GOING VIRTUAL! ACG 2020

ANNUAL SCIENTIFIC MEETING & POSTGRADUATE COURSE

Dear Colleagues:

After thorough and wide-ranging consideration of the many challenges to safely convene a live meeting this October, the ACG Board of Trustees unanimously decided to offer a virtual educational experience for the 2020 ACG Annual Scientific Meeting & Postgraduate Course. The good news is that we have identified a powerful online platform with the capacity and features to host a meeting as complex as ours while creating many new opportunities for connection, interaction and innovation. There will be a digital e-Poster hall, virtual exhibits, new ways to engage with investigators, dedicated live sessions for Q&A with expert faculty, and smaller fora for conversation, networking and learning. Strengths of the new platform include new ways for investigators to showcase their posters, including recording short presentations and Q&A features to engage on the science. In light of all the challenges for GI clinicians during the COVID-19 pandemic, ACG worked hard to envision a schedule of events that is as easy as possible for you to take time away from essential patient care to log in, connect and really engage with the program.

Your ACG, Your Way

ACG aims to ensure that the days of the Annual Scientific Meeting and Postgraduate Course from Friday, October 23 to Wednesday, October 28 are manageable in terms of competing demands upon your time. The goal is to have this year be “Your ACG, Your Way.” That’s why so much of the rich array of educational content will be available on-demand about two weeks before the meeting and remain there for over 90 days—until January 31, 2021. To bring this on-demand content to life, we have scheduled live sessions with clinical pearls and key take-aways by expert faculty to distill the lessons learned from each session and at the end of each day.

Schedule Changes & Program Enhancements

When you review the schedule for Virtual ACG 2020, look for evening programs during the ACG Postgraduate Course over the weekend of Saturday, October 24 and Sunday, October 25 that will bring our members together at the end of a great day of learning for significant community experiences, such as the ACG Leadership Awards, SCOPY Awards celebration, and GI Jeopardy—ACG’s favorite game show. We implemented a schedule shift to move the Virtual ACG 2020 Annual Scientific Meeting later in the day to create an evening “prime time” for signature ACG offerings such as the President’s Address, a special Emily Couric Memorial Lecture delivered by her sister, Katie Couric, who will also engage in a lively conversation with ACG President Dr. Mark Pochapin, as well as an ACG Town Hall addressing critical issues facing GI and medicine.

Maximizing Our Potential for Interaction

The schedule for Virtual ACG 2020 is designed to maximize the potential for interaction and to enhance the value of the educational experience, while allowing easier participation in the live events and offering sessions aimed at strengthening your pride in ACG and the GI community at this time. The goal is a daily schedule that is both realistic and accessible—especially at a time when patient care demands are pressing and so many clinicians face competing personal and professional obligations. We are getting through this pandemic together, we are reopenning our practices, we are getting back to doing endoscopy, and, of course, we are all looking forward to getting together at our Annual Meeting in October—this time in the virtual space. There we will discuss what we are all so passionate about: how to improve care for our patients and our profession.

Please stay safe and well,

Mark B. Pochapin, MD, FACP, ACG President
VIRTUAL MEETING PLATFORM

HOW IT WORKS

LEARN ON YOUR OWN TIME, ON YOUR OWN TERMS

To access the on-demand and live sessions, please log in to the virtual meeting platform at https://acg2020.hubb.me. If you did not receive an email inviting you to create your password, please contact acg2020@gi.org.

ON-DEMAND CONTENT

The rich array of educational content for Virtual ACG 2020 is currently available on-demand and will remain available until January 31, 2021. You will have access to on-demand sessions based on the courses for which you register. We encourage attendees to watch the full-length on-demand presentation recordings prior to the live-streaming Q&A sessions. For a complete listing of on-demand content, see pages 18-65.

LIVE-STREAMING INTERACTIVE SESSIONS WITH EXPERT Q&A

To bring this on-demand content to life, from October 23 – 28, we have scheduled live-streaming sessions with clinical pearls and key take-aways by expert faculty to distill the lessons learned from each session. Attendees will have the opportunity to submit typed questions for the faculty during these sessions. You will have access to live-streaming sessions based on the courses for which you register. These live-streaming sessions will be recorded and will be available on-demand within one week of their broadcast date to view at your convenience. Check out the Schedule-at-a-Glance on pages 4-5 for a guide to the daily live-streaming content. For a complete listing of sessions and faculty, see pages 10-17.

OPEN ACCESS LIVE-STREAMING EVENTS

Virtual ACG 2020 offers special events aimed at strengthening your pride in the College and in the GI community at this time. Join your colleagues for significant community experiences such as the ACG Leadership Awards, SCOPY Awards celebration, and GI Jeopardy– ACG’s favorite game show! A schedule shift for 2020 creates evening “prime time” sessions to maximize participation in such signature sessions as the President’s Address, a special Emily Couric Memorial Lecture delivered by her sister, Katie Couric, and a live ACG Town Hall addressing healthy equity.

CREATE A CUSTOM SCHEDULE

Using the virtual platform’s “Sessions” feature, search by course, topic, speaker, keyword, and more to find both live-stream and on-demand sessions. Select All Days for both live-stream and on-demand content, or search a particular day for live-stream only or on-demand for pre-recorded content only. Once you find what you are looking for, click “Add to Schedule” to create your personal schedule for ACG 2020.

DIGITAL EPOSTER HALL

ACG is excited to announce the inclusion of ePosters to this year’s program, where poster authors will share their research and interesting clinical cases electronically. Attendees can easily browse nearly 3,000 high-quality digital posters, listen to recorded audio of presenters explaining their findings, zoom in on poster details, take notes directly on the files, and download the posters in PDF format (when permitted by the presenter). To foster engagement with investigators and discussion of their findings, participants will be able to submit questions directly to poster authors. ACG 2020 attendees will have access to the ePoster Hall both during and after the meeting, allowing the education to continue well beyond the meeting dates! Visit the ePoster Hall at https://eventscribe.com/2020/ACGPosters.

VIRTUAL EXHIBIT HALL

Visit the ACG 2020 Virtual Exhibit Hall on the ACG virtual meeting platform. Over 70 booths will be available for you to explore from October 23, 2020 – January 31, 2021. Company representatives will be available to meet with you live from October 23 – 28 to answer any questions you have about their products. Many companies will be raffling off prizes, so be sure to check out the virtual raffle page and visit participating exhibitors to enter drawings! Don’t forget to play the official Scavenger Hunt in the ACG 2020 Meeting App. Visit all participating companies and enter the drawing for fabulous prizes! As always, your support of the ACG exhibitors is vital as it allows the ACG to keep offering the Annual Scientific Meeting FREE for members.

ACG 2020 Virtual Annual Scientific Meeting and Postgraduate Course
GENERAL INFORMATION

REGISTRATION OPEN UNTIL DECEMBER 31, 2020
Registration for ACG 2020 Virtual is available online only at the meeting’s secure website, https://acgmeetings.gi.org. The virtual meeting platform, and all of the on-demand sessions, will be available for access until January 31, 2021. For information on registration fees, visit https://acgmeetings.gi.org.
For questions regarding registration, contact Meeting Services at registration@gi.org or 301-263-9000.

CANCELLATION
There are no refunds for cancellation.

POSTGRADUATE COURSE SELF-ASSESSMENT TEST
U.S.-based attendees who are registered for the Postgraduate Course will receive a complimentary copy of the 2020 Self-Assessment Test (SAT) book, while supplies last. The SAT book will be mailed to the address provided during registration. Non-U.S. PG Course registrants will receive the online version of the test.

USE THE MEETING APP AND ACCESS PRESENTATION SLIDES
All registered attendees will still be able to view the presentation slides and download PDFs of the slides even after the ACG 2020 meeting app available in the ACG Mobile container app.

Please note: Registered attendees can use the app to view slides and handouts only for those courses for which they have registered. The app will be accessible for up to 5 years after the meeting.

Using the Mobile App
Install ACG Mobile – All ACG event apps are housed in the ACG Mobile app. If you need to install ACG Mobile, search the Apple App or Google Play Store for “ACG Mobile” to download the app. (Apple users must have iOS 10 or higher to use the app, which may require an operating system update. Android users must have OS 6 or higher to use the app, which may require an operating system update. iPad 2, any non-retina devices, and Kindles with an OS older than 4.4.2 are not compatible with the app. You may need your Apple App or Google Play account information to successfully download the app.)

How to Log In – Once you’ve installed ACG Mobile, tap the ACG 2020 tile. Log in using the same email that you used to register for ACG 2020, and your registration order number as your password/access key.

Using the Web Version of the App
A web version of the app is available at eventScribe.com/2020/ACG. Log in using the same email that you used to register for ACG 2020, and your registration order number as your password/access key. If you used this site to create an Itinerary Planner account before the meeting, items that you bookmarked will sync to the mobile app when you install it.

#DIVERSITYINGI VIRTUAL 5K
The ACG 2020 #DiversityinGI Virtual 5K is a chance for the entire GI community to show support, get some exercise, and connect via social media in the weeks surrounding the Virtual ACG 2020 Annual Scientific Meeting (October 23 – 28, 2020). There is a nominal registration fee of $20, but thanks to generous sponsorships from Ironwood and Braintree/Sebela, proceeds will benefit the ACG Summer Scholars Program for medical students and residents from groups under-represented in medicine. To register, visit https://www.goneforarun.com/virtual-race-acg-2020-diversityinigi-5k/acg-0001.html.

TRAINEES SESSION
Friday, October 23, 2020 | 8:00 pm (ET)
The ACG Training Committee is pleased to once again offer a session for Fellows-in-Training during “prime time” at ACG 2020. Join us on Friday evening as a panel of leaders in GI discuss “The Leadership Journey: Paving Your Own Path for a Successful Career.” Attendees will have the opportunity to submit questions. This is a free program for attendees at ACG 2020.

AJG "MOST READ IN RED: COVID-19": A CONVERSATION WITH AJG CO-EDITORS IN CHIEF
Saturday, October 24 | 3:30 pm (ET)
Red Journal Co-Editors in Chief, Brian E. Lacy, MD, PhD, FACG and Brennan M. Spiegel, MD, MSHS, FACG, discuss the publishing landscape for COVID-19-related science and analyze key papers published by AJG this year.

ACG SCOPY AWARDS CEREMONY
Saturday, October 24 | 8:00 pm (ET)
Join the ACG Public Relations Committee online and celebrate your colleagues who will receive 2020 ACG SCOPY Awards. Be inspired by a dynamic panel presentation on some of the best, most innovative and impactful community education programs to raise awareness of colorectal cancer despite the challenges of 2020. SCOPY is ACG’s Service Award for Colorectal Cancer Outreach, Prevention & Year-Round Excellence.

ACG LEADERSHIP AWARDS CEREMONY
Saturday, October 24 | 8:30 pm (ET)
Celebrate with recipients of the College’s highest honors at the ACG Leadership Awards Ceremony. ACG President Dr. Mark Pochapin will host this tribute to winners of the Samuel S. Weiss Award, Berk/Fise Clinical Achievement Award, International Leadership Award, Community Service Award, and President’s Special Recognition Award and will introduce the newest Masters of the American College of Gastroenterology.

"ENDO ELEARNING” SESSION
Sunday, October 25 | 10:15 am (ET)
ACG is proud to offer the first augmented reality hands-on endoscopy training via video conferencing on a national and international stage. Faculty from three remote locations will demonstrate basic endoscopic procedures using hands-on simulation models. A panel of experts will moderate the session and share insights. Submit your questions via Zoom chat during the session and engage with the experts (not offered for CME or MOC).

CHIEF’S ROUNDS AT ACG 2020 – IN CONVERSATION WITH ACG PRESIDENT DR. MARK POCAPIN
Sunday, October 25 | 3:30 pm (ET)
A lively conversation with special guests in the style of Dr. Pochapin’s SiriusXM radio show, Chief’s Rounds. Bringing the same energy and excitement to Virtual ACG 2020 as the live SiriusXM radio show traditionally broadcast from the Annual Scientific Meeting. Don’t miss engaging and enlightening guests tackling the topics that matter most for the GI profession and for the College today.

CELEBRATING DIVERSITY IN ACG HAPPY HOUR
Sunday, October 25 | 7:00 pm (ET)
Your Hosts: ACG Women in GI Committee and Diversity, Equity & Inclusion Committee
Gather to celebrate diversity in ACG and connect with colleagues for small group discussions. ACG’s Women in GI Committee and the Diversity, Equity & Inclusion Committee are transforming their annual reception into a forum for networking and meaningful conversation. After a welcome by Dr. Shivangi Kothari and Dr. Darrell Gray, small breakout sessions are a great opportunity to see friends and grow your professional network. Open to all.
Supported by Takeda Pharmaceuticals, U.S.A., Inc.

