11:00 am - 12:15 pm	Simultaneous Symposia Session 5 West Ballroom A & B

GENERAL INFORMATION

RECOMMENDATIONS FOR COVID-19 AND OTHER INFECTIOUS DISEASES

The American College of Gastroenterology endorses evidence-based public health measures designed to prevent and minimize the spread of infectious diseases. To support safely and responsibly convening at ACG's educational programs, the College strongly encourages all in-person attendees at its meetings to follow national and local public health recommendations. While the College has convened meetings safely in the current environment, ACG cannot guarantee that an attendee will not be exposed to infectious diseases. Anyone experiencing symptoms should refrain from in-person attendance and instead participate in those programs available through virtual access. ACG will continue to monitor the situation and make necessary and appropriate adjustments.

GENERAL INFORMATION

The 88th Annual Scientific Meeting of the American College of Gastroenterology will be conducted on Monday, Tuesday, and Wednesday, October 23–25, 2023, in conjunction with the Annual Postgraduate Course on Saturday and Sunday, October 21–22, 2023, at the Vancouver Convention Centre. Four additional optional programs will be held on Friday, October 20: three halfday courses, the GI Pathophysiology Course, the What's New in GI Pharmacology Course, and the Practice Management Summit; and one full-day course, the ASGE Endoscopy Course.

REGISTRATION INFORMATION

Vancouver Convention Centre, Level 1 Concourse
Registration will be open in the Vancouver Convention Centre on
the Level 1 Concourse during the following hours:

Friday, October 20	6:00 am - 6:00 pm
Saturday, October 21	7:00 am - 5:00 pm
Sunday, October 22	7:30 am - 6:30 pm
Monday, October 23	6:30 am - 5:00 pm
Tuesday, October 24	7:00 am - 5:00 pm
Wednesday, October 25	8:15 am - 11:30 am

Registration will remain open until Sunday, December 31, 2023, and you can continue to register for virtual access to the ACG 2023 Conference Platform through that date. All registrants will have access to the Conference Platform until March 31, 2024. For questions regarding registration, contact Meeting Services at registration@gi.org or 301-263-9000.

MEETING MATERIALS

Meeting materials for registrants attending in-person in Vancouver, including attendee badges and bags, will be available for pick-up on-site at the ACG 2023 Registration Desk, located in the Level 1 Concourse of the Vancouver Convention Centre, beginning on Friday, October 20 at 6:00 am.

Both in-person and virtual registration include access to presentation handouts, slides, and on-demand content (based on course registration) on the ACG 2023 Conference Platform until March 31, 2024. Virtual registrants will use the Conference Platform to watch the livestreamed sessions during the conference dates (livestream sessions will NOT be available in the mobile app). Handouts and slides will remain available on the ACG mobile app after March 2024. PLEASE NOTE: No printed materials or USBs will be available.

In-person attendees can use the meeting app to view, take notes, and highlight speaker slide presentations on tablets and mobile devices. Use the app to follow along with live presentations and take notes to review after the event. Registrants will also be able to download and print PDFs of the slides directly from the app.

The ACG 2023 Meeting App is available in the ACG Mobile App, which can be easily downloaded from the Apple iTunes, Google Play, or Amazon stores (you may need your Apple, Google, or Amazon account information to successfully download the app). Once you've installed the ACG Mobile App, tap the ACG 2023 icon to open the app.

A WiFi or cellular data connection is required to download the app and download documents within the app (PDF documents and slides), but once documents have been downloaded inside the app, Internet is NOT required to use the app on an ongoing basis, access materials, and take notes. Information on how to access the app and the PDF files was e-mailed to all registrants before the meeting.

On-site App help: visit the Meeting App Help booth in the Registration area for assistance.

OPTIONAL COURSES - FRIDAY, OCTOBER 20

Separate registration fees apply for all optional Friday courses. Visit the ACG Registration Desk to purchase admission to Friday courses. Details for optional Friday courses begin on page 21.

ANNUAL POSTGRADUATE COURSE AND LEARNING LUNCHEON SESSIONS - SATURDAY AND SUNDAY, OCTOBER 21 - 22

The Postgraduate Course Learning Luncheons must be purchased separately. You must register for the Postgraduate Course to purchase this package. In-person attendees purchasing the package will be able to select and attend a Saturday and a Sunday lunch session during the registration process (based on availability). Registration includes access to the faculty presentation slides and pre-recorded narrations for ALL 24 Bonus Luncheon Sessions. These recorded sessions will be available on the ACG 2023 Conference Platform until March 31, 2024. Bonus Luncheon Sessions will not be livestreamed. Visit the ACG Registration Desk to purchase access; some in-person lunch sessions may be sold-out.

RECESS WI-FI AT THE MEETING

Network: DISCOVER DUPIXENT (dupilumab) | Password: DUPIXENT

ANNUAL SCIENTIFIC MEETING AND OPTIONAL **BONUS SESSIONS - MONDAY THROUGH WEDNESDAY, OCTOBER 23 - 25**

Any individual wishing to attend the Scientific Sessions must be registered. There is no registration fee for ACG Members (including FACG and MACG), Resident/Trainee/Candidate Members, Advanced Practice Provider Members, and Associate Members to attend the Annual Scientific Meeting sessions.

The Annual Meeting Bonus Sessions (formerly the Breakfast Sessions) will only be available as pre-recorded sessions on the ACG Conference Platform. There will be no in-person Bonus Sessions offered in Vancouver. Annual Scientific Meeting registrants can purchase on-demand access to recorded presentations for ALL 15 AM Bonus Sessions, worth over 15 hours of CME! See page 42 for a complete list. Separate purchase is required.

"Meet the Experts" Breakfast Sessions—ACG will again offer its "Meet the Experts" sessions on Monday and Tuesday mornings. These in-person, open-to-all, 45-minute sessions will be tied to select topic areas from the optional Annual Scientific Meeting Bonus Sessions. Sessions on Monday (7:00 am - 7:45 am) will cover Liver, Endoscopy, GI Bleeding, DEI, and IBD. Tuesday sessions (7:30 am - 8:15 am) will cover Nutrition, IBD, Endoscopy, Liver, and Pancreaticobiliary. Coffee and light breakfast items will be provided. While purchase of the Bonus Sessions is not required to attend these sessions, attendees who have purchased and watched the on-demand Bonus Sessions in advance will benefit most from these casual in-person opportunities for Q&A with faculty experts. Visit the ACG Registration Desk to purchase access.

LIVESTREAMING AND RECORDED SESSIONS

Starting on October 20, sessions will be livestreamed from Vancouver each day, and broadcast in Pacific Time on the Conference Platform website. With the exception of the Friday Practice Management Summit, all courses will be livestreamed.

Note: Both the Postgraduate Course and the Annual Scientific Meeting include daily simultaneous sessions. ACG will livestream one of the simultaneous sessions. Simultaneous sessions that are not livestreamed, will be recorded and posted as on-demand content on the Conference Platform after the meeting and will be available until March 31, 2024.

All sessions at ACG 2023 will be available to watch on the Conference Platform after the meeting until March 31, 2024. Both in-person and virtual registration include access to recorded on-demand content and to presentation slides (based on course registration) on the Conference Platform until March 31, 2024.

See page 12 for additional details.

ACCREDITATION/CME/MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit information for CME and for MOC is listed within individual course descriptions.

Procedure to Claim CME: Attendees of the ACG 2023 educational activities may claim CME by completing a course evaluation via the ACG website at evals.gi.org/am/2023. Please see page 76 for full instructions on claiming CME and MOC.

SELF-ASSESSMENT TEST

All PG Course registrants (virtual and in-person) will receive access to the ONLINE version of the Self-Assessment Test. Registrants who attend in-person, in Vancouver, will also receive a PRINTED copy of the test when collecting meeting materials on-site. Individuals not registered for the Postgraduate Course may purchase the test at education.gi.org.

ONLINE SELF-ASSESSMENT TEST

ACG's Online Self-Assessment Test allows you to answer questions at your own pace, start and stop the exam as many times as you need, and saves your work each time you access the online test. The test is organized by organ system and includes 300 multiple choice questions, many with photos or videos. The test tracks your responses, indicates correct answers with detailed discussion and supporting references, and provides your overall/category scores. Complete the test with a minimum passing score of 70% and earn a maximum of 35 AMA PRA Category 1 Credits™. In addition, even after you've finished the test, you can continue to go back and review, re-read, and check on linked references for further study.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 35 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn Medical Knowledge MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

EXHIBIT HALL Exhibit Hall (Exhibition Level)

The science and technology of medicine is ever-changing and advancing the practice of gastroenterology. Showcasing these latest advances in technology and therapeutics is the ACG 2023 Exhibit Hall where more than 150 companies will display and demonstrate their products and services. Companies that exhibit include pharmaceutical manufacturers, medical instrument suppliers, research companies, technology companies, publishers, non-profit organizations, recruiters, and more.

All attendees are encouraged to visit the exhibitors, whose participation and support help offset costs for the meeting and keep the meeting in its current form.

GENERAL INFORMATION

COMPANY SPONSORED SYMPOSIA AND PRODUCT THEATERS

These events will also be open to all ACG 2023 attendees. Please see page 50 for a complete list.

SCIENTIFIC POSTER SESSIONS *Exhibit Hall (Exhibition Level)* The Scientific Poster Programs will be held in the Exhibit Hall (Exhibition Level) during the following hours:

Sunday, October 22	3:30 pm - 7:00 pm
Monday, October 23	10:30 am - 4:15 pm
Tuesday, October 24	10:30 am - 4:00 pm

Poster sessions do not offer CME.

ENDOSCOPY SCHOOL HANDS-ON WORKSHOP CENTER

Exhibit Hall (Exhibition Level)

Watch experts demonstrate the latest tools and techniques at the Endoscopy School Hands-On Workshop Center. Hands-On sessions are free to all registered attendees of ACG 2023. ACG will offer over 24 sessions, giving attendees the opportunity to gain hands-on experience. In addition, the College will offer traineespecific hands-on sessions. All Hands-on Workshop registration will be done using the ACG 2023 Meeting App. Please see page 58 for full details. Endoscopy School Hands-On Workshop Center hours are:

Sunday, October 22	3:45 pm - 7:00 pm
Resident Training Sessions:	4:00 pm - 6:00 pm
Monday, October 23	10:15 am - 4:40 pm
GI Fellows Sessions:	7:45 am - 9:30 am
Resident Training Session:	10:30 am - 12:30 pm
Resident Training Session:	2:45 pm - 4:45 pm
Tuesday, October 24	10:05 am - 4:30 pm

Endoscopy School Hands-On Workshop sessions do not offer CME.

THE ACG STORE Level 1 Concourse

Visit the Store while at the meeting to purchase promotional items from ACG. Hours are:

Friday, October 20	8:00 am - 5:00 pm
Saturday, October 21	8:00 am - 5:00 pm
Sunday, October 22	8:00 am - 5:00 pm
Monday, October 23	8:00 am - 5:00 pm
Tuesday, October 24	8:00 am - 5:00 pm

COAT AND LUGGAGE CHECK Located near ACG Registration in Room 107/108

A coat/luggage check room is available on the following days:

Sunday, October 22	7:30 am - 6:30 pm
Monday, October 23	6:30 am - 6:30 pm
Tuesday, October 24	7:00 am - 6:45 pm
Wednesday, October 25	8:15 am - 12:30 pm

LOST AND FOUND

Visit the ACG Registration desk. If your item has not been turned in there, please call: Vancouver Convention Centre Security 604-647-7299.

SPEAKER READY ROOM Rooms 202-204

All faculty members are requested to review their slides in the Speaker Ready Room at least 4 hours prior to the start of the session in which they are to speak. The Speaker Ready Room will be open during the following hours:

Thursday, October 19	3:00 pm - 5:00 pm
Friday, October 20	6:15 am - 5:20 pm
Saturday, October 21	6:45 am - 5:00 pm
Sunday, October 22	7:30 am - 5:20 pm
Monday, October 23	6:45 am - 6:00 pm
Tuesday, October 24	7:00 am - 6:00 pm
Wednesday, October 25	7:45 am - 11:30 am

PRESS ROOM Rooms 205-207

Authors are requested to check the Press Board for interviews. No announcements will be made in the Scientific Sessions.

Sunday, October 22	10:00 am - 5:00 pm
Monday, October 23	7:00 am - 5:00 pm
Tuesday, October 24	7:00 am - 5:00 pm
Wednesday, October 25	7:00 am - 11:30 am

PRIVATE NURSING ROOMS

ACG will offer a dedicated private room for nursing mothers. Please stop by the ACG Registration desk for details.

ABOUT ACG

The American College of Gastroenterology is a recognized leader in educating GI professionals and the general public about digestive disorders. Our mission is to advance world-class care for patients with gastrointestinal disorders through excellence, innovation, and advocacy in the areas of scientific investigation, education, prevention, and treatment. To learn more about ACG, visit us at booth #631 in the Exhibit Hall, or online at gi.org.

THE ACG 2023 CONFERENCE

THE ACG 2023 CONFERENCE PLATFORM IS FOR ALL PARTICIPANTS — those attending

in-person in Vancouver and those attending virtually.

THE ACG 2023 CONFERENCE PLATFORM IS FOR ALL PARTICIPANTS! In-person and virtual attendees can use the Conference Platform to:

- Browse the sessions, presentations, speakers, and abstracts and build a personal schedule.
- ✓ Connect with other attendees.
- ✓ Watch daily livestream sessions and on-demand presentations (based on course registration).
- ✓ Access and download the slide presentations.
- Visit the ePoster Hall and interact with poster authors.
- ✓ Explore the Virtual Exhibit Hall.

DAILY LIVESTREAMING

Starting on Friday, October 20, all sessions, with the exception of the Practice Management Summit, will be livestreamed from Vancouver each day, and broadcast in Pacific Time on the Conference Platform website.

Note:

- Livestream sessions will ONLY be available on the Conference Platform, NOT via the app, and participants must be logged in with their platform account.
- The Postgraduate Course and the Annual Scientific Meeting include daily simultaneous sessions. ACG will livestream one of the simultaneous sessions. Those sessions not livestreamed, including the luncheon sessions, will be posted as on-demand content after the meeting.

ON-DEMAND PRESENTATIONS AND SLIDES

In-person and virtual registration includes access to on-demand content and presentation slides (based on course registration) through the Conference Platform. Recorded sessions will be available after the meeting until March 31, 2024. Registrants who purchase Bonus Sessions can watch these on the Conference Platform starting October 20, 2023, until March 31, 2024.

VIRTUAL EXHIBIT HALL

In addition to the in-person Exhibit Hall in Vancouver, ACG 2023 will include a Virtual Exhibit Hall component with dynamic features designed to enhance your experience, whether it's inperson or virtual! All attendees will have access to the Virtual Exhibit Hall on the Conference Platform until October 25, 2023. As always, your support of the ACG exhibitors is vital as it allows the ACG to keep offering the Annual Scientific Meeting FREE for members.

VIRTUAL EPOSTER HALL

View the latest in clinical research with the ACG 2023 ePoster Hall on the Conference Platform! Colleagues will share their latest research as well as interesting cases/clinical vignettes. Browse thousands of high-quality digital posters, listen to recorded audio of presenters explaining their findings, easily search by keyword, and submit questions directly to poster authors. All participants will have access to the virtual ePoster Hall until March 31, 2024.

Visit the ACG 2023 Conference Platform acg2023.eventscribe.net today!

To create an account, use either the number on your name badge or the order number from your ACG 2023 registration confirmation email, and the same email address that you used to register for ACG 2023.

You must be logged in with your account in order to attend any livestream sessions, view presentation slides, and connect with other participants.

USE THE MEETING APP AND ACCESS PRESENTATION SLIDES

On-site attendees can use the meeting app to view, take notes, and highlight speaker slide presentations on tablets and mobile devices. Use the app at the meeting in Vancouver to follow along with live presentations and take notes to review after the event. Registrants will also be able to download and print PDFs of the slides directly from the app. The app includes speaker bios and exhibitor information, as well as access to the ePosters, and much more!

USING THE MOBILE APP

Install ACG Mobile - All ACG event apps are housed in the ACG Mobile app. If you need to install ACG Mobile, scan the QR code below, or search the Apple App Store or Google Play Store for "ACG Mobile" to download the app. A WiFi or cellular data connection is required to download the app (Apple users must have iOS 12 or higher to use the app, which may require an operating system update. Android users must have OS 6 or higher to use the app, which may require an operating system update. iPad 2, any non-retina devices, and Kindles with an OS older than 4.4.2 are not compatible with the app. You may need your Apple App or Google Play account information to successfully download the app.)

How to Log In - Once you've installed ACG Mobile, tap the ACG 2023 tile. Log in using the same email that you used to register for ACG 2023, and your registration order number or name badge number as your password/access key.

Accessing the Slides - A WiFi or cellular data connection is required to download documents within the app (PDF documents and slides), but once downloaded, Internet is NOT required to use the app on an ongoing basis, access materials, and take notes. Information on how to access the app and the PDF files was e-mailed to all registrants before the meeting, and is available in the Info tile in the app.

Need app help while in Vancouver? Visit the Meeting App Help booth in the ACG Registration area for assistance.

Scan this QR Code to download the ACG Mobile app.

AFTER ACG 2023

Presentations at ACG 2023 will be recorded and available after the meeting as ondemand content, which can be watched until March 31, 2024, in the Conference Platform. Registrants who purchase Bonus Sessions will also be able to watch these on-demand recordings on the Conference Platform starting October 20, 2023 until March 31, 2024. Presentation slides and handouts (based on course registration) will also be available on the Conference Platform until March 31, 2024; slides and handouts will be available in the mobile app after this date.

Both in-person and virtual attendees can create an account on the Conference Platform at acg2023.eventscribe.net using your Badge ID (or the order number listed on the confirmation email you received after registering for ACG 2023).

Special Events • • and Receptions

EXHIBIT HALL OPENING WELCOME RECEPTION

Sunday, October 22 | 5:30 pm - 7:00 pm

Immediately following the conclusion of the Postgraduate Course, join colleagues for the ACG 2023 Opening Welcome Reception in the Exhibit Hall. The Exhibit Hall Opening Welcome Reception is brought to you by AbbVie. The reception will feature hors d'oeuvres and refreshments.

ADVANCED PRACTICE PROVIDERS RECEPTION

Friday, October 20 | 5:30 pm - 7:00 pm | Rooms 208/209 All NP/PA ACG 2023 attendees are invited to

attend. Hosted by the Advanced Practice Providers Committee

The Advanced Practice Providers Reception is brought to you by Eli Lilly and Company.

#DIVERSITYINGI FUN RUNS AT 6:45AM

Run with colleagues on Saturday, Sunday, Monday, and Tuesday at 6:45 am. Meet at the Burrard Street Entrance, under the globe.

CELEBRATING DIVERSITY IN ACG RECEPTION

Sunday, October 22 | 5:30 pm - 6:15 pm | Room 208/209

Gather to celebrate diversity in ACG and connect with colleagues. Hosted by the Women in GI Committee and the Diversity, Equity, & Inclusion Committee.

The Celebrating Diversity in ACG Reception is sponsored by Janssen Biotech, Inc.

INTERNATIONAL ATTENDEE RECEPTION

Sunday, October 22 | 5:30 pm - 6:15 pm | Room 219

All international attendees are invited to attend and enjoy refreshments and hors d'oeuvres for a networking reception with colleagues.

The International Attendee Reception is hosted by the International Relations Committee.

ACG MENTORING PROGRAM RECEPTION

Sunday, October 22 | 5:30 pm - 6:15 pm | Room 218

Meet your mentor or mentee in person to connect, discuss your goals, and reflect on your experiences together over a beverage. All ACG mentors and mentees are encouraged to attend this free reception.

The ACG Mentoring Program Reception is hosted by the Training Committee and the Women in GI Committee.

HEALIO DISRUPTIVE INNOVATORS AWARDS

Sunday, October 22 | 7:00 pm - 9:00 pm | Pan Pacific Hotel - Crystal Pavilion

Join us at this exclusive event presented by ACG's media partner, Healio Gastroenterology and Liver Disease, as we honor Disruptive Innovators in nine different categories.

ACG LGBTQ+ PRIDE NIGHT RECEPTION

Sunday, October 22 | 7:00 pm - 9:00 pm | Rooms 302/303 Welcoming LGBTQ+ attendees and allies to a safe and inclusive gathering for networking, mentorship and more. Please enjoy hors d'oeuvres and refreshments while connecting with colleagues and making friends. Hosted by the Diversity, Equity, and Inclusion Committee.

ACG PRESIDENT'S ADDRESS

Monday, October 23 | 9:00 am - 9:30 am |

West Ballroom B

Daniel J. Pambianco, MD, FACG, ACG President, will speak to attendees during the Presidential Address to mark the beginning of the ACG 2023 Annual Scientific Meeting. The President uses this opportunity to welcome attendees, highlight accomplishments over the past year, and bid farewell as the leadership passes on to the President-Elect.

GIQUIC - DEFINING AND TRANSFORMING QUALITY IN GI

Monday, October 23 | 1:00 pm - 2:00 pm | Rooms 217 - 219

The GI Quality Improvement Consortium (GIQuIC) is hosting a luncheon session for current and prospective GIQuIC registry participants. GIQuIC Board members and participants will share actionable ways of using GIQuIC for quality improvement in their practice. This luncheon has a fee of \$25. Visit the ACG Registration Desk to purchase admission if seats are still available, however,

this event may be sold out.

ACG SCOPY AWARD CEREMONY & #ACG2023 #IRL IN REAL LIFE SOCIAL MEDIA MEETUP RECEPTION

Monday, October 23 | 5:00 pm - 6:00 pm | Room 220 Celebrate your colleagues receiving SCOPY Awards and connect with ACG members active on social media. SCOPY is ACG's Service Award for Colorectal Cancer Outreach, Prevention and Year-Round Excellence.

The ACG SCOPY Award Ceremony & #ACG2023 #IRL In Real Life Social Media Meetup Reception is brought to you by Abivax SA.

ACG ANNUAL BUSINESS MEETING

Monday, October 23 | 6:00 pm - 6:30 pm | West Ballroom B

All Members and Fellows (FACG) are encouraged to attend the Annual Business Meeting where College business will be discussed and voted on.

HOW TO GET PUBLISHED: ACG JOURNAL EDITORS' ROUNDTABLE

Monday, October 23 | 3:45 pm - 4:45 pm | Room 211

ACG's journal editors frequently receive questions about how best to get published, how they assess submissions, and how to best format a manuscript. In this session, the editors discuss the most commonly asked questions they receive about the publication process and share pearls of wisdom about what works—and what doesn't work—when submitting papers for publication. If you want to start or improve your publishing career, then don't miss this valuable opportunity to hear directly from the editors who are eager to help! Free and open to all attendees

ACG FDA RELATED MATTERS AND INNOVATION & TECHNOLOGY JOINT SYMPOSIUM: MOVING BARIATRIC AND METABOLIC DEVICE INNOVATION TO **REALITY IN YOUR OFFICE**

Tuesday, October 24 | 12:45 pm - 2:15 pm | Room 211

Join us for an overview of the regulatory issues on bariatric and metabolic devices, including an overview of the clinical trials, reimbursement, and incorporating them into your clinical practice.

GI FELLOWS-IN-TRAINING events.

• These sessions are available for <u>in-person attendees only</u>

NAVIGATING, NETWORKING, AND NEGOTIATING YOUR FIRST JOB WORKSHOP

Friday, October 20 | 5:45 pm - 9:00 pm | Rooms 212/213

The ACG Women in GI Committee is hosting a program geared towards senior GI fellows and junior faculty, addressing the specifics of both the private practice and academic job search. Discussions will focus on details of private practice versus academics, contract analysis, networking skills, negotiating skills, and work-life balance. Separate breakouts for small group discussions are planned.

Advance registration is required and space is limited. There is a \$25 fee for this workshop. Dinner will be provided. Visit the Registration Desk on Level 1 for registration information, however, this event may be sold out.

CAREER OPPORTUNITIES FOR WOMEN IN **GI LUNCHEON**

Saturday, October 21 | 12:20 pm - 1:35 pm

The ACG Women in GI Committee is hosting a program geared toward residents, trainees, and junior faculty who are facing difficult decisions regarding the future of their medical careers. Female gastroenterologists from a variety of medical backgrounds will address the issues of being a female subspecialist, balancing career and family, and opportunities for women in medicine, and more specifically, gastroenterology. This program is free for ACG 2023 attendees.

Advance registration is required and space is limited. Visit the Registration Desk on Level 1 for registration information, however, this event may be at capacity.

GI JEOPARDY: BUZZ IN FOR YOUR TRAINING PROGRAM

Saturday, October 21 | 5:15 pm - 7:00 pm | Rooms 109/110

ACG's favorite quiz show, GI Jeopardy, is back! Contestants are all current Fellows-in-Training, but all are welcome to attend the competitive final round, a spirited GI version of the television classic. The programs competing this year are: Brooklyn Hospital Center, Creighton University, Duke University, National Capital Consortium and University of Iowa.

TRAINEES LUNCH SESSION: FROM FELLOW TO FUTURE: CHARTING YOUR PATH IN **GASTROENTEROLOGY**

Sunday, October 22 | 12:20 pm - 1:35 pm

Enjoy a special luncheon session reconnecting with colleagues and interacting directly with our panel of ACG leaders.

Advance registration is required and space is limited. This luncheon is available to all trainees in gastroenterology and hepatology, and has a fee of \$25. Visit the Registration Desk on Level 1 for registration information, however, this event may be sold out.

ENDOSCOPY SCHOOL HANDS-ON WORKSHOP CENTER - RESIDENT-ONLY

SESSIONS | Exhibit Hall (Exhibition Level)

Sunday, October 22 | 4:00 pm - 6:00 pm Monday, October 23 | 10:30 am - 12:30 pm Tuesday, October 24 | 2:45 pm - 4:45 pm

Residents will be able to get hands-on endoscope training in our residents-only training sessions. Experts will be available to guide residents on the use of the scopes as they navigate tasks using the Thompson Endoscopic Skills Trainer (T.E.S.T).

