily Couric Memorial Lecture

Colon Cancer Screening: Evolution to Eradication...

Tuesday, October 19

4:30 pm – 5:00 pm • Ballroom C1

David A. Johnson, MD, FACP has been designated to deliver the Emily Couric Memorial Lecture. The title of his presentation will be "Colon Cancer Screening: Evolution to Eradication..." This lecture was developed by the ACG, the Virginia Gastroenterological Society and the Old Dominion Society of Gastroenterology Nurses and Associates to honor Virginia State Senator Emily Couric who died of pancreatic cancer in October of 2001. Senator Couric was a strong advocate for health care issues, particularly in her instrumental work to pass the nation's first legislation mandating health insurance coverage for colorectal cancer screening. All who are registered for the Annual Meeting are encouraged to attend.

David Y. Graham Lecture

GI Training: Where Is It Headed?

Wednesday, October 20

10:15 am – 10:45 am • Ballroom C1

Grace H. Elta, MD, FACP, is being honored this year as presenter of the David Y. Graham Lecture, "GI Training: Where Is It Headed?" The presenter is chosen by the President and is subject to approval by the Board of Trustees. This named lectureship was established in 2004 in recognition of the many contributions to clinical gastroenterology made by David Y. Graham, MD, MACG. The lectureship was made possible through a donation by Otsuka Pharmaceutical Co., Inc., and Meretek Diagnostics, Inc. All who are registered for the Annual Meeting are encouraged to attend.

Focused Programs for GI Fellows and GI Mid-level Providers

The American College of Gastroenterology is committed to serving the specific needs of GI trainees and GI mid-level providers. The ACG 2010 Annual Scientific Meeting and Postgraduate Course includes elements designed with this aim in mind. For GI trainees, the College offers assistance preparing for your future in gastroenterology with focused discussions from gastroenterologists in a variety of practice settings with the Trainees' Forum and the Trainees' Luncheon. Plus there is an opportunity for training programs to showcase their talent by competing in the GI Jeopardy. For GI mid-level providers, the College offers two focused sessions delivered by the healthcare team (physicians and GI mid-level providers). These additional offerings give the GI mid-level providers who are attending ACG 2010 the opportunity to meet as a group and network with colleagues as well.

GI FELLOWS

Networking, Negotiating and Leadership Skills Workshop

Friday, October 15

4:00 pm–8:00 pm • Room 209 & 211

The Women in Gastroenterology Committee is hosting a program geared to Senior GI Fellows and Junior Faculty discussing networking, negotiation and leadership skills for men and women. Separate breakouts for small group discussions are planned so space is limited. Advance registration is required.

GI Jeopardy: Buzz In for Your Training Program

Saturday, October 16

5:15 pm–7:00 pm • Room 214 A-C

ACG's favorite quiz show is back. All are welcome to attend the competitive final round of this spirited GI version of the television show classic following the Postgraduate Course on Saturday.

The top five scoring teams from the online competition will be sending two-person teams to compete in front of a live audience. Competing this year will be:

Albert Einstein College of Medicine
Cleveland Clinic Foundation
Massachusetts General Hospital
University of Michigan
University of Virginia

Last year's GI Jeopardy finalists were supported by more than 300 lively audience members giving the event a real game show atmosphere.

Trainees' Forum

Sunday, October 17

5:15 pm–7:00 pm • Room 206

If you're looking for the tools to find the right job environment after graduation, the annual Trainees' Forum may be just what you need. The program will include presentations by experienced physicians and others from academia, experts on job placement, and recent graduates who will provide insights into the process of finding a job and negotiating a contract. Following the panel discussion, small round table discussions will take place. Available to all trainees in gastroenterology and hepatology at no charge. Don't miss out on this important information; it can help you take control of your career. Hors d'oeuvres and beverages will be served.

Trainees' Luncheon: A 4th Year of Fellowship Training – Everything You Wanted to Know but Haven't Had a Chance to Ask

Sunday, October 17

12:20 pm–1:35 pm • Room 210 A

This year the Trainees' Luncheon will feature four speakers who chose to do additional training after they completed their three year GI Fellowship. Don't miss this opportunity to learn more about additional training options in:

- Motility
- Transplant Hepatology
- ERCP and EUS
- IBD

The session will afford trainees the opportunity to ask questions regarding the pros and cons of an additional year of training in order to determine whether this option is a necessary step towards achieving their professional goals.

This lunch is available to all trainees in gastroenterology and hepatology. A separate fee of \$25 is required for this event and space is limited. Visit the ACG Registration Desk for registration information.

NEW! GI MID-LEVEL PROVIDERS PRESENTATIONS

New in 2010, the College offers two focused presentations for the GI mid-level provider to choose from:

A Team Approach to the Treatment of Hepatitis C

Sunday, October 17 • 12:20 pm–1:35 pm • Room 210 B

Ira L. Flax, MD, MACG and Patricia M. Walzel, PA-C

Cost for this luncheon session is \$50

Program Objective – At the conclusion of this presentation, participants should be able to: Determine the most effective treatment options and follow-up care needed for patients with hepatitis C and identify methods to enhance the team-based approach to hepatitis C management.

Maximizing Use of Immunomodulators and Biologics in IBD

Monday, October 18 • 6:30 am–8:00 am • Room 215

Tasneem Ahmed, DO, and Laura Robinson, PA

Cost for this breakfast session is \$40

Program Objective – At the conclusion of this presentation, participants should be able to: Compare and contrast IBD treatment modalities and identify methods to enhance the team-based approach to IBD management.

During these lunch and breakfast sessions, mid-level providers caring for patients with digestive diseases will be able to increase their knowledge about the current status of evidenced based treatments for Hepatitis C and Inflammatory Bowel Disease. The programs will feature a leading physician and non-physician expert.

These sessions are designed for physician assistants, nurse practitioners, and nurses interested in the latest information in gastroenterology and hepatology. Physicians are encouraged to attend with their mid-level professionals, as the optimal management of patients with digestive diseases often requires a dedicated and knowledgeable "team" of healthcare providers.

Pre-registration is required for these sessions. Separate fees are required and space is limited. Visit the ACG Registration Desk for registration information. GI mid-level providers wishing to attend these events do not need to be registered for the Postgraduate Course or the Annual Scientific Meeting.

Special Tours & Auxiliary Events

ACG Auxiliary

The ACG Auxiliary will provide a Hospitality Suite in the Republic B Room of the Grand Hyatt San Antonio Hotel for spouses during the ACG Annual Meeting, offering a place to relax and unwind, review tour and visitor information, or just chat with friends. Registration for Auxiliary members will also be available in the suite. All Auxiliary members are invited to attend the Auxiliary Board Meeting on Sunday, October from 7:00 am–8:00 am in the Republic C Room of the Grand Hyatt San Antonio Hotel. The Auxiliary will also offer special tours; visit the ACG Physician Registration Desk at the Henry B. Gonzalez Convention Center for more information about the Auxiliary and the tours.

ACG's 2010 Educational Programs — Needs Assessment

The field of clinical gastroenterology continues to experience an enormous and seemingly ever increasing array of options and advancements affecting many elements of managing GI disorders. These advancements apply to both diagnostic and treatment options, including pharmacological agents and enhancements to technology options for diagnosis and interventions. The busy gastroenterology clinician must remain on top of these advancements, must be knowledgeable about every diagnostic and treatment option that is available for managing each of their patients, as well as learn, understand and effectively utilize these available technology advancements.

The pressure to include new and ever changing administrative requirements by policymakers and payors continues to create unique challenges for the gastroenterology clinician. Additionally, patients are increasingly more educated when they walk into their physician's office—even if all of the information they have is not of the highest quality. The result for busy clinicians is a significant set of challenges that make this knowledge and understanding of the full array of state of the art science and treatment options more important than ever. While the traditional goals of thorough diagnostics and sound therapeutic options continue to remain in place, the place for outcomes measurement and turning these findings into evidence-based care continues to grow.

The reimbursement limitation and work force challenges that have been apparent in recent years have continued unabated. For GI clinicians and their practices, the imperative is to find more efficient ways to gain the latest scientific knowledge and institute scientifically sound therapy without compromising the highest quality of patient care. Notwithstanding research indicating that different venues present significantly different safety profiles for patients, over the past several years, a host of large payors have attempted to step in and substitute judgment regarding the appropriate venue for treatment and procedures. Unfortunately, these changes have been made largely based on financial considerations and without the input of clinicians or against their recommendations. The risk of inconsistent outcomes as a result of these changes is an area of concern and the latest data regarding safety and technical developments will be critical to assuring continued high quality patient care. This attempt to substitute judgment of the clinician is not limited to issues such as venue for care delivery. There have been efforts focused on details such as which sedatives can or should be used or even which equipment or accessories should be used for various procedures. The multi-faceted pressures of new and increasing scientific developments, pressures from payors and policymakers and demands by patients with ever greater amounts of information of various levels of quality mandate that clinical gastroenterologists find ways to constantly reevaluate the treatments used and mechanisms for delivery in their practices, regardless of the specific practice setting, to guarantee that each individual patient obtains the treatment and services that are the best possible options for their specific needs.

The emphasis of ACG's educational efforts focuses on these advancements in diagnosis and treatment options, as well as the policies, procedures, and guidelines the GI clinician employs in the overall management of their practice. Certain GI disorders have seen an increasing prevalence over the past years, while prevalence of others has not drastically changed, even have seen a decline. And certain conditions consistently provide clinicians a more challenging case to manage than other conditions. The CME educational program goal is to heighten the knowledge of clinicians and other health care professionals involved in GI patient care in all areas of GI treatments and management options, with an emphasis on those identified conditions where prevalence is increasing and patient management proves to be a known challenge. Attention is also placed on advanced and improved endoscopic techniques and practice management tools which can increase a GI clinician's efficiency and effectiveness in their daily practice.

Obtaining the most timely diagnosis through screening for myriad gastroenterological diseases and conditions so that appropriate interventions, treatments and disease management can begin in the most timely fashion possible is imperative. This specifically includes encouraging screening and surveillance for colon cancer, functional GI disorders, liver diseases including liver cancer, the various forms of hepatitis and NAFLD, other GI cancers, GERD, eosinophilic esophagitis, Barrett's esophagus, peptic ulcer disease, acute and chronic pancreaticobiliary conditions and screening surveillance of the family of inflammatory bowel diseases.

Colon cancer is the third most commonly diagnosed cancer among both men and women. But colon cancer incidence rates have declined over the last 2 decades and survival rates have increased (according to the National Cancer Institute). This is very likely due to increased colorectal cancer screening and surveillance, which allows physicians to detect and remove pre-cancerous polyps or cancers at an early stage. Although these trends are moving in a positive direction, the need to increase screening rates even higher as they still trail other preventive screening by a significant margin. Providing gastroenterologists with the most effective and efficient means to conduct the screening and surveillance continue to be very important issues as well. Providing and quantifying indicators that define a quality colonoscopy, especially in light of recent findings on the prevalence of flat lesions, is a need that affects the gastroenterologist each time they perform a screening colonoscopy.