GI JEOPARDY: BUZZ IN FOR YOUR TRAINING PROGRAM
Sunday, October 25 | 8:15 pm (ET)
The competition began in July with a preliminary round open to all GI training programs. Groups of fellows took an online test on a variety of GI topics and diseases. This year, the top five scoring programs that nominated two-person teams for the virtual competition to be live-streamed and open to all Virtual ACG 2020 registrants are:
- Cleveland Clinic Foundation
- Rutgers Robert Wood Johnson Medical School
- UCLA David Geffen School of Medicine/UCLA Medical Center
- University of Iowa Hospitals & Clinics
- University of Pennsylvania Health System

Log in on Sunday, October 25th at 8:15 pm Eastern for ACG’s favorite game show and cheer as the competitors face off live in front of the Virtual ACG 2020 audience. Test your knowledge, shout out the answers at your computer screen, join the intensity and witness the valiant spirit of competition that is GI Jeopardy hosted by Dr. Ronald Szyjkowski.
VIRTUAL ACG 2020 OFFERS SPECIAL EVENTS aimed at strengthening your pride in the College and in the GI community at this time. Join your colleagues for significant community experiences such as the ACG Leadership Awards, SCOPY Awards celebration, and GI Jeopardy – ACG’s favorite game show! A schedule shift for 2020 creates evening “prime time” sessions to maximize participation in signature sessions such as the President’s Address, a special Emily Couric Memorial Lecture delivered by her sister, Katie Couric, and a live ACG Town Hall addressing healthy equity.

HEALIO DISRUPTIVE INNOVATORS AWARDS
Monday, October 26 | 7:30 pm (ET)
Join us at this exclusive event presented by Healio Gastroenterology and Liver Disease, as we honor Disruptive Innovators in eight different categories. Each of these awardees has changed the face of gastroenterology and pushed the status quo toward the betterment of the field. As a true testament to Healio’s peer-tested approach, our Peer Perspective Board and Healio 200 vote on the awardees.

PRESIDENT’S ADDRESS
Monday, October 26 | 8:30 pm (ET)
Mark B. Pochapin, MD, FACG, ACG President, will address attendees to mark the beginning of the ACG 2020 Annual Scientific Meeting. He will use this opportunity to welcome attendees, highlight accomplishments over the past year, and bid farewell as the leadership passes on to the President-Elect.

DAVID SUN LECTURE
Cardiogastroenterology: Intersectional Thinking to Meet New Clinical Needs
Neena S. Abraham, MD, MSc (Epid), FACG
Saturday, October 24 | 11:00 am – 11:30 am (ET)

Neena Abraham, MD, MSc (Epid), FACG, is a Professor of Medicine, College of Medicine, Mayo Clinic Arizona, and a Consultant in the Division of Gastroenterology and Hepatology. She is a federally-funded principal investigator at the intersection of Cardiology and Gastrointestinal disorders, focusing her research agenda in health services and outcomes research. Dr. Abraham investigates how antithrombotic drugs contribute to gastrointestinal bleeding, with particular attention to their effects in cardiac patients, the elderly, and patients with highly co-morbid conditions. She is the medical director of the Mayo Clinic CardioGastroenterology Clinic, which uses a multi-specialty collaborative care model to improve clinical outcomes for cardiac patients who are at risk of gastrointestinal bleeding. This model includes improved strategies for prescription drug management, patient engagement in shared decision-making, and risk factor modification. Dr. Abraham served as a Trustee of the American College of Gastroenterology from 2009–2019 after serving as a member of the ACG Research, Educational Affairs, Women’s, and Public Relations Committees. She currently serves as a Board Member of the ACG Institute for Clinical Research and Education (2018–2021).

The David Sun Lecture, held during the Postgraduate Course, was established by Mrs. Sun in memory of her husband, Dr. David Sun, an outstanding gastroenterologist and investigator. Each year, a lecturer with a distinguished background in gastroenterology or an allied field is chosen by the ACG President subject to the approval of the ACG Board of Trustees.

THE AMERICAN JOURNAL OF GASTROENTEROLOGY LECTURE
Foregut Endotherapy: Cutting Edge Technology for 2020 and Beyond
Christopher C. Thompson, MD, MSc, FACG
Monday, October 26 | 4:00 pm – 4:30 pm (ET)

Christopher C. Thompson, MD, MSc, FACG is the Director of Endoscopy at Brigham and Women’s Hospital and an Associate Professor of Medicine at Harvard Medical School. He is also the Advanced Endoscopy Fellowship Program Director and is clinical faculty at Boston Children’s Hospital and the Dana-Farber Cancer Institute. Dr. Thompson’s clinical interests include endoscopic surgery as applied to foregut conditions, pancreatobiliary disease, postsurgical complications, and bariatric endoscopy. He spends the majority of his time performing these advanced endoscopic procedures and also cares for patients in the ambulatory setting and on the gastroenterology inpatient consult service. The remainder of his time is devoted to research activities in endoscopic surgery, with a focus on device development, endoscopic education, and clinical outcomes. He currently has active clinical, translational, bench, and large animal protocols. He has also led several multicenter clinical trials. His research has resulted in numerous patents, the development of new endoscopic procedures, and over 200 publications. Some of his important clinical innovations include the development of new endoscopic techniques for treating pancreatic necrosis, gastric outlet obstruction, sleeve gastrectomy stenosis, pancreatobiliary anastomotic strictures, and postsurgical complications. He was responsible for much of the early work in bariatric endoscopy, helping to pioneer the field, and edited the first textbook on the subject. In addition to these clinical innovations, he developed an endoscopic part-task simulator that is used by many fellowship programs. He was a founding member of the original NOTES working group and founding chair for the Association of Bariatric Endoscopy (ABE). These accomplishments have led to a broad clinical referral base, and national and international invitations for lectureships and live case demonstrations. He has mentored more than 20 fellows, many of whom have gone on to thrive in prestigious academic institutions, and he established the first Bariatric Endoscopy Fellowship.

The AJG Lecturer is chosen by the Co-Editors of The American Journal of Gastroenterology with approval from the ACG Educational Affairs Committee and the ACG Board of Trustees.

J. EDWARD BERK DISTINGUISHED LECTURE
A Septuagenarian's Evolving Reflections on the Practice of Medicine
Lawrence J. Brandt, MD, MACG
Tuesday, October 27 | 4:00 pm – 4:30 pm (ET)

Lawrence Brandt, MD, MACG, received his MD degree from the SUNY Health Sciences Center in Brooklyn, NY. Dr. Brandt did his residency and fellowship at the Mount Sinai Hospital in NY. He then served in the Army as a gastroenterologist stationed in Stuttgart, Germany. After military discharge, Dr. Brandt joined the staff of Montefiore Medical Center in the Bronx, NY, where he currently is Emeritus Chief of Gastroenterology and Professor of Medicine and Surgery at the Albert Einstein College of Medicine. Dr. Brandt has authored or edited more than 250 scientific publications and 10 books, one of which, Sleisenger and Fordtran’s Gastrointestinal and Liver Disease (8th edition), won first prize in the British Medical Association’s Medical Book Competition. He has received many awards, chief among which are the Distinguished Educator Award of the AGA, the Distinguished Educator Award of the ASGE, the Clinical Achievement Award of the ACG, the Berk/Fise Clinical Achievement Award from the ACG, the William Dock, MD Master Teacher Award of SUNY, Downstate Medical Center, the Harry S. Gordon Award for Outstanding Clinical Teacher at Albert Einstein College of Medicine, and the Downstate Medical Center Alumni Achievement Medallion for Distinguished Service to American Medicine. He is an honorary NYPD Police Surgeon. Dr. Brandt is a Master of the ACG and served as President from 1992-1993. Dr. Brandt has given over 600 lectures nationally and internationally. He is an honorary member of the Argentine and Dominican Republic’s Societies of Gastroenterology. He served 3 terms as a member of the American Board.
of Internal Medicine (ABIM, Gastroenterology) and served a 10-year appointment as Editor of the Focal Points section of Gastrointestinal Endoscopy. Dr. Brandt’s interests include ischemic and vascular disorders of the GI tract, irritable bowel syndrome, C. difficile infection, fecal microbiota transplantation, and the doctor-patient relationship.

The J. Edward Berk Distinguished Lecture is awarded to individuals prominent in gastroenterology or a related area. The lecturer is nominated by the ACG President and the appointment is subject to approval by the ACG Board of Trustees. The lectureship was established in recognition of the significant contributions made by J. Edward Berk, MD, MACG, to clinical gastroenterology during his long and distinguished clinical and academic career.

EMILY COURIC MEMORIAL LECTURE
From Grief to Advocacy to Activism
Katie Couric
Tuesday, October 27 | 8:00 pm – 9:00 pm (ET)

At the invitation of ACG President, Dr. Mark Pochapin, Katie Couric will present a lecture named in honor of her late sister, the Emily Couric Memorial Lecture established by the College in partnership with the Virginia Gastroenterological Society and the ODSGNA in 2006. Ms. Couric is an award-winning journalist, New York Times best-selling author and a co-founder of Stand Up To Cancer (SU2C). Since its launch in 2008, Stand Up To Cancer has raised more than $600 million to support cutting-edge collaborative science and its research has contributed to six new FDA approved therapies. In 2017, she founded Katie Couric Media (KCM), which has developed a number of media projects, including a daily newsletter, a podcast, digital video series and several documentaries. KCM works with purpose driven brands to create premium content that addresses important social issues like gender equality, environmental sustainability and mental health. Couric was the first woman to solo anchor a network evening news-cast, serving as anchor and managing editor of the CBS Evening News from health. Couric was the first woman to solo anchor a network evening news-cast, serving as anchor and managing editor of the CBS Evening News from 2006 to 2011 following 15 years as co-anchor of NBC’s Today show. She also hosted radio shows on ABC, NBC and CBS. Couric is the author of multiple New York Times bestsellers, including the New York Times bestseller, “An Unexpected Turn: My Life as a Cancer Advocate,” published in 2015. Her memoir, Couric’s memoir will be published in the Fall of 2021. Ms. Couric has also published in The American Journal of Gastroenterology, “An Unexpected Turn: My Life as a Cancer Advocate,” in May 2016.

The Emily Couric Memorial Lecture, developed by the ACG, the Virginia Gastroenterological Society, and the Old Dominion Society of Gastroenterology Nurses and Associates, is in honor of Virginia State Senator Emily Couric, who died of pancreatic cancer in October of 2001. Senator Couric was a strong advocate for health care issues, particularly in her instrumental work to pass the nation’s first legislation mandating health insurance coverage for colorectal cancer screening.

DAVID Y. GRAHAM LECTURE
From Hepatitis C to COVID-19: Can We Triumph Again?
Ira M. Jacobson, MD, FACG
Wednesday, October 28 | 3:00 pm – 3:30 pm (ET)

Ira Jacobson, MD, FACG, earned his BS from Yale University, and MD from Columbia University College of Physicians and Surgeons. After completing an internship and residency at the University of California San Francisco, he trained as a fellow in gastroenterology at Massachusetts General Hospital. In 1984, he joined the faculty at Weill Cornell Medical College and New York Presbyterian Hospital. During his 30 years at Weill Cornell, Dr. Jacobson served as Chief of the Division of Gastroenterology and Hepatology (1998-2015) and was the Vincent Astor Distinguished Professor of Medicine and Medical Director of the Center for the Study of Hepatitis C. From 2015 to mid-2017, he was Chair of Medicine at Mount Sinai Beth Israel Medical Center. He joined the faculty of NYU Langone Health as Director of Hepatology in August 2017. Dr. Jacobson is a Fellow of ACG, ACP, and AGA, and is a member of AASLD and EASL. In addition to an active practice with a focus on patients with liver disease, he has been an investigator in many trials on treatment for hepatitis B and C since the 1980s. He has been a PI and author of many trials on novel treatments for hepatitis C and B. His clinical research currently focuses on hepatitis B and nonalcoholic fatty liver disease. He served on the Gastroenterology and Transplant Hepatology Examination Committees of the ABIM, as Associate Editor of the Journal of Hepatology, and as a reviewer for several journals. He has authored or co-authored over 250 peer-reviewed papers, chapters, reviews, including papers in the NEJM, Lancet, Gastroenterology, Hepatology, Journal of Hepatology, Journal of Viral Hepatitis, and Clinical Gastroenterology and Hepatology. He also edited two books on ERCP and a volume on hepatitis B for Clinics in Liver Disease. He co-chaired the annual Viral Hepatitis Congress in Frankfurt, Germany from 2012-2017.