ENDOTITANS HANDS-ON CHALLENGE

Sunday, October 22 | 5:30 pm - 7:00 pm | Exhibit Hall (Exhibition Level)

The EndoTitans Challenge is back! Join us in the Hands-On Workshop area of the Exhibit Hall to cheer on the competitors. Winners will take home both bragging rights and a travel grant for ACG 2024.

The EndoTitans Challenge is sponsored by Abivax SA.

ENDOSCOPY SCHOOL HANDS-ON WORKSHOP CENTER: GI FELLOWS-ONLY SESSIONS

Monday, October 23 | 7:45 am - 9:30 am | Exhibit Hall (Exhibition Level)

The always popular FREE Endoscopy School Hands-On Workshop Center sessions will again be offered in the Exhibit Hall. Expert faculty will demonstrate techniques using a wide variety of equipment and products. Attendees will then have an opportunity to practice using the equipment. Pre-registration for these GI Fellows-only sessions is required.

RESIDENTS SESSION - NAVIGATING THE GI MATCH - TIPS AND TRICKS FOR APPLICANTS

Monday, October 23 | 10:30 am - 11:30 am | Rooms 301-305

The American College of Gastroenterology is introducing a special session for internal medicine residents who are interested in pursuing a career in gastroenterology. Gastroenterology & Hepatology fellowship continues to be one of the most competitive internal medicine subspecialties. This session will focus on answering questions that prospective GI fellowship applicants may have. In addition, a panel of GI fellowship program directors and current GI fellows will share their experiences and tips regarding the application process.

This free session is open to all residents attending the Annual Meeting. No preregistration is required.

FEATURED LECTURES

DAVID SUN LECTURE

In With the New, While Managing the Old: How to Care for the Changing Face of Those With Liver Disease

Paul Y. Kwo, MD, FACG

SATURDAY, OCTOBER 21 | 20 10:00 AM - 10:30 AM | 7 WEST BALLROOM

Join colleagues as Dr. Paul Kwo presents the David Sun Lecture on the changing epidemiology of liver disease and how to best care for the growing population of patients with NAFLD, alcohol-associated liver disease, and end stage liver disease.

Paul Kwo, MD, FACG, is currently Professor of Medicine and Director of Hepatology at Stanford University where he joined the faculty in November 2016. Prior to joining the faculty at Stanford, he was at Indiana University for 21 years where he served as the Medical Director of Liver Transplantation. He has distinguished himself in the field of Hepatitis C therapeutics and has been the principal investigator on multiple international trials. He recently authored the ACG Clinical Guideline on Evaluation of Abnormal Liver Chemistries.

• The David Sun Lecture, held during the Postgraduate Course, was established by Mrs. Sun in memory of her husband, Dr. David Sun, an outstanding gastroenterologist and investigator. Each year, a lecturer with a distinguished background in gastroenterology or an allied field is chosen by the ACG President subject to the approval of the ACG Educational Affairs Committee and the Board of Trustees.

THE AMERICAN JOURNAL OF GASTROENTEROLOGY LECTURE

Using Epidemiology to Inform Clinical Practice in Gastroenterology

Charles N. Bernstein, MD, FACG

MONDAY, OCTOBER 23

② 3:05 PM - 3:35 PM | ♥ WEST BALLROOM B

Learn how epidemiological data can inform clinical practice when Dr. Bernstein presents *The American Journal of Gastroenterology* Lecture.

Dr. Charles Bernstein, a graduate from the University of Manitoba Faculty of Medicine, and the UCLA Division of Gastroenterology Fellowship Training Program is Distinguished Professor of Medicine, Bingham Chair in Gastroenterology Research; and Director, Inflammatory Bowel Disease (IBD) Clinical and Research Centre at the University of Manitoba. His main research interests are primarily related to IBD; in terms of optimizing management approaches; exploring predictors of clinical outcomes; and disease etiology including related to the gut microbiome. Dr. Bernstein has been a pioneer in Canada in harnessing administrative health data to study chronic immune diseases and in developing a population based database, the University of Manitoba IBD Epidemiology Database, that has both served as a model for the development of other similar databases in other provinces as well as a unique tool to study IBD. More recently, he has been actively involved in exploring the biological and clinical intersection between different chronic immune mediated inflammatory diseases. He has published over 680 peer reviewed articles, 29 book chapters, and is a coeditor of one of the seminal gastrointestinal clinical-pathology textbooks. As of April, 2023 his Scopus H-Index is 98 and he has had over 45,000 citations. In 2009, he was named the inaugural Bingham Chair in Gastroenterology at the University of Manitoba. In 2012, he was elected to the Royal Society of Canada -Life Sciences Division of the Academy of Science. In 2019, he was awarded the Crohn's and Colitis Canada Research Leadership Award.

• The AJG Lecturer was chosen by the co-editors of The American Journal of Gastroenterology with approval from the ACG Educational Affairs Committee and the Board of Trustees.

J. EDWARD BERK DISTINGUISHED LECTURE

Changing the Course of Pancreatic Cancer: Identifying Innovation in Screening, Diagnosis, and Treatment

Amrita Sethi, MD

| ♥ WEST BALLROOM B

At this year's J. Edward Berk Distinguished Lecture, Dr. Sethi will discuss the risk factors for pancreatic cancer as well as innovation in endoscopic methods for diagnosis and advances in management.

Amrita Sethi, MD, is an Associate Professor of Medicine at Columbia University Irving Medical Center in New York. She is the Director of Interventional Endoscopy and the Advanced Endoscopy Fellowship Program Director. Dr. Sethi completed her general GI fellowship at MCV in Richmond, VA, and then her advanced endoscopy fellowship at the University of Colorado. She started at Columbia in New York in 2008 and has remained there since. Her clinical practice and research interests include ERCP, cholangioscopy, therapeutic EUS, ESD, POEM, and other areas of third space endoscopy, endoscopic innovation, and endoscopic education. Dr. Sethi has spoken extensively on these topics and served as course faculty during numerous live endoscopy courses, both nationally and internationally. She is the founder and president of Women in Endoscopy (WIE), a global organization started to foster mentorship and promote leadership for women in interventional endoscopy. She is also the Vice-Chair for AGA's CGIT. And in 2020, she was awarded the Master Endoscopist Award by the ASGE. Lastly, she served as the President of the New York Society for Gastrointestinal Endoscopy (NYSGE) in 2020 and helped to lead the NY GI community through the COVID crisis.

• The J. Edward Berk Distinguished Lecturer is awarded to individuals prominent in gastroenterology or a related area. The lecturer is nominated by the ACG President and the appointment is subject to approval by the Board of Trustees. The lectureship was established in recognition of the significant contributions made by J. Edward Berk, MD, MACG, to clinical gastroenterology during his long and distinguished clinical and academic career.

EMILY COURIC MEMORIAL LECTURE

HPV Related Cancers – Are Your Patients Being Misdiagnosed? Marcia Cross

Join Ms. Cross as she delivers the Emily Couric Memorial Lecture and discusses the role of the gastroenterologist and the GI care team in the recognition, diagnosis, and management of anal and other HPV related cancers.

Marcia is the co-founder of THE HPV ALLIANCE, an organization that is committed to educating the public about the HPV virus and the cancers it can cause. Her own diagnosis and treatment of anal cancer inspired her to speak out to help destigmatize the shame that too often accompanies this cancer. She is fiercely dedicated to saving lives through prevention, early detection, and patient and doctor education. No one should lose their lives because of this virus. As an actress, Marcia Cross is best known for her role as Bree Van de Kamp on the ABC hit series Desperate Housewives for which she was nominated for three Golden Globes and one Primetime Emmy. A graduate of The

Juilliard School, she began her career doing plays at The Williamstown Theatre Festival, The Hartford Stage Company as well as the The Old Globe Theatre in San Diego where she was cast as Viola in Twelfth Night and Silvia in Two Gentlemen of Verona. Cross also starred in the television series Melrose Place and the critically acclaimed Everwood.

The Emily Couric Memorial Lecture was developed by the ACG, the Virginia Gastroenterological Society, and the Old Dominion Society of Gastroenterology Nurses and Associates in honor of Virginia State Senator Emily Couric, who died of pancreatic cancer in October 2001. Senator Couric was a strong advocate for health care issues, particularly in her instrumental work to pass the nation's first legislation mandating health insurance coverage for colorectal cancer screening.

DAVID Y. GRAHAM LECTURE

Intestinal Microbiome: Answer to All GI Ailments?

David A. Johnson, MD, MACG

| ♥ WEST BALLROOM B

Attend Dr. Johnson's David Y. Graham Lecture and gain a better understanding of the current associations between the intestinal microbiome and purported disease states.

David A. Johnson, MD, MACG, is Professor of Medicine/Chief of GI at the Eastern Virginia School of Medicine. He has published over 600 articles/abstracts. He edited the books, "Sleep Effect on Gastrointestinal Health and Disease: Translational Opportunities for Promoting Health and Optimizing Disease Management" (2018), "Gut Microbiome: New Understanding and Translational Applications for Disease Management" (2015), and the ACP book "Dyspepsia," (2008), as well as the 2005 and 2010 GI Clinics of North America series on "Obesity Issues for Gastroenterologists," and edited the 2012 ACP module on CRC screening. He is a Past President of ACG (2006-2007). Since 2000, he has served on both the GI Multi-Society CRC Screening Task Force and ACG guidelines committee for CRC screening and has co-authored these screening guidelines and others. He has delivered multiple named lectures, including the AJG Lecture in 2005, the Emily Couric Memorial Lecture in 2010, and the J. Edward Berk Distinguished Lecture in 2015. In May 2012, he was acknowledged as the invited lecturer at the National Institutes of Health as a "Great Teacher" (this distinction is awarded to 2 non-NIH physicians each year). He has been honored by ACG as a "Master of Gastroenterology," received ACG's Berk/Fise Clinical Achievement Award in 2012 for lifetime achievements and contributions, and received the William D. Carey ACG Board of Governors Award for lifetime distinguished contributions in 2015. In 2016, Dr. Johnson received the AGA Distinguished Educator Award, and in 2018, was named as a Master of the ACP. He served for 6 years on the American Board of Internal Medicine (Gastroenterology) Board of Examiners, is currently section editor for MedScape GI, and was esophageal section editor for Journal Watch Gastroenterology (NEJM) 2000-18. In 1999-2000, he worked with State Senator Emily Couric to develop the historic legislation to mandate colon cancer screening with colonoscopy as the preferred standard.

1 The Graham Lecture is chosen by the ACG President and is subject to approval by the Board of Trustees. Established in 2004 in recognition of the many contributions to clinical gastroenterology made by David Y. Graham, MD, MACG, this named lectureship was made possible through a donation by Otsuka Pharmaceuticals Co., Inc. and Meretek Diagnostics, Inc.

Explore Beautiful VANCOUVER

NESTLED BETWEEN SNOW-CAPPED MOUNTAINS AND THE SPARKLING OCEAN, VANCOUVER IS ONE OF THE MOST BEAUTIFUL CITIES IN THE WORLD. It offers Canada's best climate with mild winters and warm summers moderated by Pacific Ocean currents. Here is a Top 9 list!

- » Stanley Park: Rent a bicycle and ride all the way around an old growth forest, visit ancient Aboriginal village sites, steal a tan at the beach, stroll through a rose garden or get up close and personal with sea lions and Pacific dolphins. Vancouver's Stanley Park was named the World's Best Park by Trip Advisor.
- » Granville Island: What was once an industrial manufacturing hub, is now the meeting place for well-to-do Vancouverites and tourists to shop for organic produce, sip on premium teas, sample fine chocolates, listen to buskers, and watch sleek yachts sidle up to the dock.
- » Vancouver Aquarium: One of North America's largest aquariums, and conveniently located in the heart of Stanley Park, this attractions is one of the most popular in Vancouver.
- » Window Shop in Gastown: Vancouver proper began in what is now the trendy neighborhood of Gastown. Enjoy European eateries, cocktail lounges, boutiques, Canadian goods, and galleries.
- » Vancouver Seawall: Vancouver has the world's longest uninterrupted waterfront path. The 28 km Seaside Greenway includes the Stanley Park Seawall, that extends from the Vancouver Convention Centre to Spanish Banks Park and is

perfect for a walk, cycle, or jog.

- » VanDusen Botanical Garden: Garden enthusiasts from around the world love wandering the tranquil 55 acres of Vancouver's VanDusen Botanical Gardens. Explore over 7,500 plant species from around the world in a peaceful setting.
- » Watch a Concert at the Commodore Ballroom: Originating in the 1920s during the vibrant Art Deco era, the Commodore has hosted the likes of Sammy Davis, Jr., U2, Tina Turner, and Lady Gaga.
- » Catch a Canucks Game: Canada is hockey country. Watch the Vancouver Canucks go head-to-head with any number of NHL teams during your visit.
- » Take a Drive up the Sea-to-Sky Highway: Rated as one of the most beautiful drives in the world, the Sea-to-Sky corridor takes visitors on a 1.5-hour long journey, from the heart of downtown Vancouver to the world class ski town of Whistler. With waterfalls, jaw-dropping vistas, a stunning cultural center, and a suspension bridge along the way, you'll want to bring your camera.

JOIN THE ACG AUXILIARY ON A TOUR

Vancouver Art Gallery Saturday, October 21, 10:00 am

Recognized as one of North America's most respected and innovative visual arts institutions, the Vancouver Art Gallery is Western Canada's largest public art museum. The mission of the art gallery is to create, through art, paths to share perspectives, build and engage communities and shape a collective future together. This is expressed through exhibitions showcasing historical and contemporary art from BC and around the world. The permanent collection, representing the most comprehensive resource for visual culture in BC. has more than 12.600 works.

Vancouver Highlights Tour

Sunday, October 22, 10:00 am - 2:00 pm

Experience unique history and unparalleled beauty as you drive through the modern streets of Vancouver. You'll see renowned sights throughout Stanley Park and Granville Island. This tour will also allow you to see the city and beyond from high atop the Harbour Centre Tower with a 360-degree view. We can't wait for you to soak up the sights and find local treasures that will leave you wanting more.

** Please note that tours and fees are subject to change**

TEXT YOUR QUESTIONS TO THE MODERATORS!

Do you have a question for the moderator of a course you're attending?

- 1. FIND THE CODE for your session below
- 2. TEXT THE CODE AND YOUR QUESTION TO 22333 during the session
- You MUST TEXT "LEAVE" to 22333 AT THE END OF EACH SESSION in order to participate in subsequent sessions.

FOR EXAMPLE: if you have a question during Saturday's Postgraduate Course Session 1A: Inflammation you would send a text to 22333 with the code ACGPG1A and your question.

WEDNESDAY OCTOBER 25	Plenary Session 4A	8:30 am - 10:15 am	West Ballroom A	Code: ACGPL4A
	Plenary Session 4B	8:30 am - 10:15 am	West Ballroom B	Code: ACGPL4B
	Simultaneous Symposia 5A	11:00 am - 12:15 pm	West Ballroom A	Code: ACGAMER
	Simultaneous Symposia 5B	11:00 am - 12:15 pm	West Ballroom B	Code: ACGAM5B

FRIDAY COURSES

The following courses will be held in-person, livestreamed, and available as on-demand content after the meeting: the Friday morning GI Pathophysiology Course; the Friday afternoon What's New in GI Pharmacology Course; and the Friday ASGE Endoscopy Course. The Friday afternoon Practice Management Summit will not be livestreamed. It will be held in-person and will be recorded and posted as on-demand content to the Conference Platform after the meeting.

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

GI PATHOPHYSIOLOGY COURSE

Friday, October 20, 2023 | 7:00 am - 12:30 pm | West Ballroom B

Course Directors: Darwin L. Conwell, MD, MS, FACG, and Ikuo Hirano, MD, FACG

This program will be held inperson, livestreamed, recorded, and available as on-demand content after the meeting.

COURSE DESCRIPTION

Gain a better understanding of gastrointestinal disease processes and their impact on clinical presentation of patients when you attend the GI Pathophysiology Course. Experts will review the underlying causes and clinical implications of commonly encountered diseases seen in practice. Lecture presentations will be followed by interactive question and answer sessions. The discussions will be clinically based and will offer points on how to better help patients with difficult-to-manage disease processes. The course faculty are recognized experts in their fields and pioneers in better understanding of the disease processes in gastroenterology.

The course is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the clinical application of GI pathophysiology.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 5.25 AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5.25 Medical Knowledge MOC

points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

7:00 am Welcome and Introductions

Darwin L. Conwell, MD, MS, FACG, and Ikuo Hirano, MD, FACG

7:05 am Pathogenesis and Management of Liver Lesions

Steven L. Flamm, MD, FACG

Describe the varied etiologies and evaluation of liver lesions.

7:35 am Celiac Disease: What's New in Our Understanding and Treatment

Amy S. Oxentenko, MD, FACG

Identify the mechanisms behind novel diagnostic strategies and pharmacologic approaches for patients with celiac disease.

8:05 am Pathophysiology Basis for Current and Future Management of Acute Pancreatitis

Gregory A. Cote, MD, MS

Discuss the scientific basis for novel therapeutic approaches to acute pancrealitis

8:35 am Screening and Therapeutic Implications of Genetic and Other Biomarkers in the Management of Pancreatic Cancer

Diane M. Simeone, MD

Formulate a screening strategy for evaluation of high-risk patients and understand how biomarkers and genetics impact therapeutic approaches to pancreatic cancer.

9:05 am Q & A

9:35 am Break

9:55 am Interpretation and Therapeutic Implications of Physiologic Testing in the Management of Esophageal Disorders

Dustin A. Carlson, MD, MSCI

Identify the pearls and pitfalls in the use of motility, impedance, impedance planimetry, and pH testing in the assessment of patients with esophageal disorders.

10:25 am Scientific Foundations of Novel Immunologic Approaches to IBD

Miguel D. Regueiro, MD, FACG

Apply concepts regarding the immunologic basis of novel biologic therapies to the management of IBD.

10:55 am Application of Molecular and Genetic Testing to the Management of Colon Polyps and Cancer

Aasma Shaukat, MD, MPH, FACG

Formulate a clinical approach to the use of molecular and genetic testing in the evaluation and management of colon polyps and cancer.

11:25 am Mechanistic Underpinnings for the Management of Refractory Constipation

Joy J. Liu, MD

Apply concepts regarding the physiologic basis of constipation to inform therapeutic decisions for patients with refractory constipation.

12:00 pm Q & A

12:30 pm Adjourn

FACULTY

Dustin A. Carlson, MD, MSCI

Assistant Professor, Northwestern University Feinberg School of Medicine, Chicago, IL

Darwin L. Conwell, MD, MS, FACG

Professor and Jack M. Gill Endowed Chair, Department of Internal Medicine, University of Kentucky College of Medicine, Lexington KY

Gregory A. Cote, MD, MS

Professor of Medicine, Oregon Health & Science University, Portland, OR

Steven L. Flamm, MD, FACG

Professor of Medicine and Surgery, Rush University Medical Center, Chicago, IL

Ikuo Hirano, MD, FACG

Professor of Medicine, Northwestern University Feinberg School of Medicine, Chicago, IL

Joy Liu, MD

Instructor, Northwestern University, Chicago, IL

Amy S. Oxentenko, MD, FACG

Professor of Medicine; Vice Dean of Practice, Mayo Clinic, Rochester, MN

Miguel D. Regueiro, MD, FACG

Chair, Digestive Disease and Surgery Institute and Chair, Department of Gastroenterology, Hepatology, and Nutrition; The Pier C. and Renee A. Borra Family Endowed Chair in Gastroenterology, Hepatology, and Nutrition; Professor of Medicine, Cleveland Clinic, Cleveland, OH

Aasma Shaukat, MD, MPH, FACG

Robert M. and Mary H. Glickman Professor of Medicine; Professor of Population Health; Director of GI Outcomes Research, NYU Langone Health, New York, NY

Diane M. Simeone, MD

Laura and Isaac Perlmutter Professor of Surgery and Pathology; Director of Pancreatic Cancer Center at NYU Langone Health; Associate Director of Translational Research, New York University Langone Medical Center, New York, NY

FRIDAY COURSES • OCTOBER 20, 2023 (All Times Are PT)

WHAT'S NEW IN GI PHARMACOLOGY COURSE

Friday, October 20, 2023 | 1:45 pm - 5:20 pm | West Ballroom B

Course Directors: Brooks D. Cash, MD, FACG, and William D. Chey, MD, FACG

This program will be held in-person, livestreamed, recorded, and available as on-demand content after the meeting.

COURSE DESCRIPTION

Experts will define and describe the use and management of new pharmacological therapies as well as provide updates on current pharmacological treatment options for a variety of GI disorders during the What's New in GI Pharmacology Course.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 3.25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component,

enables the participant to earn up to 3.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

2:50 pm Medical Management of Acute Liver Failure

Kimberly A. Brown, MD

Identify currently available and emerging management strategies and outcomes for patients with acute liver failure.

3:10 pm Q & A

3:25 pm Break

3:40 pm Current Management Strategies for Hepatitis B

Paul Y. Kwo, MD, FACG

Understand the various presentations of acute and chronic hepatitis B and review current pharmacologic treatment recommendations.

4:00 pm Immune Checkpoint Inhibitor Complications

Yinghong Wang, MD, PhD

Review the incidence, diagnosis, and impact of immune checkpoint inhibitor-induced gastroenterological and liver complications and their management.

4:20 pm Microbiome-Based Treatments for IBS

William D. Chey, MD, FACG

Review the evidence for the management of IBS with pharmacologic therapies impacting the human gut microbiome.

4:40 pm Current and Emergent Medical Therapy for Ulcerative Colitis

Jami A.R. Kinnucan, MD, FACG

Review the newest information regarding the management of ulcerative colitis, and discuss the therapeutic pipeline.

5:00 pm Q & A

5:20 pm Course Adjourns

COURSE AGENDA

1:45 pm Welcome and Introductions

Brooks D. Cash, MD, FACG, and William D. Chey, MD, FACG

1:50 pm Burning Issues in Treating GERD

Stuart J. Spechler, MD, MACG

Identify current best practices for diagnosing and treating GERD and review emerging pharmacotherapies for acid suppression.

2:10 pm Evaluation and Management of Belching and Flatulence

Lucinda A. Harris, MD, FACG

Investigate the prevalence and pathophysiology of bothersome belching and flatulence and their pharmacologic and non-pharmacologic management approaches.

2:30 pm Gastroparesis and UGI Motility-Promoting Medications

Brooks D. Cash, MD, FACG

Apply best evidence for the diagnosis and pharmacologic therapy of gastroparesis and medications promoting gastric motility.

FACULTY

Kimberly A. Brown, MD

Professor of Medicine, Wayne State University; Chief, Division of Gastroenterology and Hepatology, Henry Ford Hospital; Associate Medical Director, Henry Ford Hospital Transplant Institute, Henry Ford Hospital, Detroit, MI

Brooks D. Cash, MD, FACG

Professor of Medicine; Chief, Division of GI, Hepatology, and Nutrition, University of Texas Health Science Center at Houston, Houston, TX

William D. Chey, MD, FACG

H. Marvin Pollard Professor of Gastroenterology; Chief, Division of GI & Hepatology, University of Michigan, Ann Arbor, MI

Lucinda A. Harris, MD. FACG

Professor, Mayo Clinic - Alix School, Scottsdale, AZ

Jami A.R. Kinnucan, MD, FACG

Senior Associate Consultant, Mayo Clinic, Ponte Vedra Beach, FL

Paul Y. Kwo, MD, FACG

Professor of Medicine, Stanford University, Redwood City, CA

Stuart J. Spechler, MD, MACG

Chief, Division of Gastroenterology; Co-Director, Center for Esophageal Diseases, Baylor University Medical Center, Dallas, TX

Yinghong Wang, MD, PhD

Associate Professor, University of Texas MD Anderson Cancer Center, Houston, TX

PRACTICE MANAGEMENT SUMMIT 2023:

Adaptation Is the New Norm - Creating Opportunity in Challenging Environments Friday, October 20, 2023 | 1:45 pm - 6:30 pm | Rooms 109/110

Course Directors: Manoj K. Mehta, MD, FACG, and Michelle L. Hughes, MD

This program will be held in-person, recorded, and available as on-demand content after the meeting (no livestream option will be offered).

COURSE DESCRIPTION

Healthcare delivery is transforming at an accelerating rate, but opportunities in the field of gastroenterology remain strong for private practice physicians to claim ownership of their practices and their careers. Managing challenges to independence will be even more important during these changing times, but that alone will not be enough for success. Participants in the Practice Management Summit will hear from colleagues about new and innovative ways to improve operations, enhance productivity, and guarantee success of their practices.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 4.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4.5 Medical

Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

1:45 pm Welcome and Introduction

Manoj K. Mehta, MD, FACG and Michelle L. Hughes, MD

<u>SESSION 1</u>: Growing Through Discourse – Navigating Conflict in Your Practice

Moderator: Manoj K. Mehta, MD, FACG

1:50 pm Sunrise vs Sunset of A GI Career – Can Motivations Really Align?

Early Career – J. Andy Tau, MD Later Career – Vonda G. Reeves, MD, MBA, FACG Compare and contrast the needs, perspectives, and expectations of GI providers at different career stages.

2:20 pm Restrictive Covenants in 2023 – Can We Compete With Non-Competes?

Steven L. Carpenter, MD, FACG and Ann M. Bittinger, JD Discuss the pros and cons of restrictive covenants in their current state and the implication for GI practices.

2:50 pm Bridging the Chasm: Leveraging Emotional Intelligence to Navigate Conflict

David J. Hass, MD, FACG

Describe how emotional intelligence techniques can be used to successfully lead teams and overcomes barriers in your practice.

3:35 pm Break

<u>SESSION 2</u>: Turning Your Hard Work Into Profits – Billing, Coding, and New Horizons

Moderator: Michelle L. Hughes, MD

3:50 pm Challenging Cases in Billing and Coding – Avoiding Common Pitfalls to Maximize Collections

Kathy A. Mueller, RN, CPC, CCS-P, QMC, QMGC, ICD-10 Proficient
Apply current billing and coding regulations to commonly encountered clinical scenarios to improve your revenue and avoid penalties.

4:10 pm GI Hospitalists – Growing Your Practice to Succeed in the Inpatient Space

Melissa Latorre, MD, MS

Define the benefits of GI hospitalists and how they can be utilized to grow your practice.