As the survival rate from the full range of gastroenterological cancers across the board improves, the need to keep educating the clinicians who will be following post-surgical patients increases. This important, evolving educational need must be met in a way that touches on the impact of various forms of cancer to the overall health of the patient's GI tract.

One condition that has drastically increased in prevalence in the U.S. is obesity, increasing from less than 15% in the 1960s to over 30% in 2004. It has been predicted that if the rates continue at their current pace, by 2015, 75% of adults could be overweight or obese (according to researchers at the Johns Hopkins Bloomberg School of Public Health Center for Human Nutrition). Therefore, not only is it imperative for clinicians to be well educated on the treatment and management options for obese patients, but patient education is a necessity to improve compliance and to achieve desired treatment results. Practical data and information on post-surgical management and treatment options of bariatric surgery patients have become increasingly important and requested by clinicians as has the latest information on what GI conditions are tied to or made worse by obesity.

cal therapy options is inflammatory bowel disease (*American Journal of Gastroenterology*, *Gastroenterology*, FDA.gov). The GI clinician must be fully aware of the latest developments in biologics therapy and administration and patient management options in this area as well as advances that are being made in genetics as it relates to testing and diagnosis. The post-surgical management process and treatment options for these IBD patients continues to be a topic of interest and one where the clinician often faces challenges due to the complexity of the condition.

The GI clinician is frequently faced with challenges related to liver disorders. Often the GI relies on the expertise of the hepatologist to assist in the management of these patients, but with hepatologists operating at capacity, the gastroenterologist must be able to offer the best quality of care and treatment options to patients with liver disease, including hepatitis B and C, NAFLD, hepatic encephalopathy, cirrhosis, and other autoimmune liver diseases. With increased incidence of hepatitis C and data showing fewer patients are in treatment with hepatologists, practical, clinically relevant physician education is extremely important in this area.

Recognizing that pancreaticobiliary diseases are amongst the most difficult to treat, education on identification, treatment and management of various forms of pancreatitis, pancreatic cysts and biliary disorders is critical to obtaining the best patient outcomes.

Developments in understanding the underlying causes of motility disorders continue to move forward at a rapid pace as the amount of clinical research in this area expands. In some cases, the result has been that effective treatments have become available for various manifestations of these disorders. Understanding the latest science in the area of motility is critical to opening the door to treatment for a large group of patients who have been among the most difficult to treat. Evaluating the role of enteric flora, bacteria, and inflammation in motility disorders will help determine the appropriate course of action and play a critical role in managing an often challenging condition. Exposure to the latest data will assist in the identification of the incidence of disorders such as celiac sprue and other nutritional disorders and identification of new treatments, both pharmacological and device based, for well known but difficult to treat problems such as gastroparesis, cyclical vomiting and irritable bowel syndrome.

GI bleeding remains one of the most common and most challenging issues confronted by the clinical gastroenterologist. Be it the result of pain management techniques, cardiac care, patients with chronic liver disease or even occult bleeding of unknown origins, the clinician must be up to date on the latest information on strategies and techniques to identify, prevent and treat bleeding all through the GI tract. This will include providing accurate, practical information directly to patients and referring physicians.

Gastroesophageal reflux disease (GERD) affects at least 5-7% of the global population. The diagnosis, symptom recognition, treatment options, and surveillance are extremely important factors for the GI clinician to know, understand, and put into practice in order to provide these patients the best quality care and to prevent further complications. Other upper GI conditions such as Barrett's esophagus, eosinophilic esophagitis, dyspepsia, peptic ulcer disease, and *H. pylori* are all areas where disease management- symptoms, diagnostic tools, treatment options, complications—all need to be well understood by the GI clinician and put into practice each time the situation presents. It is with these esophageal and upper GI conditions and many other identified GI conditions where published evidence based practice guidelines should be explained and available to the GI clinician for their explicit understanding and to enhance their ability to most effectively manage each of their patients and the GI conditions those patients are faced with.

The constant technological advancements that are seen in endoscopic and other technologies employed in GI procedures creates a need to communicate the latest strategies for dealing with everything from patients with altered anatomy to identification and removal of large and difficult polyps using endoscopic technology to the developing practice of natural orifice transluminal endoscopic surgery. In addition to using the same technology in a more efficient manner, new technological developments permit the gastroenterologist to observe areas that have not traditionally been viewable, such as the small bowel. The development of CT colonography, or virtual colonoscopy, requires the GI clinician to fully understand the positive characteristics as well as the significant limitations of the technology as well as how to perform the procedure, and how to read, interpret and act upon the findings. Clinicians in a variety of practice settings are able to learn and integrate new therapies into their practice regime using technologies they are already using and able to learn and use the technological advancements to provide cutting edge services to their patients (*American Journal of Gastroenterology*, *Gastroenterology*, *American Journal of Radiology*).

The demand for increased practice efficiency across all settings continues to drive the search for practical tools to positively impact care delivery and patient outcomes. Through the use of evidence based approaches to treatment and rational public health policy, clinicians need to identify new and innovative ways to deliver care across the community. The ever expanding access to information on a real time basis by both physicians and patients provides unique opportunities as well as challenges to the healthcare delivery system. When this is combined with the pressures associated with increased spending on the healthcare delivery system that does not reward spending more time with patients and ever decreasing reimbursement for GI, the importance of top quality education of physicians and patients cannot be overstated.

FACULTY DISCLOSURES

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. Individuals participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship held within the past 12 months that may pose a potential commercial bias. Conflicts of interest will be identified and resolved prior to the beginning of the activity. ACG also requires presenters to disclose to participants any uses of drugs or devices mentioned in their presentations that are off-label or investigational.

2009-2010 ACG Board of Trustees Disclosure Declaration

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. The Accreditation Council for Continuing Medical Education requires CME providers to demonstrate that everyone who is in a position to control the content of an education activity has disclosed all relevant financial relationships with any commercial interest to the provider. Oversight of all educational programming content is conducted by the ACG Board of Trustees through a review and approval process. Board of Trustees members have noted the following relationships.

ACG PRACTICE MANAGEMENT COURSE

Preparing Your Practice for the Future: Turning Ideas into Reality

Friday, October 15, 2010 • 8:00 am – 5:00 pm • Room 214 AB

Course Co-Directors: *Lawrence B. Cohen, MD, FACP and James S. Leavitt, MD, FACP*

Members/Fellows:	\$225
Resident/Trainee/ Candidate Members:	\$0*/\$150
ACG Allied Health Members:	\$150
Non-Members:	\$275
Practice Managers:	\$150

Learn strategies to improve, change and adapt your practice to remain successful. Join Course Directors Lawrence B. Cohen, MD, FACP, and James S. Leavitt, MD, FACP, for the ACG 2010 Practice Management Course that focuses on efficient practices in areas of interest to the clinical gastroenterologist.

Program Description

The changing forces shaping health care today place our medical practices under nearly constant pressure to improve, change, and adapt in order to remain successful. In this program, we will utilize the Stages of Change Model to understand the steps of practice improvement. Specifically, we will examine the skills necessary to take potential practice improvements from the original recognition of an opportunity, to the contemplation of its importance and potential solutions, and finally the enactment of that solution consistently throughout the practice. We will also discuss how to maintain the improvements without relapse or, if necessary, how to recover from relapses if and when they may occur. We will accomplish this by laying out a practical model, using case based examples. Throughout the day, we will hear from medical groups about projects that they have undertaken and utilize that experience to develop our recognition and skill for process change. We will focus on specific process changes in more detail, based on their current saliency to both large and small gastroenterology groups.

Practice Manager Non-Members:	\$200
All Other Non-Members:	\$250

Course Description

The course will focus on state of the art current clinical endoscopic practice and offer attendees guidance in adapting to the changing technology and practice environment. Each section will combine didactic presentations with panel debates about optimal diagnostic approaches and management. A special lunchtime case based video forum will illustrate technical pearls and innovative endoscopic techniques. Faculty will endeavor to cover training strategies in all sections. The faculty will include prominent active practitioners from both academic and private settings.

Intended Audience

This course has been specifically designed for practitioners in gastrointestinal endoscopy, especially gastroenterologists, gastrointestinal surgeons, gastrointestinal nurses, and fellows in training. This course is equally relevant to those in private practice and academic practice.

Program Objectives

At the conclusion of this course, participants should be able to:

- Make informed decisions regarding the implementation and use of imaging enhancements in colonoscopy in screening, usual care and inflammatory bowel disease
- Implement quality linked improvements in their endoscopy practice
- Apply the use of device assisted enteroscopy in usual clinical care
- Identify the emerging role of endoscopy in the care of patients with obesity

Accreditation

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASGE designates this educational activity for a maximum of 8.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACG's 2010 Optional Friday Courses

Recertification Preparation and Update Course

Friday, October 15, 2010 • 5:30 pm – 9:00 pm • Room 207

Course Director: *Brooks D. Cash, MD, FACG*

Registration fee: \$125

Course Description

The challenges of quality patient care and optimal patient outcomes seem to increase exponentially from year to year through a combination of increased demand and burgeoning information/treatment options relating to disease guidelines, disease management recommendations, and introduction of new pharmacotherapeutic agents and devices. The clinical gastroenterologist needs to build on his/her educational foundation regarding GI anatomy and disease states that lead to their board certification and recertification while distilling the essence of new information and integrating it into their day-to-day practice. The requirement for recertification has posed an educational challenge for board certified gastroenterologists who are trying to manage their practice with their educational needs. The primary purpose of the ACG Recertification Course is to facilitate completion of an ABIM approved medical knowledge module, developed by ACG.

Using a new ACG module approved for self-evaluation of medical knowledge credit toward ABIM Maintenance of Certification, faculty will answer and discuss all 50 questions covering key areas of gastroenterology, and audience participation is encouraged. The cases and questions will be presented and the answer options will be described. Course attendees will utilize an audience response system to choose which option they believe to be the correct answer, and these anonymous responses will be shown. The faculty member will then identify the correct answer and provide the basis for the selection and explain why the other options were incorrect. Participants will be able to complete their answer sheets for this module during the session.

A boxed dinner will be provided to all registered attendees.

Program Objectives

Upon completion of this program attendees will:

- Learn the scope of the substantive areas in organ systems and disease management that they will need to be fully conversant in to successfully complete the exam.
- Obtain a clear understanding of the most effective test taking approaches.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 3.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Attendee Requirements

Registrants are required to purchase the ACG's Self-Assessment Program for Maintenance of Certification—3rd edition (2010) (\$60 for ACG members; \$80 for non-members). Once registered, participants will be contacted regarding how to purchase the required module. Attendees enrolled in the ABIM's MOC program who successfully complete this 50-question ACG module will be awarded 20 self-evaluation of medical knowledge points by ABIM. Participants must be enrolled in ABIM's Maintenance of Certification program to receive MOC credit for completion of this module. Visit www.acg.gi.org/sapmoc/ for more information.