The Graham Lecturer is chosen by the ACG President and is subject to approval by the ACG Board of Trustees. Established in 2004 in recognition of the many contributions to clinical gastroenterology made by David Y. Graham, MD, MACG, this named lectureship was made possible through a donation by Otsuka Pharmaceutical Co., Inc., and Meretek Diagnostics, Inc.
**CONNECTION. COLLEGIALITY. CAMARADERIE. CLINICAL EDUCATION.** These attributes have long been the hallmarks of ACG's Annual Scientific Meeting & Postgraduate Course. The signature events that are synonymous with ACG each year will likewise be central to the virtual meeting experience, including named and distinguished lectures, as well as the President’s Plenary sessions and presentation of all oral abstracts—a showcase of the best clinical research.

WHAT’S NEW IN GI PHARMACOLOGY COURSE
Course Directors: Brooks D. Cash, MD, FACG, and William D. Chey, MD, FACG

COURSE DESCRIPTION
Experts will define and describe the use and management of new pharmacological therapies as well as provide updates on current pharmacological treatment options for a variety of GI disorders during the What’s New in GI Pharmacology Course. Attendees can watch the on-demand presentations prior to the corresponding live-streamed Q&A session (see page 10 for the What’s New in GI Pharmacology Course live-streaming schedule.)

ON-DEMAND PRESENTATIONS

Causes and Solutions for PPI-Refractory Heartburn
Rena Yadlapati, MD, MSHS
Describe the evaluation, pathophysiology, and prescription options for patients who may have heartburn from PPI use.

The Latest “Need to Know” Information on Gastric Acid Inhibition
Michael F. Vaezi, MD, PhD, MSc(Epi), FACG
Identify the latest key information that clinicians need to know about H2RAs, PPIs, and PCABs.

Disaccharidase Deficiencies: When to Consider and How to Treat?
William D. Chey, MD, FACG
Discuss the prevalence of lactase and SI deficiency, means of diagnosis, and treatment options.

Exocrine Pancreatic Insufficiency: What the Busy Clinician Needs to Know
David C. Whitcomb, MD, PhD, FACG
Recognize exocrine pancreatic insufficiency, how to diagnose it, and how to treat it.

The Ins and Outs of Fecal Incontinence Treatments
Brooks D. Cash, MD, FACG
Define treatment options for fecal incontinence including diet, fiber, medical therapies, biofeedback, and surgery.

Choosing Among the Expanding Armamentarium of IBD Therapies
Sunanda V. Kane, MD, MSPH, FACG
Examine the different classes of IBD therapies, balancing indication for use, mechanisms of action, and adverse effects.

Contemporary Management of Hepatitis B
Kimberly A. Brown, MD
Explain the current standard of care for HBV and emerging therapeutic approaches.

Celiac Disease: Will There Ever Be a Medicine Available?
Joseph A. Murray, MD, FACG
Summarize the drug development pipeline for celiac disease medications.

FACULTY LISTING AND DISCLOSURE INFORMATION
The American College of Gastroenterology (ACG) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. ACG, as an ACCME accredited provider, ensures balance, independence, objectivity, and scientific rigor in all of its directly and jointly provided education activities. All who are in a position to control the content of an education activity (including their spouse or partner) are required to disclose to ACG all relevant financial relationships in any amount occurring in the past 12 months with any commercial interest that may create a conflict of interest related to the subject matter of an education activity. Safeguards against commercial bias have been put in place by ACG. Anyone who refuses to disclose relevant financial relationships will be disqualified. ACG ensures any conflicts of interest are resolved before the educational activity occurs and discloses all relevant financial relationships to the learners prior to the beginning of an education activity.

ACG staff involved with this activity have nothing to disclose. Faculty have noted the following relationships related to their GI Pharmacology Course presentations.

GI PATHOLOGY AND IMAGING COURSE
Course Directors: Olga C. Aroniadis, MD, MSc, and Anita Afzali, MD, MPH, FACP

COURSE DESCRIPTION
ACG’s Pathology and Imaging in the Evaluation of Gastrointestinal Disease Course includes four mini-sessions, each devoted to new developments and old problems in pathology and imaging of a specific portion of the GI tract that will be of special interest to the clinical gastroenterologist. A popular biennial offering of the College, this year’s course expands the mini-session concept to include a combination lecture by a pathologist and a radiologist with the addition of correlated endoscopic images. Attendees can watch the on-demand presentations prior to the corresponding live-streamed Q&A session (see page 10 for the GI Pathology and Imaging Course live-stream schedule.)

ON-DEMAND PRESENTATIONS

Swallowing and Digestion: Pathology and Imaging of the Esophagus and Stomach

PRACTICE MANAGEMENT SUMMIT AT ACG: SOMETHING FOR EVERYONE
Course Directors: Harish K. Gagneja, MD, FACP, and Sapna V. Thomas, MD, FACP

COURSE DESCRIPTION
Healthcare delivery is transforming at an accelerating rate, but opportunities in the field of gastroenterology remain strong for private practice physicians to claim ownership of their practices and their careers. Managing challenges to independence will be even more important during these changing times, but that alone will not be enough for success. Participants in the Practice Management Summit at ACG: Something for Everyone Course will hear from colleagues about new and innovative ways to improve the operations, enhance productivity, and guarantee the success of their practices. Attendees can watch the on-demand presentations prior to the corresponding live-streamed Q&A session (see page 10 for the Practice Management Summit live-stream schedule.)

ON-DEMAND PRESENTATIONS

SESSION 1: YEAR IN REVIEW: UPDATES FOR 2020

Legislative Updates and 2020 Elections: Do We Have a Crystal Ball?
John F. Jonas, JD
Discuss the legislative landscape, the 2020 elections, and the impact to the practice of medicine and gastroenterology in particular.

Lessons Learned From Going the Private Equity Route
Jay N. Yepuri, MD, MS, FACP
Analyze the role and influence of private equity in GI and how it will affect the future.

Coding Updates
Kathleen A. Mueller, RN, CPC, CCS-P, CMSCP
Explain coding updates as they pertain to the practice of gastroenterology.

SESSION 2: IMPROVING EFFICIENCY IN YOUR PRACTICE

In Pursuit of Efficiency: How Tech Can Help Us Save Time and Stay Sane
Sapna V. Thomas, MD, FACP
Identify potential time-saving tricks to decrease frustration with EMR systems.

Artificial Intelligence in Gastroenterology: The Future Is Here
Prateek Sharma, MD, FACP
Discuss the potential role of AI in the general practice of GI.

Time Well Spent: Encouraging Staff to Perform at Their Top Tier
Shivangi T. Kothari, MD, FACP
Outline typical daily tasks that can be delegated to other staff members to maximize efficiency.

SESSION 3: IMPORTANCE OF “CUSTOMER CARE” IN YOUR PRACTICE

Customer Care in Your Medical Practice: Improving Your Bottom Line
Harish K. Gagneja, MD, FACP
Discuss various ways to improve the customer care for our patients to provide top notch care.

Effective Patient Education and Communication
Amy S. Oxentenko, MD, FACP
Explain ways to improve communication and educating our patients regarding their disease process.

SESSION 4: COMPENSATION AND FINANCIAL MANAGEMENT IN YOUR PRACTICE

Cost Containment in GI Medical Practice Without Cutting Corners
Louis J. Wilson, MD, FACP
Discuss various ways to save money and improve the bottom line in GI practice without sacrificing quality.

Compensation for Non-Revenue Generating Activities
David J. Hass, MD, FACP
Formulate ways to compensate physicians for the essential activities which are non-revenue generating.

SESSION 5: LEADERSHIP AND EMOTIONAL INTELLIGENCE

What It Takes to Be a Leader: Qualities of an Effective Leader
Mark B. Pochapin, MD, FACP, ACG President
Identify the qualities of effective leaders in academics and private practice.

Emotional Intelligence (EI): What Are You Talking About?
Aasma Shaukat, MD, MPH, FACP
Define emotional intelligence and ways to use it in your day-to-day interactions.

The Art and Science of Recruiting and Retaining Top Talent
Vivek Kaul, MD, FACP
Discuss various ways and strategies to recruit and retain top talent in private practice and academic settings.

ASGE VIRTUAL ENDOSCOPY COURSE: CREATIVE SOLUTIONS TO EVERYDAY ENDOSCOPIC CHALLENGES
Course Directors: Uzma D. Siddiqui, MD, FASGE, and Sachin B. Wani, MD, FASGE

The live-stream sessions for this course will be recorded and will be available on-demand within one week of their broadcast date to view at your convenience (see page 11 for the ASGE Virtual Endoscopy Course live-stream schedule.)

COURSE DESCRIPTION
ASGE’s esteemed faculty will review and highlight a number of emerging diagnostic and therapeutic endoscopic techniques in the literature and their implications in clinical practice. Discussing the most recent published guidelines will be a consistent theme throughout this course. The program is divided into seven topic-focused sessions:

Session 1: Best Practices in Colonoscopy
Session 2: Endoscopy in the Esophagus
Session 3: Bariatric Endoscopy Update
Session 4: Endoscopic Survival in the Covid Era
Session 5: Pancreaticobiliary Adventures
Session 6: Don’t Panic: Evidence-Based Approach to Managing GI Emergencies
Session 7: EUS Enigmas and More

In this era of the COVID-19 pandemic, expert faculty members will provide guidance on preparing for a similar pandemic in the future. Faculty will discuss how to mitigate burnout; a growing problem for gastroenterologists. Key discussions will include updates in best practices in colonoscopy. This session will primarily highlight the most recent recommendations for surveillance after colonoscopy and polypectomy and for endoscopic removal of colorectal lesions. Faculty will also discuss optimal strategies for examination of the colonic polyps and discuss the role of artificial intelligence. The role of advanced resection techniques such as ESD will be highlighted in this session.

This course will provide a state of the art update in Bariatric Endoscopy and provide practical tips for performing endoscopy in patients with altered anatomy. This will be followed by a detailed review of important issues in pancreaticobiliary disorders. Faculty will provide practical guidance on achieving high rates of cannulation during ERCP in clinical practice and optimizing outcomes in ERCP with a focus on reduction in post-ERCP pancreatitis rates. Additional topics will include the latest approach in the management of cholecodolithiasis, biliary drainage in malignant obstruction and management of pancreatic fluid collections including walled off pancreatic necrosis.

Esophageal topics covered in this course will focus on optimal approach to endoscopic examination of patients with Barrett’s esophagus and endoscopic eradication therapies in patients with Barrett’s-related neoplasia. Presentations will review the latest guidelines in the management of patients with achalasia and provide a practical approach to management of esophageal strictures. This course will include presentations on management of most GI emergencies and will provide a pragmatic and algorithmic approach to managing these emergencies in clinical practice. Faculty will review current guidelines on the evaluation and management of patients with pancreatic cystic lesions and highlight the expanding role of EUS.

Upon completion of this educational activity, physicians will be able to:

• Recognize recent recommendations for follow-up after colonoscopy and polypectomy and endoscopic removal of colorectal lesions. (knowledge)
• Review the latest approaches to bariatric endoscopy and performance of endoscopy in the post-bariatric patient population. (comprehension)
• Describe techniques and approaches for optimizing outcomes in ERCP and recognize the role of EUS in contemporary endoscopic practice. (knowledge)
• Recognize the optimal endoscopic approach to patients with Barrett’s esophagus and management of patients with Barrett’s related neoplasia. (knowledge)
• Identify techniques and therapies for management of common GI emergencies such as bleeding, perforations and cholangitis. (knowledge)

ON-DEMAND PRESENTATIONS

SESSION 1: BEST PRACTICES IN COLONOSCOPY

Updated Surveillance Guidelines after Colonoscopy and Polypectomy
Douglas K. Rex, MD, MACG, MASGE

Advanced Imaging in the Colon: Lights, Camera, Action!
Tonya R. Kaltenbach, MD, MS, FACG, FASGE

Optimal Resection Methods for Colon Polypectomy and EMR
Douglas K. Rex, MD, MACG, MASGE

More Tissue is the Issue: Role of ESD and FTRD
Amrita Sethi, MD, MASGE

SESSION 2: ENDOSCOPY IN THE ESOPHAGUS

Barrett’s Basics: Screening and Surveillance Guidelines
Sachin B. Wani, MD, FASGE

Evolution of Endoscopic Therapy for Barrett’s Dysplasia
V. Raman Muthusamy, MD, FACC, FASGE

Endoscopic Workup and Management of Achalasia: Can We Tunnel to Success?
Amrita Sethi, MD, MASGE

Endoscopic Plumbing for Esophageal Stricture
Rehan Haidry, BSc (Hons), MRCP
SESSION 3: BARIATRIC ENDOSCOPY UPDATE

Bariatric Endoscopy Tools and Techniques in 2020
Reem Z. Sharaiha, MD, MSc

Scoping the Bariatric Patient: Dealing with Altered Anatomy and Post-op Complications
Christopher Chapman, MD