4:30 pm The Team Approach – The Use of Advanced Practice Providers to Expand Practice Capacity

Sarah M. Enslin, PA-C

Identify ways to incorporate advanced practice providers to expand your practice.

4:50 pm Q&A

SESSION 3: The Future of GI - Learning From Each Other

Moderator: Manoj K. Mehta, MD, FACG

5:05 pm Lessons That Cross Borders: The Single Payor System – What Works and What Doesn't?

Nikila C. Ravindran, MD, FACG

Describe the realities of practice in a single-payor system and the lessons to be learned that cross international borders.

5:25 pm What's to Come: The Growth of GI and Adaptation to Disruptive Technology

Praveen Suthrum, MBA

Examine the current trends in gastroenterology and how new technology will impact the future of the field.

5:45 pm Networking and Cocktail Event

6:30 pm Course Adjourns

FACULTY ----

Ann M. Bittinger, JD

Attorney and Owner, The Bittinger Law Firm, Jacksonville, FL

Steven L. Carpenter, MD, FACG

Physician, Center for Digestive and Liver Health, Savannah, GA

Sarah Enslin, PA-C

APP Manager, University of Rochester Medical Center, Webster, NY

FRIDAY COURSES • OCTOBER 20, 2023 (All Times Are PT)

BASGE ENDOSCOPY COURSE:

Innovative Practices for the Endoscopist of Today, Tomorrow, and Beyond Friday, October 20, 2023 | 8:00 am - 4:45 pm | West Ballroom A

Course Directors: Juan Carlos Bucobo, MD, FASGE, Vaishali Patel, MD, MHS, and Renee L. Williams, MD, MHPE, FACG

This program will be held in-person, livestreamed, and recorded. ASGE will email a link to virtual participants for the livestream. Recordings will be available after the course in GI Leap.

COURSE DESCRIPTION

This comprehensive course aims to provide a practical approach to understanding the most updated guidelines focusing on endoscopy and innovative techniques at the forefront of gastroenterology. Sessions and faculty were thoughtfully curated to represent a variety of clinical backgrounds and perspectives on the most up-to-date management of important digestive disease states and the use of endoscopic techniques. Topics will include post-ERCP pancreatitis, adverse events in EGD and EUS, management of cholangitis and hilar obstruction, the continued potential uses of AI in endoscopy, importance of health equity in the endoscopic suite, and the application of entry level and career learning using competency based medical education models.

We are offering the option to participate in-person or virtually from your home or office. The ability to engage with faculty and participate in realtime Q&A sessions will be available in both formats. Course materials will be available prior to the start of the course. Upon completion, you will receive access to the recording of each presentation along with downloadable pdf files of presentations in GI Leap. CME and ABIM MOC credits are available. We look forward to your participation at this hybrid event.

ACCREDITATION / CME / MOC

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this live activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME MOC Successful completion of this CME activity, which includes participation in the evaluation component, enables the

participant to earn up to 7 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

LEARNING OBJECTIVES

- · Review the most relevant ASGE guideline recommendations and their application to your endoscopic practice. (Comprehension)
- · Discuss the importance of health inequities and the impact it has on your endoscopic practice. (Comprehension)
- Compare and contrast the latest endoscopic technologies and techniques (e.g. ERCP, EGD, EMR, EUS, AI, etc.) and how each could benefit your patient services. (Evaluation)
- Recognize the interplay of health professions, education, and research in endoscopy. (Knowledge)

COURSE AGENDA

7:00 am Continental Breakfast

8:00 am Introductions by Course Directors

Course Directors: Juan Carlos Bucobo, MD, FASGE, Renee L. Vaishali Patel, MD, MHS, Williams, MD, MHPE, FACG

SESSION 1: Clinical Application of Updated Guidelines in Endoscopy

Moderators: Vaishali Patel, MD, MHS, Juan Carlos Bucobo, MD, FASGE

8:05 am Post-ERCP Pancreatitis Prevention Strategies: What's the Latest?

Jonathan M. Buscaglia, MD, FASGE

8:20 am Reducing Adverse Events Associated With EGD and **EUS-related Techniques**

Swati Pawa, MD, FASGE, FACG

8:35 am Cancer Focus: Screening for Pancreas Cancer in Individuals

With Genetic Susceptibility Nicolette Rodriguez, MD, MPH

8:50 am Updates in the Role of Endoscopy in the Management of Cholangitis

Larissa L. Fujii-Lau, MD

9:05 am Video-Based Cases: Management of Hilar Obstruction

Andrew C. Storm. MD (Presenter), Joanna Law, MD, FASGE (Panelist). Swati Pawa, MD, FASGE, FACG (Panelist)

9:25 am Q & A

9:40 am Break

SESSION 2: Health Equity in Endoscopy

Moderators: Renee L. Williams, MD, MHPE, FACG, Matthew J. Whitson, MD

10:00 am Social Determinants of Health and Impact on Access to Endoscopy

Matthew J. Whitson, MD and Julius M. Wilder, MD. PhD

10:20 am Using Artificial Intelligence to Mitigate Health Disparities in Gastroenterology

Folasade P. May, MD, PhD, MPhil

10:40 am Distinguished Lecture: Health Advocacy for Colonoscopy and Policy - Where Are We Now?

Lukejohn Day, MD, FASGE, FACG

11:05 am Q & A

11:15 am KEYNOTE - ASGE Presidential Lecture: **Endoscopy for Functional Colon Rectal Disorders**

Jennifer A. Christie, MD, FASGE

11:45 am Lunch with Networking (Round Tables)

<u>SESSION 3</u>: Endoscopic Frontiers in Gastroenterology and Hepatology

Moderators: Vaishali Patel, MD, MHS, Juan Carlos Bucobo, MD, FASGE

1:00 pm Point Counterpoint/Panel Discussion:

Advantages and Disadvantages of EMR vs ESD in the Colon

Antonio Mendoza Ladd, MD, AGAF, FACG, FASGE and Alyson Johnson, MD

1:30 pm Updates in the Role of Endoscopy for Inflammatory Bowel Disease

Amandeep K. Shergill, MD, FASGE, FACG

1:50 pm Going Green: Sustainability in Endoscopy

Nitin K. Ahuja, MD, MS

2:10 pm State of the Art Lecture: Directions in Artificial Intelligence in Endoscopy (with videos)

Tyler M. Berzin, MD, FASGE, FACG

2:30 pm Q & A

2:40 pm Break

SESSION 4: Endoscopy Education: Training and Safety

Moderators: Renee L. Williams, MD, MHPE, FACG and Brijen Shah, MD, AGAF

2:50 pm Video Session: Teaching Endoscopy / CBME

Renee L. Williams, MD, MHPE, FACG and Matthew J. Whitson, MD

3:10 pm Updates in Assessing Competency in

Endoscopy

Brijen Shah, MD, AGAF

3:30 pm Ergonomics for the Endoscopist

Patrick E. Young, MD, FASGE, FACG

3:50 pm Medical Education Research and Endoscopy

Justin L. Sewell, MD, MPH

4:10 pm Hot Cases With Videos: Using Old Devices in

New Ways

J. Andy Tau, MD

4:30 pm Q & A

4:45 pm Closing Announcements and Course Adjourns

2023 ACG ANNUAL POSTGRADUATE COURSE

Course Directors: Shivangi T. Kothari, MD, FACG, Baharak Moshiree, MD, MSc, FACG, and Renuka Umashanker, MD, FACG

The Postgraduate Course includes simultaneous symposia sessions. Only one simultaneous symposia session per day will be livestreamed to virtual participants. The remaining symposia will be recorded and posted to the Conference Platform as on-demand content after the meeting.

> In-person registrants can attend any of the simultaneous symposia sessions in Vancouver and will have access to all ondemand sessions through the Conference Platform after the meeting.

PROGRAM DESCRIPTION

With the need to remain abreast of the many new and emerging advancements in the field of gastroenterology and the patient volume increasing as the population ages, the clinical gastroenterologist is more challenged than ever to deliver the best patient care in each situation they encounter. Research across gastroenterology and hepatology areas progresses at a rapid pace. Advances in technology, diagnostic modalities, and therapeutic options have had a positive impact on the management of many GI diseases. Scientific education, based on critical foundational knowledge and clinical skills, the communication of practical methods for treatment, and the ability to integrate the newest tools in diagnosis with the latest therapeutic/treatment options, are key necessities for the GI clinician to deliver top quality patient care. This course will provide updates on a variety of gastroenterology and hepatology subjects including IBD therapy, colorectal cancer screening, functional GI disorders, esophageal disorders, GI bleeding, and liver disease. Expert faculty will deliver scientific presentations in a variety of formats. Didactic lectures, followed by interactive question and answer sessions, a choice of simultaneous sessions, and in-person and on-demand Optional Learning Luncheons (separate purchase required) on the latest topics in GI and liver clinical care will be offered.

The program is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice providers interested in a scientifically sound approach to the management of GI and liver illnesses.

SATURDAY, OCTOBER 21, 2023 | 7:55 AM - 5:00 PM | WEST BALLROOM

7:00 am Registration Open

♀ Level 1 City Foyer

7:55 am Introduction by Course Directors

"SESSION 1A: It's All About Inflammation

Moderator: Anita Afzali, MD, MPH, MHCM, FACG

8:00 am Treating the Moderate, Severe, and Refractory Crohn's Patient: New Treatments Explored

Sunanda V. Kane, MD, MSPH, FACG

Apply current evidence-based strategies for treating refractory and severe Crohn's disease.

8:20 am RCT Buzz for UC

Millie D. Long, MD, MPH, FACG

Discuss the most recent and up-to-date randomized, controlled data in ulcerative colitis care.

8:40 am The Non-IBD Colitis: Microscopic, Indeterminant, and Diverticular Disease-Associated Colitis

Anita Afzali, MD, MPH, MHCM, FACG

Explain the diagnosis and treatments of other non-IBD colitides commonly seen in GI practice.

9:00 am Healthcare Maintenance Needs in the IBD Patient

Andres J. Yarur, MD, FACG

Describe optimal preventive care in patients with inflammatory bowel disease.

9:20 am Panel Q&A

9:40 am Break

10:00 am The David Sun Lecture - In With the New, While Managing the Old: How to Care for the **Changing Face of Those With Liver Disease**

Paul Y. Kwo, MD, FACG

Describe the changing epidemiology of liver disease and how to care for our growing populations of MASLD, alcohol-associated liver disease, and end-stage liver disease.

SESSION 1B: All About "Functional" or Dysfunctional Bowel Disorders

Moderator: Baharak Moshiree, MD, MSc, FACG

10:30 am IBS Pearls of Wisdom in Management: Beyond Individual Symptom Improvement

Darren M. Brenner, MD, FACG

Review the evidence-based guidelines and how they can help navigate patients through their global IBS symptoms.

10:50 am Taking Out the Word "Functional" in GI Disorders? Redefining Functional as DGBI

Lin Chang, MD, FACG

Explain why the term "DGBI" is more representative of many chronic GI diseases and how the multidimensional viewpoint leads to a patient-centered care model; how the diagnosis of DGBIs is a positive diagnosis based on ROME IV criteria rather than a diagnosis of exclusion and why.

11:10 am Bloating: Is It Really All Just a Visceral Sensation?

Baharak Moshiree, MD, MSc, FACG

Categorize the overlap of bloating seen in many disorders of gut-brain interaction and organic diseases that may need further investigations and varied treatments.

11:30 am ACG Updates on Gastroparesis and Functional Dyspepsia From Around the Globe

Linda Anh B. Nguyen, MD, FACG

Contrast the differences and similarities between the European and U.S. newly published guidelines.

11:50 am Panel Q&A

12:10 pm Break for Learning Luncheons

OCTOBER 21–22, 2O23 (All Times Are PT)

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

SATURDAY OPTIONAL LEARNING LUNCHEONS | 12:20 PM - 1:35 PM

12:20 pm Optional Learning Luncheons - Choose from 12

(Separate registration required. Visit Registration Desk on Level 1.)*

1. Virtual Reality for Virtually Every GI Disease: Is VR Our Next Tesla? Brennan M. Spiegel, MD, MSHS, FACG

Discuss how virtual reality can be a useful clinical tool for treating many functional disorders and other diseases and outline potential harm that can also come about from its use.

2. The Nutritional Approach to IBD, IBS, and MASLD: Benefits and Caveats

Kate M. Scarlata, MPH, RDN, LDN, and Emily A. Haller, MS, RDN Assess an evidence-based approach to the role of diet and nutrition in the management of patients with these GI disorders and identify nutritional deficiencies that need to be addressed.

3. Evaluation of Abnormal Liver Tests and the Role of Endohepatology Joseph Ahn, MD, MS, MBA, FACG

Summarize the algorithm and approach for evaluation of abnormal liver tests and review the role of endohepatology including EUS-guided liver biopsy and portal pressure management and how it fits in the evaluation of patients with liver disease.

4. What Your APP Can Bring to Your Practice

Linda Anh B. Nguyen, MD, FACG, and Monica Nandwani, DNP, RN, FNP-BC Explain how subspecialized APPs can enhance a GI practice through clinical expertise, education, and research expertise.

5. Endoscopic Management and Resection of Difficult and Large Colon **Polyps**

Rahul Pannala, MD

Describe steps, tools, techniques, and options involved in the endoscopic management and resection of large and difficult colon polyps.

6. The Microbiome, Food Sensitivities, and Allergies: How to Evaluate What's Real

Brian E. Lacy, MD, PhD, FACG

Discuss the currently available testing and research in this field with close attention to what's fact and fiction.

7. Cyclic Vomiting Syndrome and Autonomic Dysfunction: Diagnosis and **Treatment**

Thangam Venkatesan, MD

Differentiate how cyclic vomiting syndrome and postural orthostatic tachycardia syndrome are two distinct disorders with varied treatments based on the most current evidence.

8. Treating the Non-Achalasia Esophageal Disorders

C. Prakash Gyawali, MD, FACG

Outline management tools for the care of patients with various nonachalasia esophageal disorders such as belching, hiccups, IEM, jackhammer esophagus, and distal esophageal spasm.

9. Evaluation and Management of Patients With Non-IBD Chronic Diarrhea Darren M. Brenner, MD, FACG

Discuss the management of non-IBD diarrhea such as infectious, bile acidinduced, malabsorptive, carbohydrate intolerances, and others.

10. Pelvic Floor Dysfunction: How Physical Therapists and Providers Can Co-Manage

Jose M. Remes-Troche, MD, MSc

Explain the techniques used by the physical therapist in treating pelvic floor disorders, such as dyssynergic defecation and impaired propulsion once a correct diagnosis is made by the expert gastroenterologist.

11. C. difficile: Current Advancements

Paul Feuerstadt, MD, FACG

Outline current and future therapies for initial and refractory C. difficile including fecal microbial transplantation, antibiotics, and others.

12. The Risk of PPI Therapy: What's the Real Story and Are There Better Alternatives Now With PCABs?

Paul Moayyedi, MB ChB, PhD, MPH, FACG

Analyze the risks, benefits, and controversies of PPI use and provide an evidence-based approach for incorporating potassium-competitive acid blockers into clinical practice.

1:35 pm Break

SIMULTANEOUS SYMPOSIA | 1:45 pm - 3:00 pm

SYMPOSIUM A: Pancreas: Management Guide for the Practicing Clinician

Moderator: Vivek Kaul, MD, FACG | ♥ West Ballroom A

1:45 pm Acute Pancreatitis: Etiology and Management in 2023

Vivek Kaul, MD, FACG

Explain the various etiologies of acute pancreatitis along with guideline-based management strategies.

2:05 pm Screening Patients for High-Risk Pancreatic Cancer: When and Who to Evaluate?

Tamas A. Gonda, MD

Discuss the indication, ideal population, role of genetic testing, and radiologic/endoscopic modalities for screening of pancreatic

2:25 pm Chronic Pancreatitis: Evaluation, Management, and **Emerging Therapies**

Gregory A. Cote, MD, MS

Describe the etiology and evidence-based endoscopic/surgical and medical management of patients with chronic pancreatitis; discuss when a patient should be referred for surgery or other therapies such as stem cell transplantation.

2:45 pm Panel Q & A

SYMPOSIUM B: Obesity and Liver Disease: What's the Latest?

Moderator: Arun J. Sanyal, MD | ♥ West Ballroom B

1:45 pm MASLD: The Future of Antifibrotics

Arun J. Sanyal, MD

Discuss current and future treatment modalities for metabolic dysfunction-associated steatotic liver disease (MASLD).

2:05 pm Obesity and Medical Management for the GI Doc

Jennifer Phan, MD

Explain the medical management of obesity and ways in which the gastroenterologist can get involved.

2:25 pm Endobariatic and Surgical Management of Obesity

Allison R. Schulman, MD, MPH

Explain evidence-based management of endobariatic and surgical interventions in patients with obesity - where are we now and what is in the future?

2:45 pm Panel Q & A

POSTGRADUATE COURSE

<u>SYMPOSIUM C</u>: Autoimmune and Dysbiotic GI Diseases From Celiac Disease to Eosinophilic Gastrointestinal Disorders: What Is the Scoop?

Moderator: Maria I. Vazquez-Roque, MD, MS | ♥ West Ballroom C

1:45 pm Are SIBO and IBS Autoimmune Responses to Intestinal Dysbiosis?

Ali Rezaie, MD, MSc

Discuss the role of the microbiome in disorders such as IBS, FD, and other related syndromes, and explain how the microbial species may differ in the IBS subtypes.

2:05 pm Are EGIDS a Spectrum of Food Disorders or Intolerances?

Maria I. Vazquez-Roque, MD, MS

Explain what eosinophilic gastrointestinal disorders are and whether, based on current data, they are immune-related disorders or related to food allergies.

2:25 pm Refractory Celiac Disease: What to Do When a Gluten-Free Diet Doesn't Cure

Alberto Rubio-Tapia, MD

Outline the treatment of refractory celiac disease with interpretations of noncompliance versus refractory disease.

2:45 pm Panel Q & A

3:00 pm Break

SESSION 1C: All Things Colon

Moderator: Aasma Shaukat, MD, MPH, FACG

3:20 pm 45 Is the New 50: The New Screening Update and How We Meet the Demands

Aasma Shaukat, MD, MPH, FACG

Discuss the new colon cancer screening guidelines from the U.S. and Canada and how the new demands will be met.

3:40 pm Lower GI Bleeding: An Update

Neil Sengupta, MD, FACG

Outline the current approach to the patient with lower GI bleeding and discuss best practice guidelines, including "to scope or not to scope?"

4:00 pm SSLs: Detection, Resection, and Follow-Up

Shahnaz Sultan, MD, MHSc, FACG

Describe the endoscopic approach to sessile serrated lesions, as well as mechanisms for resection and follow-up.

4:20 pm Panel Q&A

4:40 pm Take-Home Pearls: What Did We Learn Today?

Shivangi T. Kothari, MD, FACG, Baharak Moshiree, MD, MSc, FACG, and Renuka Umashanker. MD. FACG

Recognize important and practical take-home messages from today's talks.

5:00 pm Adjourn for the day

♦ SUNDAY, OCTOBER 22, 2023 | 8:15 AM - 5:20 PM

7:30 am Registration Open

♀ Level 1 City Foyer

8:15 am Introduction by Course Directors

SESSION 2A: Hepatology Consult in Your GI Practice

Moderator: Joseph Ahn, MD, MS, MBA, FACG

8:20 am Acute Liver Failure: New Guideline Updates

Anne M. Larson, MD

Discuss the new update and best practice guidelines for the management of acute liver failure.

8:40 am Liver Transplantation: Update, Selection, and Controversies in 2023

Mark W. Russo, MD, MPH, FACG

Interpret the data on the current liver transplant guidelines and pitfalls of the transplant selection system.

9:00 am Pregnancy and Liver Disease

Joseph Ahn, MD, MS, MBA, FACG

Explain the approach and management of the pregnant patient at each trimester, who develops abnormal LFTs, and what it means.

9:20 am Review of Current Noninvasive Markers for Liver Fibrosis and How They Compare to Liver Biopsy

Paul Y. Kwo, MD, FACG

Discuss the current utility of noninvasive markers to liver biopsy.

9:40 am Panel Q&A

10:00 am Break

SESSION 2B: The Esophagus and More: Elucidating the Esophageal Enigmas

Moderator: Michael F. Vaezi, MD, PhD, MSc(Epi), MACG

10:20 am Evaluation and Management of Refractory Reflux

Rena H. Yadlapati, MD, MSHS, FACG

Discuss a practical and state-of-the-art approach to the diagnosis and management of reflux and what qualifies as refractory reflux, as well as the management of PPI-refractory patients and antireflux therapies.

10:40 am Esophageal Motility Disorders: FLIP versus HRM?

Michael F. Vaezi, MD, PhD, MSc(Epi), MACG
Outline various esophageal motility disorders with their
evaluation and management and highlight the role of FLIP and

11:00 am Guidelines Interpretation and Application in Barrett's Esophagus Management: Changing the Status Quo

Sachin B. Wani, MD

Interpret the quality indicators that should be utilized in making a diagnosis of Barrett's esophagus using guidelines and current evidence for its surveillance and management.

11:20 am Eosinophilic Esophagitis (EoE): Beyond PPI Therapy

Evan S. Dellon, MD, MPH, FACG

Describe evidence-based approaches to the evaluation and treatment of eosinophilic esophagitis including dietary modifications, medical therapy, endoscopic dilation, and treatment algorithm that goes beyond PPI use.

11:40 am Panel Q&A

12:10 pm Break for Learning Luncheons

SUNDAY OPTIONAL LEARNING LUNCHEONS | 12:20-1:35 pm

12:20 pm Optional Learning Luncheons - Choose from 12

(Separate registration required. Vist Registration Desk on Level 1.)*

13. Cirrhosis Complications: Esophageal Varices, Ascites, Hepatic Encephalopathy: Update on the Current Management of the Decompensated Cirrhotic

Renuka Umashanker, MD, FACG

Discuss the current guidelines and updates in the management of the decompensated cirrhotic.

14. The Resistant H. pylori: What Do We Do Now?

William D. Chey, MD, FACG

Compare the effectiveness and safety of the quadruple therapy to the new antibiotic plus potassium channel acid blockers (P-CABs) and why antibiotic resistance is important to address.

15. Tips and Tricks for Difficult Biliary Cannulation and ERCP in Special **Populations**

Prabhleen Chahal, MD, FACG

Explain evidence-based tips and tricks for performing ERCP in difficult cases, altered anatomy, and special populations such as transplant and pregnant patients.

16. Management of Complex Esophageal and Colonic Strictures: What to Do?

Douglas G. Adler, MD, FACG

Summarize the differential diagnosis of complex esophageal and colonic strictures and discuss the role of dilation, stenting, and surgery.

17. Hereditary Cancer and Genetic Syndromes: Essentials for the Boards

Danielle E. Marino, MD

Discuss the high-yield genetic and hereditary GI syndromes such as GI cancers and polyposis syndromes, cystic fibrosis, hereditary amyloidosis, FDS, and others.

18. How to Approach Patients With Their Non-IBD Pain

Laurie A. Keefer, PhD, and Sarvee Moosavi, MD Outline the care of patients with chronic pain related to visceral hypersensitivity with a focus on trauma-informed care and complementary techniques.

19. Al and GI: Is It the Future of GI and How You Can Incorporate It in Your **Practice**

Prateek Sharma, MD, FACG

Summarize the current status and future of the various artificial intelligence platforms and applications in various GI pathologies and how physicians can incorporate Al into their daily practice.

20. Public Policy Updates and Advocacy: Why This Matters to Your Practice

Patrick E. Young, MD, FACG

Explain the current GI practice landscape and discuss the healthcare policy updates and their impact on various practice settings.

21. Gastric Intestinal Metaplasia and Gastric Polyps: Optimal Resection and Surveillance Strategies

Shailja C. Shah, MD, MPH

Discuss the implications, evaluation, surveillance strategy, and management of gastric intestinal metaplasia and various gastric polyps.

22. Ischemic and Vascular GI Disorders of the Gut

David J. Hass, MD. FACG

Describe the various vascular disorders including chronic and acute ischemia of the GI tract and their diagnoses and management.

23. Short Gut Syndrome and Nutritional Deficiencies: Approach From a **Gastroenterologist and Dietician**

John K. DiBaise, MD, FACG, and Kayla Hopkins, MS, RD, LDN Evaluate the treatment strategies and nutritional deficiencies encountered in patients with short gut syndrome, and how to decide who gets parenteral nutrition and what to watch out for.

24. Autoimmune Hepatitis/PBC/Hemochromatosis

Kelly W. Burak, MD, MSc (Epid)

Discuss the current approach and treatment algorithms for the common liver consults seen in the GI practice.

1:35 pm Break

SIMULTANEOUS SYMPOSIA | 1:45 pm - 3:00 pm

SYMPOSIUM D: GI Endoscopy: Know Your Toolbox and Tricks to Succeed Moderator: Shivangi T. Kothari, MD, FACG | ♥ West Ballroom A

1:45 pm Managing Complications of Endoscopy: Do's and Don'ts

Shivangi T. Kothari, MD, FACG

Explain the key concepts for minimization, early recognition, diagnosis, and management of various complications of GI endoscopy.

2:05 pm Interventional EUS: Where Are We Today and What Does the Future Hold? What the GI Provider Needs to Know

Mouen A. Khashab, MD

Summarize the current status and the expanding portfolio of interventional EUS and elaborate on risks, benefits, and the paradigm shift in the management of various GI disease entities with interventional EUS for the general gastroenterologist.

2:25 pm Third Space Endoscopy: POEM/ESD in Upper **Gastrointestinal Disease**

Neil R. Sharma, MD, FACG

Discuss the role, benefits, and risks of POEM and ESD in various UGI pathologies.

2:45 pm Panel Q & A

SYMPOSIUM E: GI Emergencies and Dilemmas

Moderator: Neena S. Abraham, MD, MSc (Epid), MACG | ♥ West Ballroom B

1:45 pm Rapid Response for UGIB: How to Rescue the Bleeder

Seth A. Gross. MD. FACG

Discuss the new interventions and techniques for managing the acute GI bleeding patient with an upper GI bleed.