Course Description

ACG's Pathology and Imaging in the Evaluation of Gastrointestinal Disease Course includes four mini-sessions, each devoted to new developments and old problems of special interest to the clinical gastroenterologist in pathology and imaging in a specific portion of the GI tract. A popular biennial offering of the College, this year's course expands the mini-session concept to include a combination lecture by a pathologist and a radiologist with the addition of endoscopic correlate images. The course faculty are recognized experts in their fields and pioneers in the development of new technologies and clinical paradigms.

Program Objectives

At the conclusion of this course, participants should be able to:

- Describe current concepts relevant to radiology and pathology in the evaluation and treatment of patients with gastrointestinal disease.
- Evaluate findings of radiologic exams related to gastrointestinal disorders of the esophagus, stomach, small bowel, large intestine, liver, gallbladder and pancreas.
- Identify both basic and advanced pathology findings in patients with gastrointestinal illnesses through close examination of representative photomicrographs.
- Correlate typical radiology and pathology findings with endoscopic images reflective of both the normal and abnormal physiology and pathophysiology.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 5.25 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Pathology and Imaging in the Evaluation of Gastrointestinal Disease Course

Friday, October 15, 2010 • 7:00 am – 12:35 pm • Room 217 AB

Course Co-Directors: *David A. Greenwald, MD, FACG and John F. Reinus, MD, FACG*

Faculty Listing and Disclosure Information

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

Faculty have noted the following relationships related to their Pathophysiology Course presentations.

Course Co-Directors

David A. Greenwald, MD, FACG

Fellowship Program Director in Gastroenterology, Montefiore Medical Center/Albert Einstein College of Medicine; Associate Division Director, Division of Gastroenterology, Montefiore Medical Center, Bronx, NY
Dr. Greenwald has indicated no relevant financial relationships.

John F. Reinus, MD, FACG

Chief of Clinical Hepatology, Division of Gastroenterology and Liver Diseases, Montefiore Medical Center; Professor of Clinical Medicine, Albert Einstein College of Medicine, Bronx, NY
Dr. Reinus has indicated no relevant financial relationships.

Faculty

Cheri L. Canon, MD

Professor and Interim Chair, Department of Radiology, University of Alabama at Birmingham, Birmingham AL
Other: Book royalties from McGraw-Hill Publishers.

Gregory dePrisco, MD

Staff Radiologist, Baylor University Medical Center, Dallas, TX
Dr. dePrisco has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Angela D. Levy, MD

Professor of Radiology, Georgetown University Hospital, Washington, DC
Dr. Levy has indicated that she has no relationships which, in the context of her presentation, could be perceived as a potential conflict of interest.

David N. Lewin, MD

Director of Gastrointestinal Pathology, Medical University of South Carolina, Charleston, SC
Dr. Lewin has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Robert E. Petras, MD, FACG

Director of Gastrointestinal Pathology, AmeriPath, Inc., Oakwood Village, OH
Employee: Ameripath, Inc.

Perry J. Pickhardt, MD

Professor of Radiology, University of Wisconsin, School of Medicine & Public Health, Madison, WI
Dr. Pickhardt has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Leslie H. Sobin, MD

Professor of Pathology, Uniformed Services, University of the Health Sciences, Former Chief, Gastrointestinal Pathology, Armed Forces Institute of Pathology, Washington, DC
Dr. Sobin has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

John T. Woosley, MD, PhD, FACG

Professor, University of North Carolina School of Medicine, Chapel Hill, NC
Dr. Woosley has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Optional Friday Courses/ACG's 2010 Three-Day Board Review

What's New in GI Pharmacology Course

Friday, October 15, 2010 • 1:45 pm – 5:00 pm • Room 217 AB

Course Co-Directors: *Francis A. Farraye, MD, MSc, FACP and Renée L. Young, MD, FACP*

Members/Fellows:	\$150
Resident/Trainees/Candidate Members:	\$110
ACG Allied Health Members:	\$125
All Non-Members:	\$175

Course Description

Attend ACG's What's New in GI Pharmacology Course for an intensive review of key GI pharmacology, including comparisons and contrasts between conventional and emerging pharmacological treatment options. This three hour course will consist of lectures and Q & A sessions on such topics as prescribing antibiotics, prebiotics and probiotics for functional bowel disorders and IBD, assessing new treatments of chronic functional abdominal pain, and reviewing appropriate vaccinations and their safety for patients on steroids, immunomodulators or biologic agents. Additional topics include understanding the most up to date treatment for eosinophilic esophagitis, determining available therapies that are safe and effective for the pregnant GI patient, and reviewing protease and polymerase inhibitors used in the treatment of chronic hepatitis C infection. The course is designed primarily for physicians in GI/hepatology as well as physician assistants, nurse practitioners and other advanced practice health-care professionals interested in the latest information on state of the art treatment of these illnesses.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 3 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Agenda

- | | |
|---------|--|
| 1:45 pm | Should You Be Prescribing Antibiotics, Prebiotics and Probiotics for Functional Bowel Disorders and Inflammatory Bowel Disease?
<i>Eamonn M.M. Quigley, MD, FACP</i>
Justify the use of the available antibiotics, prebiotics and probiotics in gastrointestinal disorders. |
| 2:10 pm | Pharmacologic Treatment of Chronic Functional Abdominal Pain: What's New?
Douglas A. Drossman, MD, MACG
Summarize current pharmacologic treatment options for chronic functional abdominal pain with correlation to pathogenesis. |
| 2:35 pm | A Gastroenterologist's Guide to Vaccinating Your Patient on Steroids, Immunomodulators or Biologic Agents
Francis A. Farraye, MD, MSc, FACP
Determine the safety profile of appropriate vaccinations for patients on steroids, immunomodulators or biologic agents. |
| 3:00 pm | Q & A |
| 3:15 pm | Break |
| 3:30 pm | Update in Treatments for Eosinophilic Esophagitis
Philip O. Katz, MD, FACP
Describe the most up to date treatment for eosinophilic esophagitis and recommended follow-up. |
| 3:55 pm | Medication Use in Pregnancy
Sunanda V. Kane, MD, MSPH, FACP
Determine available pharmacological therapies that are safe and effective, and those to be avoided, for treatment of GI disorders in the pregnant patient. |
| 4:20 pm | Protease and Polymerase Inhibition for Chronic HCV: The Danger of Success
Mitchell L. Shiffman, MD, FACP
Compare and contrast protease and polymerase inhibitors used in treatment for chronic hepatitis C infection. |
| 4:45 pm | Q & A |
| 5:00 pm | Adjourn |

Investigational Use Disclosure

ACG's disclosure policy maintains that if any unapproved or off-label use of a product is to be referenced in a CME program, the faculty member is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. The following faculty members have indicated they may reference an off-label use in their GI Pharmacology course presentation(s).

Dr. Drossman - Quetiapine, antidepressants
Dr. Quigley - Probiotics, rifaximin, antibiotics, prebiotics
Dr. Shiffman - Protease and polymerase inhibitors

ACG's 2010 Three-Day Board Review

ACG'S 2010 THREE-DAY BOARD REVIEW

Friday, October 15 through
Sunday, October 17, 2010

Program Description

Designed as a board review for the young specialist preparing for the exam, the Three-Day Board Review includes the GI Pathology and Imaging Course, the What's New in GI Pharmacology Course, and the Annual Postgraduate Course. This collection of courses is designed to provide a comprehensive clinical update and help prepare attendees for specific topics covered in the exam. Additionally, through the Postgraduate Course, you will learn better ways to integrate the newest tools in diagnosis with the latest therapeutic/treatment alternatives to achieve optimal outcomes, improve your awareness and ability to incorporate patient care decision-making issues relating to common and not-so-common GI patient conditions, and enhance your overall capacity to frame effective disease management strategies in your practice. When you sign up for the Three-Day Board Review, you will automatically be enrolled in the three designated courses.

Your schedule for the Three-Day Board Review includes:

Friday, October 15

7:00 am – 12:35 pm

GI Pathology and Imaging Course

1:45 pm – 5:00 pm

What's New in GI Pharmacology Course

Saturday, October 16

7:50 am – 5:00 pm

Annual Postgraduate Course

Sunday, October 17

7:50 am – 5:00 pm

Annual Postgraduate Course

ACG 2010 ANNUAL POSTGRADUATE COURSE

Saturday, October 16 and
Sunday, October 17, 2010

Program Description

With the ever increasing demands to remain abreast of the many new and emerging advancements in the field of gastroenterology and the volume of patients continuing to increase as the population ages, the clinical gastroenterologist is more challenged than ever to deliver the best patient care in each situation they encounter. Research in a multitude of gastroenterology and hepatology areas continues to progress at a rapid pace. The outcome of advances in technology, diagnostic modalities, and therapeutic options has had a positive impact on the management of many GI diseases and this impact can be expected to grow as we move into the future. Scientific education, based on critical foundational knowledge and clinical skills, the communication of practical methods for treatment, and the ability to integrate the newest tools in diagnosis with the latest therapeutic/treatment options are key necessities for the GI clinician to deliver top quality patient care. The ACG Annual Postgraduate Course will provide updates on a variety of important gastroenterology and hepatology subjects, including IBD, obesity, pancreaticobiliary topics, esophageal disorders, colorectal cancer screening, hepatitis B and C, NAFLD, acute and chronic liver disease, GI bleeding, and endoscopic techniques. Expert faculty will deliver scientific presentations in a variety of formats. Didactic lectures, followed by interactive question and answer sessions, learning luncheons in a case based format, and a choice of exciting breakout sessions on the latest topics in GI and liver clinical care will be offered.

The program is designed primarily for physicians in GI/hepatology as well as physician assistants, nurse practitioners and other advanced practice healthcare professionals interested in an aggressive but scientifically sound approach to the management of GI and liver illnesses.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

300+ NEW QUESTIONS!

The 2010 Self-Assessment Test Online

Beginning Monday, October 18, the ONLINE Self-Assessment Test will be available for purchase. The online version of the popular print resource from ACG allows you to answer questions at your own pace. Start and stop the exam as often as you need. Your work is saved each time you access the online test. The test is organized by organ system and includes more than 300 multiple-choice questions. The test tracks your responses, indicates correct answers with detailed discussion and supporting references, and provides your overall/category scores. Complete the test and earn a maximum of 12 *AMA PRA Category 1 Credits™*. In addition, even after you've finished the test you can continue to go back and review, re-read, and check on linked references for further study. \$75 for members; \$100 for non-members. For more information and to purchase, visit www.acg.gi.org/satest.