SESSION 4: ENDOSCOPIC SURVIVAL IN THE COVID ERA

Ways to Minimize Physician Burnout
Rajesh N. Keswani, MD

Improving Quality in the Endoscopy Unit
Vanessa M. Shami, MD, FACP, FASGE

Preparing for the Next Pandemic
Klaus Mergener, MD, PhD, MBA, FACP, FASGE

SESSION 5: PANCREATOBILIARY ADVENTURES

 Tricks for Ensuring Successful Cannulation at ERCP
Marianna Arvanitakis, MD, PhD

Management of Biliary Strictures: Malignant vs. Benign
V. Raman Muthusamy, MD, FACP, FASGE

Sweep, Crush, and Clear: Endotherapy for Bile Duct Stones
Jeanin E. Van Hooft, MD, PhD, FASGE

Optimizing ERCP Outcomes
Badih Joseph Elmunzer, MD, MPH

Dealing with Pancreatic Collections: When to Drain and How
Ji Young Bang, MD, MPH

SESSION 6: DON’T PANIC: EVIDENCE-BASED APPROACH TO MANAGING GI EMERGENCIES

Halting the Hemorrhage: Esophageal and Gastric Variceal Bleeding
Anna Duloy, MD

Achieving Hemostasis in Non Variceal UGI Bleeding
Alan N. Barkun, MD, CM, MSc, FACP, FASGE

Optimal Timing of ERCP in Cholangitis Management
Jeanin E. Van Hooft, MD, PhD, FASGE

Damage Control in Perforations: Endoscopic Closure Techniques
Payal Saxena, MBBS, FRACP

Paving the Way for Patency: Managing Duodenal and Colonic Obstruction
Kevin E. Woods, MD, MPH

SESSION 7: EUS ENIGMAS AND MORE

Pancreatic Cyst Guidelines: What You Need to Know
Vanessa M. Shami, MD, FACP, FASGE

Thinking Outside the Box: Therapeutic EUS
Uzma D. Siddiqui, MD, FACP, FASGE

PROGRAM DESCRIPTION

With the need to remain abreast of the many new and emerging advancements in the field of gastroenterology and the patient volume increasing as the population ages, the clinical gastroenterologist is more challenged than ever to deliver the best patient care in each situation they encounter. Research across gastroenterology and hepatology areas progresses at a rapid pace. Advances in technology, diagnostic modalities, and therapeutic options have had a positive impact on the management of many GI diseases. Scientific education, based on critical foundational knowledge and clinical skills, the communication of practical methods for treatment, and the ability to integrate the newest tools in diagnosis with the latest therapeutic/treatment options, are key necessities for the GI clinician to deliver top quality patient care. This course will provide updates on a variety of gastroenterology and hepatology subjects including IBD therapy, quality in colorectal cancer screening, functional GI disorders, esophageal disorders, pancreaticobiliary disease, and liver disease. Didactic on-demand lectures, complemented by live-streaming question and answer sessions, will be delivered on the latest topics in gastroenterology and hepatology. Attendees can watch the on-demand presentations prior to the corresponding live-streamed Q&A sessions (see page 12 for the Postgraduate Course live-stream schedule.)

The program is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice providers interested in a scientifically sound approach to the management of GI and liver illnesses.

POSTGRADUATE COURSE

ON-DEMAND SESSIONS

SESSION 1A: IBD: A Personalized Approach to a Complex Disease

• Pearls in IBD Management
  Laura E. Raffals, MD, MS, FACG
  Appreciate importance of early intervention treatment strategies, the role of therapeutic monitoring, and alternative causes of symptoms other than inflammation in the IBD patient.

• Updates in the Treatment of Crohn’s Disease
  David A. Schwartz, MD, FACG
  Review current treatment strategies for moderate to severe Crohn’s disease.

• Positioning Treatment in Ulcerative Colitis
  Marla C. Dubinsky, MD
  Discuss positioning of therapies to improve long-term outcomes in ulcerative colitis.

• De-escalation of IBD Treatment: When Can We Back Off?
  David T. Rubin, MD, FACG
  Review evidence and strategies for de-escalation of therapy in IBD patients.

SESSION 1B: Esophagus

• Esophageal Dysmotility: Evaluation and Treatment
  John E. Pandolfino, MD, MSCI, FACG
  Discuss the differential diagnosis of esophageal dysmotility, approach to evaluation, and current management concepts.

• Management of Esophageal Strictures
  Vani J.A. Konda, MD, FACG
  Outline the latest evidence-based recommendations for management of benign and malignant esophageal strictures.

• Multimodal Management of BE Dysplasia/Neoplasia
  Nicholas J. Shaheen, MD, MPH, MACG
  Demonstrate the current state-of-the-art approach to endoscopic management of dysplastic Barrett’s esophagus and early esophageal neoplasia.

• Eosinophilic Esophagitis Treatment Approaches in 2020
  Prasad G. Iyer, MD, FACG
  Analyze evidence-based approaches to the treatment of eosinophilic esophagitis including dietary modifications, medical therapy, and endoscopic esophageal dilation.

SESSION 1C: Endoscopy

• Risk Management, Quality, and Safety in the Endoscopy Unit
  Vivek Kaul, MD, FACG
  Identify the latest guideline and evidence-based recommendations as well as best practices to ensure quality and safety in the endoscopy unit and strategies to mitigate risk.

• Evidence-Based Approach to Endosurgery: Does It Make the Cut?
  Navtej S. Buttar, MD
  For the general gastroenterologist, review appropriate utilization of endoscopic resection, techniques, and devices in various clinical scenarios based on best evidence and guidelines.

• Interventional EUS: A Primer for the General Gastroenterologist
  Laith H. Jamil, MD, FACG
  Summarize the well-established and paradigm shifting interventional EUS procedures that the general gastroenterologist needs to be aware of, including limitations, risks, benefits, and alternatives.
POSTGRADUATE COURSE
ON-DEMAND & BONUS SESSIONS

SESSION 2A: Functional GI Disorders – Leveraging the Mind-Gut Connection

- **Brain-Gut Axis and Its Interaction With the Enteric Microbiome**
  Lin Chang, MD, FACG
  Explore the communication between the brain and the gut and role of the gut microbiome in functional GI disorders.

- **Positive Psychology Interventions for Functional GI Disorders**
  Laurie A. Keefer, PhD
  Discuss opportunities for gastroenterologists to incorporate positive psychology interventions into their patient care strategies.

- **A Practical Approach to the Use of Anti-Depressants for Functional Disorders**
  Brian E. Lacy, MD, PhD, FACG

- **Dietary and CAM Approaches for Management of IBS**
  William D. Chey, MD, FACG
  Examine the latest evidence for use of diet and alternative medicines for IBS management.

SESSION 2B: Hepatology Issues in Everyday Practice

- **Multidisciplinary Management of the NASH Patient**
  Arun J. Sanyal, MD
  Describe the importance of a multidisciplinary management approach to the patient with obesity, including lifestyle, medical, endoscopic, and surgical management options.

- **Liver Disease in Pregnancy**
  Nancy S. Reau, MD, FACG
  Review the approach to differential diagnosis and management of various types of clinically significant liver conditions that develop during pregnancy.

- **Drug-induced Liver Injury**
  K. Gautham Reddy, MD, FACG
  Discuss the current concepts related to investigation and management of drug-induced liver diseases.

- **Viral Hepatitis Treatment Update**
  Kimberly A. Brown, MD
  Summarize the recent advances in viral hepatitis treatment and discuss future trends in this realm, to include access to care, healthcare economics, and public health impact issues.

- **Evaluation of the Patient With a Liver Mass**
  Stanley M. Cohen, MD, FACG
  Discuss principles, strategies, and best practice approaches for evaluating liver masses based on differential diagnosis.

SESSION 2C: All Things Colon!

- **Colorectal Cancer Screening and Surveillance - Incorporating Guidelines Into Practice**
  Mark B. Pochapin, MD, FACG
  Summarize colorectal cancer screening guidelines and identify the role of noninvasive screening methods.

- **Management of Lower GI Bleeding**
  John R. Saltzman, MD, FACG
  Review diagnostic and therapeutic options for management of diverticular bleeding.

- **Hereditary Colorectal Polyposis and Cancer Syndromes**
  Carol A. Burke, MD, FACG
  Review diagnosis and management of hereditary colon cancer syndromes.

SYMPOSIUM A: Practical Tips and Pearls in IBD Management

- **Managing the Hospitalized IBD Patient**
  Christina Y. Ha, MD, FACG
  Discuss therapeutic approaches to the hospitalized IBD patient including importance of nutrition, VTE prophylaxis, and pain management.

- **IBD Surveillance, Chromoendoscopy, and Future Directions**
  Samir A. Shah, MD, FACG
  Review appropriate surveillance strategies and role of chromoendoscopy in practice and discuss proper methods for performing chromoendoscopy.

- **Preventive Care in IBD**
  Millie D. Long, MD, MPH, FACG
  Discuss best practice recommendations for optimal preventive care in the IBD patient.

SYMPOSIUM B: Pancreaticobiliary Disease: Recent Advances

- **Acute Pancreatitis: Why Are Patients Still Dying?**
  Timothy B. Gardner, MD, MS, FACG
  Discuss the importance of goal-directed fluid therapy and multidisciplinary medical management in patients with severe acute pancreatitis to ensure good outcomes.

- **Screening for Sporadic Pancreatic Cancer: An Update**
  Suresh T. Chari, MD, FACG
  Discuss recent advances and data in pancreas cancer screening.

- **Evaluation/Management of the Indeterminate Biliary Stricture**
  Prabhleen Chahal, MD, FACG
  Review best practice approaches to the evaluation and management of indeterminate biliary strictures.

SYMPOSIUM C: Obesity

- **Bariatric Endoscopy: An Inflated Sense of Success?**
  Allison Schulman, MD, MPH
  Interpret the evidence-based literature supporting the role of endoscopic interventions in patients with obesity.

- **Bariatric Surgery: Cannot Bypass the Surgeon!**
  John M. Morton, MD, MPH, MHA, FACS
  Compare surgical options for optimal outcomes in patients with obesity.

- **Medical and Behavioral Management of Patients with Obesity: The Foundation for Long-Term Success**
  Shelby A. Sullivan, MD, FACG
  Recognize the importance of lifestyle, nutrition, and behavioral interventions as part of the comprehensive approach to obesity management.
POSTGRADUATE COURSE
ON-DEMAND & BONUS SESSIONS (CONT.)

SYMPOSIUM D: A Practical Approach to Anorectal Disorders

- The Role of Pelvic Floor Retraining for Dyssynergic Defecation
  Satish S.C. Rao, MD, PhD, FACG
  Outline treatment approaches for dyssynergic defecation disorders.

- Modern Approaches to Fecal Incontinence
  Stacy B. Menees, MD, MS
  Appraise available therapies for fecal incontinence.

- Anorectal Manometry Testing: A Primer for the General Gastroenterologist
  Darren M. Brenner, MD, FACG
  Review anorectal manometry testing and its role in clinical practice.

SYMPOSIUM E: Endoscopy

- All the Endoscopy vs Surgery RCTs I Could Come Up With!
  Michael B. Wallace, MD, MPH, FACG
  Discuss recent landmark RCTs that have resulted in a huge impact on GI medical-surgical practice.

- GI Emergencies: How to Optimize Outcomes in Dire Circumstances
  John R. Saltzman, MD, FACG
  Apply strategies to achieve the best outcomes in patients presenting with acute GI emergencies.

- Endoscopy in Special Populations
  Douglas G. Adler, MD, FACG
  Evaluate the approach to endoscopy in unique patient populations (pediatrics, geriatrics, pregnancy, etc.) with higher risk and special needs or challenges.

SYMPOSIUM F: Autoimmune and Cholestatic Liver Disease

- Predictors of Disease Course in Primary Sclerosing Cholangitis
  Kris V. Kowdley, MD, FACG
  Review the clinical course of primary sclerosing cholangitis and predictors of disease progression and complications.

- Advances in Primary Biliary Cholangitis Treatment
  David E. Bernstein, MD, FACG
  Discuss precision treatment of primary biliary cholangitis.

- Autoimmune Hepatitis
  Paul Y. Kwo, MD, FACG
  Describe the clinical management of patients with autoimmune hepatitis.

POSTGRADUATE COURSE
BONUS SESSIONS
(Formerly Learning Lunches) - Must be registered for the Postgraduate Course and purchase access to these sessions.

Evaluating the Patient with Chronic Diarrhea
Lea Ann Chen, MD, FACG
Discuss the principles and evidence-based approach to evaluating a patient with chronic diarrhea.