2:05 pm Managing Anticoagulation in the Face of GI Emergencies

Neena S. Abraham, MD, MSc (Epid), MACG

Explain how anticoagulation can be managed pre and post procedure as well as in the patient with acute GI bleeding.

2:25 pm Foreign Body Removals: Tips and Tricks of the Trade

Daniel J. Pambianco, MD, FACG

Summarize the many techniques and equipment used for removal of bezoars and foreign objects.

2:45 pm Panel Q & A

SYMPOSIUM F: Anorectal Disorders: A Practical Approach

Moderator: Gregory S. Sayuk, MD, MPH | ♥ West Ballroom C

1:45 pm Learning From the Master: Approach to Hemorrhoids and **Fissures**

Lawrence J. Brandt, MD, MACG

Discuss current medical and surgical techniques and advancements in the management of hemorrhoids and fissures.

2:05 pm A-B-Cs of Anorectal Physiology Testing

Gregory S. Sayuk, MD, MPH

Evaluate anorectal manometry, balloon expulsion testing, biofeedback therapy, and explore the importance of incorporating them into your practice.

2:25 pm Fecal Incontinence, Anal Pruritis, and More: Medical and **Surgical Treatments**

Nvree K. Thorne. MD

Summarize the approach and treatment for patients with anorectal symptoms beyond hemorrhoids and fissures.

2:45 pm Panel Q & A

3:00 pm Break/Exhibit Hall Opens

POSTGRADUATE COURSE

OCTOBER 21-22, 2023 (All Times Are PT)

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

SESSION 2C: Pancreatobiliary Challenges: Decoding the **Dilemmas**

Moderator: Uzma D. Siddiqui, MD, FACG

3:20 pm Post-ERCP Pancreatitis (PEP): How to Prevent and Manage

B. Joseph Elmunzer, MD, MSc Explain the current evidence-based approach to preventing, minimizing, and managing post-ERCP pancreatitis.

3:40 pm Cystic Pancreatic Neoplasms: Guidelines and Management

Harry R. Aslanian, MD, FACG Describe the approach, surveillance, radiologic/ endoscopic features, and management of various pancreatic cysts and how to incorporate the guidelines into clinical practice.

4:00 pm The Difficult Common Bile Duct Stone: What to Do

Uzma D. Siddiqui, MD, FACG Discuss management strategies for the difficult common bile duct stone and role of endoscopic management.

4:20 pm Indeterminate Biliary Stricture: How to Evaluate and Manage?

Amrita Sethi, MD Apply the latest clinical and best practice approaches to the evaluation and management of indeterminate biliary strictures.

4:40 pm Panel Q & A

5:00 pm Take-Home Pearls: What Did We Learn Today?

Shivangi T. Kothari, MD, FACG, Baharak Moshiree, MD, MSc, FACG, and Renuka Umashanker, MD, FACG Recognize important and practical take-home messages from today's talks.

5:20 pm Postgraduate Course Adjourns

 *Separate Purchase Required for Postgraduate Course Optional Learning Luncheon **Bonus Sessions:** You must register for the Postgraduate Course in order to purchase the Optional Learning Luncheon Bonus Sessions package. In-person attendees purchasing the package will be able to select and attend a Saturday and a Sunday session during the registration process.

Both in-person and virtual-only attendees will receive access to the faculty presentation slides from ALL 24 Bonus Luncheon Sessions. On-demand Bonus Luncheon Sessions consist of pre-recorded narrations by faculty of their presentation slides. These recorded sessions will be available to watch on the ACG 2023 Conference Platform, from late October until March 31, 2024. Bonus Luncheon Sessions will not be livestreamed.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 36.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are awarded as follows: 18.5 AMA PRA Category 1 Credits™ for the Postgraduate Course, and 18 AMA PRA Category 1 Credits™ for the Postgraduate Course Optional Learning Luncheon Bonus Sessions (Bonus Luncheon Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 36.5 Medical

Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

(4 G)

Your Postgraduate Course registration includes

the 2023 SELF-ASSESSMENT TEST!

All PG Course registrants (virtual and in-person) will receive access to the ONLINE version of the test. Registrants who attend in-person in Vancouver will also receive a PRINTED copy of the test when collecting meeting materials on-site.

THE 2023 EDITION INCLUDES:

- ✓ 300 questions
- ✓ Correct answers, detailed explanations, and a bibliography (with links to PubMed)
- ✓ The ability to track scores overall and by category
- successful completion

NOT PARTICIPATING IN THE **POSTGRADUATE COURSE?**

Purchase the online test:

EDUCATION.GI.ORG

Members: \$99 Non-members: \$150

POSTGRADUATE COURSE

Faculty

Neena S. Abraham, MD, MSc (Epid), MACG

Professor of Medicine, Mayo Clinic, Scottsdale, AZ

Douglas G Adler, MD, FACG

Professor of Medicine, Co-Director, Center for Advanced Therapeutic Endoscopy, Centura Health, Denver, CO

Anita Afzali, MD, MPH, MHCM, FACG

Executive Vice Chair, Department of Internal Medicine, University of Cincinnati, Cincinnati, OH

Joseph Ahn, MD, MS, MBA, FACG

Professor of Medicine, Oregon Health & Science University, Portland, OR

Harry R. Aslanian. MD. FACG

Professor of Medicine, Yale University School of Medicine, New Haven, CT

Lawrence J. Brandt, MD, MACG

Professor of Medicine and Surgery, Albert Einstein College of Medicine; Emeritus Chief of Gastroenterology, Montefiore Hospital, Bronx, NY

Darren M. Brenner, MD, FACG

Professor of Medicine and Surgery, Northwestern University Feinberg School of Medicine, Chicago, IL

Kelly W. Burak. MD. FRCPC. MSc (Epid)

Professor, Departments of Medicine and Oncology; Associate Dean, Continuing Medical Education & Professional Development, University of Calgary, Calgary, Alberta, Canada

Prabhleen Chahal, MD, FACG

Program Director, Advanced Endoscopy Fellowship, Cleveland Clinic, Cleveland,

Lin Chang, MD, FACG

Professor of Medicine, David Geffen School of Medicine at UCLA, Los Angeles, CA

William D. Chey, MD, FACG

H. Marvin Pollard Professor of Gastroenterology: Chief, Division of GI & Hepatology, University of Michigan, Ann Arbor, MI

Gregory A. Cote, MD, MS

Professor of Medicine, Oregon Health & Science University, Portland, OR

Evan S. Dellon, MD, MPH, FACG

Professor of Medicine and Adjunct Professor of Epidemiology, Center for Esophageal Diseases and Swallowing, University of North Carolina at Chapel Hill, Chapel Hill, NC

John K. DiBaise, MD, FACG

Professor of Medicine, Mayo Clinic, Scottsdale, AZ

B. Joseph Elmunzer, MD, MSc

Professor of Medicine, Medical University of South Carolina, Charleston, SC

Paul Feuerstadt, MD, FACG

Assistant Clinical Professor of Medicine/ Attending Gastroenterologist, Yale University, School of Medicine/PACT Gastroenterology Center, Hamden, CT

Tamas A. Gonda, MD

Associate Professor, New York University Langone Medical Center, New York, NY

Seth A. Gross, MD, FACG

Associate Professor of Medicine, NYU School of Medicine; Chief of Gastroenterology, Tisch Hospital, NYU Langone Health, New York, NY

C. Prakash Gyawali, MD, FACG

Professor of Medicine, Washington University, St. Louis, MO

Emily A. Haller, MS. RDN

Lead GI Dietitian, Michigan Medicine, University of Michigan Health, Ann Arbor, MI

David J. Hass, MD, FACG

Associate Clinical Professor of Medicine, Yale University School of Medicine/ PACT Gastroenterology Center, A Partner of HHC, Hamden, CT

Kayla Hopkins, MS, RD

Registered Dietitian, Atrium Health Gastroenterology and Hepatology, Charlotte, NC

Sunanda V. Kane, MD, MSPH, FACG

Professor of Medicine, Mayo Clinic, Rochester MN

Vivek Kaul, MD, FACG

Segal-Watson Professor of Medicine, University of Rochester Medical Center, Rochester, NY

Laurie A. Keefer, PhD

Professor of Medicine and Psychiatry, Icahn School of Medicine at Mount Sinai, New York, NY

Mouen A. Khashab, MD

Professor of Medicine, Director of Therapeutic Endoscopy, Johns Hopkins Hospital, Towson, MD

Shivangi T. Kothari. MD. FACG

Associate Professor of Medicine, Center for Advanced Therapeutic Endoscopy, University of Rochester Medical Center, Rochester, NY

Paul Y. Kwo, MD, FACG

Professor of Medicine, Stanford University, Redwood City, CA

Brian E. Lacy, MD, PhD, FACG

Professor of Medicine, Mayo Clinic, Jacksonville, FL

Anne M. Larson. MD

Clinical Professor of Medicine, University of Washington, Seattle, WA

Millie D. Long, MD, MPH, FACG

Professor of Medicine, University of North Carolina, Chapel Hill, NC

2023 ANNUAL SCIENTIFIC MEETING

*Underlined names are presenting authors.

• The Annual Scientific Meeting includes simultaneous sessions. Only select simultaneous sessions will livestream to virtual participants. The remaining sessions will be recorded and posted to the Conference Platform as ondemand content after the meeting.

In-person registrants can attend any of the simultaneous sessions in Vancouver, and will have access to all on-demand sessions through the Conference Platform after the meeting.

PROGRAM DESCRIPTION

Gain insight from the experts, learn practical take-home points, and network with your colleagues when you attend the ACG Annual Scientific Meeting. Throughout the Scientific Meeting, faculty will present the latest in GI and hepatology, and how to incorporate findings into patient care. Hear about the latest clinical research during the free papers/oral presentation plenary sessions. In addition, there will be several featured lectures by world-renowned experts that delve into deeper discussion on a specific topic.

Twelve scientific symposia and over 60 oral abstract presentations will allow attendees to hear lecture presentations from experts and to participate in interactive question and answer sessions with the faculty. In addition, 15 bonus sessions (formerly the breakfast sessions) will be offered as a separate registration option. Finally, ACG's 11th Annual Endoscopy Video Forum will feature the best video presentations submitted from colleagues from across the U.S. and

The Annual Scientific Meeting program is designed primarily for physicians in gastroenterology and hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the latest information on state-of-the-art treatment of these illnesses.

around the world.

MONDAY, OCTOBER 23, 2023 | 7:50 AM - 6:30 PM | WEST BALLROOM

6:30 am - 5:00 pm Registration Open

♦ Level 1 City Foyer

7:00 am - 7:45 am "Meet the Experts" Breakfast Sessions

(Annual Meeting Bonus Sessions A-E. See page 42-43 for room locations and for details about purchasing access to all 15 Annual Meeting Bonus Sessions.)

7:45 am - 9:30 am Endoscopy School Hands-On Workshop Center - GI-Fellows-Only Sessions

♀ Exhibit Hall (Exhibition Level)

7:50 am - 6:30 pm Annual Scientific Meeting

7:50 am - 8:00 am Opening Remarks

Daniel J. Pambianco, MD, FACG, ACG President | ♥ West Ballroom B

8:00 am - 9:00 am

PRESIDENTIAL PLENARY SESSION 1

Moderators: Daniel J. Pambianco, MD, FACG, and Anita Afzali, MD, MPH, MHCM, FACG | • West Ballroom B

1.Impact of Gut Decontamination by Rifaximin in Patients With Predicted Severe Acute Pancreatitis: A Pilot Study

★ ACG Governors Award for Excellence in Clinical Research
Shivam Kalia, MBBS, MD¹, Preetam Nath, MBBS, MD, DM²; ¹Kalinga Institute of Medical Sciences,
Ghaziabad, Uttar Pradesh, India, ²Kalinga Institute of Medical Sciences, Bhubaneshwar, Orissa, India

2. Predicting Low-Risk for Alcohol Relapse Within One Year Post Liver Transplant for Alcoholic Liver Disease: S-DAT Score

<u>Jiten P. Kothadia, MD</u>¹, Anwesh Dash, MD², Jarret Rong, MD², Tzu-Yu Liu, MD¹, Hemnishil Marella, DO¹, Ryan Helmick, MD¹, Corey Eymard, MD¹, Jason M. Vanatta, MD¹, Nair Satheesh, MD³; ¹University of Tennessee Health Science Center, Memphis, TN, ²University of Tennessee Health Science Center, College of Medicine, Memphis, TN, ³University of Tennessee Health Science Center/Methodist University Hospital, Memphis, TN

3. Maternal and Fetal Outcomes in Patients With Eosinophilic Esophagitis on Steroids

- ★ ACG/Radhika Srinivasan Gender-Based Research Award Julton Tomanguillo Chumbe, MD, Frank Annie, PhD, Mark Ayoub, MD, Lauren Searls, DO, Vishnu Naravadi, MD; Charleston Area Medical Center, West Virginia State University Charleston Division, Charleston, WV
- 4. Using Business Intelligence Data Analytics to Improve Scheduling of Urgent and Non-Urgent Gastroenterology Clinic and Endoscopies in a Large Safety-Net Hospital

<u>Jared Gloria, MD</u>¹, Jason Brown, MD²; ¹Emory University School of Medicine, J. Willis Hurst Internal Medicine Residency, Atlanta, GA, ²Emory University, Atlanta, GA

5. GLP-1 Agonists and Their Efficacy for Weight Loss: Unraveling the Best Option Through Network Meta-Analysis

<u>Jena Velji-Ibrahim, MD, MSc¹</u>, Dhruvil Radadiya, MD², Kalpit Devani, MD³; ¹Prisma Health Greenville Memorial Hospital, University of South Carolina School of Medicine, Greenville, SC, ²University of Kansas Medical Center, Kansas City, KS, ³Gastroenterology and Liver Center, Prisma Health Greenville Memorial Hospital, University of South Carolina School of Medicine, Greenville, SC

9:00 am - 9:30 am

President's Address

Daniel J. Pambianco, MD, FACG, ACG | ♥ West Ballroom B President Introduced by: Jonathan A. Leighton, MD, FACG, ACG President-Elect

MEETING

OCTOBER 23-25, 2023 (All Times Are PT)

The Annual Scientific Meeting is **FREE** for ACG members!

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

SIMULTANEOUS SYMPOSIA SESSION 1 - Choose from 2 11:30 am - 12:45 pm

SYMPOSIUM 1A: Past Presidents' Symposium

Moderator: David A. Greenwald, MD. FACG | ♥ West Ballroom A

 All You Need to Know About Managing the Patient With Difficult to Treat GERD

Rena H. Yadlapati, MD, MSHS, FACG Past President: Philip O. Katz, MD, MACG Appraise and apply contemporary best evidence in the management of gastroesophageal reflux disease.

Barrett's Esophagus: Practical Tips and Guidelines Based Care in 2023
 Prasad G. Iyer. MD, MSc, FACG

Past President: Lawrence J. Brandt, MD, MACG Recognize evolving treatments in Barrett's esophagus and how to use them in the clinical setting.

 Mastering the Evaluation and Treatment of Patients With Eosinophilic Esophagitis

Evan S. Dellon, MD, MPH, FACG

Past President: Kenneth R. DeVault, MD, MACG

Discuss and apply emerging therapeutic options for eosinophilic esophagitis.

SYMPOSIUM 1B: If It Bleeds, It Leads: Primetime and Practical GI Bleeding Information and Strategies

Moderator: Jennifer J. Telford, MD, FACG | ♥ West Ballroom B

- GI Bleeding in Patients With Valvular Heart Disease and Cardiac Devices Jennifer J. Telford, MD, FACG Identify the various valvular heart diseases and cardiac devices and define the risk of GI bleeding in these conditions.
- Non-Variceal Upper GI Bleeding: What's New in Your Toolbox?
 Alan N. Barkun, MD, CM, MSc (Clin Epi), FACG
 Recognize the most up-to-date strategies for management of patients with non-variceal upper GI bleeding including newer clips and hemostatic sprays and polymers.
- How to Approach Small Bowel Bleeding: Endoscopic and Medical Therapies and How to Improve Your Capsule Endoscopy and Enteroscopy Quality
 F. Otis Stephen, MD, FACG
 Outline the approach to patients with small bowel bleeding, delineate endoscopic and medical therapies, and identify methods to improve the

quality of performance and reporting of capsule endoscopy and deep

SYMPOSIUM 1C: Hot Topics in Liver Disease

enteroscopy.

Moderator: Cynthia A. Moylan, MD, MHS | ♥ West Ballroom C
• The Latest in the Management of Patients With MASLD

Cynthia A. Moylan, MD, MHS

Describe the clinical care pathway and the latest management guidance in metabolic dysfunction-associated steatotic liver disease (MASLD), including the city treatment.

including obesity treatment.

• What's New in the Management of Portal Hypertension Complications?

Simona S. Jakab, MD Apply the updated guidance from Baveno VII in the management of portal hypertension in patients with cirrhosis.

• Updates in the Treatment Approach for Alcohol-Associated Hepatitis (AAH) Stanley M. Cohen, MD, FACG Summarize the current treatment approach for AAH and apply it in clinical practice.

Jasmohan S. Bajaj, MD, MS, FACG, Millie D. Long, MD, MPH, FACG, Brian C. Jacobson, MD, MPH, Vibhu Chittajallu, MD, and Khushboo Gala, MBBS | ♥ Room 211

OCTOBER 23-25, 2023 (All Times Are PT)

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

SIMULTANEOUS SYMPOSIA SESSION 2 - Choose from 3 4:45 pm - 6:00 pm

SYMPOSIUM 2A: Challenges in IBD Care: I'm Not Responding to My **Treatment, What Happens Next?**

Moderator: Christina Y. Ha, MD, FACG | ♥ West Ballroom A

· We Just Need More Time: Can We Optimize?

Christina Y. Ha, MD, FACG

Explain the approaches of treat-to-target, time-to-response, dose escalation, and when to switch advanced therapies for IBD patients.

 Where Do They Fit In? Positioning Anti-TNF Therapies and Small Molecules Within Today's IBD Armamentarium

Anita Afzali, MD, MPH, MHCM, FACG

Apply the current evidence towards positioning of therapies for moderate to severely active IBD patients.

Practical Approach to Combination Advanced Therapies

Christopher Ma, MD

Strategize clinical scenarios where combinations of the newer IBD agents may be considered, along with duration of treatment, and monitoring.

SYMPOSIUM 2B: What's Good for the Goose Is Good for the Gander Moderator: Fouad J. Moawad, MD, FACG | ♥ West Ballroom B

· Avant GERD: Nuances in the Guidelines for Treating Erosive, Non-Erosive,

and Atypical Reflux Afrin N. Kamal, MD

Summarize the latest guidelines in the management of typical and atypical esophageal reflux disease.

· Updates in the Management of EoE: Are Biologics Ready for Prime Time? Fouad J. Moawad, MD, FACG

Describe the multimodal therapy (including the role of biologics) used in the management of eosinophilic esophagitis.

· When It's Not GERD or EoE: Evaluation and Management of Esophageal Dysphagia

Felice Schnoll-Sussman, MD, MSc, FACG

Discuss the evaluation and management of esophageal motility disorders.

SYMPOSIUM 2C: Live From Vancouver! The 11th Annual Endoscopy Video Forum

Moderators: Jodie A. Barkin, MD; and Vivek Kaul, MD, FACG | ♥ West Ballroom C Judges: Juan Carlos Bucobo, MD, Laith H. Jamil, MD, FACG, Tara Keihanian, MD, Truptesh H. Kothari, MD, MS, FACG, Amrita Sethi, MD, and C. Roberto Simons Linares, MD Demonstrate interesting endoscopic findings and techniques encountered in daily clinical practice.

V1. Successful Endoscopic Submucosal Dissection of a Large Sessile Polyp in the Gastric Fundus

Ahmed Eltelbany, MD, MPH, Amit Bhatt, MD; Cleveland Clinic, Cleveland, OH

V2. WITHDRAWN

V3. Biliary Reconstruction for High Grade Bile Leak: A Bidirectional Approach Rebecca Sullivan, MD¹, Husameddin El Khudari, MD¹, Ramzi Mulki, MD², Sergio A. Sánchez-Luna, MD², Ali Ahmed, MD², Kondal Kyanam, MD², Shajan Peter, MD²; ¹University of Alabama at Birmingham, Birmingham, AL, ²Basil I. Hirschowitz Endoscopic Center of Excellence, The University of Alabama at Birmingham Heersink School of Medicine, Birmingham, AL

V4. Bridging the Gap: Successful Endoscopic Ultrasound-Guided Gastrojejunostomy With a Lumen-Apposing Metal Stent Placement in the Setting of Malignant Ascites

Reem Dimachkie, MD1, Shivantha Amarnath, MD1, Mohammed Shakhatreh, MD¹, Jean Chalhoub, MD², Sherif Andrawes, MD², Youssef El Douaihy, MD²; ¹Staten Island University Hospital, Staten Island, NY, ²Staten Island University Hospital, Northwell Health, Staten Island, NY

V5. A Case of Endoscopic Repair of Tracheoesophageal Fistula With Septal **Occluder Device**

Myunghoon Kim, BS, MD1, Abraham Mathew, MD2; 1Penn State Milton S. Hershey Medical Center, Hershey, PA, ²Penn State University, Hershey, PA

V6. Endoscopic Ultrasound Guided Transgastric Shunt Occlusion for Recurrent Hepatic Encephalopathy

Sahaj Rathi, MD, DM1, Amrita Kalantri, DNB2, Arpit Shastri, MD1, Sunil Taneja, MD, DM¹, Nipun Verma, MD, DM¹, Arka De, MD³, Ajay Kumar. Duseja, MD³; ¹PGIMER, Chandigarh, India, ²Government Medical College and Hospital, Chandigarh, India, ³Postgraduate Institute of Medical Education and Research, Chandigarh, India

6:00 pm - 6:30 pm ACG Annual Business Meeting

All Members and Fellows of ACG are invited.

- Changing the Course of Pancreatic Cancer: Identifying Innovation in Screening, Diagnosis, and Treatment

Amrita Sethi, MD | ♥ West Ballroom B Introduced By: Daniel J. Pambianco, MD, FACG, ACG

Identify risk factors for pancreatic cancer, innovation in endoscopic methods for diagnosing pancreatic cancer and helping to guide advances in management.

10:35 am - 11:30 am Break - Visit Exhibit Hall and Browse Scientific Posters

♀ Exhibit Hall (Exhibition Level)

10:35 am - 11:30 am Exhibitor Product Theater

♀ Exhibit Hall (Exhibition Level)

SIMULTANEOUS SYMPOSIA SESSION 3 - Choose from 3 11:30 am - 12:45 pm

SYMPOSIUM 3A: Diving Into the Rugae: A Potpourri of Gastric Conditions Moderator: William D. Chey, MD, FACG | ♥ West Ballroom A

· Failure Is Not An Option: H. pylori Initial and Rescue Treatment Strategies William D. Chey, MD, FACG

Outline available options for treatment of *H. pylori* with emphasis on resistance patterns and secondary therapies.

 Gastric Lumps and Bumps: When to Survey, Resect, or Refer for EUS Manoop S. Bhutani, MD, FACG

Recognize different types of gastric polyps, nodules, and submucosal lesions, and summarize management options.

· Gastric Premalignant Conditions: Who to Screen, How, and When Vani J.A. Konda, MD, FACG

Discuss different gastric mucosal conditions that may lead to gastric malignancy, and summarize relevant screening recommendations.

ANNUAL SCIENTIFIC MEETING

*Underlined names are presenting authors

SYMPOSIUM 3B: Colorectal Cancer

Moderator: Folasade P. May, MD, PhD, MPhil | ♥ West Ballroom B

 Evolving Epidemiology and Disparities in Colorectal Cancer Folasade P. May, MD, PhD, MPhil

Explain the shifts in the epidemiology of colon cancer over the past two decades, with a focus on the under 50 population, and disparities in screening, incidence, and risk factors.

• The Poor Bowel Prep: Effective Strategies to Optimize the Boston Bowel Prep Score in High-Risk Patients

Philip S. Schoenfeld, MD, MSEd, MScEpi, FACG
Discuss the available bowel preparations, their risks and benefits, and the data to support their usage.

 How Do the New Screening Guidelines for Colorectal Cancer and the Use of Artificial Intelligence Impact Adenoma Detection Rates?

Linda Rabeneck, MD, MPH, MACG

Summarize the new CRC screening guidelines and how to apply them to clinical practice, as well as the impact of AI on colonoscopy and ADR.

SYMPOSIUM 3C: The GI Provider's Role in Obesity

Moderator: Baharak Moshiree, MD, MSc, FACG | ♥ West Ballroom C

· Obesity Management With Pharmacotherapy

Christopher G. Chapman, MD

Describe the pharmacotherapy, including the new GLP-1 agonists, approved for management of obesity.

· Motility Effects of Obesity Drugs

Baharak Moshiree, MD, MSc, FACG

Discuss the motility effects of the GLP-1 agonists and recognize how they may affect clinical gastroenterology.

• Endobariatric Therapies and Pharmacotherapy - When and When Not to Combine

Shelby A. Sullivan, MD, FACG

Summarize the endobariatric therapies and their effectiveness alone and in combination with pharmacotherapy.