ACG's 2010 Postgraduate Course — Saturday, October 16

Annual Postgraduate Course

Saturday and Sunday, October 16 and 17, 2010 • Ballroom C

Course Co-Directors: *Francis A. Farraye, MD, MSc, FACG and Atif Zaman, MD, FACG*

Saturday, October 16, 2010

7:50 am – 5:00 pm

7:50 am **Introduction by Course Directors**
Francis A. Farraye, MD, MSc, FACG
Atif Zaman, MD, FACG

Session 1A: Upper Gut

MODERATOR: *Joel E. Richter, MD, MACG*

- 8:00 am** **New Questions About PPI Safety: Should We Be Concerned?**
Philip O. Katz, MD, FACG
Assess PPI use in the face of new concerns regarding safety of this class of agents.
- 8:20 am** Update on the Management of Barrett's Esophagus
Nicholas J. Shaheen, MD, MPH, FACG
Analyze the new guidelines for the management of Barrett's esophagus.
- 8:40 am** **Eosinophilic Esophagitis**
Joel E. Richter, MD, MACG
Determine key presenting symptoms, diagnostic measures and therapeutic options for eosinophilic esophagitis.
- 9:00 am** The Refractory Celiac Patient
Mark T. DeMeo, MD, FACG
Evaluate epidemiology, diagnostic and treatment options for celiac disease.
- 9:20 am** Panel Q & A
- 9:40 am** Break
- 10:00 am** **The David Sun Lecture:**
Détente in the Therapy of GERD
Tom R. DeMeester, MD, FACG

Session 1B: The President's Corner: Challenges in Gastroenterology

MODERATOR: *Philip O. Katz, MD, FACG*

- 10:30 am** **Nonulcer Dyspepsia: What Is It? How Can We Manage These Patients?**
Eamonn M.M. Quigley, MD, FACG
Determine how to diagnose and manage functional dyspepsia.
- 10:50 am** Sleep and GERD: A Wake Up Call for Physicians and Their Patients
David A. Johnson, MD, FACG
Define the importance of nocturnal GERD.

- 11:10 am** Refractory Constipation
Jack A. Di Palma, MD, FACG
Identify diagnostic testing and management of the patient with refractory constipation.
- 11:30 am** Obesity Issues for the Gastroenterologist
Amy E. Foxx-Orenstein, DO, FACG
Describe the effects of obesity on gastrointestinal disorders.
- 11:50 am** Panel Q & A
- 12:10 pm** Break for Learning Luncheons

Saturday Learning Luncheons

12:20 pm - 1:35 pm

Cost is \$50 per person/per lunch. Separate registration required. If you have not registered, visit the ACG Registration Desk.

- 1. Management of Large Colon Polyps**
Douglas K. Rex, MD, FACG
Determine endoscopic techniques and surveillance intervals for large colon polyps.
- 2. Pathologic Pitfalls for the Gastroenterologist**
Robert D. Odze, MD
Define the importance of clinico-pathologic correlation when reviewing pathology reports.
- 3. Sedation Issues/Office Administered Propofol in Your ASC**
Daniel J. Pambianco, MD, FACG
Establish the rationale and barriers to the use of propofol in the ASC.
- 4. Complex Cases in Capsule Endoscopy**
Jonathan A. Leighton, MD, FACG
Identify typical errors in interpreting capsule endoscopy studies.
- 5. Endoscopic Mucosal Resection**
Kenneth K. Wang, MD, FACG
Verify when and where to consider endoscopic mucosal resection and learn how it is performed.
- 6. Getting a Better Handle on the Goose: Case Studies in the Esophageal Function Lab**
Roy K.H. Wong, MD, FACG
Evaluate when to use and how to interpret motility tests in your practice.
- 7. Implementing an EMR in Your Practice**
James S. Leavitt, MD, FACG
Assess the costs and procedures to implement an EMR in your practice.
- 8. Non-endoscopic Assessment of Disease Activity in IBD**
Samir A. Shah, MD, FACG
Describe the role of non-endoscopic testing in IBD patient management.

9. Treatment of IBS

William D. Chey, MD, FACG

Review the rationale and efficacy of medical and behavioral treatments for IBS.

10. Benchmarking to Excellence in Your Endoscopy Unit

Irving M. Pike, MD, FACG

Justify the importance of benchmarking and quality improvement programs in your endoscopy unit; and benefit from interfacing with a national benchmarking tool.

11. Addressing Pretreatment Factors in the Hepatitis C Patient to Improve Response

Paul Y. Kwo, MD

Identify modifiable pretreatment factors, such as obesity, that predict HCV treatment response and discuss ways to improve treatment success.

12. Who and When to Refer for Liver Transplant

Jorge L. Herrera, MD, FACG

Review liver transplant selection criteria and identify factors that assist in timing of referral for transplant.

Session 1C: Hot Topics in Liver Disease

MODERATOR: *Mitchell L. Shiffman, MD, FACG*

1:45 pm What Treatment Factors Can Improve Response in Hepatitis C Patients? Viral Guided Therapy

Mitchell L. Shiffman, MD, FACG

Understand the use of treatment viral response to tailor the treatment regimen to maximize treatment response.

2:05 pm New Therapies on the Horizon in Hepatitis C Patients

Paul Y. Kwo, MD

Analyze the new regimens in the pipeline for HCV treatment and how they may be used in the future.

2:25 pm Treatment of Hepatitis B Patients: Who to Treat? What to Use?

Jorge L. Herrera, MD, FACG

Determine which HBV patients should be treated and what are the treatment options.

2:45 pm Non-Alcoholic Fatty Liver Disease: When Should I Biopsy? How Should I Treat?

Zobair M. Younossi, MD, MPH, FACG

Evaluate the diagnostic criteria for NAFLD when to perform a liver biopsy, and how to treat.

3:05 pm Panel Q & A

3:25 pm Break

3:45 pm – 5:00 pm Simultaneous Sessions

Symposium A: Clinical Dilemmas in IBD

(Ballroom C1)

MODERATOR: *David T. Rubin, MD, FACG*

3:45 pm Getting Your Patient Off Steroids

David T. Rubin, MD, FACG

Analyze medical treatment regimens for the steroid dependent IBD patient.

4:10 pm The Pregnant IBD Patient

Uma Mahadevan, MD

Define fertility, preparation of the patient for pregnancy, monitoring and postpartum issues in patients with inflammatory bowel disease.

4:35 pm The Pediatric IBD Patient

Athos Bousvaros, MD, MPH, FACG

Recognize the unique aspects in the management of the pediatric IBD patient.

Symposium B: Clinical Dilemmas in Liver Disease (Ballroom C1)

MODERATOR: *Naga P. Chalasani, MD, FACG*

3:45 pm Drug-Induced Liver Injury

Naga P. Chalasani, MD, FACG

Define drug-induced liver injury (DILI), review the epidemiology and identify clinically significant cases.

4:10 pm How to Follow Once You Start Hepatitis B Treatment and When to Worry About Resistance

Ira M. Jacobson, MD, FACG

Determine how to monitor HBV patients once treatment has been started, how to minimize the risk of resistance, and how best to identify and manage resistance once it develops.

4:35 pm HCC Screening Dilemmas: What if the AFP Is Elevated, but No Lesion on Imaging? What if an Atypical Lesion Is Identified?

Arun J. Sanyal, MD

Predict how best to manage situations where a clear cut diagnosis of HCC is not present.

Symposium C: Barrett's Esophagus—Still a Dilemma (Room 217)

MODERATOR: *Donald O. Castell, MD, MACG*

3:45 pm Medical Management: Can We Attenuate Cancer Risk or Simply Treat Symptoms?

Donald O. Castell, MD, MACG

Specify medical treatment of Barrett's esophagus and its effect on symptoms and the development of complications including cancer.

4:10 pm Endoscopic Therapy: Optimal Time and Technique

Nicholas J. Shaheen, MD, MPH, FACG

Analyze the evidence surrounding the use of endoscopic ablation techniques in Barrett's esophagus.

4:35 pm Barrett's Simplified: When Surgical Therapy is Indicated

Tom R. DeMeester, MD, FACG

Determine when to consider antireflux surgery and review potential postoperative complications and their management.

Sunday, October 17, 2010

7:50 am – 5:00 pm

7:50 am Introduction by Course Directors

Session 2A: Challenges in CRC Screening

MODERATOR: Carol A. Burke, MD, FACG

8:00 am Colonoscopy Pearls

Douglas K. Rex, MD, FACG

Analyze practical techniques to improve colonoscopic detection rates of polyps and colorectal cancer.

8:20 am Identifying the Patient at Risk for an Inherited CRC Syndrome

Sapna Syngal, MD, MPH, FACG

Describe the key aspects of the family history to identify patients at risk for an inherited colon cancer syndrome.

8:40 am Post Polypectomy and CRC Resection Intervals

Carol A. Burke, MD, FACG

Define appropriate surveillance intervals.

9:00 am Non-endoscopic (CTC, Stool, Blood) Screening Technologies

David A. Lieberman, MD, FACG

Compare and contrast the new non-endoscopic technologies for their ability to detect colon polyps and colon cancer.

9:20 am Panel Q & A

9:40 am Break

Session 2B: IBD

MODERATOR: Francis A. Farraye, MD, MSc, FACG

10:00 am Maximizing Use of Azathioprine, 6MP and Methotrexate

Gary R. Lichtenstein, MD, FACG

Describe when to start and how to effectively use immunomodulators in patients with inflammatory bowel disease.

10:20 am Identifying the Appropriate Patient for Biologic Therapy

Sunanda V. Kane, MD, MSPH, FACG

Determine when and in which IBD patient biologic agents should be considered.

10:40 am How to Choose a Biologic Agent in Crohn's Disease

William J. Sandborn, MD, FACG

Compare and contrast the available biologic agents to treat Crohn's disease and identify how to choose a specific agent.

11:00 am Diagnosis and Management of Perianal Disease in CD

David A. Schwartz, MD

Determine how to diagnose and manage the Crohn's patient with perianal complaints.

11:20 am Screening for Colorectal Neoplasia in IBD

Francis A. Farraye, MD, MSc, FACG

Apply the latest recommendations for screening and surveillance of colon cancer in IBD patients.

11:40 am Panel Q & A

12:00 noon Break for Learning Luncheons

Sunday Learning Luncheons

12:20 pm - 1:35 pm

Cost is \$50 per person/per lunch. Separate registration required. If you have not registered, visit the ACG Registration Desk.

13. A Primer on Common Anorectal Diseases for the Gastroenterologist

Satish S.C. Rao, MD, PhD, FACG

Define typical anorectal disorders seen by gastroenterologists and their management.

14. Endoscopy in the Patient on Anticoagulants and Platelet Inhibitors

David A. Greenwald, MD, FACG

Determine what to do when a patient on anticoagulants and platelet inhibitors needs an endoscopic procedure.

15. Working with Your IBD Surgeon

James M. Becker, MD, FACG

Assess typical operations performed in patients with IBD and how to co-manage patients with your surgeon.

16. Using the Web to Market Your Practice

Delbert L. Chumley, MD, FACG

Determine how to incorporate the World Wide Web to market your practice.

17. Difficult Cases in Acute and Chronic Pancreatitis

Peter A. Banks, MD, MACG

Establish the management of several typically encountered complications in patients with acute and chronic pancreatitis.

18. Management of Complications in the Cirrhotic Patient (Ascites and Renal Dysfunction)

Arun J. Sanyal, MD

Determine the best way to manage two common problems seen in cirrhotic patients.