Tips and Tricks for Difficult Biliary Cannulation
Douglas K. Pleskow, MD
Review evidence-based recommendations along with practical tips and tricks that are useful at ERCP when faced with a difficult biliary cannulation.

Infectious Complications of IBD
Jordan E. Axelrad, MD, MPH
Identify infections commonly encountered in IBD patients and their management strategies.

What’s the Real Story of Those Trending “Google MD” Diagnoses (POTS, Mast Cell Activation Syndrome, Ehlers Danlos, and More!)
Linda Anh B. Nguyen, MD
Review the evidence of trending “Google MD” diagnoses our patients expect us to know and understand their associated gastrointestinal symptoms.

A Practical Approach to Checkpoint Inhibitor Immune-Related Gastrointestinal Adverse Events
Kara M. De Felice, MD
Discuss mechanisms and treatment approaches of gastrointestinal immune-related adverse events from checkpoint inhibitor therapy.

Approach to Evaluation of Abnormal Liver Tests
Nancy S. Reau, MD, FACG
Discuss the approach to evaluation of abnormal liver tests to formulate a differential diagnosis.

Ischemic Disorders of the GI Tract
Lawrence J. Brandt, MD, MACG
Discuss common ischemic disorders of the GI tract and appropriate diagnostic and management approaches.

MACRA/MIPS/Public Policy Update
Carol D. Koscheski, MD, FACG
Review the current healthcare economics landscape relevant to GI practice, including value-based purchasing and alternate payment models.

Optimizing the Colonoscopy Bowel Prep
Audrey H. Calderwood, MD, MS, FACG
Discuss the importance of high-quality bowel prep and tips and tricks to optimize the prep for colonoscopy.

The Risk of PPI Therapy: What’s the Real Story?
Paul Moayyedi, MB ChB, PhD, MPH, FACG
Interpret the latest evidence vis a vis PPI risks and benefits and discuss best practice recommendations for clinical use.

GI Bleeding 2020: Tools, Techniques, Tips and Tricks!
Seth A. Gross, MD, FACG
Describe updates in endoscopic management of GI bleeding including newer devices, techniques, and best practice guidelines.
Pancreatic Cysts: Which Ones Matter?
Vanessa M. Shami, MD, FACG
Discuss etiology, diagnosis, and management of pancreatic cysts incorporating clinical guidelines.

Managing the Difficult Colon Polyp
Tonya R. Kaltenbach, MD, MS, FACG
Describe the approach and technical aspects of managing difficult colon polyps with an evidence-based perspective.

The Difficult Foreign Body: Tools and Techniques
David A. Greenwald, MD, FACG
Discuss novel endoscopic approaches and principles of safe and effective foreign body/food bolus management.

Osler's Approach to Counseling the Functional GI Patient
Brian E. Lacy, MD, PhD, FACG
Formulate approaches to challenging patients with functional GI disorders through observation of the interview and counseling of a functional GI patient.

The Pregnant IBD Patient: What You Really Need to Know
Sunanda V. Kane, MD, MSPH, FACG
Discuss best practices for managing the pregnant IBD patient.

Chronic Abdominal Pain: Approach to Evaluation and Treatment
Lin Chang, MD, FACG
Apply evidence-based strategies and algorithms to efficiently diagnose and treat chronic abdominal pain states.

Tackling GI Complications of Opioid Treatment
Darren M. Brenner, MD, FACG
Define the management of opioid-related constipation and narcotic bowel syndrome.

Endoscopic Treatments for GERD
Prasad G. Iyer, MD, FACG
Appraise advances in the endoscopic management of GERD.

Managing Refractory Symptoms in Celiac Disease
Amy S. Oxentenko, MD, FACG
Identify causes and management strategies of refractory symptoms in patients with celiac disease.

Gastric Metaplasia and Neoplasia Update
Douglas R. Morgan, MD, MPH, FACG
Review pathogenesis, diagnosis, and treatment of gastrointestinal metaplasia, adenocarcinoma, lymphoma, carcinoid, and GIST.

Evaluation and Management of Upper Gastrointestinal Motility Disorders
Linda Anh B. Nguyen, MD
Describe the role of physiologic testing and management strategies for upper GI motility disorders.

The Emerging Role of Diet in IBD Management: Physician and Nutritionist Perspectives
Jonathan A. Leighton, MD, FACG, and Kelly Issokson, MS, RD, CNSC
Assess the role of nutritional therapy to induce and maintain remission in patients with IBD.

Management of Hemorrhoids
Waqar A. Qureshi, MD, FACG
Evaluate recent advances, including techniques and technology, in the management of hemorrhoids.
FACULTY LISTING AND DISCLOSURE INFORMATION

The American College of Gastroenterology (ACG) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. ACG, as an ACCME accredited provider, ensures balance, independence, objectivity, and scientific rigor in all of its directly and jointly provided education activities. All who are in a position to control the content of an education activity (including their spouse or partner) are required to disclose to ACG all relevant financial relationships in any amount occurring in the past 12 months with any commercial interest that may create a conflict of interest related to the subject matter of an education activity. Safeguards against commercial bias have been put in place by ACG. Anyone who refuses to disclose relevant financial relationships will be disqualified. ACG ensures any conflicts of interest are resolved before the educational activity occurs and discloses all relevant financial relationships to the learners prior to the beginning of an education activity.

ACG staff involved with this activity have nothing to disclose. Faculty have noted the following relationships related to their Postgraduate Course presentations.

**INVESTIGATIONAL USE DISCLOSURES**

AGC’s disclosure policy maintains that if any unapproved or off-label use of a product is to be referenced in a CME program, the faculty member is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. The following faculty members have indicated they may reference an off-label use in their Postgraduate Course presentation(s).

- **Dr. Brenner** – neuromodulators for narcotic bowel, linaclotide for IIC  
- **Dr. Butter** – use of stents and drains to manage enteric leaks or stenosis  
- **Dr. Calderwood** – polyethylene glycol 3350 and sports drink bowel preparation  
- **Dr. Chang** – neuromodulation, neuromodulators  
- **Dr. Chen** – cholestyramine for treatment of chronic diarrhea  
- **Dr. Ha** – infliximab, cyclosporine, tofacitinib  
- **Dr. Iyer** – budesonide, fluticasone  
- **Dr. Jamil** – budesonide, fluticasone  
- **Dr. Iyer** – budesonide, fluticasone  
- **Dr. Kirsner** – lumen-apposing metal stent, glue injection  
- **Dr. Kow** – tacrolimus, cyclosporine, mycophenolate for salvage therapy autoimmune hepatitis  
- **Dr. Lacy** – All antidepressants are off label. None are FDA approved  
- **Dr. Nguyen** – electronic nerve stimulator, buspirone, pyridostigmine, prucaloride, nortriptyline  
- **Dr. Schulman** – endoscopic sleeve gastropasty and other suturing applications  
- **Dr. Shah** – indigo carmine food coloring dye in chroendoendoscopy  
- **Dr. Sullivan** – phentermine, topiramate, bupropion, naltrexone

PROGRAM DESCRIPTION

Gain insight from the experts and learn practical take-home points when you attend the ACG Annual Scientific Meeting. Throughout the Scientific Meeting, faculty will present the latest in GI and hepatology, and how to incorporate findings into patient care. Hear about the latest clinical research during the oral presentation plenary sessions. In addition, there will be several featured lectures by world-renowned experts that delve into deeper discussion on a specific topic.

Thirteen scientific symposia and over 65 oral abstract presentations available as full-length, on-demand video recordings will allow attendees to hear lecture presentations from experts. Attendees can watch the on-demand presentations prior to the corresponding live-streamed Q&A sessions (see page 14 for the Annual Meeting live-stream schedule.)

In addition, 15 Bonus Sessions will be offered.

Finally, ACG’s 8th Annual Endoscopy Video Forum will feature the best video presentations submitted from colleagues from across the U.S. and around the world. During this live-streamed session on October 26, attendees can tune in to watch the six selected videos, submit questions for the abstract authors, cast a vote for the best video, and then hear the winner announced live.

The Annual Scientific Meeting program is designed primarily for physicians in gastroenterology and hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the latest information on state-of-the-art treatment of these illnesses.

ANNUAL SCIENTIFIC MEETING
ON-DEMAND & BONUS SESSIONS

SYMPOSIUM 1: Non-IBD Colitides

- Microscopic/Collagenous Colitis: Beyond Budesonide
  Anita Afzali, MD, MPH, FACG
  Explain the diagnosis and etiologies of colitis, with a focus on treatment of difficult-to-treat disease.

- Poo-pourri: Immune, NSAIDs, and Beyond
  Aline Charabaty, MD
  Discuss the presentation and management of common non-IBD etiologies of colitis, including NSAID-induced, immune-mediated, and more.

- Bugs, Vectors and Toxins: A Primer on Infectious Colitides
  Brooks D. Cash, MD, FACG
  Recognize infectious colitides commonly seen in GI practice.

SYMPOSIUM 2: Common Scenarios in Crohn’s Disease: What Should I Do?

- Post-Operative Recurrence
  Miguel D. Regueiro, MD, FACG
  Describe monitoring and medical treatment of Crohn’s disease after surgical resection.

- Management of Perianal Disease
  David A. Schwartz, MD, FACG
  Explain traditional and experimental treatments used in management of perianal Crohn’s disease.

- Small Bowel Crohn’s
  Gil Y. Melmed, MD, MS, FACG
  Discuss the available tests for diagnosis and treatment of small bowel Crohn’s using CT, MR, capsule, and balloon enteroscopy.

SYMPOSIUM 3: Refractory Conditions of the Esophagus: Diagnosis and Treatment

- Approach to Refractory Esophageal Strictures
  John C. Fang, MD
  Identify the different methods to successfully treat refractory esophageal strictures.

- Identification and Management of Esophageal Manifestations of Dermatologic Conditions
  Magnus Halland, MD
  Recognize the clinical, endoscopic, and histopathologic presentations of dermatologic diseases affecting the esophagus.

- Management of Treatment Failure in Achalasia
  Joel E. Richter, MD, MACG
  Explain management strategies for post myotomy reflux and chest pain in patients with achalasia.
**SYMPOSIUM 4: Recent Developments in Barrett’s Esophagus**

- **New Tools for Diagnosis**
  Gary W. Falk, MD, MS, FACG
  Describe the recent advances in diagnosis and surveillance of Barrett’s, including pre- and post-ablation which may allow for earlier, better detection of dysplasia and cancer.

- **Current Approach to Ablation**
  Nicholas J. Shaheen, MD, MPH, MACG
  Discuss the outcomes of studies on RFA/cryoablation for Barrett’s esophagus—dysplastic and non-dysplastic—and the current controversies in treatment of BE.

- **Role of Chemoprevention**
  Joel H. Rubenstein, MD, FACG
  Evaluate current chemoprevention options—as well as drugs in the clinical trial stage—aimed at preventing dysplasia and cancer in patients with BE.

---

**SYMPOSIUM 5: NASH**

- **Natural History of NAFLD**
  Cynthia A. Moylan, MD
  Discuss the epidemiology and epigenetics of NAFLD.

- **Diagnostic Approach to NAFLD**
  Naim Alkhouri, MD
  Identify the diagnostic approaches to NAFLD.

- **Therapy for NAFLD**
  Zobair M. Younossi MD, MPH, FACG
  Outline the dietary and medical therapies for NAFLD.

---

**SYMPOSIUM 6: Updates in Liver Transplantation and HCC for the Busy Gastroenterologist**

- **Liver Transplantation**
  Philip K. Henderson, DO
  Recognize patients in need of liver transplant evaluation.

- **Outpatient Management of OLT Patients**
  Gina Choi, MD
  Understand the long-term follow-up for patients who have undergone liver transplantation to promote quality care.

- **Hepatocellular Carcinoma Primer**
  Anjana A. Pillai, MD
  Identify patients with HCC and those who would benefit from medical therapy or liver transplantation.

---

**SYMPOSIUM 7: Nausea and Vomiting: Evolving Insights and Clinical Challenges**

- **Practical Insights From the Neurobiology of Nausea and Vomiting**
  Braden Kuo, MD
  Describe how the neurobiology of nausea and vomiting influences treatment options.

- **Emerging Treatment: Pharmacologic and Non-Pharmacologic Options for Nausea and Vomiting**
  Linda Ann B. Nguyen, MD
  Compare latest treatment strategies for nausea and vomiting.

- **Treatment of Gastroparesis: Beyond the Old Standbys**
  Baharak Moshiree, MD, FACG
  Summarize recent pharmacologic and interventional advances in the management of gastroparesis.