11:45 pm - 12:15 pm	Exhibitor Product Theater
---------------------	----------------------------------

♀ Exhibit Hall (Exhibition Level)

12:30 pm - 1:00pm Exhibitor Product Theater

SIMULTANEOUS PLENARY SESSION 3 - Choose from 2 2:15 pm - 3:45 pm

PLENARY SESSION 3A - LIVER

37. Homeostasis Model Assessment of Insulin Resistance as a Clinical Marker of Non-Alcoholic Fatty Liver Disease in Lean Individuals

Manasik Abdu, MD¹, Mouhand F.H. Mohamed, MD², Basile Njei, MD, MPH, PhD³; ¹University at Buffalo-Catholic Health System, Buffalo, NY, ²Brown University, Providence, RI, ³Yale School of Medicine, New Haven, CT

38. Echocardiographic Analysis of Predictors of Cardiac Dysfunction in Patients With Hereditary Hemochromatosis

<u>Pedro Cortes, MD</u>, Abdelhadi Elsayed, MD, Fernando Stancampiano, MD, Fernanda Barusco, BS, Brian Shapiro, MD, Yan Bi, MD, PhD, Michael Heckman, MS, Zhongwei Peng, MS, Prakash Kempaiah, PhD, William C. Palmer, MD; Mayo Clinic, Jacksonville, FL

39. Plant-Based Meals Generate Lower Ammonia and Have a Unique Metabolomic Signature Compared to Meat-Based Meals Despite Similar Baseline Microbiome in Patients With Cirrhosis: A Randomized Clinical Trial

★ ACG Governors Award for Excellence in Clinical Research (Trainee)
Bryan D. Badal, MD, MS¹, Andrew Fagan, BS², Victoria Tate, RD², Travis Mousel,
RN², Mary Leslie Gallagher, FNP², Puneet Puri, MD², Michael Fuchs, MD, PhD²,
Brian Davis, MD², Jennifer Miller, MD², Masoumeh Sikaroodi, PhD³, Patrick
Gillevet, PhD³, Leroy Thacker, PhD¹, Jasmohan Bajaj, MD, MS, FACG⁴; ¹Virginia
Commonwealth University, Richmond, VA, ²Richmond VAMC, Richmond, VA,
³George Mason University, Manassas, VA, ⁴Virginia Commonwealth University
and Richmond VAMC. Richmond. VA

40. Gender Disparity in Hepatocellular Carcinoma Survival: Exploiting Tissue-Specific Protein Interaction Networks to Unveil Prognostic Gene Modules

Lydia Fozo, BS¹, <u>Basile Njei, MD, MPH, PhD</u>²; 'Harvard University, Boston, MA, ²Yale School of Medicine, New Haven, CT

41. Age-Standardized Comparison of Cirrhosis Trends Due to Multiple Etiologies in the U.S. vs Global

<u>Brad Walker, MD</u>¹, Peter Ceglowski, MD¹, Shoheera Punjwani, DO¹, Chinmay Jani, MD¹, Elena Fradkov, MD²; ¹Mount Auburn Hospital, Cambridge, MA, ²Mount Auburn Hospital, Boston, MA

42. Caregivers of Wait-Listed Liver Transplant Candidates Experience Significant Financial Burden and Psychological Symptoms

Meena M. Tadros, BS¹, Alvaro Noriega Ramirez, BS¹, Dyanna Gregory, MS¹, Nneka Ufere, MD, MSCE², Jeremy Louissaint, MD¹, Thomas G. Cotter, MD¹, Nicole E. Rich, MD, MSCS¹, Arjmand R. Mufti, MD¹, Lisa B. VanWagner, MD, MSCl¹, Amit G. Singal, MD, MS¹, Sarah R. Lieber, MD, MSCR¹; ¹UT Southwestern Medical Center, Dallas, TX. ²Massachusetts General Hospital, Harvard Medical School, Boston, MA

43. The Complex Relationship Between Pain, Mental Health, and Quality-of-Life in Cirrhosis Patients Awaiting Liver Transplant

Jessica B. Rubin, MD, MPH¹, Rebecca Loeb, MS², Fawzy Barry, BS², Sri Seetharaman, BS², Arjun Sharma, MA², Karen H. Seal, MD, MPH³, Jennifer C. Lai, MD, MBA²; ¹University of California San Francisco and San Francisco VA Medical Center, San Francisco, CA, ²University of California San Francisco, San Francisco, CA, ³University of California San Francisco and San Francisco VA Health Care System, San Francisco, CA

PLENARY SESSION 3B - GENERAL ENDOSCOPY / PRACTICE MANAGEMENT / COLORECTAL CANCER PREVENTION

Moderators: Irving M. Pike, MD, MACG and Kenneth J. Vega, MD, FACG | ♥ West Ballroom B

46. De-Implementation of Outdated Colonoscopy Surveillance Interval Recommendations Among Patients With Low-Risk Adenomas (DESIRE)

<u>Pradeep Koripella, MD¹, Es</u>handeep Boparai, MD¹, Christopher Jensen, PhD, MPH¹, Jessica Badalov, MS, RDN¹, Charles Quesenberry, PhD¹, Sophia Merchant, MPH¹, Theodore R. Levin, MD², Jeffrey Fox, MD¹, Douglas Corley, MD, PhD¹, Jeffrey Lee, MD, MPH³; 'Kaiser Permanente, San Francisco, CA, ²Kaiser Permanente, Oakland, CA, ³Kaiser Permanente San Francisco Medical Center, San Francisco, CA

OCTOBER 23-25, 2023 (All Times Are PT)

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

47. CRC-PREVENT: Multi-Target Stool RNA Test for Detection of Colorectal Cancer and Advanced Adenomas in Average-Risk Individuals 45 and Older Erica Barnell, MD, PhD¹, Elizabeth Wurtzler, PhD², Julie La Rocca, MS², Thomas Fitzgerald, MS², Jessica Petrone, MD¹, Yansheng Hao, MD, PhD³, Faith Holmes, MD⁴, David Lieberman, MD⁵; ¹Washington University School of Medicine, St. Louis, MO, ²Geneoscopy, St. Louis, MO, ³University of Rochester Medical Center, Rochester, NY, ⁴Elligo Health Research, Austin, TX, ⁵Oregon Health & Science

48. Implementation of a Digital Cancer Risk Assessment Tool and Genetic Testing Program in Gastroenterology Practices Throughout the U.S. Identifies Inherited Cancer Susceptibility Syndromes in 15.6% of Patients Tested

Heather Hampel, MS, CGC¹, Candace Peterson, MS, CGC², Shannon Kieran, MS, MBA, LCGC², <u>Daniel J. Pambianco, MD, FACG³</u>, Stephen T. Amann, MD, FACG⁴, George Dickstein, MD⁵, Mark A. Molos, MD⁵, Jordan J. Karlitz, MD, FACG⁻; ¹City of Hope National Medical Center, Duarte, CA, ²Ambry Genetics, Aliso Viejo, CA, ³Gastro Health, Charlottesville, VA, ⁴Digestive Health Specialists, P.A. - One GI, Tupelo, MS, ⁵Gastro Health, Framingham, MA, ⁵WestGlen Gastrointestinal Consultants, Shawnee, KS, ¹Gastroenterologist Denver, CO

49. Sessile Serrated Lesion Detection Rate in Individuals With Positive Fecal Immunohistochemical Test Undergoing Colonoscopy: Results From a Large Nationwide Veterans Affairs Database

★ Lawlor Resident Award

University, Portland, OR

<u>Natalie Wilson, MD</u>¹, Anders Westanmo, PharmD², Amy Gravely³, Mohammad Bilal, MD², Aasma Shaukat, MD, MPH, FACG⁴; ¹University of Minnesota, Minneapolis, MN, ²Minneapolis VA Medical Center, Minneapolis, MN, ³Minneapolis Veterans Affairs Medical Center, Minneapolis, MN, ⁴NYU Langone Health, New York, NY

50. Use of Mechanical Enhanced Colonoscopy to Improve Polyp Detection During Colorectal Cancer Screening: A Preliminary Results of Real-World Healthcare Database Analysis

Seth A. Gross, MD, FACG; NYU Langone Health, New York, NY

51. Lower Incidence of Gastrointestinal Cancers in Sodium Glucose Co-Transporter-2 Inhibitor-Treated Patients With Type 2 Diabetes Mellitus: A Population-Based Cohort Study in the United States

<u>Shu-Yen Emily Chan, MD, MS¹</u>, Pin-Chia Huang, MSc², Kevin Sheng-Kai Ma, PhD²; ¹Weiss Memorial Hospital, Chicago, IL, ²Harvard T.H. Chan School of Public Health, Boston, MA

52. Interventions to Improve the Quality of Screening-Related Colonoscopy: A Systematic Review and Network Meta-analysis of Randomized Controlled Trials

★ Outstanding Research Award in the General Endoscopy Category (Trainee) Rishad Khan, MD¹, Marcus Vaska, MLIS², Yibing Ruan, PhD², Kareem Khalaf, MD¹, Nasruddin Sabrie, MD¹, Nikko Gimpaya, MEd¹, Michael Scaffidi, MD, MEd³, Rishi Bansal, MD⁴, Darren Brenner, PhD², Grigorios Leontiadis, MD, PhD⁴, Samir Grover, MD, MEd¹, Nauzer Forbes, MD, MSc²; ¹University of Toronto, Toronto, ON, Canada, ²University of Calgary, Calgary, AB, Canada, ³Queen¹s University, Kingston, ON, Canada, ⁴McMaster University, Hamilton, ON, Canada

53. Deep Learning and Device-Assisted Enteroscopy: Multi-Device and Multi-Brand Detection of Pan-Endoscopic Pleomorphic Lesions

<u>Miguel Mascarenhas, MD¹</u>, João P.L. Afonso, MD², Tiago Ribeiro, MD¹, Pedro Cardoso, MD¹, Francisco Mendes, MD¹, Ana Andrade, MD¹, Hélder Cardoso, MD², João Ferreira, PhD³, Guilherme Macedo, MD, PhD²; ¹Centro Hospitalar São João, Porto, Portugal, ²Centro Hospitalar de São João, Porto, Portugal, ³University of Porto-FEUP, Porto, Portugal

LATE BREAKING ABSTRACT

54. Next-Generation Multitarget Stool DNA Test for Colorectal Cancer Screening: A Prospective Clinical Validation Study (BLUE-C)

Thomas F. Imperiale, MD¹, Kyle Porter, MAS,² Julia Zella, PhD,² Zubin D. Gagrat, BS,² Marilyn C. Olson, PhD,² Sandi Statz, MS,² Jorge Garces, PhD,² Philip Lavin, PhD,³ Humberto Aguilar, MD,⁴ Don Brinberg, MD,⁵ Charles Berkelhammer, MD,⁶ John B. Kisiel, MD,² Paul J. Limburg, MD²; ¹Indiana University School of Medicine, Indianapolis, IN; ²Exact Sciences, Madison, WI; ³Boston Biostatistics Research Foundation, Framingham, MA; ⁴Louisiana Research Center, Shreveport, LA; ⁵Great Lakes Gastroenterology Research, Mentor, OH; ⁶Southwest Gastroenterology, Oak Lawn, IL; ¬Mayo Clinic, Rochester, MN

Emily Couric Memorial Lecture – HPV Related Cancers – Are Your Patients Being Misdiagnosed?

Marcia Cross / ♥ West Ballroom B Introduced by: Daniel J. Pambianco, MD, FACG,

ACG President

Discuss the role of the gastroenterologist and the GI care team in the recognition, diagnosis, and management of anal and other HPV related cancers.

5:00 pm - 5:10 pm Break

SIMULTANEOUS SYMPOSIA SESSION 4 - Choose from 2 5:10 pm - 6:25 pm

SYMPOSIUM 4A: Emerging Issues in Pancreaticobiliary Disorders

Moderator: Anna Evans Phillips, MD, MS | ♥ West Ballroom A

Approach to the Patient With Chronic Pancreatitis Pain and Complications

Anna Evans Phillips, MD, MS

Explain the pathophysiology and evaluation of pain and complications in chronic pancreatitis, and summarize the medical, endoscopic, and surgical treatment options available.

• A Comprehensive Approach to Pancreatic Cysts

Elham (Ellie) Afghani, MD

Discuss the radiographic and endosonographic evaluation of cysts including cyst fluid analysis, surveillance strategies based on existing guidelines, and current endoscopic and surgical management.

Current Diagnosis and Management of Cholangiocarcinoma

Andrew Y. Wang, MD, FACG

Describe the diagnosis and staging of cholangiocarcinoma, including imaging, ERCP and EUS, surgical management, and the different approaches to the palliation of biliary obstruction.

SYMPOSIUM 4B: High Yield Topics: Changes to Bowel Habits

Moderator: Paul Feuerstadt, MD, FACG | ♥ West Ballroom B

Moderation of the Microbiome and C. difficile Infection: Have We Finally Made It?

Paul Feuerstadt, MD, FACG

Explain the management of *C. difficile* infection, the microbiome, and new microbiota-based live biotherapeutics.

Chronic Diarrhea: Diagnostic Algorithm, Differential Diagnosis Work-Up, and Management

Darrell S. Pardi. MD. MS. FACG

Discuss a practical evidence-based approach to patients with chronic diarrhea, and issues of irritable bowel syndrome, bile salt diarrhea, microscopic colitis, and immune checkpoint colitis.

• Chronic Constipation: Is It a Motility Disorder or Something Else? Lin Chang. MD. FACG

Describe how best to approach the patient with chronic constipation, including identifying and diagnosing motility disorders and those with other etiologies.

6:25 pm Adjourn for the Day

ANNUAL SCIENTIFIC MEETING

*Underlined names are presenting authors

♦ WEDNESDAY, OCTOBER 25, 2023 8:30 AM - 12:15 PM | WEST BALLROOMS A & B

8:15 am - 11:30 am Registration Open

♀ Level 1 City Foyer

8:30 am - 12:15 pm Annual Scientific Meeting

SIMULTANEOUS PLENARY SESSION 4 - Choose from 2 8:30 am - 10:15 am

PLENARY SESSION 4A - BILIARY / PANCREAS / INTERVENTIONAL ENDOSCOPY

Moderators: Immanuel K.H. Ho, MD, FACG and Dayna S. Early, MD, FACG $\mid \pmb{\varphi}$ West Ballroom A

55. Similar Efficacy of a Novel Bipolar Radiofrequency Ablation Knife to Monopolar Current Knife in Endoscopic Submucosal Dissection of Colonic Lesions: A Non-Inferiority Randomized Trial

Mai A. Khalaf, MD¹, Al sayed Wasfy², Sabry Abosaif², Mohamed Yousef², Michael Mercado¹, Tara Keihanian, MD¹, Salmaan A. Jawaid, MD¹, <u>Mohamed O. Othman, MD¹</u>; ¹Baylor College of Medicine, Houston, TX, ²Tanta University, Tanta, Al Gharbiyah, Egypt

56. Outcomes from Hemorrhoidal Artery Embolization in a Multidisciplinary Outpatient Interventional Center: A Review of 211 Patients

<u>Alex Pavidapha, MD</u>¹, Abin Sajan, MD², Jade Lerner, MD¹, Rachel Piechowiak, DO¹, Atul Marathe, MD³, Ari Isaacson, MD¹, Sandeep Bagla, MD¹; ¹Hemorrhoid Centers USA, Falls Church, VA; ²Columbia University Irving Medical Center, New York, NY; ³Gastro Health, Woodbridge, VA

57. Endoscopic Ultrasound Guided Liver Biopsy Is Effective and Safe in Patients After Liver Transplant

<u>Joshua L. Hudson, MD, MS</u>¹, Todd Baron, MD², Neil Shah, MD³, Amy Lilly, MD⁴; ¹University of North Carolina School of Medicine, Chapel Hill, NC, ²University of North Carolina at Chapel Hill School of Medicine, Chapel Hill, NC, ³UNC School of Medicine, Chapel Hill, NC, ⁴UNC Hospitals, Chapel Hill, Chapel Hill, NC

58. Successful EUS-Guided Pancreatic Cyst Chemoablation Safely Allows Reduction in the Intensity of Post Treatment Radiographic Surveillance: Long-Term Follow-Up of Randomized Prospective Data

Wes Heinle, MPH, Brandy Headlee, PA-C, Sydney Rhoades, BS, Matthew Moyer, MD; Penn State Health Milton S. Hershey Medical Center, Hershey, PA

59. Prospective Evaluation of Procedural Factors Related to False Negative Fluorescence In-Situ Hybridization (FISH) in Patients With Extrahepatic Cholangiocarcinoma

★ Outstanding Research Award in the Biliary/Pancreas Category (Trainee)
Manik Aggarwal, MBBS, Eric J. Vargas, MD, MS, John Martin, MD, Bret
Petersen, MD, Aliana Bofill-Garcia, MD, Ryan J. Law, DO, Andrew Storm, MD,
Barham Abu Dayyeh, MD, MPH, Vinay Chandrasekhara, MD; Mayo Clinic,
Rochester, MN

60. Improved Survival Outcomes in Pancreatic Adenocarcinoma Associated With Intratumoral Bacteroides Abundance and Decreased Regulatory T-Cell Infiltrate Daniel Segarra, MD¹, Saif Zaman, MD², George Chen, MD², Shaffer R. S. Mok,

<u>Daniel Segarra, MD</u>², Sair Zaman, MD², George Chen, MD², Shaffer R. S. Mok, MD³; 'University of South Florida Health, Tampa, FL, ²Yale University School of Medicine, New Haven, CT, ³Moffitt Cancer Center, Tampa, FL

61. Intermuscular Adipose Tissue Is Associated With the Severity of Acute Pancreatitis in Hospitalized Patients

Pedro Cortes, MD¹, Tyler Mistretta, MD², Brittany Jackson, MD¹, Ahmed Salih, MD³, Caroline Olson, MD¹, Panagiotis Korfiatis, PhD⁴, Jason Klug, PhD⁴, Fernando Stancampiano, MD¹, Dana Harris, MD¹, J Dan Echols, MD¹, Rickey Carter, PhD¹, Baoan Ji, MD, PhD¹, Heather Hardway, PhD¹, Michael Wallace, MD⁵, Vivek Kumbhari, MBBCh, PhD¹, Yan Bi, MD, PhD¹; ¹Mayo Clinic, Jacksonville, FL, ²Mayo Clinic Florida, Jacksonville, FL, ³Indiana University School of Medicine, Muncie, IN, ⁴Mayo Clinic, Rochester, MN, ⁵Sheikh Shakhbout Medical City, Abu Dhabi, United Arab Emirates

62. Socioeconomic Factors Associated with Risk of Food Insecurity in the Adult Cystic Fibrosis Population: A Prospective Analysis

Maya Mahmoud, MD¹, <u>Eugene Nwankwo, MD</u>², Aaron Goffinet³, Ameya Deshmukh, DO², Eyad Gharaibeh, MD¹, Abdallah El Alayli, MD¹, Ravi Nayak, MD¹, Christopher Barrios, MD¹, Christine Hachem, MD¹; 'St. Louis University, St. Louis, MO, ²St. Louis University Hospital, St. Louis, MO, ³St. Louis School of Medicine, St. Louis, MO

63. Treatment of Exocrine Pancreatic Insufficiency in Patients With Chronic/ Recurrent Acute Pancreatitis Improves Treatment Satisfaction and Decreases Healthcare Utilization: Interim Findings From the PACT-CP Registry

★ Outstanding Research Award in the Biliary/Pancreas Category
Jodie A. Barkin, MD, FACG¹, Yasmin G. Hernandez-Barco, MD², Samer AlKaade, MD³, Rahul Pannala, MD⁴, Janine Twal, PharmD⁵, Jennifer Pack, MSN,
ACNP-BC⁶, Trudi Delk, PharmDˀ, Valerie J. Powell, BS, MS⁶, David C. Whitcomb,
MD, PhD⁰; 'University of Miami, Leonard M. Miller School of Medicine, Miami,
FL, ²Massachusetts General Hospital, Boston, MA, ³Mercy, Sunset Hills, MO,
⁴Mayo Clinic, Scottsdale, AZ, ⁵Aimmune Therapeutics, a Nestlé Health Science
Company, Bridgewater, NJ, ⁶Nestle Health Science, Bridgewater, NJ, ¬Aimmune
Therapeutics, a Nestlé Health Science Company, Bridgewater Township, NJ,

Medicine, Pittsburgh, PA

PLENARY SESSION 4B - IBD / OBESITY / STOMACH / PEDIATRICS

Moderators: Samir A. Shah, MD, FACG and Asmeen Bhatt, MD, PhD | • West Ballroom B

65. Outcomes of Anti-Obesity Glucagon-Like Peptide 1 Agonists vs Revisional Endoscopic Sleeve Gastroplasty for Weight Regain After Laparoscopic Sleeve Gastrectomy: A Case-Control Real World Experience

★ Outstanding Research Award in the Obesity Category (Trainee)
Firas Bahdi, MD¹, Sagar Shah, MD², Fadi Dahoud, BSc¹, Julia L. Boland, MD²,
Maryam Farooq, MSEd¹, Philip Kozan, MD², Christopher Paiji, MD², Jennifer Phan,
MD³, Stephen Kim, MD², Adarsh Thaker, MD², Erik Dutson, MD², Na Shen, MD¹, V.
Raman Muthusamy, MD, MAS², Danny Issa, MD²; ¹David Geffen School of Medicine
at University of California Los Angeles, Los Angeles, CA, ²UCLA, Los Angeles, CA,
³Keck School of Medicine of USC, Los Angeles, CA

66. Metoclopramide Use in the Setting of Upper Gastrointestinal Bleed: An Updated Meta-Analysis

<u>Diego A. Reymunde Duran, MD</u>¹, Maryam R. Hussain², Faisal S. Ali, MD¹, Asmeen Bhatt, MD, PhD¹; ¹University of Texas Health Science Center at Houston, Houston, TX, ²School of Public and Population Health University of Texas Medical Branch, Galveston, TX

67. Superiority of Nasal Spray Compared to Orally Administered Metoclopramide in Reducing Healthcare Costs in Treating Diabetic Gastroparesis Patients

Richard McCallum, MD, FACG¹, Michael Cline, DO², Mostafa Shokoohi, PhD³, Sumaiya Marium, MSc³, Jonathan Kish, PhD³, David C. Kunkel, MD⁴; ¹TTUHSC, El Paso, TX, ²Cleveland Clinic Foundation, Cleveland, OH, ³EVERSANA, Burlington, ON, Canada, ⁴UC San Diego Health, La Jolla, CA

68. Non-Invasive Vagal Nerve Stimulation Reduces Nausea Rescue Medication in Patients With Gastroparesis and Related Disorders, With Additional Benefits on Multiple Other Associated Symptoms

Guillermo Barahona, MD, MBA¹, Luisa Villatoro, MD, MBA¹, Glenn Treisman, MD, PhD², Megan McKnight, PA-C³, Robert Burns, BSc³, Candace K. McClure, PhD⁴, Eric Liebler, BA⁵, <u>Pankaj Pasricha, MD, MBBS¹</u>; ¹Mayo Clinic Arizona, Scottsdale, AZ, ²John Hopkins University School of Medicine, Baltimore, MD, ³Johns Hopkins University, Baltimore, MD, ⁴NAMSA, Minneapolis, MN, ⁵Nisola Consulting, Liberty, ME

69. Efficacy of Guselkumab in Patients With Moderately to Severely Active Crohn's Disease Not in Clinical Response at Week 12: Results From the GALAXI 1 Study

Remo Panaccione, MD¹, <u>Anita Afzali, MD, MPH, MHCM, FACG²</u>, Geert R. D'Haens, PhD³, Leonardo Salese, MD⁴, Natalie A. Terry, MD⁴, Aparna Sahoo, DO⁴, Mary Ellen Frustaci, PhD⁴, Zijiang Yang, PhD⁴, Eran Zittan, MD⁵, Silvio Danese, MD, PhD⁶, Tadakazu Hisamatsu, MD, PhDづ; ¹University of Calgary, Calgary, AB, Canada, ²University of Cincinnati College of Medicine, Cincinnati, OH, ³Amsterdam University Medical Center, Amsterdam, Drenthe, Netherlands, ⁴Janssen Research & Development, LLC, Spring House, PA, ⁵Emek Medical Center, Afula, HaDarom, Israel, ⁵IRCCS San Raffaele Scientific Institute, Vita-Salute San Raffaele University, Milan, Lombardia, Italy, ²Kyorin University School of Medicine, Tokyo, Japan

OCTOBER 23-25, 2023 (All Times Are PT)

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

70. Two-Year Efficacy and Safety of Mirikizumab Following 104 Weeks of Continuous Treatment: Interim Results From the LUCENT-3 Open-Label Extension Study

Bruce E. Sands, MD, MS, FACG¹, Geert D'Haens, MD, PhD², David B. Clemow, ³, Peter M. Irving⁴, Jordan Johns, PhD³, Theresa Hunter Gibble, PhD, MPH³, Maria T. Abreu, MD⁵, Scott Lee⁶, Tadakazu Hisamatsu, MD, PhD⁷, Taku Kobayashi, MD, PhD8, Marla C. Dubinsky, MD9, Séverine Vermeire, MD, PhD10, Corey A. Siegel, MD, MS¹¹, Laurent Peyrin-Biroulet, MD, PhD¹², Richard E. Moses, DO, JD³, Joe Milata³, Vipin Arora³, Remo Panaccione, MD¹³, Axel Dignass, MD, PhD¹⁴; ¹Icahn School of Medicine at Mount Sinai, New York, NY, ²Amsterdam University Medical Center, Amsterdam, Noord-Holland, Netherlands, ³Eli Lilly and Company, Indianapolis, IN, 4Guy's and St. Thomas' Hospitals, London, England, United Kingdom, ⁵University of Miami Miller School of Medicine, Miami, FL, ⁶Digestive Health Center University of Washington Medical Center, Seattle, WA, 7Kyorin University School of Medicine, Tokyo, Tokyo, Japan, ⁸Kitasato University Kitasato Institute Hospital, Center for Advanced IBD Research and Treatment, Tokyo, Tokyo, Japan, ⁹Mount Sinai Kravis Children's Hospital, New York, NY, ¹⁰UZ Leuven, Leuven, Vlaams-Brabant, Belgium, ¹¹Dartmouth-Hitchcock Inflammatory Bowel Disease Center, Dartmouth-Hitchcock Medical Center, Lebanon, NH, ¹²Last Inserm U⁹⁵⁴ and CHU de Nancy, Lorraine University, Vandoeuvre-lès-Nancy, Lorraine, France, ¹³University of Calgary, Calgary, AB, Canada, ¹⁴Agaplesion Markus Hospital, Goethe University, Frankfurt, Hessen, Germany

71. Real-World Clinical Effectiveness and Safety of Vedolizumab and Ustekinumab in Bio-Naïve Patients With Complex Crohn's Disease: Results from the EVOLVE Expansion Study

Marc Ferrante, MD1, Britt Christensen, MD2, Brian Bressler, MD, MS, FRCPC3. Zaeem Khan, MPH⁴, Marielle Bassel⁴, Pravin Kamble, PhD⁵, Shashi Adsul, MD, MBA⁵, Zeinab Farhat, PhD⁵, Michael Scharl, MD⁶; ¹University Hospitals Leuven, Leuven, Vlaams-Brabant, Belgium, ²University of Melbourne and Royal Melbourne Hospital, Melbourne, Victoria, Australia, ³St. Paul's Hospital, Vancouver, BC, Canada, ⁴PPD, part of Thermo Fisher Scientific, Montreal, PQ, Canada, ⁵Takeda Pharmaceuticals, Cambridge, MA, ⁶University of Zurich,

72. Comparative Effectiveness of Upadacitinib vs Ustekinumab for Ulcerative Colitis at 8-16 Weeks: A Multicenter Retrospective Cohort Study

★ Outstanding Research Award in the IBD Category (Trainee) Rahul Dalal, MD, MPH1, Govind Kallumkal, MD2, Heidy Cabral, BS, MD1, Salam Bachour, MD, MS1, Edward Barnes, MD, MPH, FACG3, Jessica R. Allegretti, MD, MPH¹; ¹Brigham and Women's Hospital, Harvard Medical School, Boston, MA, ²University of North Carolina School of Medicine, Chapel Hill, NC, ³University of North Carolina at Chapel Hill, Chapel Hill, NC

LATE BREAKING ABSTRACT

73. Dupilumab Improves Histologic and Endoscopic Aspects of Eosinophilic Esophagitis (EoE), as Well as Rate of Weight Gain, in Children Aged 1 to <12 years: 52-week Results From the Phase 3 EoE KIDS Trial

Mirna Chehade, MD, MPH1, Evan S. Dellon, MD, MPH2, Jonathan M. Spergel, MD, PhD³, Marc E. Rothenberg, MD, PhD⁴, Robert D. Pesek, MD⁵, Margaret H. Collins, MD⁴, Ikuo Hirano, MD⁶, Ruigi Liu, PhD⁷, Elizabeth Laws, PhD⁸, Eric Mortensen, MD⁷, Renata Martincova, MD⁹, Jennifer Maloney, MD⁷, Eilish McCann, PhD⁷, Matthew P. Kosloski, PharmD, PhD7, Jennifer D. Hamilton, PhD7, Carin Samuely, MD7, Lila Glotfelty, MD, PhD8, Arsalan Shabbir, MD, PhD7, 1Mount Sinai Center for Eosinophilic Disorders, Icahn School of Medicine at Mount Sinai, New York, NY; ²University of North Carolina School of Medicine, Chapel Hill, NC; ³Children's Hospital of Philadelphia, Philadelphia, PA; 4Cincinnati Children's Hospital Medical Center and University of Cincinnati College of Medicine, Cincinnati, OH: ⁵University of Arkansas for Medical Sciences and Arkansas Children's Hospital, Little Rock, AR; 6Northwestern University Feinberg School of Medicine, Chicago, IL; ⁷Regeneron Pharmaceuticals Inc., Tarrytown, NY; ⁸Sanofi, Bridgewater, NJ; ⁹Sanofi, Prague, Czech Republic

10:15 am - 10:20 am Break

10:20 am - 10:50 am

David Y. Graham Lecture - Intestinal Microbiome: Answer to All GI Ailments?