19. Management of Post-Liver Transplant Patients

Mitchell L. Shiffman, MD, FACG

Identify what a gastroenterologist should know in order to best manage a post-liver transplant patient.

20. Coding Pearls: Common Errors in Coding That Are Costing You Income

Daniel C. DeMarco, MD, FACG

Improve your understanding of coding in your practice.

21. Integrating Pathology Services in Your Business Model

Harry E. Sarles, Jr., MD, FACG

Compare and contrast the risks and benefits of incorporating pathology services in your practice.

- 22. The Symptomatic Patient Post Bariatric Surgery**
David A. Johnson, MD, FACG
Identify the typical symptoms seen in patients after bariatric surgery and their management.
- 23. How Will NOTES Impact Your GI Practice?**
Anthony N. Kalloo, MD, FACG
Explore the roles of NOTES in the future of gastrointestinal endoscopy.
- 24. Four Functional Diagnoses Not to Be Missed**
Lawrence R. Schiller, MD, FACG
Specify how to diagnose commonly missed disorders in patients with functional gastrointestinal complaints.

Session 2C: Common Pancreaticobiliary Problems

MODERATOR: *Scott M. Tenner, MD, MPH, FACG*

- 1:45 pm Cystic Lesions in the Pancreas**
William R. Brugge, MD, FACG
Differentiate and manage benign and malignant pancreatic cystic lesions.
- 2:05 pm Endoscopic, Medical and Surgical Management of Pain in Chronic Pancreatitis**
Martin L. Freeman, MD, FACG
Assess the safety and efficacy of endoscopic, medical and surgical options in the management of pain for the patient with chronic pancreatitis.
- 2:25 pm Idiopathic Pancreatitis**
Darwin L. Conwell, MD
Describe the evaluation of patients with idiopathic pancreatitis.
- 2:45 pm Evidence Based Approach to Acute Pancreatitis**
Scott M. Tenner, MD, MPH, FACG
Develop a strategy to incorporate evidence based guidelines in the management of patients with acute pancreatitis.
- 3:05 pm Panel Q & A**
- 3:25 pm Break**
- 3:30 - 7:00 pm Exhibit Hall Opens**
Exhibit Hall CD
- 3:30 - 7:00 pm Hands-on Workshop Center**
Exhibit Hall CD, Booth 1313
- 3:45 pm - 5:00 pm Simultaneous Sessions**

Symposium D: Preventing Complications in IBD (Ballroom C1)

MODERATOR: *Jean-Paul Achkar, MD, FACG*

- 3:45 pm Preventing Infectious Complications in Patients on Immunosuppressives and Biologic Agents**
Edward V. Loftus, Jr., MD, FACG
Implement methods to limit infectious complications in IBD patients on immunosuppressive and biologic agents.

- 4:10 pm Bones and IBD: Watching Out for the Disease and the Therapy**
Maria T. Abreu, MD
Incorporate strategies to identify, diagnose and treat the IBD patient at risk for the development of bone disease.
- 4:35 pm Preventing Postoperative Recurrence in CD**
Jean-Paul Achkar, MD, FACG
Evaluate how to identify and treat the patient at high risk for developing recurrent Crohn's disease after resection.

Symposium E: State of the Art Management of GI Bleeding (Room 217)

MODERATOR: *Atif Zaman, MD, FACG*

- 3:45 pm Nonvariceal Bleeding**
Neena S. Abraham, MD, MSCE, FACG
Describe the common causes of nonvariceal upper GI bleeding and how best to treat.
- 4:10 pm Variceal Bleeding**
Atif Zaman, MD, FACG
Formulate and plan for optimal management of acute variceal bleeding and how to prevent rebleeding.
- 4:35 pm Lower GI Bleeding**
John R. Saltzman, MD, FACG
Identify the source of lower GI bleeding and when endoscopic therapy is appropriate.

Symposium F: Controversies in Non-Viral Liver Disease (Ballroom C3)

MODERATOR: *Bruce R. Bacon, MD, FACG*

- 3:45 pm Iron Overload: Beyond the Classic C282Y Mutation**
Bruce R. Bacon, MD, FACG
Discuss the clinical implications of HFE heterozygotes and compound heterozygotes and non-HFE mutations.
- 4:10 pm Autoimmune Hepatitis: What to Do When Standard Therapy Doesn't Work**
F. Fred Poordad, MD
Evaluate the therapeutic alternatives to prednisone and azathioprine and determine when these alternatives should be considered.
- 4:35 pm Cholestatic Liver Disease: Treatment Options in Primary Biliary Cirrhosis and Primary Sclerosing Cholangitis**
Kris V. Kowdley, MD, FACG
Compare and contrast the treatment options in cholestatic liver disease, especially analyzing the role of ursodeoxycholic acid.

Faculty Listing and Disclosure Information

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

Faculty have noted the following relationships related to their Postgraduate Course presentations.

Course Co-Directors

Francis A. Farraye, MD, MSc, FACG

Clinical Director, Section of Gastroenterology, Professor of Medicine, Boston University School of Medicine, Boston Medical Center, Boston, MA
Speaker's Bureau: Abbott, Centocor, Prometheus, Salix, Shire, Takeda
Advisory Board: Abbott, Centocor, Prometheus, Shire, UCB
Research Support: Prometheus

Atif Zaman, MD, FACG

Associate Professor of Medicine, Oregon Health and Science University, Portland, OR
Dr. Zaman has indicated no relevant financial relationships.

Faculty

Neena S. Abraham, MD, MSCE, FACG

Associate Professor of Medicine, Baylor College of Medicine, Sections of Gastroenterology and Health Services Research, Michael E. DeBakey VAMC, Houston, TX
Dr. Abraham has indicated that she has no relationships which, in the context of her presentation, could be perceived as a potential conflict of interest.

Maria T. Abreu, MD

Chief, Division of Gastroenterology, University of Miami, Miller School of Medicine, Miami FL
Consultant: Abbott, Opsona, Procter and Gamble, Prometheus, Shire, UCB
Grant/Research Support: Abbott, Procter and Gamble, Shire
Speaker's Bureau: Abbott, Procter and Gamble, Prometheus, UCB

Jean-Paul Achkar, MD, FACG

Staff Gastroenterologist, Rainin Chair for Inflammatory Bowel Disease Research, Cleveland Clinic Foundation, Cleveland, OH
Dr. Achkar has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Bruce R. Bacon, MD, FACG

James F. King MD Endowed Chair in Gastroenterology, Professor of Internal Medicine, Division of Gastroenterology and Hepatology, St. Louis University School of Medicine, St. Louis, MO
Dr. Bacon has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Peter A. Banks, MD, MACG

Director, Center for Pancreatic Disease, Brigham & Women's Hospital, Boston, MA
Dr. Banks has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

James M. Becker, MD, FACG

James Utey Professor and Chairman, Division of Surgery; Surgeon-in-Chief, Boston University Medical Center, Boston, MA
Dr. Becker has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Athos Bousvaros, MD, MPH, FACG

Associate Director, Inflammatory Bowel Disease Center, Children's Hospital, Boston, MA
Consultant: Millennium Pharmaceuticals
Grant/Research Support: Merck Pharmaceuticals, UCB Pharmaceuticals
Speaker's Bureau: Millennium Pharmaceuticals

William R. Brugge, MD, FACG

Professor of Medicine, Harvard Medical School; Director, GI Endoscopy Unit, Massachusetts General Hospital, Boston, MA
Dr. Brugge has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Carol A. Burke, MD, FACG

Director, Center for Colon Polyp and Cancer Prevention, Cleveland Clinic Foundation, Cleveland, OH
Dr. Burke has indicated that she has no relationships which, in the context of her presentation, could be perceived as a potential conflict of interest.

Donald O. Castell, MD, MACG

Professor of Medicine & Director of Esophageal Disorders Program, Medical University of South Carolina, Division of Gastroenterology, Charleston, SC
Advisory Committee/Board Member: Xenoport
Consultant: Sandhill Scientific, Santarus, Xenoport
Speaker's Bureau: Sandhill Scientific, Takeda

Naga P. Chalasani, MD, FACG

Professor and Director, Division of Gastroenterology and Hepatology, Indiana University School of Medicine, Indianapolis, IN
Advisory Committee/Board Member: Gilead, Amylin, Genentech, Abbott, Phenomix, Medpace, Advanced Life Sciences, Salix, Lilly
Grant/Research Support: Gilead, Amylin, Genentech, Abbott, Phenomix, Medpace, Advanced Life Sciences, Salix, Lilly

William D. Chey, MD, FACG

Professor of Medicine, Director, GI Physiology Lab, Director, Michigan Bowel Control Program, University of Michigan Medical Center, Ann Arbor, MI
Consultant: AGI, Albireo, Aryx, Axcan, Ironwood, KV, McNeil, Procter and Gamble, Prometheus, Salix, Smart Pill Corp, Takeda
Speaker's Bureau: Axcan, Prometheus, Salix, Takeda

Delbert L. Chumley, MD, FACG

Partner, Gastroenterology Consultants of San Antonio, San Antonio, TX
Dr. Chumley has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Darwin L. Conwell, MD

Associate Professor of Medicine, Harvard Medical School; Center for Pancreatic Disease, Division of Gastroenterology, Hepatology and Endoscopy, Brigham and Women's Hospital, Boston, MA
Dr. Conwell has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

ACG's 2010 Postgraduate Course — Faculty Listing

Daniel C. DeMarco, MD, FACG

Medical Director of Endoscopy, Baylor University Medical Center, Digestive Health Associates of Texas, Dallas, TX
Dr. DeMarco has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Tom R. DeMeester, MD, FACG

Professor and Chairman, Department of Surgery, University of Southern California, Los Angeles, CA
Consultant: Torax Medical, Inc.