---

**SYMPOSIUM 8: 50 Shades of Bloating: Multiple Perspectives on a Vexing Condition**

- **It’s All Gas Production: Dietary and Microbial Factors**
  Ali Rezaie, MD, MSc
  Recognize the role of gut microbiota and diet in the pathogenesis of bloating.

- **It’s All Hot Air: Bloating Is a Sensory Symptom**
  Kyle D. Staller, MD, MPH
  Explain the role of the brain-gut axis in the generation of bloating symptoms.

- **Motility Matters Most!**
  Gregory S. Sayuk, MD, MPH, FACG
  Appraise the evidence available regarding motility agents in bloating.

---

**SYMPOSIUM 9: Endoscopy in 2020 and Beyond: An Update**

- **Best Practice Paradigms for Performing a High Quality ERCP**
  Vivek Kaul, MD, FACG
  Explain the evidence-based best practice principles for performing a high quality ERCP for optimal patient outcomes.

- **Endoscopic Ultrasound: Current Status and Future Direction**
  Michael J. Levy, MD
  Illustrate current and future developments in EUS as they relate to a general GI practice and quality parameters.

- **Bariatric Endoscopy: Strides Made and the Road Ahead**
  Violeta B. Popov, MD, PhD, FACG
  Discuss how the field of bariatric endoscopy has evolved and what the future holds, including challenges and opportunities.

---

**SYMPOSIUM 10: What’s New With Small Bowel Disorders?**

- **Common Clinical Scenarios Surrounding Celiac Disease**
  Peter H.R. Green, MD, FACG
  Differentiate celiac disease from mimicking conditions and define the approach to non-responders on a gluten-free diet.

- **Small Intestinal Bacterial Overgrowth: What’s New?**
  Richard J. Saad, MD, FACG
  Discuss the ACG guidelines on diagnosis and treatment of SIBO.

- **Short Bowel Syndrome: An Update**
  Carol E. Semrad, MD, FACG
  Identify current challenges in the care of patients with short bowel syndrome and describe treatment strategies.

---

**PAST PRESIDENTS’ SYMPOSIUM**

- **New Developments in Hereditary Cancer Syndromes**
  Past President: Carol A. Burke, MD, FACG
  Sapna Syngal, MD, MPH, FACG
  Appraise and apply contemporary best evidence in the management of hereditary cancer syndromes.

- **Endoscopic Management of IBD**
  Past President: Sunanda V. Kane, MD, MSPH, FACG
  Bo Shen, MD, FACG
  Recognize evolving endoscopic techniques to manage IBD complications.

- **New Treatments for IBS**
  Past President: Eammon M. M. Quigley, MD, MACG
  Yuri A. Saito-Loftus, MD, MPH
  Discuss and apply emerging therapeutic options for IBS.

ANNUAL SCIENTIFIC MEETING
ON-DEMAND & BONUS SESSIONS

(Formerly Breakfast Sessions) - Must be registered for the Annual Scientific Meeting to purchase access to these sessions.

SESSION A: Clinical Challenges in Acute and Chronic Pancreatitis

- Evaluation and Management of Acute Recurrent Pancreatitis
  Santhi Swaroop Vege, MD, MACG
  Outline the definition, diagnosis, and evaluation of the patient with ARP, including the indications and roles of endoscopic, medical, and surgical treatments.

- A Practical Multidisciplinary Approach to the Diagnosis and Management of Chronic Pancreatitis
  Tyler Stevens, MD, FACP
  Summarize the indications and roles of medical, endoscopic, and surgical management of CP, including pain management.

- Management of Acute Necrotizing Pancreatitis in 2020: An Update
  Prabhleen Chahal, MD, FACP
  Discuss the evidence-based, multidisciplinary and state of the art approach to management of the patient with severe necrotizing pancreatitis.

SESSION B: IBD: The Latest and Greatest In...

- ...Efficacy
  David P. Hudesman, MD
  Analyze up-to-date evidence, including comparative effectiveness, of biologic and small molecule efficacy in IBD.

- ...Safety
  Raymond K. Cross, Jr., MD, MS, FACP
  Recognize current safety concerns for biologics and small molecules used to treat IBD.

- ...Emerging Therapies
  Bincy P. Abraham, MD, FACP
  Identify promising therapeutics for the treatment of IBD.

SESSION C: Hot Topics in Liver Disease

- Management of Cirrhotic Complications
  Mitchell A. Mah'moud, MD, FACP
  Discuss the current strategies for high quality management of HE, ascites, and complications of end stage liver disease.

- AKI in Cirrhotics
  Paul Y. Kwo, MD, FACP
  Describe the current definition of acute kidney injury (AKI) in cirrhotics and identify the strategies to prevent and treat.

- Alcoholic Liver Disease
  Mark W. Russo, MD, MPH, FACP
  Identify the epidemiology of alcoholic liver disease, current management, and future therapies.

SESSION D: Symptoms Following Foregut Interventions: It’s Back in Your Court

- Reflux and Recurrent Dysphagia After Achalasia Interventions
  Rena H. Yadlapati, MD, MSHS
  Formulate a treatment strategy for patients who remain symptomatic after intervention for achalasia.

- Dysphagia, Dyspepsia, and Bloating After Anti-Reflux Surgery
  Scott L. Gabbard, MD
  Manage dysphagia and functional gastrointestinal symptoms after antireflux surgery.

- Weight Lost, Symptoms Gained: Complaints After Bariatric Surgery
  Violeta B. Popov, MD, PhD, FACP
  Identify and manage common patient concerns after bariatric surgery.

SESSION E: Innovations in Practice Management

- Social Media and Your Practice: The Why and How
  Mark B. Pochapin, MD, FACP
  Discuss benefits and risks of having a social media presence for your practice and how to establish one, including creating a website and handling patient reviews.

- Telemedicine and Your Practice: Is It Worth It?
  Jordan J. Karlitz, MD, FACP
  Describe infrastructure, settings, coding, reimbursement, and the specific experience/advantage for hepatology and IBD, especially in underserved areas.

- APPs and Your Practice: Maximizing Their Potential While Providing Quality Care
  Daniel J. Pambianco, MD, FACP
  Identify the role of APPs in various practice and specialty settings, how to train APPs, utilizing various billing scenarios, and how to make it profitable.

SESSION F: Colonic Conundrums

- Pseudo-Obstruction – Update on Management
  Charles J. Kahi, MD, MSc, FACP
  Summarize the current practice standards for diagnosis and management of pseudo-obstruction of the colon.

- Know When to Stent ‘em and When to Cut ‘em: Managing Malignant Obstruction
  Amrita Sethi, MD
  Identify when to stent versus when to operate in malignant colorectal obstruction.

- Acute and Recurrent Diverticulitis – To Cut or Not to Cut
  Susan Galandiuk, MD, FACP, FACS, FASCRS
  Discuss the updated guidelines for treatment of acute and recurrent diverticulitis and when to operate.

SESSION G: Minimizing and Managing Endoscopic Complications: Tips and Tricks from the Experts

- Endoscopic Resection
  Amit Bhatt, MD
  Describe management of complications associated with EMR, ESD, EFTR, and STER procedures.

- ERCP/EUS
  Shivangi T. Kotbhi, MD, FACP
  Discuss management of common and uncommon complications in ERCP and EUS.

- Endoscopic Complication Pot-pourri
  Patrick I. Okolo, III, MD, MPH
  Identify the various types of endoscopic complications and their optimal management.
SESSION H: When GI Meets Surgery in IBD – The Severe UC Patient

- **Steroid Refractory UC**
  Jimmy K. Limdi, MD, FACG
  Describe treatments available for steroid refractory ulcerative colitis.

- **Time to Meet the Surgeon**
  Jean H. Ashburn, MD
  Discuss key components of the surgical consultation in medically refractory ulcerative colitis.

- **Back to the GI – J-Pouch Complications**
  Shannon Chang, MD
  Categorize common complications arising in patients with ileal pouch-anal anastomosis.

SESSION I: Recent ACG Liver Guidelines

- **Vascular Disorders of the Liver**
  Douglas A. Simonetto, MD
  Distinguish the different vascular disorders of the liver and recognize management strategies.

- **Hemochromatosis**
  Vinay Sundaram, MD
  Evaluate patients for iron overload and describe treatment plans.

- **Alcoholic Liver Disease**
  Ashwani K. Singal, MD, MS, FACG
  Explain the different aspects of alcoholic liver disease and summarize the latest guideline recommendations.

SESSION J: 2020 Hindsight: Where We Have Been and Where We Are Going

- **High-Quality Endoscopic Mucosal Resection: When and How**
  Christina J. Tofani, MD
  Discuss the appropriate use of EMR, provide practical pearls, and demonstrate the techniques used for EMR.

- **I Should Have Seen It Coming! Preventing and Managing Polypectomy Complications**
  Douglas K. Rex, MD, MACG
  Explain how to decrease complications of polypectomy, including tips regarding cautery, snares, and prophylactic clipping, and how to manage bleeding and perforations.

- **Today and Tomorrow: Technological Advances That Matter**
  Seth A. Gross, MD, FACG
  Identify the hot technology of today and what is around the corner that could change the practice of GI and quality metrics.

SESSION K: Hey, It’s Legal Now: Cannabinoids and the Gut

- **Cannabinoid Effects on Motility and Pain**
  Ron Schey, MD, FACG
  Differentiate various effects of cannabinoids on the gastrointestinal tract.

- **Cannabinoids: Friend or Foe in Nausea and Vomiting?**
  Thangam Venkatesan, MD
  Contrast risk and benefits of cannabinoids in patients with chronic nausea and vomiting.

- **It’s High Time We Learn How to Talk to Patients About Cannabis**
  Linda Anh B. Nguyen, MD
  Formulate an approach to the discussion of cannabinoids in patients with gastrointestinal symptoms.

SESSION L: Management Strategies for Eosinophilic Esophagitis

- **Medical Management: PPI and Steroid Therapy**
  Jennifer Horsley-Silva, MD
  Identify the benefits of each individual approach to therapy in EoE: PPI, topical steroids, or both.

- **Dietary Management: Two, Four or Six Food Elimination?**
  Nirmala Gonsalves, MD
  Describe the benefits and burden of different food elimination diets in the management of EOE.

- **Management of Refractory EoE**
  Evan S. Dellon, MD, MPH, FACG
  Define refractory EoE and describe potential alternative therapies/approaches to control disease.

SESSION M: FMT

- **How to Introduce FMT Into Your Practice – Formulation, Administration, and Regulation**
  Neelanjani Nandi, MD
  Explain the how to’s involved in setting up FMT in a GI practice.

- **The Science Behind the Stool**
  Jessica R. Allegretti, MD, MPH
  Identify clinically relevant information for the practicing gastroenterologist regarding how FMT works, potential side effects, precautions, and how this applies to managing patients.

- **Current and Future Indications for FMT**
  Colleen R. Kelly, MD, FACG
  Discuss current and speculate future uses of FMT.

SESSION N: Reproduction in IBD: From Conception to Postpartum

- **Fertility and Conception: It Takes Two!**
  Shayla A. Schoenoff, PA
  Discuss common fertility and preconception concerns for men and women with IBD.

- **Pregnancy: The Three Trimesters**
  Eugenia Shmidt, MD
  Describe the management of IBD during pregnancy and delivery.

- **Postpartum: The Fourth Trimester**
  Lisa B. Malter, MD, FACG
  Outline challenges of IBD treatment in the postpartum period, including lactation, resumption of therapy, and infant vaccinations.

SESSION O: Fundamentals of Quality Liver Care

- **Updates in Viral Hepatitis**
  Joseph C. Ahn, MD, MS, MBA, FACG
  Distinguish between the different viral hepatitides and identify the best management options.

- **Preop Management of Patients With Liver Disease**
  Mitchell L. Shiffman, MD, FACG
  Describe best practices for preoperative management of patients with liver disease.

- **Noninvasive Evaluation of Fibrosis**
  Michael F. Chang, MD
  Compare the latest options on noninvasive evaluation of hepatic fibrosis and understand how to choose the between the options.
FACULTY LISTING AND DISCLOSURE INFORMATION

The American College of Gastroenterology (ACG) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. ACG, as an ACCME accredited provider, ensures balance, independence, objectivity, and scientific rigor in all of its directly and jointly provided education activities. All who are in a position to control the content of an education activity (including their spouse or partner) are required to disclose to ACG all relevant financial relationships in any amount occurring in the past 12 months with any commercial interest that may create a conflict of interest related to the subject matter of an education activity. Safeguards against commercial bias have been put in place by ACG. Anyone who refuses to disclose relevant financial relationships will be disqualified. ACG ensures any conflicts of interest are resolved before the educational activity occurs and discloses all relevant financial relationships to the learners prior to the beginning of an education activity.

ACG staff involved with this activity have nothing to disclose. Faculty have noted the following relationships related to their Annual Scientific Meeting presentations.