David A. Johnson, MD, MACG | ♥ West Ballroom B Introduced by: Daniel J. Pambianco, MD, FACG, ACG President

Discuss current associations of intestinal microbiome and purported disease states.

10:50 am - 11:00 am Break

SIMULTANEOUS SYMPOSIA SESSION 5 - Choose from 2 11:00 am - 12:15 pm

SYMPOSIUM 5A: Challenging Consultations in Liver Disease Moderator: Joseph Ahn, MD, MS, MBA, FACG | ♥ West Ballroom A

- · What's New in the Diagnosis and Management of Viral Hepatitis? Paul Y. Kwo. MD. FACG Discuss current updates in the management of viral hepatitis and progress towards achieving World Health Organization viral hepatitis elimination targets.
- · Approach to the Diagnosis and Management of Non-HCC Focal **Liver Lesions**

Joseph Ahn, MD, MS, MBA, FACG Describe the common causes of non-hepatocellular carcinoma focal liver lesions and the current approach to diagnosis and management.

· Updates in the Diagnosis and Management of Autoimmune **Hepatitis and Overlap Syndromes**

Gina Choi, MD

Summarize the latest treatment and management approach to AIH and autoimmune liver disease overlap syndromes.

SYMPOSIUM 5B: Practical Pearls in IBS: Clinical Cases Where the Art Meets the Science

Moderator: Brian E. Lacy, MD, PhD, FACG | ♥ West Ballroom B

- Making the IBS Diagnosis Clinical Cases in Challenging Patients Brian E. Lacy, MD, PhD, FACG Define irritable bowel syndrome and understand the diagnostic criteria for this condition.
- · What's in the Medication Toolbox for IBS Pain Relief Christine Y. Hachem, MD, FACG Identify pharmacologic approaches to the treatment of IBS.
- Non-Pharmacologic Treatment Options for IBS David J. Hass, MD, FACG Discuss diet, exercise/physical therapy, probiotics, and complementary and alternative medicine strategies in the management of IBS.

12:15 pm Annual Scientific Meeting Adjourns

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 46.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are awarded as follows: 31.5 AMA PRA Category 1 Credits™ for the Annual Meeting, and 15.25 AMA PRA Category 1 Credits™ for the Annual Scientific Meeting Bonus (Breakfast) Sessions (Bonus Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 46.75 Medical

Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

On-Demand ANNUAL SCIENTIFIC MEETING BONUS SESSIONS

"Meet the Experts" Breakfast Sessions

ACG will again offer its popular "Meet the Experts" sessions on Monday and Tuesday mornings. These in-person, 45-minute sessions are open to all and will be tied to select topic areas from the optional Annual Scientific Meeting Bonus Sessions. Sessions on Monday (7:00 am - 7:45 am) will cover Liver, Endoscopy, GI Bleeding, DEI, and IBD. Tuesday sessions (7:30 am - 8:15 am) will cover Nutrition, IBD, Endoscopy, Liver, and Pancreaticobiliary. Coffee and light breakfast items will be provided. While purchase of the Bonus Sessions is not required to attend these sessions, attendees who have purchased and watched the on-demand Bonus Sessions in advance will benefit most from these casual in-person opportunities for Q&A with faculty experts.

"Meet the Experts" | Monday, Oct 23, 7:00 am - 7:45 am | Room 215

BONUS SESSION A - Hepatology Potpourri

Moderator: Robert J. Wong, MD, MS, FACG

 What's New in the Diagnosis and Management of Acute Kidney Injury and Hepatorenal Syndrome in Patients With Cirrhosis Patrick S. Kamath, MD

Summarize the approach to evaluation and management of acute kidney injury and hepatorenal syndrome in patients with cirrhosis.

HCC Updates: Diagnosis and Management

Robert J. Wong, MD, MS, FACG

Describe updates in the epidemiology and current management approaches of patients with hepatocellular carcinoma.

 Challenging Hepatology Consultations: A Case-Based Discussion

Norah A. Terrault, MD, MPH, FACG

Discuss the evaluation and management of complex hepatology consults in real-world practice.

"Meet the Experts" | Monday, Oct 23, 7:00 am - 7:45 am | Room 216

BONUS SESSION B - How to Implement New Tools in Your Practice

Moderator: Seth A. Gross, MD. FACG

• Are Disposable Endoscopes Ready for Prime Time? Green Versus Red

V. Raman Muthusamy MD, MAS, FACG Discuss the recently available disposable endoscopes and their applicability in clinical practice.

Utilizing Artificial Intelligence in Endoscopy

Seth A. Gross, MD, FACG

Outline current applications of artificial intelligence in gastrointestinal endoscopy, and ways to introduce AI in routine clinical practice.

"Meet the Experts" | Monday, Oct 23, 7:00 am - 7:45 am | Room 217

BONUS SESSION C - Vascular Disorders of the Gastrointestinal Tract

Moderator: Christian S. Jackson, MD, FACG

· Ischemic Disease: Colon Ischemia, and Acute and Chronic Ischemia

Olga C. Aroniadis, MD, MSc, FACG

Highlight the epidemiology, diagnosis, and evidence-based management of colon ischemia, and acute and chronic mesenteric ischemia.

 A Practical Guide to Diagnosing and Managing **Angiodysplasias of the GI Tract**

Christian S. Jackson, MD, FACG Summarize ways to identify, diagnose, and treat angiodysplasia, including risk factors and predictors of poor outcome.

 A New Organ: The Mesentery and Mesenteric Disease Monjur Ahmed, MD, FACG

Discuss the newly-named organ, the mesentery, diseases associated with it, and their diagnosis and management.

Add this optional package to your Annual Scientific Meeting registration for even more firstclass education that provides an additional 15 hours of CME/MOC credit, and access to over 40 recorded presentations (and slides) from 15 sessions. These sessions are pre-recorded presentations by faculty, and will be available until March 31, 2024 on the ACG 2023 Conference Platform. (There will be no in-person Bonus Sessions offered in Vancouver, and they will not be livestreamed.) Visit the Registration Desk on Level 1 to purchase access to these sessions, or purchase access online at acgmeetings.gi.org/registration.

"Meet the Experts" | Monday, Oct 23, 7:00 am - 7:45 am | Room 218

BONUS SESSION D - Incorporating Health Equity, Health **Disparity Training, and Diversity Into Our Practices**

Moderator: Renee L. Williams, MD, MHPE, FACG

• Laying the Foundation for Understanding Health Disparities and Social Determinants of Health

Patricia Ajayi-Fox, MD Outline key concepts in health disparities and social determinants of health.

- Incorporating Health Equity Training Into GI Fellowship Renee L. Williams, MD, MHPE, FACG Summarize the various curricular tools for incorporating health equity training into GI fellowship.
- Incorporating DEI Into GI Faculty Practice Laura Targownik, MD Define diversity, equity, and inclusion in the GI workforce, barriers, and practical steps for incorporating diversity in the physician workforce.

"Meet the Experts" | Monday, Oct 23, 7:00 am - 7:45 am | Room 219

BONUS SESSION E - Management of IBD Through the Ages Moderator: Adam S. Faye, MD, MS

• From TikTok to Transitions: IBD Care for the Young Adult Sandra Kim, MD

Explain strategies for continuity of IBD care, tools for advocacy, adherence to treatment, and access to affordable care.

· IBD Before, During, and After Conception

Vivian Huang, MD

Summarize the latest evidence for diagnostic and therapeutic management of IBD and family planning for both men and women.

 Practical Considerations for the Care of the Older Adult Adam S. Faye, MD, MS

Identify diagnostic and treatment strategies for the older IBD patient, factoring in age-related variables which impact disease course.

"Meet the Experts" | Tuesday, Oct 24, 7:30 am - 8:15 am | Room 215

BONUS SESSION F - You Are What You Eat: Practical Dietary Advice Beyond FODMAPs

Moderator: Anthony J. Lembo, MD, FACG

- · Food Allergy Testing: If, When, and How to Do It Anthony J. Lembo, MD, FACG Identify appropriate patients who might benefit from food allergy testing, delineate methods of testing, and appreciate clinical situations and patient populations.
- Disaccharidase Deficiencies: More Common Than You Think Lavanya Viswanathan, MD, MS Outline prevalence of various disaccharidase deficiencies in adults (including congenital sucrase isomaltase deficiency), appropriate diagnostic methods, and management strategies.
- · Ask the Dietitian: Expert Resources You Can Give Your **Patients**

Emily Haller, MS, RDN

Explore various dietitian-recommended patient resources addressing functional bowel disorders, such as apps, books, websites, and other resources.

"Meet the Experts" | Tuesday, Oct 24, 7:30 am - 8:15 am | Room 216

BONUS SESSION G - How Comorbidities Impact Treatment Decisions in IBD

Moderator: Bincv P. Abraham, MD, MS, FACG

- The Patient With Cardiovascular Risk Factors Bincy P. Abraham, MD, MS, FACG Summarize an approach to IBD-related decision-making and monitoring for the patient with cardiac comorbidities or risk factors.
- The Patient With Thromboembolic Risk Factors David T. Rubin, MD, FACG Identify, treat, and monitor higher-risk IBD patients for thromboembolic disease.
- The Patient With Obesity Amanda M. Johnson, MD Highlight the medical and surgical treatment options for obese IBD patients.

ANNUAL SCIENTIFIC MEETING

"Meet the Experts" | Tuesday, Oct 24, 7:30 am - 8:15 am | Room 217

<u>BONUS SESSION H</u> - Endoscopic Challenges in Everyday Practice: What Do I Do Next?

Moderator: J. Andy Tau, MD

• I Am Called in for an Active Upper GI Bleed: How Do I Best Manage It?

J. Andy Tau, MD

Summarize the endoscopic armamentarium and the new available tools to manage GI bleeding.

• I See a Large Polyp During Routine Colonoscopy: How Do I Deal With It?

Mohit Girotra, MD, FACG

Analyze the role of endoscopic evaluation and resection techniques of large colon polyps.

· My Patient Has a Perforation: What Do I Do?

Rabia A. de Latour, MD

Discuss the endoscopic toolbox and multidisciplinary management for managing perforations encountered during a procedure.

"Meet the Experts" | Tuesday, Oct 24, 7:30 am - 8:15 am | Room 218

<u>BONUS SESSION I</u> - Holistic Approach to Common Liver Diseases - Practical Case-Based Discussions

Moderator: Ayse Aytaman, MD, FACG

Management Approach to Patients With Alcohol-Associated Liver Disease

Atoosa Rabiee, MD

Describe the multi-disciplinary team-based approach to managing AALD, the roles of physicians, advanced practice providers, pharmacists, and social workers, and the barriers to effective clinical care.

Comprehensive Management of MASLD: Navigating the Clinical Care Pathway

Rohit Loomba, MD

Discuss the importance of a multi-disciplinary approach to comprehensive management of patients with metabolic dysfunction-associated steatotic liver disease (MASLD), and understand potential disparities in timing of care.

Navigating the Continuum of Care for Patients With Cirrhosis and HCC

Ayse Aytaman, MD, FACG

Summarize the advantages of comprehensive team-based clinical management of patients with cirrhosis and cirrhosis-related complications.

"Meet the Experts" | Tuesday, Oct 24, 7:30 am - 8:15 am | Room 219

$\underline{BONUS\ SESSION\ J}$ - Endoscopy in the Management of Pancreatico-Biliary Disorders - A Video-Based Session

Moderator: Linda S. Lee, MD, FACG

• Endoscopic Management of Acute Pancreatitis Complications Linda S. Lee, MD, FACG

Explain the endoscopic techniques used in the management of pancreatic fluid collections and pancreatic duct leaks in the setting of acute pancreatitis.

• EUS-Guided Management of Cholecystitis

Douglas G. Adler, MD, FACG

Describe the endoscopic approach to EUS-guided interventions in cholecystitis, including patient selection, technical aspects, and success and complication rates, as well as alternative surgical and radiologic methods.

• Evaluation and Resection of Ampullary Lesions

Adam Slivka, MD, PhD

Explain the radiologic and endosonographic evaluation of ampullary lesions, indications for endoscopic versus surgical intervention, achieving complete resection and ensuring biliary and pancreatic drainage, and immediate and delayed complications.

*Bonus Sessions K, L, M, N, and O will be on demand only. There will be no live component to these five sessions.

Bonus Session <u>K</u> - Barrett's Esophagus: Debates, Controversies, Difficult Cases, and More!!

Moderator: Shivangi T. Kothari, MD, FACG

Debate Panelists: Nicholas J. Shaheen, MD, MACG; Harshit S. Khara, MD, FACG; and Vani J.A. Konda, MD, FACG

FACG, and vani J.A. Konda, MD, FACG

Explain the role of endoscopic treatments, radiofrequency ablation, and cryotherapy in the management of dysplastic and non-dysplastic Barrett's esophagus, and apply the surveillance guidelines for long-segment Barrett's esophagus.

BONUS SESSION L - Going Green in Gastroenterology

• Healthcare and the Environment: What the GI Needs to Know Silvio W. de Melo, Jr., MD, FACG

Assess the impact on the environment of gastroenterology and endoscopy practices.

The Economic Impact of GI Innovations: Pros and Cons

Swapna Gayam, MD, FACG

Discuss the potential ecological and financial impact of "going green," and the impact of disposable instruments including endoscopes.

• GI and Industry Partnership for Ecological Sustainability Heiko Pohl. MD

Outline recommendations for creating an ecological partnership between gastroenterology practice and industry.

On-demand BONUS SESSIONS

BONUS SESSION M - Evidence-Based GI Editors' Roundtable: 2023 Year in Review - The GI Research That Changes Patient Care

- · An Introduction to ACG's New Evidence-Based GI Journal and Its Goals Philip S. Schoenfeld, MD, MSEd, MScEpi, FACG Summarize the ACG Evidence-Based GI Journal, its goals and structure, and how the clinician can utilize it in their practice.
- Esophageal Potpourri: Proton Pump Inhibitors, PCABs, and Eosinophilic **Esophagitis**

Jennifer M. Kolb, MD

Highlight esophageal topics covered in 2023 in ACG's Evidence-Based GI

- Inflammatory Bowel Disease: Making Sense of New Treatment Paradigms Jessica R. Allegretti, MD, MPH, FACG Discuss high impact IBD topics from 2023 in ACG's Evidence-Based GI
- · Optimizing the Quality of Colorectal Cancer Screening Philip N. Okafor, MD, MPH, FACG Outline an overview of colorectal cancer manuscripts published in 2023 in

the ACG Evidence-Based GI Journal.

BONUS SESSION N - Complications of IBD or Its Therapies

• I'm Burning Up - To Treat or Not Treat

Francis A. Farraye, MD, MSc, MACG

Differentiate between infectious symptoms related to IBD that warrant treatment and holding immunosuppression versus continuing IBD care.

· Everything Hurts - Management of Joint Pain in IBD

David P. Hudesman, MD. FACG

Recognize extraintestinal joint manifestations of IBD and medicationassociated, joint-related adverse effects of IBD treatment.

· I'm So Tired: Tips to Address Fatigue in IBD

Dawn M. Beaulieu, MD, FACG

Highlight diagnostic and management strategies to address diseaseassociated and treatment-related fatigue among IBD patients, including iron-deficiency anemia, hypothyroidism, and malnutrition.

BONUS SESSION O - Practice Structure and Compensation

GI Practice: Structure and Ownership

Ann M. Bittinger, JD

Distinguish the different models of GI practice structure and paths to

Compensation Models and Incentives

Harish K. Gagneja, MD, FACG

Compare various methods of compensation and appraise varied incentive models.

• Payor Contracting and Revenue Cycle Management

Vonda G. Reeves, MD, MBA, FACG

Compare various methods of contract negotiation and collecting patient service revenue.

American College of Gastroenterology

ANNUAL SCIENTIFIC MEETING

Bincy P. Abraham, MD, MS, FACG

Professor of Clinical Medicine; Program Director - GI Fellowship, Houston Methodist Hospital, Houston, TX

Jean-Paul Achkar, MD, FACG

Rainin Endowed Chair for IBD Research, Cleveland Clinic, Cleveland, OH

Douglas G. Adler, MD, FACG

Professor of Medicine, Co-Director, Center for Advanced Therapeutic Endoscopy, Centura Health, Salt Lake City, UT

Elham (Ellie) Afghani, MD

Assistant Professor of Medicine, Johns Hopkins School of Medicine, Baltimore MD

Anita Afzali, MD, MPH, MHCM, FACG

Executive Vice Chair, Department of Internal Medicine, University of Cincinnati, Cincinnati, OH

Monjur Ahmed, MD, FACG

Clinical Associate Professor, Thomas Jefferson University Hospital, Philadelphia, PA

Joseph Ahn, MD, MS, MBA, FACG

Professor of Medicine, Oregon Health & Science University, Portland, OR

Patricia Ajayi-Fox, MD

Assistant Professor, University of Alabama, Birmingham, AL

Jessica R. Allegretti, MD, MPH, FACG

Director of Clinical Research; Director, Fecal Microbiota Transplant Program; Director, Crohn's and Colitis Center, Brigham and Women's Hospital; Associate Professor of Medicine, Harvard Medical School, Cambridge, MA

Olga A. Aroniadis, MD, MSc, FACG

Associate Professor of Clinical Medicine, Stony Brook University Hospital, Stony Brook, NY

Ayse Aytaman, MD, FACG

Chief of Gastroenterology/ Hepatology, VA NY Harbor Healthcare System Brooklyn, Brooklyn, NY

Jasmohan S. Bajaj, MD, MS, FACG

Professor, Virginia Commonwealth University School of Medicine, Richmond, VA

Jodie A. Barkin, MD, FACG

Associate Professor of Clinical Medicine, University of Miami Miller School of Medicine, Miami, FL

Alan N. Barkun, MD, CM, MSc (Clin Epi), FACG

Professor of Medicine, Douglas G. Kinnear Chair in Gastroenterology, McGill University Health Center, Montreal, Quebec, Canada

Dawn M. Beaulieu, MD, FACG

Associate Professor of Medicine, Vanderbilt University Medical Center, Nashville, TN

Charles N. Bernstein, MD, FACG

Distinguished Professor of Medicine, Director, Inflammatory Bowel Disease Clinical and Research Centre, University of Manitoba, Winnipeg, Manitoba, Canada

Asmeen Bhatt, MD, PhD

Assistant Professor, University of Texas Health Science Center at Houston, Houston, TX

Manoop S. Bhutani, MD, FACG

Walter H. Wriston Distinguished Professor, University of Texas MD Anderson Cancer Center, Houston, TX

Ann M. Bittinger, JD

Attorney and Owner, The Bittinger Law Firm, Jacksonville, FL

Lawrence J. Brandt, MD, MACG

Professor of Medicine and Surgery, Albert Einstein College of Medicine; Emeritus Chief of Gastroenterology, Montefiore Hospital, Bronx, NY

Juan Carlos Bucobo, MD

VP, Gastroenterology Services, Northwell Health, Manhasset, NY

Lin Chang, MD, FACG

Professor of Medicine, David Geffen School of Medicine at UCLA, Los Angeles, CA

Shannon Chang, MD/MBA

Associate Professor of Medicine, NYU Langone Health, New York, NY

Christopher G. Chapman, MD

Assistant Professor of Medicine, Director of Endoscopy, Director of Bariatric and Metabolic Endoscopy, Rush University Medical Center, Chicago, IL

William D. Chey, MD, FACG

H. Marvin Pollard Professor of Gastroenterology; Chief, Division of GI & Hepatology, University of Michigan, Ann Arbor, MI

Gina Choi, MD

Assistant Professor of Medicine and Surgery, UCLA, Los Angeles, CA

Sita S. Chokhavatia, MD, MACG

Gastroenterologist, Valley Medical Group, Paramus, NJ

Stanley M. Cohen, MD, FACG

Medical Director, Hepatology, University Hospital/Cleveland Medical Center, Cleveland, OH

Marcia Cross

Co-Founder, HPV Alliance, Los Angeles, CA

Silvio W. De Melo, Jr., MD, FACG

Chief of Gastroenterology, Orlando VA Healthcare System, Orlando, FL

Rabia A. de Latour, MD

Director of Endoscopy (BHC); Chief Sustainability Officer (BHC); Assistant Professor of Medicine (NYUGSOM), Bellevue Hospital / NYU Grossman School of Medicine, New York, NY

Evan S. Dellon, MD, MPH, FACG

Professor of Medicine and Adjunct Professor of Epidemiology, Center for Esophageal Diseases and Swallowing, University of North Carolina at Chapel Hill, Chapel Hill, NC

Kenneth R. DeVault, MD, MACG

Professor of Medicine, Mayo Clinic, Jacksonville, FL

Dayna Early, MD

Professor of Medicine, Washington University in St. Louis, St. Louis, MO

Francis A. Farraye, MD, MSc, MACG

Professor of Medicine, Mayo Clinic, Jacksonville, FL

Adam S. Faye, MD, MS

Assistant Professor of Medicine & Population Health, NYU Grossman School of Medicine, New York, NY

Paul Feuerstadt, MD, FACG

Assistant Clinical Professor of Medicine/ Attending Gastroenterologist, Yale University, School of Medicine/PACT Gastroenterology Center, Hamden, CT

Harish K. Gagneja, MD, FACG

Chief Medical Officer, Austin Gastroenterology, Austin, TX

Swapna Gayam, MD, FACG

Associate Professor, West Virginia University - Section of Gastroenterology and Hepatology, Morgantown, WV

Mohit Girotra, MD

Consultant Gastroenterologist and Therapeutic Endoscopist, Swedish Medical Center, Seattle, WA

David A. Greenwald, MD, FACG

Director of Clinical Gastroenterology and Endoscopy, Mount Sinai Hospital, New York, NY

Seth A. Gross, MD, FACG

Associate Professor of Medicine, NYU School of Medicine; Chief of Gastroenterology, Tisch Hospital, NYU Langone Health, New York, NY

Christina Y. Ha, MD, FACG

Associate Professor, Mayo Clinic Arizona, Scottsdale, AZ

Christine Y. Hachem. MD. FACG

Professor of Internal Medicine, St. Louis University, St. Louis, MO

Emily A. Haller, MS, RDN

Lead GI Dietitian, Division of Gastroenterology and Hepatology, Michigan Medicine, University of Michigan Health, Ann Arbor, MI

David J. Hass. MD. FACG

Associate Clinical Professor of Medicine, Yale University School of Medicine/PACT Gastroenterology Center, A Partner of HHC, Hamden, CT

Philip K. Henderson, DO

Assistant Professor of Medicine, University of South Alabama, Mobile,

Immanuel K. Ho, MD, FACG

Clinical Professor of Medicine, University of Pennsylvania, Philadelphia, PA

Jennifer L. Horsley-Silva, MD

Assistant Professor of Medicine; Assistant Program Director, Advanced Esophageal Diseases Fellowship, Mayo Clinic Arizona, Phoenix, AZ

Vivian Huang, MD, FRCPC

Assistant Professor and Clinician Investigator, Mount Sinai Hospital, University of Toronto, Toronto, Ontario, Canada