Mark T. DeMeo, MD, FACG

Associate Professor of Medicine, Rush University Medical Center, Burr Ridge, IL
Dr. DeMeo has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Jack A. Di Palma, MD, FACG

Professor of Medicine and Director, Division of Gastroenterology, University of South Alabama, Mobile, AL
Advisory Committee/Board Member: Takeda Pharmaceuticals North America
Consultant: Braintree Laboratories, Inc.
Grant/Research Support: Braintree Laboratories, Inc., Takeda Pharmaceuticals North America
Speaker's Bureau: Braintree Laboratories, Inc., Takeda Pharmaceuticals North America

Francis A. Farraye, MD, MSc, FACG

Clinical Director, Section of Gastroenterology, Boston Medical Center, Professor of Medicine, Boston University School of Medicine, Boston, MA
Advisory Committee/Board Member: Abbott, Centocor, Prometheus, Shire, UCB
Grant/Research Support: Prometheus
Speaker's Bureau: Abbott, Centocor, Prometheus, Salix, Shire, Takeda

Amy E. Foxx-Orenstein, DO, FACG

Associate Professor of Medicine, Mayo Clinic, Scottsdale, AZ
Advisory Committee/Board Member: Enteromedics
Stockholder/Ownership Interest (excluding diversified mutual funds): Enteromedics

Martin L. Freeman, MD, FACG

Professor of Medicine, University of Minnesota, Minneapolis, MN
Dr. Freeman has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

David A. Greenwald, MD, FACG

Fellowship Program Director, Associate Division Director, Montefiore Medical Center, Bronx, NY
Dr. Greenwald has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Jorge L. Herrera, MD, FACG

Professor of Medicine, University of South Alabama, Mobile, AL
Grant/Research Support: Roche
Speaker's Bureau: Roche

Ira M. Jacobson, MD, FACG

Chief, Division of Gastroenterology & Hepatology, Weill Cornell Medical College, New York, NY
Consultant: Abbott, Anadys, Boehringer Ingelheim, Bristol-Myers Squibb, Gilead, Globelimmune, Human Genome Sciences, Novartis, Pfizer, Pharmasset, Roche/Genentech, Schering/Merck, Tibotec, Vertex, Zymogenetics
Grant/Research Support: Anadys, Boehringer Ingelheim, Gilead, Globelimmune, Human Genome Sciences, Novartis, Pharmasset, Roche/Genentech, Schering/Merck, Tibotec, Vertex
Speaker's Bureau: Bristol-Myers Squibb, Gilead, Novartis, Roche/Genentech, Schering/Merck

David A. Johnson, MD, FACG

Professor of Medicine and Chief of Gastroenterology, Eastern Virginia School of Medicine, Digestive & Liver Disease Specialists, Norfolk, VA
Consultant: AstraZeneca, Eisai, Takeda, Novartis, Xenoport
Grant/Research Support: AstraZeneca, Takeda, Novartis
Speaker's Bureau: Takeda

Anthony N. Kalloo, MD, FACG

The Moses and Helen Golden Paulson Professor of Gastroenterology, Director, Division of Gastroenterology & Hepatology, The Johns Hopkins Hospital, Baltimore, MD
Consultant: Apollo Endosurgery
Patent Holder: Apollo Endosurgery
Founder & Equity Holder: Apollo Endosurgery

Sunanda V. Kane, MD, MSPH, FACG

Associate Professor of Medicine, Mayo Clinic, Rochester, MN
Consultant: Kyorin

Philip O. Katz, MD, FACG

Chairman, Division of Gastroenterology, Albert Einstein Medical Center, Philadelphia, PA
Consultant: Novartis, Takeda, Xenoport
Adjudicator: Eisai

Kris V. Kowdley, MD, FACG

Clinical Professor of Medicine, University of Washington; Director, Center for Liver Disease, Digestive Disease Institute, Virginia Mason Medical Center, Seattle, WA
Dr. Kowdley has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Paul Y. Kwo, MD

Professor of Medicine, Medical Director, Liver Transplantation, Gastroenterology/Hepatology Division, Indiana University School of Medicine, Indianapolis, IN
Advisory Committee/Board Member: Merck, Schering-Plough, Vertex
Consultant: Schering-Plough, Vertex
Grant/Research Support: Merck, Roche, Schering-Plough, Vertex
Speaker's Bureau: Merck, Roche, Schering-Plough

James S. Leavitt, MD, FACG

President, Gastrohealth, Gastroenterology Care Center, Miami, FL
Dr. Leavitt has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Jonathan A. Leighton, MD, FACG

Professor of Medicine, Mayo Clinic, Scottsdale, AZ
Consultant: Given Imaging, Intromedic, Procter and Gamble
Grant/Research Support: Abbott, Bristol-Myers Squibb, Centocor, Fujinon, Given Imaging, Olympus, Procter and Gamble, Schering-Plough

Gary R. Lichtenstein, MD, FACG

Director, Inflammatory Bowel Disease Program, Professor of Medicine, Hospital of the University of Pennsylvania, Philadelphia, PA
Consultant: Abbott Corporation, Bristol-Myers Squibb, Centocor, Inc., Elan
Grant/Research Support: Abbott Corporation, Bristol-Myers Squibb, Centocor, Inc.
Lecturer: Centocor, Inc.

David A. Lieberman, MD, FACG

Professor of Medicine; Chief, Division of Gastroenterology/Hepatology, Oregon Health and Science University, Portland, OR
Dr. Lieberman has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Edward V. Loftus, Jr., MD, FACG

Professor of Medicine, Mayo Clinic, Rochester, MN
Advisory Committee/Board Member: Abbott, Procter and Gamble, Shire, UCB
Grant/Research Support: Abbott, UCB

ACG's 2010 Postgraduate Course — Faculty Listing

Uma Mahadevan, MD

Assistant Professor of Medicine, UCSF Center for Colitis and Crohn's Disease, San Francisco, CA
Advisory Committee/Board Member: Centocor, Abbott, UCB, Procter & Gamble
Consultant: Centocor, Abbott, UCB, Procter & Gamble

Robert D. Odze, MD

Chief, Gastrointestinal Pathology, Brigham and Women's Hospital, Professor of Pathology, Harvard Medical School, Boston, MA
Dr. Odze has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Daniel J. Pambianco, MD, FACG

Associate, Charlottesville Gastroenterology Associates, Charlottesville, VA
Consultant: Ethicon Endo Surgery

Investigational Use Disclosures

ACG's disclosure policy maintains that if any unapproved or off-label use of a product is to be referenced in a CME program, the faculty member is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. The following faculty members have indicated they may reference an off-label use in their PG Course presentation(s).

Dr. Achkar – Azathioprine, mercaptopurine

Dr. Bousvaros – Immunomodulators, calcineurin inhibitors, biologics, nutrition for IBD

Dr. Castell – Twice daily dosing of PPIs

Dr. Di Palma – PEG 3350 long term, high dose use and medication constipation, linaclotide, prucalopride, lubiprostone medication constipation

Dr. Farraye - Use of medications as chemopreventive agents

Dr. Kowdley – Ursodeoxycholic acid for primary sclerosing cholangitis and budesonide for primary biliary cirrhosis

Dr. Kwo – Boceprevir, telaprevir

Dr. Lichtenstein – Azathioprine and 6-mercaptopurine and methotrexate use in Crohn's disease

Dr. Mahadevan – Azathioprine for IBD

Dr. Pambianco – Propofol, NAPS, CAPS, SEDASYS®

Dr. Poordad – Tacrolimus, cyclosporine, mycophenolate mofetil

Dr. Quigley – Proton pump inhibitors, triple/quadruple therapy, prokinetics, anti-depressants

Dr. Shiffman – interferons and protease inhibitors

Dr. Younossi – Glitazone, statins, vit E, ursodeoxycholic acid, betaine

Annual Scientific Meeting

Monday – Wednesday, October 18 through 20, 2010 • Ballroom C

Program Description

The field of gastroenterology and hepatology continues to see advancements in multiple areas relating to diagnostic measures, therapeutic options and technology. In order to provide appropriate and top-quality patient care, the clinician is challenged to stay abreast of the changes and advancements affecting the management of many gastrointestinal and liver disease states. Throughout this three day annual meeting, you will be exposed to updates in a variety of topics including IBD, colorectal cancer screening, portal hypertension, chronic liver disease, endoscopic techniques and GI bleeding, Barrett's esophagus, GERD, IBS and motility disorders, nutrition, obesity and bariatric surgery, pancreatic conditions, and practice management topics.

Ten scientific plenary symposia will allow attendees to hear lecture presentations from experts and to participate in interactive question and answer sessions with the faculty. In addition, 16 optional scientific breakfast sessions will be offered, where a smaller setting allows for heightened interaction with the speakers and audience involvement. A breakfast session, "Clinical Case Challenges in IBD: Stump the Experts," is structured to review audience generated challenging IBD cases with the panel of experts. Speakers debating on topics such as top-down versus step-up therapeutic approaches in ulcerative colitis, controversial pancreatic cases, and controversies in the management of Sphincter of Oddi dysfunction will allow the participants to hear expert opinion on these important subjects.

The program is designed primarily for physicians in gastroenterology and hepatology as well as physician assistants, nurse practitioners and other advanced practice healthcare professionals interested in the latest information on state of the art treatment of these illnesses.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 16.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Breakfast Session A: Liver Biopsy–Is There a Future?

Review the current role of liver biopsy and non-invasive markers in the evaluation of liver histology.

MODERATOR: *Mitchell L. Shiffman, MD, FACP*

- 1. Viral Hepatitis–Is It the Virus; Does Histology Matter?**
Mitchell L. Shiffman, MD, FACP
- 2. NAFLD–Does Differentiating NAFLD from NASH Really Matter When There is No Specific Treatment?**
Zobair M. Younossi, MD, MPH, FACP
- 3. Noninvasive Tests to Replace Liver Biopsy: Pros and Cons**
F. Fred Poordad, MD

Breakfast Session B: Celiac Sprue: Evolving Paradigm–A Case-Based Approach

Examine the clinical presentation, diagnosis and management of celiac sprue.

MODERATOR: *Peter H.R. Green, MD, FACP*

- 1. Why Is My Blood Count Low?–Changing Face of Celiac Sprue**
Peter H.R. Green, MD, FACP
- 2. I am on a Gluten Free Diet, but I Still Don't Feel Well–Refractory Sprue**
Nirmal S. Mann, MD, MS, PhD, DSc, FACP
- 3. I Think I Have Celiac Sprue, Do I Need to Be Tested?–Serology, Endoscopy or Both**
Carol E. Semrad, MD, FACP

Breakfast Session C: Controversies in IBS Treatment

Compare and contrast the critically controversial IBS treatments in order to improve the care of patients with IBS.

MODERATOR: *Lin Chang, MD*

- 1. Patient Centered vs. Evidence Based Care**
Lin Chang, MD
- 2. What About the Gut Flora: Do Antibiotics/Probiotics Work?**
John K. DiBaise, MD, FACP
- 3. The Brain Gut Axis: When and How to Prescribe TCAs and SSRIs**
Charlene Prather, MD, FACP

Annual Scientific Meeting Agenda — Monday, October 18

Breakfast Session D: Controversies in GERD Treatment

Describe the current knowledge of the interaction and potential safety issues involving co-administration of PPIs and clopidogrel; examine the clinical evidence of the long-term safety issues with chronic PPI use in GERD; and define the clinical spectrum of GERD and Barrett's in the pediatric population with a focus on treatment modalities.