FACULTY

Bincy P. Abraham, MD, MS
Associate Professor, Houston Methodist Hospital, Houston, TX
Advisory Committee/Board Member: AbbVie, Janssen, Takeda
Consultant: AbbVie, Janssen, Medtronic, Pfizer, Samsung Bioepis, UCB
Grant/Research Support: Janssen
Speakers Bureau: AbbVie, Janssen, Pfizer, Takeda, UCB

Jean-Paul Achkar, MD, FACP
Rainin Endowed Chair for IBD Research, Cleveland Clinic, Cleveland, OH
Dr. Achkar has indicated no relevant financial relationships.

Anita Afzali, MD, MPH, FACP
Medical Director, Inflammatory Bowel Disease Center, The Ohio State University Wexner Medical Center, Columbus, OH
Advisory Committee/Board Member: AbbVie, Celgene, IBD Horizons, Janssen, Takeda
Consultant: AbbVie, Celgene, IBD Horizons, Janssen, Pfizer, Takeda
Grant/Research Support: Celgene, Janssen, Takeda
Speakers Bureau: AbbVie, Janssen, Pfizer, Takeda

Joseph H. Ahn, MD, MS, MBA, FACP
Professor, Oregon Health & Science University, Portland, OR
Advisory Committee/Board Member: Gilead

Sameer A. Al Awadhi, MD
Head of Gastroenterology Unit, Dubai Health Authority, Dubai, UAE
Dr. Al Awadhi has indicated no relevant financial relationships.

Naim Alkhouri, MD
VP of Academic Affairs, Arizona Liver Health, Scottsdale, AZ
Advisory Committee/Board Member: Allergan, Gilead, Intercept
Grant/Research Support: Allergan, Galmed, Genfit, Gilead, Intercept, Madrigal
Speakers Bureau: Gilead, Intercept

Jessica R. Allegretti, MD, MHP
Associate Director, Crohn’s and Colitis Center, Brigham & Women’s Hospital, Boston, MA
Advisory Committee/Board Member: Artugen, Iterative Scopes
Consultant: Finch Therapeutics, Janssen, Pandion, Servus, Takeda
Grant/Research Support: Merck

Jean H. Ashburn, MD
Assistant Professor of Surgery, Wake Forest University Baptist Medical Center, Winston-Salem, NC
Dr. Ashburn has indicated no relevant financial relationships.

Jodie A. Barkin, MD
Assistant Professor of Clinical Medicine, University of Miami Miller School of Medicine, Miami, FL
Advisory Committee/Board Member: AbbVie, Inc.

Amit Bhatt, MD
Advanced Endoscopic, Cleveland Clinic Foundation, Cleveland, OH
Consultant: Medtronic, Boston Scientific, Lumendi, US Endoscopy
Speakers Bureau: Medtronic, Boston Scientific, US Endoscopy

Lawrence J. Brandt, MD, MACG
Professor of Medicine and Surgery, Albert Einstein College of Medicine; Emeritus Chief of Gastroenterology, Montefiore Hospital, Bronx, NY
Dr. Brandt has indicated no relevant financial relationships.

Carol A. Burke, MD, FACP
Director, Center for Colon Poly and Cancer Prevention; Vice Chair, Department of Gastroenterology and Hepatology, Cleveland Clinic Foundation, Cleveland, OH
Consultant: SLA Pharma
Grant/Research Support: Cancer Prevention Pharmaceuticals, Janssen Pharma

Brooks D. Cash, MD, FACP
Dan and Lillie Sterling Professor of Medicine, Chief, Division of Gastroenterology, Hepatology, and Nutrition, University of Texas Health Science Center, Houston, TX
Advisory Committee/Board Member: Allergan, Salix, Takeda
Consultant: Allergan, Exact Sciences, Salix, Takeda
Speakers Bureau: Allergan, Salix, Takeda
In-kind Research Assistance: Takeda

Prabhleen Chahal, MD, FACP
Program Director, Advanced Endoscopy Fellowship, Cleveland Clinic, Cleveland, OH
Dr. Chahal has indicated no relevant financial relationships.

Michael F. Chang, MD, MSc, MBA
Vice Chair, Department of Medicine; Section Chief, GI & Hepatology, VA Portland Healthcare System, Oregon Health & Science University, Portland, OR
Dr. Chang has indicated no relevant financial relationships.

Shannon Chang, MD, MBA
Assistant Professor of Medicine, NYU Langone Health, New York, NY
Consultant: Pfizer

Aline Charabaty, MD
Clinical Director of the GI Division; Director of the IBD Center, Johns Hopkins School of Medicine, Washington, DC
Advisory Committee/Board Member: AbbVie, Pfizer, Takeda
Consultant: AbbVie, Janssen, Pfizer
Grant/Research Support: Takeda

Gina Choi, MD
Assistant Professor of Medicine and Surgery, UCLA, Los Angeles, CA
Dr. Choi has indicated no relevant financial relationships.

Raymond K. Cross, MD, MS, FACP
Professor of Medicine and Director, Inflammatory Bowel Disease Program, University of Maryland School of Medicine, Baltimore, MD
Advisory Committee/Board Member: AbbVie, Janssen, Pfizer, Samsung Bioepis, Takeda, UCB
Consultant: AbbVie, Samsung Bioepis

Evans S. Dellon, MD, MPH, FACP
Professor of Medicine and Adjunct Professor of Epidemiology, Center for Esophageal Diseases and Swallowing, University of North Carolina at Chapel Hill, Chapel Hill, NC
Consultant: Abbott, Adare, Aimmune, Alkion, Arena, AstraZeneica, Biorasi, Calypso, Celgene/Receptos, Eli Lilly, EsSoCap, GlaxoSmithKline, Gossamer Bio, Paretel, Regeneron, Robarts, Salix/Bristol-Myers Squibb, Shire/Takeda
Grant/Research Support: Adare, Alkion, AstraZeneica, Celgene/Receptos, GlaxoSmithKline, Regeneron, Shire/Takeda

Gary W. Falk, MD, MS, FACP
Professor of Medicine, University of Pennsylvania Perelman School of Medicine, Philadelphia, PA
Consultant: Cernostics, Interpace, Lucid
Grant/Research Support: Interpace, Lucid

John C. Fang, MD
Professor of Medicine and Clinical Director, Division of Gastroenterology, University of Utah, Salt Lake City, UT
Dr. Fang has indicated no relevant financial relationships.

Catherine T. Frenette, MD

FACULTY LISTING AND DISCLOSURE INFORMATION

The American College of Gastroenterology (ACG) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. ACG, as an ACCME accredited provider, ensures balance, independence, objectivity, and scientific rigor in all of its directly and jointly provided education activities. All who are in a position to control the content of an education activity (including their spouse or partner) are required to disclose to ACG all relevant financial relationships in any amount occurring in the past 12 months with any commercial interest that may create a conflict of interest related to the subject matter of an education activity. Safeguards against commercial bias have been put in place by ACG. Anyone who refuses to disclose relevant financial relationships will be disqualified. ACG ensures any conflicts of interest are resolved before the educational activity occurs and discloses all relevant financial relationships to the learners prior to the beginning of an education activity.

ACG staff involved with this activity have nothing to disclose. Oral paper authors have noted the following relationships related to their Annual Scientific Meeting presentations.

PAPER/POSTER INDUSTRY INVOLVEMENT DISCLOSURES

The American College of Gastroenterology (ACG) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. ACG, as an ACCME accredited provider, ensures balance, independence, objectivity, and scientific rigor in all of its directly and jointly provided education activities. All who are in a position to control the content of an education activity (including their spouse or partner) are required to disclose to ACG all relevant financial relationships in any amount occurring in the past 12 months with any commercial interest that may create a conflict of interest related to the subject matter of an education activity. Safeguards against commercial bias have been put in place by ACG. Anyone who refuses to disclose relevant financial relationships will be disqualified. ACG ensures any conflicts of interest are resolved before the educational activity occurs and discloses all relevant financial relationships to the learners prior to the beginning of an education activity.

INFORMATION ON THE GENESIS OF STUDY CONCEPTS AND DESIGN: AUTHOR RESPONSIBILITY

The American College of Gastroenterology has supplemented the current conflict of interest disclosure with an additional series of questions completed by the authors of abstracts indicating whether they have been actively and personally involved in developing the study’s concept and design and in collecting the data to assure that authors are not reporting data actually collected and developed by others, e.g., a pharmaceutical company or other commercial entity.

An abstract not referenced below indicates that the authors reported no industry involvement took place in any aspect or phase of the research.

The research in the following abstracts was reported to have been initiated and analyzed by industry or other commercial entity:

Oral Papers: 41, 49, 50, 58

ACCREDITATION

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME/MOC

GI PATHOLOGY AND IMAGING COURSE

The American College of Gastroenterology designates this Other activity (blended learning) for a maximum of 6 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 6 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

WHAT’S NEW IN GI PHARMACOLOGY COURSE

The American College of Gastroenterology designates this Other activity (blended learning) for a maximum of 3.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 3.75 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

PRACTICE MANAGEMENT SUMMIT AT ACG: SOMETHING FOR EVERYONE COURSE

The American College of Gastroenterology designates this Other activity (blended learning) for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 7 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

POSTGRADUATE COURSE

The American College of Gastroenterology designates this Other activity (blended learning) for a maximum of 37.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are awarded as follows: 19.5 AMA PRA Category 1 Credits™ for the Postgraduate Course and 18 AMA PRA Category 1 Credits™ for the Postgraduate Course Bonus (Learning Luncheon) Sessions (Bonus Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 19.5 MOC points in the American Board of Pediatrics’ (ABP) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn up to 19.5 MOC points in the American Board of Pediatrics’ (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider’s responsibility to submit learner completion information to ACCME for the purpose of granting ABP MOC credit.

SELF-ASSESSMENT TEST

The American College of Gastroenterology designates this enduring material for a maximum of 35 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 35 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
ACG 2020 ANNUAL SCIENTIFIC MEETING
The American College of Gastroenterology designates this Other activity (blended learning) for a maximum of 46 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are awarded as follows: 31 AMA PRA Category 1 Credits™ for the Annual Meeting and 15 AMA PRA Category 1 Credits™ for the Annual Meeting Bonus (Breakfast) Sessions (Bonus Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 31 MOC points in the ABIM’s MOC program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

CLIMATE YOUR CME & MOC IN 4 EASY STEPS

STEP 1: COMPLETE A CME EVALUATION FOR EACH COURSE.*
Visit HTTPS://EVALS.GI.ORG/AM/2020 to complete your CME Evaluation. MOC points will automatically be set to the number of CME credits claimed for the activity. Once you submit your evaluation for CME credits, this total CANNOT BE ADJUSTED.

*ASGE will provide information on how to claim CME and MOC following the completion of the ASGE Virtual Endoscopy Course.

STEP 2: ACCESS THE MOC ASSESSMENT FOR THE COURSE.
After the CME evaluation has been completed, the MOC link on the evaluation page (HTTPS://EVALS.GI.ORG/AM/2020) will be accessible. Access to the MOC assessment is only provided AFTER completing the course evaluation and claiming CME credit. ABP MOC can be claimed by emailing education@gi.org to obtain the required forms for completion. ABP diplomates can NOT use the MOC link on the evaluation site to claim MOC points as outlined in Step 3.

STEP 3: COMPLETE THE ASSESSMENT AND SUBMIT FOR MOC POINTS.
Participants are asked to reflect on and summarize what they have learned, and indicate what they will do differently, stop doing, or keep doing in their practice with more confidence, relative to identified key learning objectives.

★ IMPORTANT NOTE: You will need your 6-digit ABIM ID number and Date of Birth to submit your completion information to ACCME for the purpose of granting ABIM MOC points.

STEP 4: REVIEW FEEDBACK.
After a successful submission, participants are prompted to review the expert feedback on the self-reflection question(s).

Open to all ACG 2020 attendees, industry-sponsored satellite symposia provide additional educational opportunities for attendees. These programs are independent of the Virtual ACG 2020 Annual Scientific Meeting & Postgraduate Course programs. The ACG is not the continuing medical education provider of these programs. These programs are listed in the Sessions section of the virtual platform and are open to all attendees. To register, add the program to your schedule within the virtual platform. All times are listed as Eastern Time.

**FRIDAY, OCTOBER 23**

**A Focus on Type 2 Inflammation in Eosinophilic Esophagitis (EoE)**
Jonathan Sp ergel, MD
11:00 am – 12:30 pm (ET)
Hear an expert review the disease presentation of Eosinophilic Esophagitis (EoE) and the role of Type 2 inflammation. Our speaker will describe the nature of coexisting Type 2 diseases in patients with EoE and discuss the roles of epithelial barrier dysfunction, eosinophilic inflammation, and allergic inflammation in EoE.
This program is sponsored by Sanofi Genzyme and Regeneron.