David P. Hudesman, MD

Co-Director, Inflammatory Bowel Disease Center, NYU Langone Health, New York, NY

Prasad G. Iyer, MD, MSc, FACG

Professor of Medicine, Mayo Clinic, Rochester, MN

Christian Jackson, MD

Staff Gastroenterologist, VAMC, Loma Linda, CA

Brian C. Jacobson, MD, MPH

Director of Program Development for Gastroenterology, Massachusetts General Hospital, Boston, MA

Simona Jakab, MD

Associate Chief, Digestive Diseases, VA CT Healthcare System; Chief, Klatskin Liver Inpatient Service, Yale New Haven Health, Yale University, VA CT Healthcare System, New Haven, CT

Laith H. Jamil, MD, FACG

Section Head of Gastroenterology and Hepatology, Professor of Medicine, Beaumont Hospital, Royal Oak, Oakland University William Beaumont School of Medicine, Royal Oak, MI

Amanda Johnson, MD

Assistant Professor of Medicine, Mayo Clinic, Rochester, MN

David A. Johnson, MD, MACG

Professor of Medicine and Chief of Gastroenterology, Eastern Virginia Medical School, Norfolk, VA

Afrin N. Kamal, MD. MS

Clinical Assistant Professor of Medicine, Stanford University, Redwood City, CA

Patrick S. Kamath, MD

Professor of Medicine, Mayo Clinic College of Medicine and Science, Rochester, MN

Philip O. Katz, MD, MACG

Professor of Medicine, Weill Cornell Medicine, New York, NY

Vivek Kaul, MD, FACG

Segal-Watson Professor of Medicine, University of Rochester Medical Center, Rochester, NY

Costas H. Kefalas, MD, MMM, FACG

Partner, Akron Digestive Disease Consultants, Inc., Akron, OH

Tara Keihanian, MD, MPH

Assistant Professor, Baylor College of Medicine. Houston. TX

Harshit S. Khara, MD, FACG

Director of Endoscopy; Director of Quality & Research; Associate Director, Advanced Therapeutic Endoscopy Fellowship Program, Geisinger Medical Center, Danville, PA

Sandra C. Kim, MD

Chair - Pediatric Gastroenterology, Hepatology and Nutrition, Cleveland Clinic Children's, Cleveland, OH

Jennifer Kolb, MD, MS

Assistant Professor of Medicine, David Geffen School of Medicine at UCLA, Los Angeles, CA

Vani J.A. Konda, MD, FACG

Clinical Director, Center for Esophageal Diseases, Baylor University Medical Center, Dallas, TX

Shivangi T. Kothari, MD, FACG

Associate Professor of Medicine, Center for Advanced Therapeutic Endoscopy, University of Rochester Medical Center, Rochester, NY

Truptesh Kothari, MD

Associate Professor of Medicine, University of Rochester Medical Center, Rochester, NY

Paul Y. Kwo, MD, FACG

Professor of Medicine, Stanford University, Redwood City, CA

Brian E. Lacy, MD, PhD, FACG

Professor of Medicine, Mayo Clinic, Jacksonville, FL

Linda S. Lee, MD, FACG

Associate Professor of Medicine, Harvard Medical School; Medical Director of Endoscopy, Brigham and Women's Hospital, Boston, MA

Jonathan A. Leighton, MD, FACG

Professor of Medicine, Mayo Clinic, Scottsdale, AZ

Anthony J. Lembo, MD, FACG

Professor, Beth Israel Deaconess Medical Center, Harvard Medical School, Boston, MA

Millie D. Long, MD, MPH, FACG

Professor of Medicine, University of North Carolina, Chapel Hill, NC

Rohit Loomba, MD

Professor of Medicine, University of California, San Diego, La Jolla, CA

Christopher Ma, MD, MPH, FRCPC

Associate Professor, University of Calgary, Calgary, Alberta, Canada

Folasade P. May, MD, PhD, MPhil

Assistant Professor of Medicine, UCLA Health/ Veterans Affairs, Culver City, CA

Fouad J. Moawad, MD, FACG

Associate Professor of Medicine, Scripps Clinic, La Jolla, CA

Baharak Moshiree, MD, MSc, FACG

Professor of Medicine, Atrium Health, Charlotte, NC

Cynthia A. Moylan, MD, MHS

Assistant Professor, Duke University Medical Center, Durham, NC

V. Raman Muthusamy, MD, MAS, FACG

Professor of Clinical Medicine, Director of Endoscopy, University of California, Los Angeles, Los Angeles, CA

Philip N. Okafor, MD, MPH, FACG

Senior Associate Consultant, Department of Gastroenterology, Mayo Clinic, Jacksonville, FL

Daniel J. Pambianco, MD, FACG

Gastroenterology Specialist, GastroHealth of Charlottesville, Charlottesville, VA

Darrell S. Pardi, MD, MS, FACG

Professor of Medicine, Chair, Division of Gastroenterology and Hepatology, Mayo Clinic, Rochester, MN

Anna Evans Phillips, MD, MS

Assistant Professor of Medicine, University of Pittsburgh School of Medicine, Pittsburgh, PA

Irving M. Pike, MD, MACG

Senior Vice President and Chief Medical Officer, John Muir Health, Walnut Creek. CA

Heiko Pohl, MD

Professor of Medicine, VA Medical Center, White River Junction, VT

Linda Rabeneck, MD, MPH, MACG

Professor of Medicine, University of Toronto, Toronto, Ontario, Canada

Atoosa Rabiee, MD

Director of Hepatology, Assistant Professor of Medicine, VAMC, Washington, DC

Vonda G. Reeves, MD, MBA, FACG

Physician, GI Alliance, Flowood, MS

David T. Rubin, MD, FACG

Professor of Medicine and Pathology; Chief, Section of Gastroenterology, Hepatology and Nutrition, University of Chicago Medicine, Chicago, IL

Felice Schnoll-Sussman, MD, MSc, FACG

Professor of Clinical Medicine, Weill Cornell Medical College, New York, NY

Philip S. Schoenfeld, MD, MSEd, MSc (Epi), FACG

Chief (Emeritus)-Gastroenterology Section, John D. Dingell VA Medical Center, Redwood City, CA

Amrita Sethi, MD

Director, Interventional Endoscopy, Columbia University Medical Center-NYP, New York, NY

Samir A. Shah, MD, FACG

Clinical Professor of Medicine, Alpert Medical School of Brown University; Chief of Gastroenterology, The Miriam Hospital, Gastroenterology Associates, Inc., Providence, RI

Nicholas J. Shaheen, MD, MPH, MACG

Professor of Medicine; Chief, Division of Gastroenterology and Hepatology, University of North Carolina, Durham, NC.

Roberto Simons-Linares, MD

Director of Bariatric and Metabolic Endoscopy, Cleveland Clinic, Cleveland, OH

Adam Slivka, MD, PhD

Medical Director of GI Service Line, University of Pittsburgh Medical Center Health System, Pittsburgh, PA

F. Otis Stephen, MD, FACG

Co-Director, Small Bowel Diseases and Nutrition Program, Cedars-Sinai Medical Center, Los Angeles, CA

Shelby A. Sullivan, MD. FACG

Associate Professor, University of Colorado Anschutz Medical Center, Aurora. CO

Laura E. Targownik, MD, MSHS

Division Director, Division of Gastroenterology and Hepatology, Mount Sinai Hospital, University of Toronto, Toronto, Ontario, Canada

J. Andy Tau, MD

Partner, Austin Gastroenterology, Austin, TX

Jennifer J. Telford, MD, MPH, CAGF, FACG

Clinical Professor of Medicine, St. Paul's Hospital, University of British Columbia, Vancouver, British Columbia, Canada

Norah A. Terrault, MD, MPH, FACG

Professor of Medicine & Division Chief, Keck School of Medicine of USC, University of Southern California, Los Angeles, CA

Kenneth J. Vega, MD, FACG

Professor of Medicine and Chief, Division of Gastroenterology and Hepatology, Medical College of Georgia at Augusta University, Augusta, GA

Lavanya Viswanathan, MD, MS

Associate Professor of Medicine, Uniformed Services University of the Health Sciences, Travis AFB, CA

Andrew Y. Wang, MD, FACG

Chief, Division of Gastroenterology and Hepatology, University of Virginia, Charlottesville, VA

Renee L. Williams, MD, MHPE, FACG

Professor of Medicine; Associate Chair, Diversity, Equity and Inclusion, NYU Grossman School of Medicine, New York, NY

Robert J. Wong, MD, MS, FACG

Clinical Associate Professor, Stanford University Medical Center, Veterans Affairs Palo Alto Healthcare System, Palo Alto, CA

Rena H. Yadlapati, MD, MSHS, FACG

Professor, University of California San Diego, San Diego, CA

POSTER PRESENTATIONS

Use the Meeting App

to **SEARCH AND VIEW POSTERS** in the ACG
2023 ePoster Hall!

Tap the Poster tile in the app, then use the menu to browse by title, category, and presenter, or view posters that have received awards and special recognition. Additionally, the ePoster Gallery will open on the site at 12:00pm (PT) on Sunday, October 22.

Poster Presenters! Easily find your poster number by typing your name in the Search bar of the ePoster Hall Site.

Scan the QR code to get the app, or visit acg2023posters. eventscribe.net.

(The full list of posters is only available online; no printed listing will be available.)

Brennan Spiegel, MD, MSHS, FACG

Hetal A. Karsan, MD, FACG

INDUSTRY-SPONSORED SATELLITE SYMPOSIA

Industry-sponsored satellite symposia provide additional educational opportunities for attendees. These programs are independent of the ACG 2023 Annual Scientific Meeting and Postgraduate Course programs. The ACG is not the continuing medical education provider of these programs, unless otherwise noted. For more information, see the company sponsor.

FRIDAY, OCTOBER 20

Mastering the Management of IBD: Challenging Cases *TBD*

② 6:00 pm – 7:30 pm | ♥ Fairmont Waterfront Hotel - Waterfront Ballroom AB

The treatment landscape for inflammatory bowel disease (IBD)
is evolving rapidly, as novel pharmacologic agents continue to
advance the treatment of Crohn's disease and ulcerative colitis. In
this live symposium, 3 IBD experts will discuss and differentiate
these new and emerging therapies, provide context for their use
in clinical practice, and use patient cases to illustrate evolving
concepts in risk stratification, treat-to-target approaches, and
therapeutic monitoring. The symposium will be presented in a "Test
and Teach" format that will pose challenging, case-based questions
to the audience to explore the learner's current knowledge and
therapeutic approach, and then "teach" through them in-depth,

This activity is supported by an independent educational grant from AbbVie Inc.

evidence-based discussion. The program will conclude with an

SATURDAY, OCTOBER 21

interactive audience Q&A session.

An Overview of Health Disparities in IBD

Marla C. Dubinsky, MD; Damie Odufalu. MD

② 5:30 pm - 7:30 pm | ♥ Fairmont Waterfront Hotel - Waterfront Ballroom This symposium will review the definition of health disparities, provide an overview of health disparities in IBD, and present possible strategies that could help reduce barriers to health equity. This program is sponsored by Pfizer.

Eosinophilic Esophagitis: Optimizing Diagnosis and Treatment for Improved Patient Outcomes – A Wheel of Knowledge Challenge!

Evan S. Dellon, MD, MPH, FACG; Nirmala Gonsalves, MD, FACG; Joy W. Chang, MD, MS: Calies Menard-Katcher, MD. MSCs

② 5:30 pm - 7:30 pm | ♥ Vancouver Convention Centre - East Ballroom A

Don't miss this hybrid CME/CNE/AAPA-certified symposium where
expert faculty will review the pathogenesis and risk factors for EoE,
the modalities and best practices for accurate diagnosis of EoE, and
the most recent guidelines and clinical data that aid in the selection
of optimal treatment regimens. BONUS: This program includes
A Wheel of Knowledge Challenge, a highly interactive gaming
segment in which your team will partner with a faculty member to
compete against your peers!

This activity is supported by an independent medical education grant from Regeneron Pharmaceuticals, Inc., and Sanofi.

Expert Guidance on Harnessing New Therapeutic Approaches in Ulcerative Colitis *TBD*

selectivity, and the positioning of new and approved therapies in UC treatment plans.

This program is supported by an educational grant from Pfizer, Inc.

Practical Management of Variceal Bleeding and Hepatorenal Syndrome: Evidence-Based Interventions in Complications of Cirrhosis

Chair: Andrew P. Keaveny, MD

Faculty: Michael P. Curry, MD; Don C. Rockey, MD, FACG

② 7:30 pm - 9:30 pm | ♥ Pinnacle Hotel - Harborfront Ballroom

This educational program is designed to equip gastroenterologists with an in-depth understanding of two critical aspects of advanced liver disease: variceal bleeding and hepatorenal syndrome. These complications pose significant challenges in the management of patients with cirrhosis.

This activity is supported by an educational grant from Mallinckrodt Pharmaceuticals.

SUNDAY, OCTOBER 22

Treatment Selection in Ulcerative Colitis: Optimizing Outcomes through Patient-Centered Decision Making

Marla C. Dubinsky, MD; Bruce E. Sands, MD, MS, FACG

② 5:30 am - 7:30 am | ♥ Vancouver Convention Center West - Room 301

This interactive educational program is designed to provide gastrointestinal healthcare providers with patient-centered strategies to individualize therapy selection in ulcerative colitis. Using a combination of didactic lecture and animated/video simulation case challenges, this program aims to increase clinician knowledge of the safety, efficacy, and mechanism of action of recently approved and emerging therapies; and improve their ability to incorporate the assessment of bowel urgency into management strategies for patients with ulcerative colitis.

This activity is supported by an educational grant from Lilly.

Crohn's Disease Management: The Power of "What Else?

Remo Panaccione, MD, FRCPC

② 7:30 pm – 9:30 pm | ♥ Pinnacle Hotel – Harborfront Ballroom

Join our experts as they discuss strategies to empower healthcare providers and their patients with Crohn's disease to move from settling for less to asking for more. Dinner will be served from 7:30 pm. This program is sponsored by Eli Lilly and Company

Building Bridges, Closing Gaps in NASH Care: The Pivotal Role of Gastroenterologists

Kimberly A. Brown, MD; Mazen Noureddin, MD; Alina M. Allen, MD

② 7:30 pm – 9:30 pm | ♥ Fairmont Waterfront Hotel – Waterfront Ballroom C

This interactive symposium aims to position gastroenterologists to improve patient care and outcomes by increasing their awareness of NAFLD/NASH and enhancing their ability to engage patients with NAFLD in the clinical care pathway. Expert faculty will take a deep dive into late-stage clinical trials to address unmet clinical needs and the potential for new agents to address them. Gastroenterologists will benefit from reviewing the safety and efficacy data, as it will help prepare them to quickly integrate new agents into their practice when these agents become available.

This activity is supported by an independent educational grant from Madrigal Pharmaceuticals.

MONDAY, OCTOBER 23

Managing Recurrent Clostridioides Difficile Infection: Advancing the Science of Microbiome-Based Therapies

Paul Feuerstadt, MD. FACG: Teena Chopra, MD. MPH: Anne J. Gonzales-Luna, PharmD. **BCIDP**

② 5:30 am - 7:30 am | ♥ Vancouver Convention Centre East - East Ballroom A

Join a panel of two expert clinicians as they discuss new and emerging microbiome-based therapies for preventing recurrent Clostridioides Difficile infection and how these agents may substantially improve patient quality of life. Earn 1.5 AMA PRA Category 1 CreditTM or 1.5 Accreditation Council for Pharmacy Education (ACPE) contact hour. Complimentary breakfast provided! Visit the Gastroenterology & Endoscopy News exhibit booth, #1714, for more information.

This activity is supported by an educational grant from Ferring Pharmaceuticals, Inc.

Exclusive from Vancouver: A Spotlight on Ulcerative Colitis Experts

David T. Rubin, MD, FACG; Bruce E. Sands, MD, MS, FACG; Marla C. Dubinsky, MD

② 7:00 pm – 8:30 pm | ▼ Pinnacle Hotel – Cordova Ballroom

Join us for the unique opportunity to engage with experts as they share their personal insights on ulcerative colitis management. Dinner will be served from 7:00 pm.

This program is sponsored by Eli Lilly and Company

A New Era in the Management of Gastroesophageal Reflux Disease **TBD**

② 7:30 pm – 8:45 pm | ♥ Fairmont Waterfront Hotel – Waterfront Ballroom C

Gastroesophageal reflux disease (GERD) is a highly prevalent, chronic gastrointestinal disorder that can result in serious complications if undertreated. Proton pump inhibitors (PPIs), the mainstay of GERD treatment, are generally safe and effective; however, some patients undergo PPI therapy for years but have recurrent or refractory symptoms. A new class of acid-suppressing therapies is in late-stage clinical development and nearing approval. In this live, interactive townhall, expert faculty will discuss the latest evidence regarding the diagnosis and management of GERD and erosive esophagitis (EE), including new medical therapies. Faculty will use patient cases to contextualize clinical information on GERD diagnosis and management that learners can apply in their own practices.

Supported by an independent educational grant from Phathom Pharmaceuticals.

EXHIBITOR PRODUCT THEATER EVENTS

OPEN TO ALL IN-PERSON ACG 2023 ATTENDEES. These presentations provide additional educational opportunities for attendees. No CME is provided for Theater presentations. The Exhibitor Product Theater is located in booth 2319 in the Exhibit Hall.

SUNDAY, OCTOBER 22

Case by Case: An Expert-Led Patient Case Study That Reviews a Hypothetical Patient Treated With Moderate to Severe Crohn's

Michael V. Chiorean, MD, FACG

② 5:30 pm - 6:10 pm

- 1.) Examine clinical and objective treatment goals.
- 2.) Follow the journeys of patients with moderate to severe CD.
- Review the treatment's safety and efficacy for patients with moderate to severe CD.

This program is sponsored by AbbVie.

Taking Current PBC Treatment Further

Marcelo Kugelmas, MD

② 6:20 pm − 7:00 pm

Join us for an informative presentation that discusses taking treatment for Primary Biliary Cholangitis (PBC) a step further. Learn about an approved therapy for patients with PBC.

This program is sponsored by Intercept Pharmaceuticals, Inc.

MONDAY, OCTOBER 23

Optimizing Management of Constipation and Abdominal Symptoms in Adult IBS-C Patients

Philip S. Schoenfeld, MD, MSEd, MScEpi, FACG

① 10:30 am - 11:15 am

Constipation and abdominal symptoms are the hallmark indicators of irritable bowel syndrome with constipation (IBS-C), a chronic and burdensome condition. Come to a clinical review to learn more about management of IBS-C in adult patients.

This program is sponsored by Ironwood.

The ENTYVIO (vedolizumab) You Know With An Exciting Update

Miguel D. Regueiro, MD, FACG

① 11:30 am - 12:00 noon

An interactive presentation of the latest clinical data, dosing and administration guidance, and patient access information. Hear the ENTYVIO highlights in under 30 minutes.

This program is sponsored by Takeda Pharmaceuticals U.S.A., Inc.

NASH Explored: Emerging Concepts in Nonalcoholic Steatohepatitis

Kimberly A. Brown, MD; Zobair M. Younossi, MD, MPH, FACG

② 12:15 pm - 12:45 pm

This session will explore several emerging concepts in NASH including: (1) epidemiology and comorbidities, (2) pathophysiology and the role of lipotoxicity in the liver, (3) morbidity and mortality, (4) patient identification and monitoring approaches, and (5) disease management strategies.

This program is sponsored by Madrigal Pharmaceuticals, Inc.

Data Connections in Crohn's: An Expert-Led Discussion Introducing a Treatment That Helps Deliver Clinical Remission and Endoscopic Outcomes For Adult TNFi-IR Patients With Moderate to Severe Crohn's

Remo Panaccione, MD

① 1:00 pm - 1:30 pm

- 1.) Appreciate the burden of uncontrolled disease in CD.
- Introduce a treatment that helps deliver efficacy results in moderately to severely active CD, including clinical remission and endoscopic response.
- 3.) Examine the treatment's well-studied safety profile.

This program is sponsored by AbbVie.

Eosinophilic Esophagitis: Discover a Treatment Option For Your Patients

Bryan G. Sauer, MD, MSc, FACG

② 1:45 pm - 2:15 pm

Take an afternoon break with us to learn about a treatment option for your appropriate patients with Eosinophilic Esophagitis. An expert will walk us through long-term clinical data, an example of an appropriate patient, and answer your questions!

This program is sponsored by Sanofi and Regeneron and intended only for US HCPs.

Discover a Different Mechanism of Action to Treat Adults With IBS-C: A Case Based Discussion

Kavita R. Kongara, MD; Kimberly D. Orleck, PA-C

2:30 pm - 3:00 pm

Please join us for an engaging discussion led by Kavita Kongara and Kimberly Orleck as they share important clinical considerations in managing adult patients with IBS-C. The presentation will include interactive patient case studies, along with efficacy and safety data from two phase three clinical trials.

This program is sponsored by Ardelyx.

Rise Above Recurrent C. Difficile Infection with REBYOTA®

Paul Feuerstadt, MD, FACG

② 3:45 pm - 4:30 pm

Objectives:

- Understand the microbial composition, potency, and standardized manufacturing process of REBYOTA®
- Review the efficacy and safety data for REBYOTA®
- Discuss the use of REBYOTA® in clinical practice

This program is sponsored by Ferring Pharmaceuticals.

TUESDAY, OCTOBER 24

The Power to Help Eradicate H. pylori Infection in Adults

Colin W. Howden, MD, FACG

2 10:35 am - 11:30 am

Join Dr. Colin Howden for an engaging session on a new therapeutic option in the treatment of H. pylori infection and the role of acid suppression in enhancing antibiotic effectiveness. Canadian physicians and any Canadian healthcare professionals will not have access to this event.

This product theater is sponsored by Phathom Pharmaceuticals and is not a continuing medical education program. © 2023 Phathom Pharmaceuticals

A Treatment Option That Can Be Used Before Biologics For Your Moderate UC **Patients**

Michael V. Chiorean, MD. FACG

① 11:45 am - 12:15 pm

Please join Bristol Myers Squibb for a conversation on A Treatment Option That Can Be Used Before Biologics For Your Moderate UC Patients. The presentation will include an overview of a treatment option for ulcerative colitis and key efficacy and safety data from a phase 3 clinical trial and ongoing open-label extension trial.

This event is sponsored by Bristol Myers Squibb, and the speaker is a paid consultant of Bristol Myers Squibb. The information contained in this product theater does not necessarily reflect the content of the approved Canadian product monograph. Only open to U.S. HCPs and AHCPs. Not intended for Canadian Audience.

Long-Term Clinical Outcomes and Safety Data in Bio-Naive Patients

Anita Afzali, MD, MPH, MHCM, FACG

② 12:30 pm − 1:00 pm

A case-based review of Stelara's clinical results with highlights of data for bio-naïve patients.

This program is developed and sponsored by Janssen Biotech, Inc.

Eosinophilic Esophagitis: Clinical Implications of Disease Progression

Quan Nhu, MD, PhD

① 1:15 pm - 1:45 pm

EoE is a chronic, type 2 inflammatory esophageal disease associated with dysphagia, regurgitation, and food impaction. Diagnostic delays may result in disease progression, including stricture formation. Join us to explore beyond symptoms and uncover the essential role endoscopy and histology play in EoE diagnosis and management.

This program is sponsored by Sanofi and Regeneron and intended only for US HCPs.

The ENTYVIO (vedolizumab) You Know With An Exciting Update

Miguel D. Regueiro, MD, FACG

2:00 pm - 2:30 pm

An interactive presentation of the latest clinical data, dosing and administration guidance, and patient access information. Hear the ENTYVIO highlights in under 30 minutes.

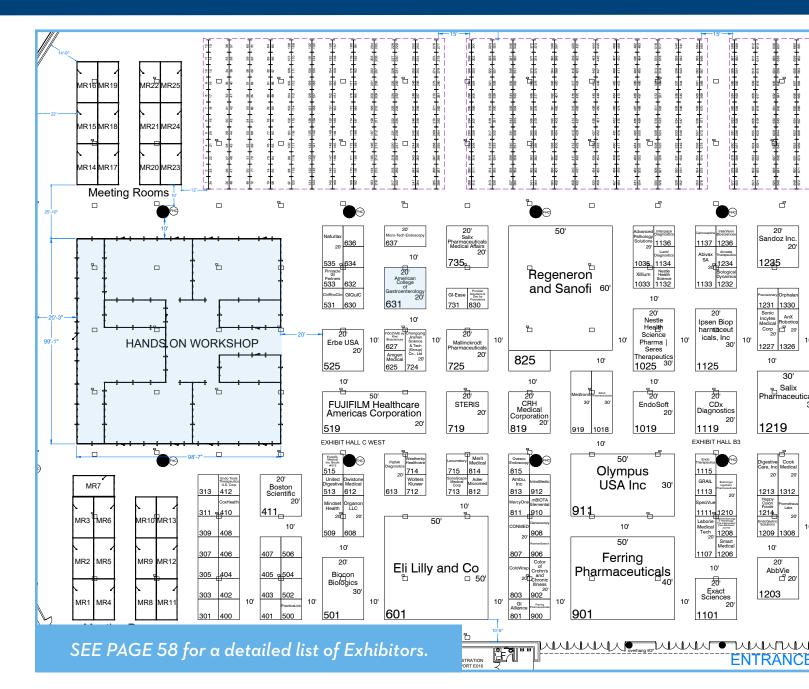

This program is sponsored by Takeda Pharmaceuticals U.S.A., Inc.

Bowel Urgency in Ulcerative Colitis

Millie D. Long, MD, MPH, FACG; Angelina Collins, NP and Adam C. Ehrlich, MD, MPH, FACG ② 2:45 pm - 3:15 pm

This program is sponsored by Eli Lilly and Company.

Exhibit Hall

Sunday, October 22 3:00 pm - 7:00 pm Monday, October 24 10:00 am - 4:45 pm Tuesday, October 24 10:00 am - 4:30 pm

Mingle with colleagues and explore the hall from 5:30 pm - 7:00 pm!