MODERATOR: *Colin W. Howden, MD, FACG*

1. PPIs and Clopidogrel—Divorce or Marriage?

Colin W. Howden, MD, FACG

2. Long-term Treatment with a PPI—Safe or Sorry?

David C. Metz, MD, FACG

3. GERD and Barrett's in the Pediatric Population

Benjamin D. Gold, MD, FACG

6:00 am–5:45 pm **REGISTRATION** (East Registration)

7:50 am–5:45 pm **SCIENTIFIC MEETING**

7:50 am–8:00 am **OPENING REMARKS** (Ballroom C)

Philip O. Katz, MD, FACG

ACG President

8:00 am–9:00 am **PLENARY SESSION** (Ballroom C)

President's Plenary Session 1 (Ballroom C)

MODERATORS: *Philip O. Katz, MD, FACG*
Jean-Paul Achkar, MD, FACG

1. A Randomized Placebo-Controlled Trial of Swallowed Fluticasone as Treatment of Eosinophilic Esophagitis

★ 2010 ACG Auxiliary Award Recipient (Member)

Jeffrey Alexander, MD, Kee Wook Jung, MD, Amindra Arora, MB, BChir, Felicity Enders, PhD, Dawn Francis, MD, Hirohito Kita, MD, Yvonne Romero, MD, David Katzka, MD, Thomas Smyrk, MD, Nicholas Talley, MD, PhD, FACG, Mayo Clinic, Rochester, MN, Mayo Clinic, Jacksonville, FL

Simultaneous Symposia 1A: Portal Hypertension: Pressure and Leak (Ballroom C1)

Develop a prophylactic strategy against variceal hemorrhage; determine the role of TIPS in management of consequences of portal hypertension; and establish the pathophysiology and treatment of ascites.

MODERATOR: *Arun J. Sanyal, MD*

1. Screening and Prophylaxis of Esophageal Varices: Preventing a Bloody Explosion

William D. Carey, MD, MACG

2. Role of TIPS: Is It All Just Plumbing?

Thomas D. Boyer, MD, FACG

3. Ascites: Filling and Draining the Water Balloon

Arun J. Sanyal, MD

Simultaneous Symposia 1B: You Think It's IBS, But It's Not... (Ballroom C3)

Differentiate IBS from IBD, microscopic colitis and celiac disease; examine whether to evaluate for SIBO in patients with IBS symptoms.

MODERATOR: *Eamonn M.M. Quigley, MD, FACG*

1. Inflammation and IBS: Do Serologic Tests and Endoscopy Help?

Darrell S. Pardi, MD, FACG

2. Celiac Disease and IBS: How Far Should We Go?

William D. Chey, MD, FACG

3. SIBO and IBS: Is This a Concern?

Eamonn M.M. Quigley, MD, FACG

Plenary Session 1: Esophagus (Ballroom C1)

MODERATORS: *Joel E. Richter, MD, MACG*
Nicholas J. Shaheen, MD, MPH, FACG

11. GERD Induced Sleep Disorders and a Reversible Driving Impairment with Esomeprazole—A Prospective Pilot Study ★ **2010 ACG Governors Award Recipient for Excellence in Clinical Research**

David Johnson, MD, FACG, Louise Holmes, RN, Jennifer May, PhD, J. Catesby Ware, PhD, Eastern Virginia Medical School, Digestive and Liver Disease Specialists, Norfolk, VA

12. Impact of High Resolution Manometry (HRM) and the Chicago Classification on the Diagnosis and Clinical Management of Patients with Dysphagia

★ **2010 ACG/AstraZeneca Senior Fellow Abstract Award Recipient**
Nimeesh Shah, MD, Robert Lee, MD, University of California – Irvine, Orange, CA; Long Beach VA Health Care System, Long Beach, CA

13. Lung Transplantation Alters Esophageal Motility and is Associated with Abnormal pH Testing

John Castor, MD, Richard Wood, MD, Donna Niedzwiecki, PhD, Andrew Muir, MD, MHS, Scott Palmer, MD, MHS, Rahul Shimpi, MD, Duke University Medical Center, Durham, NC

14. Cryotherapy Treatment of Residual Dysplastic Barrett Epithelium in Patients with Esophageal Adenocarcinoma Treated with Definitive Chemoradiation

★ **2010 ACG/AstraZeneca Senior Fellow Abstract Award Recipient**
Stephen Kucera, MD, Cindy Harris, MD, Deepti Canchi, MD, James Barthel, MD, Moffitt Cancer Center, Tampa, FL

Plenary Session 2: Colorectal Cancer Prevention (Ballroom C3)

MODERATORS: *Douglas K. Rex, MD, FACG*
Ronald Vender, MD, FACG

15. Can Feedback Regarding Adenoma Detection Rates Substantially Enhance Colonoscopy Performance?

Jonathan Mellen, MD, Jay Yuan, MD, Brian Cooper, DO, Francisco Ramirez, MD, Phoenix VA Healthcare System, Phoenix, AZ; Banner Good Samaritan Medical Center, Phoenix, AZ

16. Colorectal Cancer Screening at the VA: How Well Are We Doing?

Heather McDougall, MD, Aasma Shaukat, MD, Sheri Lechner, MD, University of Minnesota, Minneapolis, MN, VA Medical Center, Minneapolis, MN

17. Individuals with Coexistent Advanced Serrated Polyps and Adenomas Express an Aggressive Colorectal Phenotype

★ **2010 ACG/Olympus Award Recipient**
Carol Burke, MD, FACG, Susan Vu, MD, Rocio Lopez, MS, Cleveland Clinic, Cleveland, OH

18. The Association of Obesity with Short- and Long-Term Risk of Adenoma Recurrence: Analysis of the Polyp Prevention Trial and Continued Follow-up Study

Annual Scientific Meeting Agenda — Tuesday, October 19

3:05 pm–3:35 pm *The American Journal of Gastroenterology*
Lecture (Ballroom C 1&2)

**“Abuse, Trauma and GI Symptoms:
Is There a Link?”**

Douglas A. Drossman, MD, MACG

See page 16 for more information.

3:35 pm–4:30 pm **BREAK–VISIT EXHIBITS** (Exhibit Hall CD)

4:30 pm–5:45 pm **SIMULTANEOUS SYMPOSIA 2**

Simultaneous Symposia 2A: When to Get Out of Bed in the Middle of the Night (Ballroom C3)

Describe endoscopic management and triage for common gastrointestinal emergencies.

MODERATOR: John R. Saltzman, MD, FACG

1. Foreign Bodies

Marsha H. Kay, MD, FACG

2. GI Bleeding

John R. Saltzman, MD, FACG

3. Cholangitis

John A. Martin, MD

Simultaneous Symposia 2B: Debate: Top Down Versus Step Up for Steroid Dependent Ulcerative Colitis (Ballroom C1)

Compare and contrast the use of different therapeutic approaches to steroid dependent ulcerative colitis.

MODERATOR: David A. Schwartz, MD

1. Proceed with Caution: Step Up is the Way to Go

Asher Kornbluth, MD

2. Top Down Rocks

Gary R. Lichtenstein, MD, FACG

3. What Have We Learned?

David A. Schwartz, MD

5:45 pm–6:15 pm **ANNUAL BUSINESS MEETING**

(Ballroom C 1&2)

College Members and Fellows invited.

6:15 pm–7:45 pm **PRESIDENT'S RECEPTION**

(Exhibit Hall CD)

All attendees are invited.

See page 15 for more information.

Tuesday, October 19, 2010
6:45 am – 6:15 pm

6:00 am–6:15 pm **REGISTRATION** (East Registration)

6:45 am–8:30 am **OPTIONAL BREAKFAST SESSIONS**

Cost is \$40 per person/per session. Separate registration required. A syllabus including all ACG 2010 Breakfast Sessions will be provided to attendees registered for any Breakfast Session. See ticket for room assignment. If you have not registered, visit the ACG Registration Desk.

Breakfast Session E: New Era in Practice Management

Identify factors which improve coding; and maximize endoscopy suite capacity with such mechanisms of including use of propofol and developing a Web site for your GI practice.

MODERATOR: Delbert L. Chumley, MD, FACG

1. Smarter Coding

Daniel C. DeMarco, MD, FACG

2. Enhancing Efficiency in the Endo Suite

Irving M. Pike, MD, FACG

3. Internet Marketing 101: Developing Your Practice's Web Site

Delbert L. Chumley, MD, FACG

Breakfast Session F: Extrahepatic Manifestations of Chronic Liver Disease: It Is Not All About the Liver

Determine the effects of portal hypertension on the pulmonary vasculature and its treatment; determine why patients with cirrhosis have an increased risk of infection and how this should be managed; and determine how chronic viral hepatitis leads to immune complex disease and how this should be managed.

MODERATOR: K. Rajender Reddy, MD, FACG

1. Pulmonary Issues: Why Is My Patient Short of Breath?

Steven L. Flamm, MD

2. Infection Complications: It Is Not All Viruses

K. Rajender Reddy, MD, FACG

3. Immune Complex Disease

F. Fred Poordad, MD

Breakfast Session G: Ano-Rectal Disease—The Bottom Line

Compare medical and surgical treatment options for hemorrhoids and other ano-rectal disorders; identify diagnostic modalities and management for fecal incontinence; and assess treatment options for recurrent and refractory and Clostridium difficile.

MODERATOR: Lawrence J. Brandt, MD, MACG

1. Treatment of Hemorrhoids and Benign Ano-Rectal Diseases

Joshua A. Katz, MD

2. The Leaky Anus—New Approaches to Fecal Incontinence

Satish S.C. Rao, MD, PhD, FACG

3. Recurrent *C. difficile* and Fecal Transplantation

Lawrence J. Brandt, MD, MACG

Breakfast Session H: The Evaluation of the Patient with Obscure Gastrointestinal Bleeding

Formulate the diagnostic approach and clinical outcomes in patients with OGIb.

MODERATOR: Lauren B. Gerson, MD, MSc

- 1. Should You Give Your Patient a Capsule, Pass a Scope or Both?**
Shabana F. Pasha, MD
- 2. When to Call a Radiologist for Help**
James E. Huprich, MD
- 3. Does What You Do Make Any Difference? Epidemiology and Outcomes**
Lauren B. Gerson, MD, MSc

Breakfast Session I: The Obese Patient in the Gastroenterology Practice

Manage potential complications of obesity and the adverse effects of bariatric surgery.

MODERATOR: Amy E. Foxx-Orenstein, DO, FACP

- 1. Management of Barrett's and GI Cancer Risk**
Amitabh Chak, MD, FACP
- 2. The Downside of Bariatric Surgery: Addressing Nutritional and Gastrointestinal Complications**
David A. Johnson, MD, FACP
- 3. The Obese GI Clinic Patient: Making a Difference in 10 Minutes**
Amy E. Foxx-Orenstein, DO, FACP

Breakfast Session J: Clinical Case Challenges in IBD: Stump the Expert

Consult with IBD experts on the management of complicated IBD cases and gain the panel's perspective on different therapeutic options.

MODERATOR: Jean-Paul Achkar, MD, FACP

Panel: Maria T. Abreu, MD, Edward V. Loftus, Jr., MD, FACP, and David T. Rubin, MD, FACP

Breakfast Session K: SOD: Fact, Fiction or Maybe?

Debate controversies in the management of Sphincter of Oddi dysfunction.

MODERATOR: Martin L. Freeman, MD, FACP

- 1. Fact**
Stuart Sherman, MD, FACP
- 2. Fiction**
John Baillie, MB, ChB, FACP
- 3. Maybe**
Martin L. Freeman, MD, FACP

Breakfast Session L: Gastroparesis and Functional Dyspepsia: What Are They and How Should They Be Managed?