**Eosinophilic Esophagitis - Updated Guidelines and Therapeutic Advances to Manage an Evolving Disease**
Ikuo Hirano, MD, FACC, Mirna Chehade, MD, MPH, Evan S. D ellon, MD, MPH, FACC
12:30 pm – 2:00 pm (ET)
In this CME Virtual Satellite Symposium, expert faculty will provide guidance on the criteria for diagnosing Eosinophilic esophagitis (EoE) as well as review the updated guideline recommendations and treatment options for the optimal management of patients with EoE. Add this CME Virtual Satellite Symposium to your Virtual ACG 2020 schedule! This activity is supported by an educational grant from Ferring Pharmaceuticals, Inc.

**SATURDAY, OCTOBER 24**

**Rethinking CSID: Time for a Paradigm Shift?**
Brooks D. Cash, MD, FACC, William D. Chey, MD, FACC, Anthony J. Lembo, MD, FACC, Dakshesh B. Patel, DO
4:15 pm – 5:45 pm (ET)
Once believed to be a rare disorder, congenital sucrase-isomaltase deficiency (CSID) is increasingly recognized as an overlooked cause of unresolved GI symptoms in patients diagnosed with and treated for various functional gastrointestinal disorders. This genetic condition is characterized by reduced or absent sucrase-isomaltase enzyme activity, leading to undigested sugars and starchy starches in the small intestine and colon and symptoms associated with carbohydrate malabsorption such as chronic diarrhea, abdominal pain, gas and bloating.
This program is sponsored by QOL Medical.

**SUNDAY, OCTOBER 25**

**An Evolution in Microbiota Restoration: Approaches and Results in C. difficile**
Paul Feuerstadt, MD, FACC, Sahil Khanna, MD, MBBS, MS, FACC, Gautam Mankaney, MD
4:45 pm – 6:15 pm (ET)
Join us for a live virtual symposium with an expert faculty panel as they discuss microbiota restoration therapy for C. difficile infection. Topics will include a comprehensive review of the evolution of fecal microbiota transplantation for C. difficile infection and a look into the next frontier of microbiota restoration therapies. Faculty will contextualize these results and discuss what the next year may look like.
Supported by an educational grant from Ferring Pharmaceuticals, Inc.

**Transitioning Treatment Through New Immunological Pathways in Inflammatory Bowel Disease**
William J. Sandborn, MD, FACC, Kim L. Isaacs, MD, PhD, FACC, Bruce E. Sands, MD, MS, FACC
6:15 pm – 7:45 pm (ET)
Drs. Sandborn, Isaacs, and Sands will summarize new evidence on investigational agents with unique mechanisms of action that are in late-stage development for the treatment of moderate-to-severe inflammatory bowel disease (IBD). They will evaluate the most recent clinical findings on the safety and efficacy of therapies that target immunological pathways. They will also assess therapeutic regimens for moderate-to-severe IBD for their ability to improve outcomes in patients who are tumor necrosis factor (TNF) inhibitor-naïve or have previously received TNF inhibitors.
This activity is supported by an educational grant from Genentech, Inc.

**MONDAY, OCTOBER 26**

**Integrating Biosimilars in the Management of IBD: Navigating the Maze**
David T. Rubin, MD, FACC, Bincy P. Abraham, MD, MS, FACC
12:30 pm – 2:00 pm (ET)
In this symposium, Drs David Rubin and Bincy Abraham, 2 experts on biosimilars for inflammatory bowel disease (IBD), review the science and regulation of biosimilars, discuss strategies for integrating biosimilars into clinical practice, and share tips for gaining patient and clinician acceptance of these therapies.
This program is supported by an independent educational grant from Samsung Bioepis.

**Keeping Tabs on Colonoscopy Prep**
Douglas K. Rex, MD, MACP, MACG, Jack A. DiPalma, MD, MACG, Lawrence R. Schiller, MD, MACG, Mark B. Cleveland, PhD
6:30 pm – 8:00 pm (ET)
Tablet bowel preparations may help offset patient avoidance of colonoscopy or inadequate cleansing through improved palatability compared with liquid products. This session reviews the rationale for using tablet preparations; efficacy, safety, and tolerability data for current and emerging tablet formulations; and how to discuss this option with patients and other providers.
Supported by an educational grant from Braintree, A Part of Sebela Pharmaceuticals.

**TUESDAY, OCTOBER 27**

**Clinical Review of an Oral Prescription Treatment Option for Adults With Ulcerative Colitis**
Bincy P. Abraham, MD, MS, FACC, Michael V. Chiorean, MD, FACC
12:30 pm – 2:00 pm (ET)
Drs. Bincy Abraham and Michael Chiorean will discuss the clinical data and safety profile of a prescription treatment for adult patients with moderately to severely active UC.
This program is sponsored by Pfizer.

**Raising the Bar for Diagnosis & Management of Gastroparesis: Current Understanding in 2020**
Thomas Abell, MD, Linda Anh B. Nguyen, MD, Henry P. Parkman, MD, FACC
6:30 pm – 7:30 pm (ET)
Educational Objectives: Briefly describe the pathophysiology and clinical presentation of gastroparesis, highlight the burden of gastroparesis on patients and healthcare systems and illustrate the challenges in diagnosis and long-term management.
This program is sponsored by Takeda Pharmaceuticals U.S.A., Inc.
Open to all Virtual ACG 2020 attendees, these sponsored presentations provide additional educational opportunities for attendees. No CME is provided for Theater presentations. These programs are listed in the Sessions section of the virtual platform. To register, add the program to your schedule within the virtual platform. All times are listed as Eastern Time.

**Saturday, October 24**

Seeing Results Clearly
Asher Kornbluth, MD
1:00 pm – 2:00 pm (ET)
Join us to learn about a treatment for patients with moderate to severe Crohn’s Disease.
This event is sponsored by AbbVie.

**Sunday, October 25**

Understanding a Treatment Journey for Patients With Short Bowel Syndrome: A Clinical Perspective on the Potential Role of GATTEX® (teduglutide) in Adult Patients With SBS
Robert Carroll, MD
1:00 pm – 2:00 pm (ET)
Short bowel syndrome (SBS) is a serious and chronic malabsorption disorder resulting from physical loss and functional deficiency of portions of the intestine, primarily due to surgical resection. This program will discuss the role of GATTEX in patients with SBS and will highlight a patient case study. Sponsored by Takeda Pharmaceuticals U.S.A., Inc.

**Monday, October 26**

Treatments for the Active Management of IBS-C, CIC and IBS-D Featuring Telemedicine and Phase 3B Data for a Treatment Option for IBS-C
Darren M. Brenner, MD, FACG
2:00 pm – 3:00 pm (ET)
IBS-C, CIC and IBS-D are prevalent disorders with chronic and burdensome symptoms that impact many adult Americans. Currently, only a fraction of those experiencing symptoms actually seek care with their HCP, which leaves many untreated and still suffering. Please join us for a virtual product theater with Dr. Darren Brenner to review clinical data on treatments that may help your patients.
This program is sponsored by AbbVie and Ironwood.

Investigating the Potential of Immuno-Oncology Research
Speaker TBD
4:30 pm – 5:30 pm (ET)
Immuno-Oncology (I-O) research is the investigation of innovative approaches that aim to harness the body’s natural immune response to fight cancer. BMS offers an unbranded educational speaker program; the goal of this program is to increase awareness of the potential of I-O research.
This Expert Theater is sponsored by Bristol Myers Squibb.

Jumping JAK-STAT: Translating Science to Understanding Disease – the JAK-STAT Pathway in IBD
Florian Rieder, MD, FACG
5:30 pm – 6:30 pm (ET)
This program will provide education on the JAK-STAT pathways by reviewing how different cytokines influence cellular mechanisms and modulate gene transcription. The aberrant cytokine signals mediated by JAK-STAT pathways, play a key role in the pathogenesis of IBD.
This Exhibitor Program is sponsored by Gilead Sciences, Inc.

**Tuesday, October 27**

Seeing The Unseen – Identifying Exocrine Pancreatic Insufficiency in Chronic Pancreatitis
Tyler Stevens, MD, MS, FACG
2:00 pm – 3:00 pm (ET)
This product theater, sponsored by AbbVie, is designed to help medical professionals recognize exocrine pancreatic insufficiency (EPI) in patients with chronic pancreatitis. Throughout this program, we will review the symptoms and clinical consequences of EPI and provide insights on how to diagnosis EPI through the use of supplemental laboratory tests.
This program is sponsored by AbbVie.

Hear a Leading Expert Discuss a Treatment for Moderate to Severe Crohn’s Disease (CD)
Asher Kornbluth, MD
4:30 pm – 5:30 pm (ET)
This program is sponsored by Takeda Pharmaceuticals U.S.A., Inc.

Learn about Motegrity (prucalopride), a treatment option introduced in 2019
Brooks D. Cash, MD, FACG
5:30 pm – 6:30 pm (ET)
This speaker program will discuss an approved treatment option, Motegrity. Hear Dr. Brooks D. Cash explain and answer questions about clinical trial design, mechanism of action, safety and efficacy data, and dosing/administration information for Motegrity.
This event is sponsored by Takeda Pharmaceuticals U.S.A., Inc.

**Wednesday, October 28**

See EoE: A Closer Look at Diagnosing and Managing Eosinophilic Esophagitis
Ikuo Hirano, MD, FACG, Jonathan Spergel, MD, PhD
2:00 pm – 3:00 pm (ET)
This event is sponsored by Takeda Pharmaceuticals U.S.A., Inc.

Understanding the Data on Exocrine Pancreatic Insufficiency (EPI)
Douglas G. Adler, MD, FACG
4:30 pm – 5:30 pm (ET)
This event is sponsored by AbbVie.
THE SCIENCE AND TECHNOLOGY OF MEDICINE IS EVER-CHANGING AND ADVANCING THE PRACTICE OF GASTROENTEROLOGY.
Showcasing these latest advances in technology and therapeutics is the ACG 2020 Virtual Exhibit Hall where more than 70 companies will display and demonstrate their products and services. Companies that exhibit include pharmaceutical manufacturers, medical instrument suppliers, research companies, technology companies, publishers, non-profit organizations, recruiters, and many others.

OUTSTANDING POSTER PRESENTER

The College is pleased to continue the tradition of presenting awards for “Outstanding Poster Presenter” at this year’s ACG Meeting. ACG hopes to cultivate the ability of clinical GI researchers to use critical storytelling and presentation skills essential for a career as a clinical investigator and scientific communicator.

Within the ePoster Hall, poster presenters have been invited to record a succinct and informative three-minute briefing on their research. Each judge will select one or more presenters from their section who are best able to communicate their key findings, the significance of their data, and articulate the potential impact of their work for clinicians and patients. Recipients of this award will be recognized with a red ribbon added to their ePoster in the online ACG ePoster Hall.
2020 CATEGORY AWARD RECIPIENTS

* POSTER 0020. (S0026) Predictors for Improvement of Chronic Pancreatitis Symptoms After Single Operator Pancreatostomy With Intraductal Lithotripsy or Extracorporeal Shock Wave Lithotripsy for Large Main Pancreatic Duct Stones
(Biliary/Pancreas Category)
Benjamin L. Bick, MD, Feenalie Patel, MD, Jeffrey J. Easler, MD, James Watkins, MD, Mark A. Gronski, MD, Evan L. Fogel, MD, Glen A. Lehman, MD, Stuart Sherman, MD; Indiana University School of Medicine, Indianapolis, IN

ACG is excited to bring the nearly 3,000 accepted scientific poster abstracts to attendees via an online site this year. All registered attendees of ACG 2020 will have access to the site, and can browse the virtual ePoster Hall to view high-quality digital versions of print posters. The ePoster Hall site opened on October 9, 2020, and will remain available for at least one year following ACG 2020.

Highlights of the ePoster Hall:

✔ In addition to the ePosters, many presenters have recorded audio accompaniments to their presentations.
✔ The ePoster Hall makes it easy to search by author name, affiliation, poster title, and keywords.
✔ As you navigate the ePoster hall, use the tools to zoom in on details (or pinch in/out with from a touch screen device).
✔ Ask a question or send a message directly to ePoster authors who have chosen to share their email addresses.

Presidential Poster Award recipients are identified by a blue ribbon icon, Outstanding Poster Presenter recipients are identified by a red ribbon icon, and posters considered to be Newsworthy are identified by a gold ribbon icon.

---

**POSTER PRESENTATIONS**

All poster abstracts will appear in the supplement to the October 2020 issue of the AJG. Their supplement IDs are listed in parentheses before the abstract title.