Attend the **OPENING WELCOME RECEPTION**

SUNDAY, OCTOBER 22 5:30 PM - 7:00 PM

Immediately following the conclusion of the Postgraduate Course

Join colleagues for the ACG 2023 Opening Welcome Reception in the Exhibit Hall. The reception will feature hors d'oeuvres and refreshments. This casual social gathering will give all attendees the opportunity to explore the Hall, meet with exhibitors, and network and mingle with colleagues.

ACG thanks AbbVie for their support.

ENDOSCOPY SCHOOL Hands-on Workshops

Endoscopy School Workshop Directors: Lauren G. Khanna, MD, MS and Christine Y. Hachem, MD, FACG

LEARN FROM THE EXPERTS WHEN YOU ATTEND ONE OF THE MANY ENDOSCOPY SCHOOL HANDS-ON WORKSHOP SESSIONS OFFERED AT ACG 2023!

Watch expert faculty demonstrate various endoscopic procedures, and try out the latest products and equipment.

USE THE APP TO REGISTER FOR AN ENDOSCOPY SCHOOL HANDS-ON WORKSHOP SESSION!

All Hands-on Workshop registration will be done through the ACG 2023 Meeting App on your mobile device. Note: These sessions are available for in-person attendees only.

1. Get the app

- Scan the QR code below, or search the Apple App Store or Google Play Store for "ACG Mobile" to install the app on your mobile device.
- Once you've installed ACG Mobile, tap the ACG 2023 tile.
- Log in using the same email that you used to register for ACG 2023, and your name badge number as your password/access key.

2. Register for a session

- Tap the Endoscopy School Hands-on Workshop tile on the App's main screen
- Select a session from the list.
 - See box below for when daily registration opens.
 - If seats are available, you can register for a session. Please note that attendees may only register for one session per day.

3. Check-in for your session

- The QR code on your name badge acts as your ticket, and will be scanned outside the Hands-on Workshop Center.
- Arrive early! If you have not checked in 5 minutes before the start of your session, your seat may be given away.

All Hands-on Workshop registration will be done through the ACG 2023 Meeting App.

Registration for Sunday sessions

Open at 12:15 pm on Saturday, October 21.

Registration for Monday sessions
Open on at 10:00 am on Sunday, October 22.

Registration for Tuesday sessions
Open on at 10:00 am on Monday, October 23.

The Endoscopy School Hands-On Workshop Center is located in the Exhibit Hall, and will be open when the Exhibit Hall is open. Exhibit Hall hours are:

Sunday, October 22	3:00 pm - 7:00 pm
Monday, October 23	10:00 am - 4:45 pm
Tuesday, October 24	10:00 am - 4:30 pm

EXHIBITORS at ACG 2023

AbbVie | 1203, 1303, 1503, 1701

1 N. Waukegan Road, North Chicago, IL 60064 http://www.abbvie.com

AbbVie's mission is to discover and deliver innovative medicines that solve serious health issues today and address the medical challenges of tomorrow. We strive to have a remarkable impact on people's lives across several key therapeutic areas. For more information about AbbVie, please visit us at www.abbvie.com. Follow @ abbvie on Twitter, Facebook, Instagram, YouTube and LinkedIn.

AbbVie | 1527

1 N. Waukegan Road, North Chicago, IL 60064

http://www.abbvie.com

AbbVie's mission is to discover and deliver innovative medicines that solve serious health issues today and address the medical challenges of tomorrow. We strive to have a remarkable impact on people's lives across several key therapeutic areas: immunology, oncology, neuroscience, eye care, virology and gastroenterology, in addition to products and services across its Allergan Aesthetics portfolio. For more information about AbbVie, please visit us at www.abbvie.com.

Abivax SA | 1133

7-11, Boulevard Haussmann, Paris, France 75009 http://www.abivax.com

Abivax is a clinical-stage biotechnology company committed to advancing treatments in inflammation and immunology by harnessing the power of microRNA biology. Abivax is currently evaluating our lead drug candidate, obefazimod, in Phase 3 clinical trials for the treatment of adults with moderately to severely active ulcerative colitis ("UC"), as well as evaluating other potential inflammatory indications. For more information, visit www. abivax.com.

Actial Nutrition/VSL#3 | 2015

400 W. South Boulder Road, Suite 2500, Lafayette, CO 80026 http://www.vsl3.com

VSL#3 is a medical food probiotic for the management of IS, UC, and Pouchitis. VSL#3 is distributed worldwide by Actial SRL and is now distributed in the US by Actial Nutrition Inc. Please visit us at booth 2015 or at www.vsl3.com for more information or to request samples or a consultation.

Adler MicroMed Inc. | 812

6842 Elaine Way, San Diego, CA 92120

https://www.adlermicromed.com

Adler MicroMed offers a variety of hemorrhoid ligators and anoscopes to fit the needs of every office. With the quality you have come to expect at a fraction of the price. Please stop by booth 812 to see what Adler MicroMed can offer you!

Advanced Pathology Solutions | 1035

5328 Northshore Cove, North Little Rock, AR 72118

https://www.apslabgroup.com

Advanced Pathology Solutions is a CLIA-accredited anatomic and molecular pathology laboratory dedicated to bringing the highest quality pathology services to Gastroenterologists, Podiatrists, Wound Specialists, Pain Specialists, Orthopedists, and Plastic Surgeons. We are confident that our pathologists can positively impact your practice with the precise and clinically actionable pathology reports that our team of experienced subspecialty trained GI and skin pathologists deliver.

Alcresta Therapeutics | 1234

130 Turner Street, Building 3, Suite 200, Waltham, MA 02452 https://www.alcresta.com/

Alcresta develops rare disease, enzyme-based products helping to address fat malabsorption in patients who are enterally fed at home or in the hospital. Our RELIZORB® (immobilized lipase) is indicated for use in pediatric patients (ages 5+) and adult patients to hydrolyze fats in enteral formula. Please see Instructions for Use at wwww.relizorb.com.

Alimetry | 1433

400 S. 4th Street, Suite 401, Minneapolis, MN 55415

https://www.alimetry.com

Alimetry develops breakthrough non-invasive diagnostic solutions for functional and motility GI disorders.

Ambu, Inc | 813

6271 Columbia Gateway Drive, Suite 200, Columbia, MD 21046

American College of Gastroenterology | 631

11333 Woodglen Drive, Suite 100, North Bethesda, MD 20852 http://gi.org

Join the community of clinical gastroenterologists committed to providing quality in patient care. ACG Members can access a wide variety of resources and benefit from ACG's ongoing educational and legislative initiatives to ensure quality in care. Learn about ACG's educational programs, physician resources, *The American Journal of Gastroenterology*, and more. Visit booth #631.

American Neurogastroenterology & Motility Society | 2227

45685 Harmony Lane, Belleville, MI 48111

http://www.motilitysociety.org

Founded in 1980, The American Neurogastroenterology and Motility Society (ANMS) is an organization dedicated to leading the field of neurogastroenterology and gastrointestinal motility and functional GI disorders and fostering excellence in multidisciplinary research, education, training, and patient care. Neurogastroenterology encompasses the study of central control, peripheral gut mechanisms, and brain-gut interactions with relevance to the understanding and management of gastrointestinal motor disorders and functional gastrointestinal disorders.

American Society for Gastrointestinal Endoscopy (ASGE) | 2032

3300 Woodcreek Drive, Downers Grove, IL 60515 http://ASGE.org

The American Society for Gastrointestinal Endoscopy (ASGE) is dedicated to advancing patient care and digestive health by promoting excellence and innovation in gastrointestinal endoscopy. Members stay at the forefront of gastrointestinal endoscopy with clinical guidelines and technology assessments, Gastrointestinal Endoscopy (GIE), Video GIE, Journal Scan, and weekly video tips. GI Leap provides an optimal online learning experience with a wide selection of FREE content for ASGE members. Visit ASGE.org to learn more or to join.

Amgen Medical | 625

One Amgen Center Drive, Thousand Oaks, CA 91320 http://www.amgen.com

Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing, and delivering innovative human therapeutics. A biotechnology pioneer since 1980, Amgen has grown to be one of the world's leading independent biotechnology companies and has reached millions of patients globally.

Follow what's trending now at Healio.com/GI.

Hepatiq Inc. | 1515

1200 Main Street, Suite B, Irvine, CA 92614

http://www.hepatiq.com

HEPATIQ® -The Ultimate Liver Test™ - provides six indices of liver disease from one scan: quantitative liver function, fatty liver disease/steatohepatitis, portal hypertension, alcoholic hepatitis, fibrosis stage, and variceal size. HEPATIQ is the only product on the market that precisely quantifies liver function. Other techniques such as biopsies, elastography, and blood tests estimate or score liver fibrosis but do not quantify function. Patient outcomes are determined by residual liver function, not the extent of fibrosis.

IMPORTANT SAFETY INFORMATION

WARNINGS AND PRECAUTIONS

Transmissible infectious agents: Because VOWST is manufactured from human fecal matter, it may carry a risk of transmitting infectious agents. Report any infection that is suspected to have been transmitted by VOWST to Aimmune Therapeutics, Inc. at 1-833-246-2566.

Potential presence of food allergens: VOWST may contain food allergens. The potential to cause adverse reactions due to food allergens is unknown.

VOWST is not authorized for sale in Canada

ADVERSE REACTIONS

The most common adverse reactions (reported in \geq 5% of participants) were abdominal distension (31.1%), fatigue (22.2%), constipation (14.4%), chills (11.1%), and diarrhea (10.0%).

To report SUSPECTED ADVERSE REACTIONS, contact Aimmune Therapeutics at 1-833-AIM-2KNO (1-833-246-2566), or the FDA at 1-800-FDA-1088, or visit www.fda.gov/MedWatch.

DRUG INTERACTIONS

Do not administer antibacterials concurrently with VOWST.

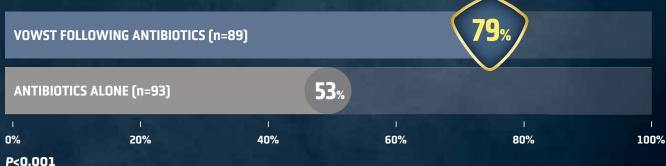

[†]Calculated by the rate of recurrence, which was significantly lower in VOWST recipients compared to those receiving antibiotics alone—12% vs. 40%, respectively—a 0.32 relative risk (95% confidence interval [CI], 0.18, 0.58; P<0.001)¹²

[‡]ECOSPOR III was a Phase 3, multicenter, double-blind, randomized, placebo-controlled trial evaluating *C. diff* recurrence at 8 weeks; secondary endpoints at 4, 12, 24 weeks.

VISIT VOWST BOOTH #1025

VOWST—the FIRST and ONLY orally administered microbiome therapeutic to prevent C. diff* recurrence1,2

PERCENTAGE OF PARTICIPANTS WITHOUT C. DIFF RECURRENCE AT 24 WEEKS1,345

\$Relative risk of 0.46 (95% Cl. 0.30, 0.73).

Generally well tolerated through 8 weeks¹

- The majority of adverse reactions were mild or moderate in severity
- Most adverse reactions occurred within 10 days of starting VOWST
 - The median duration of these events was ≤5 days¹
- No serious adverse events were considered related to the use of VOWST¹

INDICATION

VOWST is indicated to prevent the recurrence of Clostridioides difficile infection (CDI) in individuals 18 years of age and older following antibacterial treatment for recurrent CDI (rCDI).

Limitation of Use: VOWST is not indicated for treatment of CDI.

Please see accompanying Brief Summary of Prescribing Information on the following page, and www.VOWSThcp.com for full **Prescribing Information.**

BRIEF SUMMARY OF PRESCRIBING INFORMATION

This Brief Summary does not include all the information needed to use VOWST™ safely and effectively.

See Full Prescribing Information for VOWST.

VOWST (fecal microbiota spores, live-brpk) capsules, for oral administration

Initial U.S. Approval: 04/2023

INDICATIONS AND USAGE

VOWST is indicated to prevent the recurrence of *Clostridioides difficile* infection (CDI) in individuals 18 years of age and older following antibacterial treatment for recurrent CDI (rCDI). Limitations of Use: VOWST is not indicated for treatment of CDI.

WARNINGS AND PRECAUTIONS

Transmissible infection agents. Because VOWST is manufactured from human fecal matter, it may carry a risk of transmitting infectious agents. Any infection suspected by a healthcare provider possibly to have been transmitted by this product should be reported by the healthcare provider to Aimmune Therapeutics, Inc., at 1-833-246-2566.

Potential presence of food allergens. VOWST is manufactured from human fecal matter and may contain food allergens. The potential for VOWST to cause adverse reactions due to food allergens is unknown.

ADVERSE REACTIONS

The safety of VOWST was evaluated in one Phase 3, randomized, double-blind clinical study (Study 1) and in one Phase 3, open-label clinical study (Study 2). The majority of participants were White (92.3%) and female (68.9% in Study 1; 68.4% in Study 2). In Study 1, 5.2% of participants were Black. Across the two studies, the median age of VOWST recipients was 66 years (range 21–100 years). Rates of comorbidities were similar across studies.

The most common adverse reactions in Study 1 (reported in ≥5% of participants) were abdominal distension (31.1%), fatigue (22.2%), constipation (14.4%), chills (11.1%), and diarrhea (10.0%). The most commonly reported adverse reactions in Study 2 were gastrointestinal in nature (flatulence (4.2%), diarrhea (3.4%), and nausea (3.0%)), and all were unsolicited. Across both studies, most adverse reactions were mild to moderate in severity. Among 349 VOWST recipients, there were no serious adverse events considered related to VOWST.

DRUG INTERACTIONS

VOWST contains bacterial spores; therefore, antibacterials should not be administered concurrently with VOWST.

USE IN SPECIFIC POPULATIONS

Pregnancy. There are no data on use of VOWST in pregnant women. Developmental toxicity studies in animals have not been conducted with VOWST.

Lactation. It is not known whether VOWST is excreted in human milk. Data are not available to assess the effects of VOWST on breastfed infants or on milk production/excretion.

Pediatric Use. The safety and effectiveness of VOWST in individuals under 18 years of age have not been established.

Geriatric Use. Data from clinical studies are not sufficient to determine if adults 65 years of age and older respond to VOWST differently from younger adults.

NONCLINICAL TOXICOLOGY

VOWST has not been evaluated for carcinogenicity, genotoxicity, mutagenic potential, or impairment of male or female fertility in animals.

How to RECEIVE CME & MOC For ACG 2023

Successful completion of each CME activity, which includes participation in the evaluation component, enables the participant to earn MOC points in the American Board of Internal Medicine's (ABIM) and American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. **Participants will**

earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

An equal number of CME credits and MOC points will be awarded for each course, as reflected in the maximums listed below. Please note, claiming CME and MOC are TWO DIFFERENT processes, and you **cannot make changes or adjust your CME credits after you submit** your course evaluation.

Practice Management Summit

GI Pathophysiology Course

What's New in GI Pharmacology Course

Postgraduate Course

Postgraduate Course Learning Luncheons

Annual Meeting

Annual Scientific Meeting Bonus Sessions

4.5 AMA PRA Category 1 Credits™ and MOC Points
5.25 AMA PRA Category 1 Credits™ and MOC Points
3.25 AMA PRA Category 1 Credits™ and MOC Points
18.5 AMA PRA Category 1 Credits™ and MOC Points
18 AMA PRA Category 1 Credits™ and MOC Points
31.5 AMA PRA Category 1 Credits™ and MOC Points
15.25 AMA PRA Category 1 Credits™ and MOC Points

ABIM Board Certified physicians with an end of 2023 MOC deadline will need to complete their MOC submission by December 31, 2023 in order for the MOC points to count for 2023. **No MOC credit will be awarded after April 30, 2024 for these activities. All ABP learner completion data should be submitted within 30 days of activity completion.**

CLAIM YOUR CME AND MOC in Four Easy Steps

STEP 1: COMPLETE A CME EVALUATION FOR EACH COURSE.

Visit evals.gi.org/am/2023 to complete your CME Evaluation. MOC points will automatically be set to the number of CME credits claimed for the activity. Once you submit your evaluation for CME credits, this total CANNOT BE ADJUSTED.

STEP 2: ACCESS THE MOC ASSESSMENT FOR THE COURSE.

After the CME evaluation has been completed, the MOC link on the evaluation page (evals.gi.org/am/2023) will be accessible. Access to the MOC assessment is only provided AFTER completing the course evaluation and claiming CME credit. ABP MOC can be claimed by emailing education@gi.org to obtain the required forms for completion. ABP diplomates can NOT use the MOC link on the evaluation site to claim MOC points as outlined in Step 3.

STEP 3: COMPLETE THE ASSESSMENT AND SUBMIT FOR MOC POINTS.

Participants are asked to reflect on and summarize what they have learned, and indicate what they will do differently, stop doing, or keep doing in their practice with more confidence, relative to identified key learning objectives.

★ IMPORTANT NOTE: You will need your 6-digit ABIM ID number and date of birth to submit your completion information to ACCME for the purpose of granting ABIM MOC points.

STEP 4: REVIEW FEEDBACK.

After a successful submission, participants are prompted to review the expert feedback on the self-reflection question(s).

*ASGE will provide information on how to claim CME and MOC following the completion of the ASGE Endoscopy Course.

BRIEF SUMMARY: Before prescribing, please see Full Prescribing Information and Medication Guide for SUFLAVE™ (polyethylene glycol 3350, sodium sulfate, potassium chloride, magnesium sulfate, and sodium chloride for oral solution). INDICATIONS AND USAGE: An osmotic laxative indicated for cleansing of the colon in preparation for colonoscopy in adults. DOSAGE AND ADMINISTRATION: Split Dose (2-Day) Recommended Dosage: The Day Prior to Colonoscopy: A low residue breakfast may be consumed. After breakfast, only consume clear liquids until after the colonoscopy. Day 1, Dose 1 - Early in the Evening Prior to Colonoscopy: Open 1 flavor enhancing packet and pour the contents into one bottle. Fill the provided container (bottle) with lukewarm water up to the fill line. After capping the bottle, gently shake the bottle until all the powder has dissolved. For best taste, refrigerate the solution for an hour before drinking. Do not freeze. Use within 24 hours. Drink 8 ounces of solution every 15 minutes until the bottle is empty. Drink an additional 16 ounces of water during the evening. If nausea, bloating, or abdominal cramping occurs, pause or slow the rate of drinking the solution and additional water until symptoms diminish. Day 2, Dose 2 - The Morning of the Colonoscopy (5 to 8 hours prior to the colonoscopy and no sooner than 4 hours from starting Dose 1): Continue to consume only clear liquids until after the colonoscopy. Repeat Step 1 to Step 3 from Day 1, Dose 1. Drink an additional 16 ounces of water during the morning. Stop drinking liquids at least 2 hours prior to colonoscopy. If nausea, bloating, or abdominal cramping occurs, pause or slow the rate of drinking the solution and additional water until symptoms diminish. **CONTRAINDICATIONS:** Use is contraindicated in the following conditions: gastrointestinal obstruction or ileus, bowel perforation, toxic colitis or toxic megacolon, gastric retention, hypersensitivity to any ingredient in SUFLAVE. WARNINGS AND PRECAUTIONS: Serious Fluid and Electrolyte Abnormalities: Advise all patients to hydrate adequately before, during, and after the use of SUFLAVE. If a patient develops significant vomiting or signs of dehydration after taking SUFLAVE, consider performing post-colonoscopy lab tests (electrolytes, creatinine, and BUN). Fluid and electrolyte disturbances can lead to serious adverse events including cardiac arrhythmias, seizures and renal impairment. Correct fluid and electrolyte abnormalities before treatment with SUFLAVE. Use SUFLAVE with caution in patients with conditions, or who are using medications, that increase the risk for fluid and electrolyte disturbances or may increase the risk of adverse events of seizure, arrhythmias, and renal impairment; Cardiac arrhythmias: Use caution when prescribing SUFLAVE for patients at increased risk of arrhythmias (e.g., patients with a history of prolonged QT, uncontrolled arrhythmias, recent myocardial infarction, unstable angina, congestive heart failure, or cardiomyopathy). Consider pre-dose and post-colonoscopy ECGs in patients at increased risk of serious cardiac arrhythmias; Seizures: Use caution when prescribing SUFLAVE for patients with a history of seizures and in patients at increased risk of seizure, such as patients taking medications that lower the seizure threshold (e.g., tricyclic antidepressants), patients withdrawing from alcohol or benzodiazepines, or patients with known or suspected hyponatremia; Use in Patients with Risk of Renal Injury: Use SUFLAVE with caution in patients with impaired renal function or patients taking concomitant medications that may affect renal function (such as diuretics, angiotensin converting enzyme inhibitors, angiotensin receptor blockers, or non-steroidal anti-inflammatory drugs). These patients may be at risk for renal injury. Advise these patients of the importance of adequate hydration with SUFLAVE and consider performing baseline and post-colonoscopy laboratory tests (electrolytes, creatinine, and BUN) in these patients; Colonic Mucosal Ulcerations and Ischemic Colitis: Osmotic laxative products may produce colonic mucosal aphthous ulcerations, and there have been reports of more serious cases of ischemic colitis requiring hospitalization. Concurrent use of stimulant laxatives and SUFLAVE may increase these risks. Consider the potential for mucosal ulcerations resulting from the bowel preparation when interpreting colonoscopy findings in patients with known or suspect inflammatory bowel disease; Use in Patients with Significant Gastrointestinal Disease: If gastrointestinal obstruction or perforation is suspected, perform appropriate diagnostic studies to rule out these conditions before administering SUFLAVE. Use with caution in patients with severe active ulcerative colitis. Aspiration: Patients with impaired gag reflex or other swallowing abnormalities are at risk for regurgitation or aspiration of SUFLAVE. Do not combine SUFLAVE with starch-based thickeners. Observe these patients during administration of SUFLAVE. Hypersensitivity reactions, including anaphylaxis: SUFLAVE contains polyethylene glycol (PEG) and other ingredients that may cause serious hypersensitivity reactions including anaphylaxis, angioedema, rash, urticaria, and pruritus. Inform patients of the signs and symptoms of anaphylaxis, and instruct them to seek immediate medical care should signs and symptoms occur. ADVERSE REACTIONS: Most common adverse reactions are: nausea, abdominal distension, vomiting, abdominal pain, and headache. POTENTIAL FOR DRUG ABSORPTION: SUFLAVE can reduce the absorption of other co-administered drugs. Administer oral medications at least one hour before starting each dose of SUFLAVE. Administer tetracycline and fluoroquinolone antibiotics, iron, digoxin, chlorpromazine, and penicillamine at least 2 hours before and not less than 6 hours after administration of each dose of SUFLAVE to avoid chelation with magnesium. **Pregnancy:** There are no available data on the use of SUFLAVE during pregnancy to evaluate for a drug-associated risk of major birth defects, miscarriage, or adverse maternal or fetal outcomes. Animal reproduction studies have not conducted with polyethylene glycol 3350, sodium sulfate, potassium chloride, magnesium sulfate, and sodium chloride (SUFLAVE). Lactation: There are no available data on the presence of SUFLAVE in human or animal milk, the effects on the breastfed child, or the effects on milk production. **Pediatric** Use: Safety and effectiveness in pediatric patients have not been established. Geriatric Use: Of the 460 patients who received SUFLAVE in pivotal clinical trials, 125 (27%) were 65 years of age or older. No differences in effectiveness of SUFLAVE were observed between geriatric patients and younger adult patients. In geriatric patients, decreases in blood pressure on the day of colonoscopy were reported more frequently in SUFLAVE patients than with the active comparator in Study 1 (6% vs 0%) and Study 2 (3% vs 0%). Geriatric patients are more likely to have decreased hepatic, renal or cardiac function and may be more susceptible to adverse reactions resulting from fluid and electrolyte abnormalities. STORAGE: Store SUFLAVE at room temperature between 20°C to 25°C (68°F to 77°F). Excursions permitted from 15°C to 30°C (59°F to 86°F). See USP controlled room temperature. Rx only. Manufactured by Braintree Laboratories, Inc. Braintree, MA 02185

*Success was defined as an overall cleansing assessment of excellent or good by the blinded endoscopist; scores were assigned following completion of the colonoscopy; P<0.001 in this noninferiority clinical trial.

IMPORTANT SAFETY INFORMATION

SUFLAVE™ (polyethylene glycol 3350, sodium sulfate, potassium chloride, magnesium sulfate, and sodium chloride for oral solution) is an osmotic laxative indicated for cleansing of the colon in preparation for colonoscopy in adults. DOSAGE AND **ADMINISTRATION:** A low residue breakfast may be consumed on the day before colonoscopy, followed by clear liquids up to 2 hours prior to colonoscopy. Administration of two doses of SUFLAVE are required for a complete preparation for colonoscopy. Each bottle must be reconstituted with water before ingestion. Each bottle and one flavor enhancing packet are equivalent to one dose. An additional 16 ounces of water must be consumed after each dose. Stop consumption of all fluids at least 2 hours before the colonoscopy. **CONTRAINDICATIONS:** Use is contraindicated in the following conditions: gastrointestinal obstruction or ileus, bowel perforation, toxic colitis or toxic megacolon, gastric retention, hypersensitivity to any ingredient in SUFLAVE. WARNINGS AND PRECAUTIONS: Risk of fluid and electrolyte abnormalities: Encourage adequate hydration, assess concurrent medications and consider laboratory assessments prior to and after each use; Cardiac arrhythmias: Consider pre-dose and post-colonoscopy ECGs in patients at increased risk; Seizures: Use caution in patients with a history of seizures and patients at increased risk of seizures, including medications that lower the seizure threshold; Colonic mucosal ulcerations: Consider potential for mucosal ulcerations when interpreting colonoscopy findings in patients with known or suspected inflammatory bowel disease; Patients with renal impairment or taking concomitant medications that affect renal function: Use caution, ensure adequate hydration and consider laboratory testing; Suspected GI obstruction or perforation: Rule out the diagnosis before administration; Patients at risk for aspiration: Observe during administration; Hypersensitivity reactions, including anaphylaxis: Inform patients to seek immediate medical care if symptoms occur. ADVERSE REACTIONS: Most common adverse reactions (≥ 2%) are: nausea, abdominal distension, vomiting, abdominal pain, and headache. DRUG INTERACTIONS: Drugs that increase risk of fluid and electrolyte imbalance.