Distinguish idiopathic gastroparesis from functional dyspepsia. Determine best subspecialty management of patients with dyspeptic symptoms.

MODERATOR: Paul Moayyedi, MD, FACP

- 1. Where Does Functional Dyspepsia End and Gastroparesis Begin?**
Brian E. Lacy, MD, PhD, FACP
- 2. H. pylori, Acid Suppression and Functional Dyspepsia: Dead Issues?**
Paul Moayyedi, MD, FACP
- 3. Gastric Electrical Stimulation in Gastroparesis: Does it Work?**
Henry P. Parkman, MD, FACP

8:30 am–6:15 pm SCIENTIFIC MEETING

8:30 am–10:00 am SIMULTANEOUS PLENARY SESSIONS

Plenary Session 1: Endoscopy/Small Bowel (Ballroom C1)

MODERATORS: Anthony Kalloo, MD, FACP
Carol A. Burke, MD, FACP

19. A Retrograde-Viewing Auxiliary Imaging Device (Third Eye Retroscope) Improves Adenoma Detection Rates (ADR) During Colonoscopy

Peter Siersma, MD, PhD, Anke Leufkens, MD, Daniel De-Marco, MD, Amit Rastogi, MD, Paul Akerman, MD, Kassem Azzouzi, MD, Richard Rothstein, MD, FACP, Frank Vleggaar, MD, PhD, Alessandra Repici, MD, Giacomo Rando, MD, Patrick Okolo, MD, MPH, Olivier Dewit, MD, Ana Ignjatovic, MD, Elizabeth Odstrcil, MD, James East, MD, Pierre Deprez, MD, PhD, Brian Saunders, MD, Anthony Kalloo, MD, FACP, Bradley Creel, MD, Vikas Singh, MD, Anne Marie Lennon, MD, PhD, University Medical Center, Utrecht, Netherlands; Baylor University Medical Center, Dallas, TX; Kansas City VAMC, Kansas City, MO; Bayside Endoscopy Center, Providence, RI; Universite Catholique de Louvain, Brussels, Belgium; Dartmouth-Hitchcock Medical Center, Lebanon, NH; Instituto Clinico Humanitas, Milan, Italy; Johns Hopkins Hospital, Baltimore, MD; St. Mark's Hospital, London, UK

20. Right Colon Retroflexion Increases the Yield of Polyps in the Proximal Colon

Douglas Rex, MD, FACP, David Hewett, MBBS, Indiana University Medical Center, Indianapolis, IN

21. Adenoma Detection Rate Is Not Influenced by the Timing of Colonoscopy, When Performed in Half Day Blocks

★ 2010 ACG Governors Award Recipient for Excellence in Clinical Research

Suryakanth Gurudu, MD, Shiva Ratuapli, MD, Jonathan Leighton, MD, FACP, Russell Heigh, MD, Michael Crowell, PhD, Mayo Clinic, Scottsdale, AZ

22. Gastroenterologists Ignore New Guidelines for Endocarditis Prior to Gastrointestinal Procedures

Harish Iyer, MD, Michael Davis, MD, Julian Perez, MD, Nina Mingioni, MD, Philip O. Katz, MD, FACP

23. Single Versus Double Balloon Enteroscopy in Small Bowel Diagnostics: A Randomized Multicenter Trial

Philipp Lenz, MD, Peter Mensink, MD, PhD, Huseyin Aktas, MD, Tobias Meister, MD, Andreas Luegering, MD, Hansjoerg Ullerich, MD, Lars Aabakken, MD, PhD, Wolfram Domschke, MD, PhD, Ernst Kuipers, MD, PhD, Michael Bretthauer, MD, PhD, Dirk Domagk, MD, University of Muenster, Muenster, Germany; Erasmus MC - University Medical Center, Rotterdam, Netherlands; Oslo University Hospital, Rikshospitalet, Oslo, Norway

24. A Prospective, Single Blinded, Randomized Controlled Trial of Endoscopic Ultrasound (EUS) Guided Fine Needle Aspiration (FNA) With and Without a Stylet

Amit Rastogi, MD, Sachin Wani, MD, Neil Gupta, MD, MPH, Vikas Singh, MD, Srinivas Gaddam, MD, Savio Reddymasu, MD, Ozlem Ulusarac, MD, Fang Fan, MD, Maria Romanas, MD, Katie Dennis, MD, Prateek Sharma, MD, FACG, Ajay Bansal, MD, Melissa Oropeza-Vail, RN, Mojtaba Olyaei, MD, Kansas City VA Medical Center, University of Kansas School of Medicine, Kansas City, MO

25. Endoscopic Mucosal Resection (EMR) for Barrett's and Early Esophageal Cancer: A Single Center U.S. Experience

Bhupesh Pokhrel, MD, Hala Fatima, MD, William Kessler, MD, John DeWitt, MD, Emad Ramani, MD, Douglas Rex, MD, FACG, Indiana University Medical Center, Indianapolis, IN

26. Proton Pump Inhibitor Use Predisposes to Small Bowel Bacterial Overgrowth in Patients with Post-Abdominal Surgery

Savio Reddymasu, MD, Benjamin Alsop, MD, Brian Moloney, MD, Kavous Pakseresht, MD, Scott Stanley, MD, Melissa Oropeza-Vail, MD, Daniel Buckles, MD, Scott Grisolan, MD, Richard McCallum, MD, Mojtaba Olyaei, MD, Kansas University Medical Center, Kansas City, KS, Texas Tech University Health Sciences Center, El Paso, TX

27. Longitudinal Follow-up of Roux-en-Y Gastric Bypass Patients After Evaluation of Abdominal Pain

★ **2010 ACG/AstraZeneca Senior Fellow Abstract Award Recipient**

Bikram Bal, MD, Frederick Finelli, MD, JD, Timothy Shope, MD, Timothy Koch, MD, Washington Hospital Center, Washington, DC; Georgetown University School of Medicine, Washington, DC

Plenary Session 2: Liver/Late Breaker (Ballroom C3)

MODERATORS: *Naga Chalasani, MD, FACG*
Paul Pockros, MD, FACG

28. Statin Therapy Decreases Risk of Hepatic Steatosis and Lobular Inflammation in Patients with Nonalcoholic Fatty Liver Disease

Manal Abdelmalek, MD, MPH, Ayako Suzuki, MD, PhD, Cynthia Guy, MD, Alastair Smith, MD, Babatunde Adeyefa, MD, YiPing Pan, MD, Melissa Smith, BS, Anna Mae Diehl, MD, Duke University Medical Center, Durham, NC

29. Usefulness of Neutrophil to Lymphocyte Ratio in Predicting Steatohepatitis in Patients with Nonalcoholic Fatty Liver Disease

Naim Alkhouri, MD, Gareth Morris-Stiff, MD, Carla Campbell, RN, BSN, Ibrahim Hanoun, MD, Rocio Lopez, MD, Ariel Feldstein, MD, Cleveland Clinic, Cleveland, OH

30. Virologic Relapse Following Treatment Induced Hepatitis B e Antigen Seroconversion in Chronic Hepatitis B (CHB) Patients

Kevin Chaung, BS, Huy Trinh, MD, Nghiem Ha, BS, Ruel Garcia, MD, Huy Nguyen, MD, Mindie Nguyen, MD, MAS, Pacific Health Foundation, San Jose, CA; San Jose Gastroenterology, San Jose, CA; Stanford University Medical Center, Palo Alto, CA

31. Telaprevir in Combination with Peginterferon and Ribavirin in Genotype 1 HCV Treatment-Naïve Patients, Prior Relapsers and Prior Non-Responders: Pooled Analysis of PROVE1, PROVE2, PROVE3 and Study 107

Mitchell Shiffman, MD, FACG, Thomas Berg, MD, FACG, Andrew Muir, MD, John McHutchison, MD, Jean-Michel Pawlotsky, MD, Stefan Zeuzem, MD, Leif Bengtsson, PhD, Nathalie Adda, Shelley George, MD, Robert Kauffman, MD, F. 11:30 am–12:45 pm SIMULTANEOUS SYMPOSIA 3

Simultaneous Symposia 3A: GERD, NERD—What Have We Heard? (Ballroom C3)

Determine the usefulness of the available tests for GERD in clinical practice; describe management options of patients with NERD; and compare and contrast therapeutic options for patients with GERD who failed PPI treatment.

MODERATOR: *Philip O. Katz, MD, FACP*

1. Testing for GERD—When and How

Kenneth R. DeVault, MD, FACP

2. I am a NERD—Is There Hope for Me?

Ronnie Fass, MD, FACP

3. When All PPIs Fail—Therapeutic Options for the Non-Responders

Philip O. Katz, MD, FACP

Simultaneous Symposia 3B: Ins and Outs of Difficult Colonoscopy (Ballroom C1)

Perform techniques to pass the colonoscope to the cecum in tortuous colons; discuss techniques to remove large, flat polyps; and specify controversies in CRC guidelines that impact utilization of colonoscopy.

MODERATOR: *Carol A. Burke, MD, FACP*

1. Reaching the Cecum in the Tortuous Colon

James M. Church, MD, FACP

2. Complicated Polypectomy of Large, Flat Polyps

Douglas K. Rex, MD, FACP

3. Controversies in CRC Guidelines

Carol A. Burke, MD, FACP

Annual Scientific Meeting — Faculty Listing

Annual Scientific Meeting

Monday – Wednesday, October 18 through 20, 2010 • Ballroom C

Faculty Listing and Disclosure Information

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

ACG staff involved with this activity have nothing to disclose. Faculty have noted the following relationships related to their Annual Meeting presentations.

Disclosure of Potential Conflicts of Interest

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

The 2009-2010 Annual Meeting Planning Committee Members have noted the following relationships.

Paper/Poster Disclosures

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. Conflicts of interest will be identified and resolved prior to the beginning of the activity. The absence of any such affirmative statement of disclosure means that the abstract authors have submitted a complete disclosure statement, and have indicated that they have no relevant relationships to report. ACG also requires presenters to disclose to participants any uses of drugs or devices mentioned in their presentations that are off-label or investigational.

Information on the Genesis of Study Concepts and Design: Author Responsibility

The American College of Gastroenterology has supplemented the current conflict of interest disclosure with an additional series of questions completed by the authors of abstracts indicating whether they have been actively and personally involved in developing the study's concept and design and in collecting the data to assure that authors are not reporting data actually collected and developed by others, e.g., a pharmaceutical company or other commercial entity.

An abstract not referenced below indicates that the authors reported no industry involvement took place in any aspect or phase of the research.

Poster Abstracts

This year's Final Program does not include the full abstract for Paper and Poster presentations. Print versions of the abstracts are included in a special supplement printed with the October issue of *The American Journal of Gastroenterology*. The chart below lists the Poster numbers and their corresponding numbers as published in the special supplement, allowing you to easily locate posters in the Exhibit Hall or the complete abstract as published in the special supplement. Please turn to page 131 to search by supplement number.
