Welcome to the IBD 101 Conference Platform!

Creating an Account and Completing Your Profile

All IBD 101 participants will use the Conference Platform to access videos to watch in advance of the program, and to access the virtual programming on August 13, 2023.

To access the conference platform click here. Login using your e-mail address and Access Key sent to you from ACG.

The first time you log in you will be prompted to complete the following steps:

- Step 1: Profile – Please complete the contact information fields; some fields are required.
• Step 2: Photo – Please upload a professional headshot photo (optional); accepted file types are .jpg and .png, and minimum width is 400 pixels.

• Step 3: Networking – If you opt to share your profile with other attendees, you will have access to the chat function on the attendee page of the Platform. (You will only be able to browse and connect with other attendees if you opt to share your profile.)
Once you have completed and saved your account profile, you can start navigating through the platform. You can also explore the list of attendees and connect with those who have also opted to connect with other attendees.

If you need to update your preferences at any time, login then click your name in the upper right and select ‘Conference Profile’.

**Getting Started with the Conference Platform**

Once you have created an account, you can begin watching the assigned videos. There are four videos that all participants **must** watch in advance of the program on August 13, 2023. To view the videos, click on the ‘Watch Assigned Videos’ button on the home screen. To open the video player, click on the film icon or title of the presentation, and then the ‘Video’ button in the bottom right corner.

Livestream and On-Demand Sessions

Live-streamed sessions will be accessible on the Conference Platform on Sunday, August 13, 2023. All registrants can use the platform to access presentation slides and course recordings until October 18, 2023.

Information on how to join a livestream session will be available closer to the meeting.
