A Conversation with the President of the ACG

Mark B. Pochapin, MD, FACG

How to Get Involved and Use the ACG to Help Advance Your Career Goals

With Special Guest
ACG Past President

Sunanda V. Kane, MD, MSPH, FACG
To move forward:
You must first know who you are and how others see you

Don’t Be Afraid of “Failure”

“I’ve missed more than 9000 shots in my career. I've lost almost 300 games. 26 times, I've been trusted to take the game winning shot and missed. I've failed over and over and over again in my life. And that is why I succeed.”

—Michael Jordan
Leadership is directional

Incidental Vs Intentional

“As it Goes”    “Where you want it to go”

Resiliency is Critical

It makes us stronger
The future ain’t what it used to be

- Yogi Berra

Resiliency

In many ways, as it turned out, my entire life up to that moment has been a preparation to handle that particular moment.

I had to force myself to use my training – and force calm on the situation.

- Captain Chesley “Sully” Sullenberger

When do miracles occur?
Miracles occur when everybody performs at their absolute best

~Modified from Dr. Phil Katz
CHANGE = CHANCE
Change MUST be Embraced!

Are you taking a Chance?

Are you getting a Chance?

Let's Do This!

Change must occur to do better

And remember, It can ALWAYS be worse
Tapestry and Entourage

“I come as one, but stand as 10,000”
- Maya Angelou

Mr. Rogers

https://youtu.be/Upm9LnuCBUM
We all need mentors, sponsors and coaches

- **Mentor**: Advisor, Role Model, Guidance Counselor, Teacher
  - “I’ll advise you how to get there, like I did”

- **Sponsor**: Accomplished guide and connector
  - “I’ll bring you there and open the right door(s) and personally make the connections”

- **Coach**: Expert Instructor from a different field brought in for specific skill training
  - “Follow what I say and you will improve in a skill”

A sponsor physically opens the correct doors for you

But only you can walk through
A Coach helps you master a skill

“It’s what you learn, after you know it all, that counts.”
John Wooden, Basketball

Leaders act as role models & look up to role models

Individuals who have values, behaviors and accomplishments that we want to emulate
For any endeavor, who do you bring from your tapestry as your entourage?

And consider this: Whose tapestry/entourage are you a part of? And who’s tapestry/entourage are you a part of that you didn’t even know or expect?
Do not be afraid to ask for help!
